ORDER OF PUBLICATION

State Roads Commission of Maryland, acting for and on behalf of the State of Maryland.

vs.

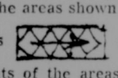
John A. Menges and Margie E. Menges, his wife, Grantsville, Maryland; William T. Menges and Orpha Menges, his wife, 59 W. Miller Avenue, Akron, Ohio, 44301.

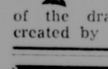
Mortagees

County Commissioners for Garrett County, Oakland, Maryland.

: : :

No. 1525 Miscellaneous. In the Circuit Court for Garrett County.





: : :

The object of this suit is to acquire by condemnation certain tracts or parcels of land situate in the third election district of Garrett County, Maryland, belonging to John A. Menges and Margie E. Menges, his wife; William T. Menges and Orpha Menges, his wife, mortagees and County Commissioners for Garrett County, Maryland.

The State Roads Commission of Maryland is charged with the construction and maintenance of highways and bridges in the State of Maryland.

That they have determined it to be necessary and proper to acquire for the purposes referred to in said Petition, and in connection with the construction and maintenance of the highway system of the State, certain tracts or parcels of land situate in the third election district of Garrett County, consisting of 10.50 acres, more or less, lying between the lines marked "Right of Way Line" as shown on Plats Nos. 32795, 32796 and 32797, which is being taken in fee simple.

TOGETHER with the buildings and improvements thereon and the rights, alleys, ways, waters, roads, privileges, appurtenances and advantages to the same belonging or in anywise appertaining.

TOGETHER with the perpetual right to discharge the flow of water from such stream changes, side ditches, inlet ditches, outlet ditches, pipes, culverts and all other drainage facilities as are necessary in the opinion of the State Roads Commission to adequately drain the highway or adjacent property and or control the flow of water through those drainage structures to be built to protect said highway (either within the areas shown cross-hatched thus  or within the limits of the areas hereinbefore conveyed in fee simple) into existing waterways or natural drainage courses, as indicated by the symbol , and or upon the existing ground, as indicated by the symbol  , at the outlet end of the drainage facilities so created by the Commission, all of which are shown graphically and indicated by appropriate symbols and explanatory notations on the aforesaid plats; together with the perpetual right to erect and maintain between October 1st and April 1st of each and every year, on the adjacent land of the defendants, within one hundred feet of the land hereby condemned in fee simple, snow fences, provided that said snow fences shall not interfere with the construction and use of buildings now erected or hereinafter erected, with growing crops or roadways; together with any rights, title and interest of the defendants in and to the existing bed of U. S. Route 219 and/or U. S. Route 40, lying between the lines marked "Right of Way Line" as shown on Plats Nos. 32795, 32796 and 32797.

The Petition further states that the said property is now held under the provisions of a deed from William T. and Orpha O. Menges to John A. and Margie Menges by deed dated 10/9/47 and recorded on 10/18/47 in Liber 149, folio 93, among the Land Records of Garrett County, Maryland.

(a) That the said property is subject to the lien of a mortgage from John A. and Margie Menges to William T. and Orpha Menges dated 10/17/47 and recorded on 10/18/47 in Liber 146, folio 56, among the Mortgage Records of Garrett County, Maryland, securing the payment of the total sum of $14,500 as expressed in said mortgage.

(b) The property hereby sought to be condemned is subject to the lien of real estate taxes levied by and due the County Commissioners for Garrett County, Maryland.

That the purpose for which the said land and property above described is sought to be condemned is for the construction, reconstruction, improvement and completion of the State System of Roads and Bridges, and especially for the construction of U. S. Route 219, from the vicinity of Northern High School to Keyser's Ridge in Garrett County, Maryland.

That your Plaintiff is unable to make an agreement with the defendants and that the Plaintiff heretotore on the 12th day of January, 1965 has deposited a check under the provisions of Chapter 59 of the Acts of 1956, in the amount of Six Thousand Dollars ($6,000.00) payable to the Clerk of the Circuit Court for Garrett County, to the use of the aforesaid defendants, in the hands of the said Clerk, in conformity with the provisions of Article 89B, Section 9, Public General Laws of Maryland, and your Plaintiff deeming the said sum to be the fair value of the land and improvements taken and damages done to the property, and that it is in the public interest and necessary for them to take possession of the aforesaid land and improvements immediately upon depositing the said money and that they are taking possession for the aforesaid purposes.

That the following defendants are non-residents of the State of Maryland whose last known address is: William T. Menges and Orpha Menges, his wife, 59 W. Miller Avenue, Akron, Ohio 44301.

IT IS THEREUPON ORDERED by the Circuit Court for Garrett County, this 29th day of October, 1965, that the Plaintiff, by causing a copy of this Order to be inserted in a newspaper published in Garrett County, State of Maryland, once a week in each of four successive weeks before the 26th day of November, 1965, shall give notice to William T. Menges and Orpha Menges, his wife, 59 W. Miller Avenue, Akron, Ohio 44301, of the substance and object of the petition and to appear in the Circuit Court for Garrett County on or before the 27th day of December, 1965 and file their answer or other initial pleading in the Clerk's Office of said Court, at Oakland, Maryland, and to show cause, if any they may have, why the said property or said Defendants' interest therein should not be condemned as prayed in said Petition.

'66 Chevrolet Impala Sport Coupe—with crisp-lined new Body by Fisher

1. NEW TURBO-JET V8's. Three versions of this remarkably efficient engine are available, with ratings of 325 hp, 390 hp and 425 hp. 2. RICHER NEW INTERIORS. They're impressive even by Impala standards. And the fine hand of Body by Fisher craftsmanship is very much in evidence. 3. CRISP NEW STYLING. More elegant from V-shaped grille to new wrap-around taillights. 4. A JET-SMOOTHER RIDE. Refinements in body, frame and suspension (including Full Coil springs tailored to each body style) make the ride even gentler. 5. RACY SUPER SPORT MODELS. Pick an Impala SS Coupe or Convertible, complete with new Strato-bucket front seats and eye-catching console. 6. NEW SAFETY FEATURES. They include windshield washer, two-speed electric wipers, rear seat belts and backup lights—all standard on every '66 Chevrolet. 7. OVER 200 CUSTOM FEATURES. You can have a field day ordering luxuries like FM stereo radio. Want to raise your standard of living it up? Your Chevrolet dealer's the man to see.

VOLUME 89. OAKLAND, GARRETT COUNTY, MD., NOVEMBER 11, 1965 PER COPY 10c NUMBER 37.

Too Hasty . . . .

Whether or not two County Commissioners acted somewhat hastily in approving the sewage treatment plant, without giving those favoring the lagoon system time to present their case, was being discussed somewhat heatedly in Mt. Lake Park and Loch Lynn this week, and not so heatedly in Oakland. People of the latter town seem apathetic to the whole idea, in spite of the fact that the plant will cost three quarters of a million dollars, and that each property owner will be compelled to pay $72 per year, in addition to the cost of water.

With this amount of money involved, and the hardship it will cause many in paying for this service, it would not seem too much amiss for the members of the sanitary commission and the county commissioners to at least have an open mind on the problem. But with two members of the sanitary commission, it has been a closed book from the start. They were determined to have a mechanical sewage treatment plant from the very beginning and choked off any alternative. Up until two weeks ago the two county commissioners had indicated that they would give the dissenting member of the board, H. D. Swartzentruber, time to make his own study. But,

"Outstanding Youth"

Helen Repetsky

Brad Stewart

Two senior students from Southern High have been chosen to represent the Oakland Optimist club in state competition in Baltimore later this month.

They were named "Outstanding Youth of the Year" by the local club, and are Helen Repetsky and Brad Stewart. They will be presented awards at a regular meeting of the club at Red Run lodge on Thursday evening, November 18. Two days later they will journey to Baltimore where they will compete for state winners.

The awards were given after an examination of the nominees' character, community participation, church activities and school record.

Joe Mechem, president of the Optimist club, said the occassion was the celebration of the ninth annual international observance of Youth Appreciation Week. This stresses letting teenagers know that adults appreciate their achievements, respect them as individuals and as an age group, and understand their problems.

Helen is the daughter of Mr. and Mrs. Adam Repetsky. Bradley is the son of Mr. and Mrs. George Stewart.

Library Given 120 L-Playing Records

The Ruth Enlow Library has received 120 long playing records, presented by Columbia Records, it was announced this week by Miss Edith Brock, librarian. Part of them will be placed in the Grantsville branch, she said.

Miss Brock said the records would be on display for a week, and then may be borrowed for a three-week period without charge, but borrowers will be responsible for making good any damage.

Normal Autumn Weather Holds

There was normal autumn weather during the past week with cold and frosty mornings, some rain and moderation during most days.

A brief summary showed the following: Thursday night was cold. Friday was clear with temperatures during the day rising to 56 by 3 o'clock. Saturday was cold and frosty, hazy but clearing later. Weather remained mild. Sunday also was mild, partially clear but cloud cover coming in afternoon and rain by evening. Rain continued to fall on Monday with temperature reaching 50 degrees. There was additional rain on Tuesday but skies cleared and it became colder.

There was a 25 degree-reading Wednesday morning with cloud cover. It had reached 40 by 11 o'clock. Rain fell in the afternoon and continued during the night.

Juvenile Group Is Apprehended

Two juvenile groups were apprehended this week following incidences of shoplifting and breaking and entering. Both groups had been released in custody of their parents, pending court action in the juvenile court.

One group of at least three had been taking articles from the A. D. Naylor and company store, then later bringing them back, claiming they had been purchased earlier and asked for cash refunds. Investigation is still underway, according to Wayne Wilt, deputy sheriff.

Another group was arrested after forcing open the basement door of the home of Mrs. C. C. Helbig, on South Third street. Mrs. Helbig told the authorities some $200 in cash was missing.

Oakland city police were also investigating another misdemeanor, resulting from the throwing of eggs against three automobiles on Second street one night last week. No one has been apprehended as of today.

TOP ORCHID GROWER—Mrs. Thomas P. Maurer is shown at her home on North Third street in the midst of a group of orchids in which she has been specializing for the past several years. There are six blooms on the white orchid shown at the left, four on the dark orchid next to it, three blooms on another, and two on the other white orchid at the bottom of the photo. The white orchid on the right side has five blooms, or twenty blooms in all. They are the Cattleya variety and the orchids were started some five years ago when her nephew, Aza Stanton, started her collection with a gift on her birthday. She has thirty blooming plants at the present time.

Next Move For Twin Towns Is Given Airing

Mt. Lake And Loch Lynn Still Want Study Made On Lagoon Plan

Apparently unwilling to accept defeat, residents of Mt. Lake Park and Loch Lynn Heights came back swinging Tuesday night in answer to the County Commissioners' 2 to 1 decision imposing a sewage disposal treatment plant on the two towns and Oakland, with apparent complete disregard for the wishes of the citizens affected.

An informal meeting at the Mt. Lake Community building which interested citizens and several members of both town councils attended, concluded with a suggestion to procure an independent engineer to estimate the cost of a lagoon system for the two towns. This estimate would then be compared to that submitted by Chester Engineers in the hope that the difference would be great enough to reverse the Garrett County Sanitary Commission's decision to build the mechanical plant for the three towns.

It was pointed out at the meeting that the Sanitary Commission has had only the Chester report upon which to base its decision and, despite urgings of citizens to compare costs of existing lagoon systems throughout the state, particularly maintenance costs, the com-

Second Hearing Is Planned on U S 219

A second public hearing on the proposed relocation of U. S. route 219, from McHenry to the Deep Creek Lake Bridge, will be held Monday afternoon, November 15, at 1:30 o'clock at the Ali Ghan Shrine Country club near Cumberland.

John B. Funk, chairman-director of the Maryland State Roads commission, will attend. Persons with objections can explain their positions at this time, it was stated.

Some thirty residents of the area attended the first hearing held last Thursday afternoon at the Will o' the Wisp motel on Deep Creek Lake. A record was kept of the testimony given at the hearing which is to be reviewed for possible changes.

State Senator Spencer W. Graham said most of the opposition expressed at the hearing was to the limited access features of the proposed road.

He said he did not believe there would be any real opposition to the route if access had not been limited. Four or five points of access are provided on the 3.11 mile relocation, he said. Quite a few favored the old right of way, Senator Graham said.

SRC officials pointed out that the project had been designed to interfere as little as possible with the lakeside cabins and properties. The project will run from .97 of a mile northwest of McHenry, southerly to the Deep Creek bridge.

Damage Suits Over Fatal Mishap Heard

A series of damage suit arising out of a double fatality on the night of July 4, 1964, on U. S. 40, on Big Savage Mountain, were heard in Washington county circuit court last week.

All of the suits were filed aginst Mrs. Suzanne Kasecamp, Frostburg, who was the driver of one of the two cars involved in the crash. Thomas Wood, Hagerstown, was the driver of the other machine and he was killed in the crash.

Mrs. Patricia M. Wood, widow, filed suits on behalf of the three minor Wood children as well as for herself. A third suit, was filed by R. Noel Spence, administrator of the estate of Mr. Wood.

Suits were filed for burial expenses, personal injuries suffered by Mrs. Wood and loss of the support of the husband and father.

The crash also cost the life of Mrs. Almetia F. Bowman.

Plaintiffs are Madeline V. Humberson, Oakland, and others from Allegany County, Md., and Somerset county, Pa.

Receives Listing In Biographical Edition For '64-'65

Frank Fazzalari

Frank Fazzalari, an engineering scientist for International Business Machines Corporation, has been included in the 1964-1965 edition of LEADING MEN IN THE UNITED STATES OF AMERICA, a biographical listing of outstanding men in the fields of business, science, and education.

In 1948, Mr. Fazzalari received a Bachelor of Science degree in Chemical Engineering, and in 1951, a Master of Science degree. His research work for his thesis was accomplished with the aid of a fellowship from the United States Bureau of Mines. In 1949, he received an assistantship from the University of Maryland.

From 1951 to 1954, Mr. Fazzalari was a civilian employee for the U. S. Army Chemical Corps. Later, while employed by the Republic Steel Corporation in Canton, Ohio, Mr. Fazzalari published "Industrial Metallurgical Application of High Vacuum for Extraction of Hydrogen from Titanium in the Solid State". For two years, he had charge of the reactive metals pilot plant at Republic Steel.

Mr. Fazzalari, who is interested in golf, bowling, and swimming, lives with his wife and two daughters at 1965 Locksley Drive, Bethlehem, Pennsylvania.

He is a native of Oakland, a son of the late Mr. and Mrs. James Fazzalari.

Local Serviceman In Thick of Fight In So. Vietnam

Of the several local members of the armed forces serving in South Vietnam, at least one of them is seeing quite a bit of action as a member of Bravo company of the 1st Squadron, 9th U. S. Cavalry, a regiment of the 1st Cavalry division, Airmobile.

He is Jay Gordon Bell, son of Mr. and Mrs. Jay Lewis Bell, Crook Crest.

A story in the daily newspapers last Friday told of some GI's ambushing the Red Viet Cong on the way to Cambodia, and Bravo company was right in the thick of it. The story related how the ambush was laid one night on the final three mile stretch of a jungle train running from South Vietnam's central highlands into Cambodia, and scattered the enemy.

The next day, however, after routing the Cong another dispatch told of several Communist counter-attacks. Two battalions of Communist troops attacked the Cavalry unit. Although the enemy was repelled American caualties were termed as "moderate".

Mr. and Mrs. Bell received a letter from their son this week but it was written prior to the week-end action.

Two Men Enlist

Two local men have enlisted in the U. S. Navy, according to George E. Reid, navy recruiter.

They are Frederick Edward Helbig, 18, son of Mr. and Mrs. Donald E. Helbig, route 1, Oakland; and Carroll Joseph Thomas, 17, son of Mr. and Mrs. Jackson E. Thomas, star route, Oakland.

Both Helbig and Thomas are 1965 graduates of Southern High school. They are now at the Naval Training center, Great Lakes, Ill., for seven weeks of basic training.

The Navy recruiter is in Oakland every Monday, 12:30 to 2 p. m., at the post office.

Awards Given Four-H'ers For Achievement

Program Held Last Friday Evening At Accident School

Many 4-H'ers of the county were presented awards at the annual Achievement night conducted last Friday evening at the Accident Elementary school. Giving out the honors were Mrs. Freda Denison and James Simms, 4-H extension agents.

Speaker for the occasion was Mrs. Evelyn Nantz, home managment specialist University of Maryland extension service. Jerry Epstein, Grantsville, vice-president of the 4-H county council, served as master of ceremonies. Some 220 persons attended.

The awards were for many kinds of activities and projects and included the following:

Achievement: Jerry Epstein, Thomas Stanton, Joanny Jones, Carol Pelton.

Agricultural: Ralph Fitzwater, William Fitzwater, Frank Harvey.

Alumni Recognition: Dale Glotfelty, John Wildesen.

Automotive: Elden Georg, Jerry Epstein.

Makes Donations

One thousand dollars of a fraternal organization fund are being used to provide two donations to local groups, it was learned last week from James B. Nally, secretary for the now defunct Oakland Moose lodge.

The lodge gave up its local activities a year or two ago, and subsequently the Moose building on 3rd street was purchased by the Knights of Pythias order.

Some $3,500 remained in the organization treasury and at the suggestion of Mr. Nally to the national Moose organization, it was announced that two gifts would be made in Oakland, $500 to the building fund of St. Matthew's Episcopal church, and $500 to the Historical Society museum. Another $500 is being sent to Moose Haven Health Center in Florida, and the balance is being sent to Mooseheart, in Indiana, national headquarters for the lodge.

At the time the local lodge ceased George Breuninger was governor; James Nally secretary; and Walter Davy treasurer. The checks will be presented within a few days, it was stated.

Observes Holiday

The post offices of the county, and at least one bank, along with a number of state and county offices are closed today in observance of Veterans' Day.

There will be no deliveries of any kind from the post offices today, and the rural routes will not be served.

The First National bank will be closed for business. The Garrett National Bank will remain open. Schools will remain open but offices in the court house will be closed, along with state offices within the town of Oakland.

Most of the business places planned to remain open for business.

Judging Date Is Set On Christmas Lighting

At a meeting of the committee arranging for the Home Christmas Decoration contest, on Tuesday, plans were completed for the event

The deadline for judging will be Monday, December 20. Residences only will be judged and prizes will be $25 for first, $15 for second and $10 for third.

The contest is sponsored by the Oakland Business Men's association of the Mt. Top Chamber of Commerce.

Scouts Seek Funds

A house to house canvass to obtain funds for carrying on the work of the Boy Scouts of America, has been planned for Monday evening, it was announced by Maurice Brookhart, chairman of the drive.

Volunteer workers are asked to meet promptly at 7 o'clock at the fire hall Monday evening to make their visits.

The quota for the entire Deep Creek district is around $1,700.

CRACKED TWO AXLES—This 150-ton compressor, enroute from the railroad station to Texas Eastern at Accident, was temporarily halted last evening alongside the Oakland Elementary school when two front axles snapped. The Philadelphia company moving the monster fortunately had two spare axles. The compressor was on its way to Accident this morning.

Two Broken Axles Delay Compressor

The big compressor for Texas Eastern Transmission company's new natural gas pumping center at Accident, began moving out of Oakland this morning after being stranded last evening on Wilson street because of two broken axles.

The 150-ton compressor which had been shipped to Oakland over a week ago by B. and O., was unloaded without incident and eased onto a big lowboy trailer. The compressor, lowboy, and equipment was listed at 197 tons.

The heavy equipment had been moved less than two blocks when the axles on the motor tractor snapped. Officials decided to replace the axles, found to have crystallized, and get a fresh start this morning.

The Maryland State Roads commission said the load is probably the heaviest ever hauled over the county's highways. A circuitous route will be followed from Oakland to Ac-

Patriotic Group Sets 4th Meeting

The organization known as "Citizens for Back to God and Country" met for the third time last Sunday at the Fire hall in Oakland.

A fight against the removal of the word "God" from oaths given to jurors and witnesses has been chosen as its first objective and the afternoon discussion centered around this topic. It was suggested that contact be made at once with Thomas B. Finan, attorney general of Maryland; judges of the Maryland Court of Appeals, and members of the General Assembly, registering their objection to the deletion of God in oaths.

"When will this movement to kick God out of America be stopped", Maurice Brookhart, chairman, asked. "We should wake up and make our protests known before these communistic groups abolish Christmas, Easter programs, baccalaureate sermons in schools, Thanksgiving Day, Presidential proclamtations of prayer, chaplains in the armed services, and the words 'In God We Trust' from coins, and 'one nation, under God' from the oath of allegiance".

Brookhart pointed out this could easily happen if everyone sits back and does nothing about it.

Another meeting of the organization will be held Sunday afternoon, November 14, at 2:30 o'clock, at the Oakland fire hall.

Frostburg Firemen To Stop Answering Calls in County

Beginning January 1, the Frostburg fire department will no longer answer alarms in this county unless on a call for mutual aid by a county volunteer fire unit. This information was contained in a letter to the County Commissioners.

Frostburg firemen said they had unsuccessfully endeavored to negotiate a fair and equitable donation to help defray costs of answering alarms. They called attention to the special levy for fire companies as a result of legislation.

The Frostburg firemen answer alarms in the eastern section of the county around Finzel and U. S. route 40 areas.

Died Instantly — This young man, Ronald E. Wise, was instantly killed early Sunday in an automobile accident in Morgantown. A senior in West Virginia university, this photo was taken while a senior in Southern High school, Oakland. He was the son of Mr. and Mrs. Earl Wise, Oakland.

U. S. Senator Plans 2-Day Visit Here

United States Senator Joseph D. Tydings has planned a two-day visit to this county Sunday and Monday, it was announced yesterday by George M. Browning, of near Oakland.

Weather permitting, Senator Tydings will fly to the area, landing at the county airport near McHenry Sunday afternoon. A dinner for elected officials of the county and state and federal department heads, will be held at 6:30 at the Will o' the Wisp dining room on Deep Creek Lake. The dinner will be a "Dutch treat" affair.

The visit is billed as non political, according to Mr. Browning. Accompanying the senator will be Joe McInnery, Marion Harden and Victor Cushwa, administrative assistants, and possibly others.

Senator Tydings plans to discuss the activities of the 89th Congress and tell of his recent trip to South Vietnam and southeast Asia, and Mr. Browning said he also may discuss local problems and what might be done about them.

A breakfast also is planned for Monday morning when members of the bar association, members of the School Board and Willard L. Hawkins, county superintendent of schools, the Rev. Shelby Walthall, and others will attend.

He will speak to the faculty and students at Northern High school around 9:15, and will then make a similar visit to Southern High school later in the morning. He will meet interested citizens at the Court House from 1 to 2 o'clock.

Two College Students Die In Car Crash

Ronald Wise, Oakland, Is One Of Those Killed Sunday Morning

A 20-year-old Oakland youth was one of two West Virginia university students who died early Sunday morning when their Pontiac automobile crashed into a tree just off University avenue in Morgantown, in a one-car accident.

The victims were Ronald Eugene Wise, Dennett Road, Oakland; and H. J. Pitzenberger, 20, of Belle, W. Va., driver of the car.

Morgantown City police said the two students were killed when their car skidded out of control and failed to negotiate a curve, crashing at the crest of a hill, near Riverview Drive.

The police said Pitzenberger's car slid sideways as it rounded a curve, struck a small tree and then crashed into a larger tree near the top of Eighth street. Damages were estimated at $2,500.

They were traveling from the Evansdale campus area into the city proper when the crash occurred at about 2 a. m.

Wise, who would have been 21 years old Monday, was a senior in the College of Agriculture. He attended Potomac State college in Keyser for two years and was a graduate of Southern High school, Oakland, in 1962.

A son of Earl and Floreine Rakes Wise, he was a member of St. Paul's Methodist church in Oakland. During the summer he had been employed at the A and P Store and the Englander Pharmacy. He was born

$150 Taken From Grantsville Store

The larceny of about $150 from an open cash register at Huff's Market in Grantsville Monday afternoon is being investigated by State Police. Police were furnished a description of the getaway car by a customer.

Ira L. Huff, proprietor, said the two Negro men entered the store. He was in the rear of the store at the meat counter and his wife waited on one of the men who made a small purchase.

She placed the change in the register but did not close it. Mr. Huff said that while one of the men held his wife's attention in conversation, the other reached across the counter and helped himself to some 10 and 20-dollar bills in the register.

The two men then left the store and proceeded to a parked car in which a third Negro was seated. A customer who was aware of what was going on, left the market and got a description of the car. It was reported to be a 1964 or 1965 blue Cadillac bearing Illinois tags.

The three men were reported to have headed east on U. S. route 40, although they were reportedly seen later in the afternoon in the vicinity of Salisbury, Pa.

Mr. Huff said there was no display of a weapon at the time the money was taken. State police were notified of the theft at 3:35 p. m. Trooper S. M. Russell is investigating.

SWORN IN—Jesse Walker, Shallmar, is shown being duly sworn in as a new member of the Examining Board of the Maryland Bureau of Mines, in the office of Richard L. Davis, Clerk of the Circuit Court, following his recent appointment by Governor J. Millard Tawes. At the left is Mr. Davis, and at the right is Carl Schell, director of the Bureau of Mines. Walker will represent the mine operators on the board which also includes Leslie T. Foote, of Lonaconing, employe representative, and Mr. Schell as ex-officio member. Mr. Walker replaced Arthur P. Hoffa, of Barton, who has retired. The board examines applicants for mine foreman and fire boss. The board generally meets about three times per year.

Terra Alta Juniors To Present Farce

"Hoax of Hogan's Holler", a hillbilly farce, will be presented Wednesday, November 17, by the Junior Class of Terra Alta High School, at 8:00 p. m.

The story is a mixture of hillbillies and ghosts. The plot revolves around a hillbilly family, the Bushbriers, who, unknown to them, have "gold in their hills". Trouble comes to them when "city slickers" arrive to take the gold from them. Ghosts add to their difficulties. The romantic interest is provided by Zep Sourapple and Pansy May Bushbrier, and Preacher Clem, the eligible bachelor of the community.

Appearing in the play are the following students: Barry Adkins Edna J. Roy, Sandra Smith, Sheila Keller, Mike Messenger, Janet Sereno, Tom McConnell, JoAnn Reckart, Donald Tomblin, Patricia Markwood, Linda Sanders, David Thomas, and Everett Metheny.

Admission is twenty-five cents for students and fifty cents for adults.

A reception will be held at the Triple R Ranch at Pleasant Valley.

Annual Fall Livestock Survey To Be Made

Postmaster Guy Wm. Hinebaugh announced this week that Rural Mail Carriers and Star Route Contractors will begin distributing annual fall Livestock cards to farmer-patrons on their routes about November 17.

The annual fall Livestock Survey provides the Maryland-Delaware Crop Reporting Service at College Park with basic information for estimating the pig crop, and changes in the number of cattle, hogs, sheep and poultry on farms.

This is a sample survey, so not all farms will receive a survey card. To assure that your community is represented in this survey, Postmaster Hinebaugh urges each farmer-patron receiving a card to fill it out and place it in his mail box.

Carriers distributing the survey cards from the Oakland Post Office are: Kenneth Martin, Route One; George Porter, Route Two; James Cover, Star Route.

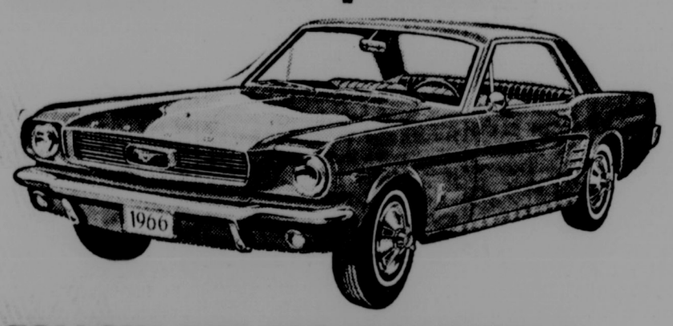
PUBLIC NOTICE

NOTICE OF CURRENT STATUS OF SANITARY SEWAGE PROJECT FOR MT. LAKE PARK, LOCH LYNN, OAKLAND AREA

As a result of the information made available to the public by both the newspaper and the radio, numerous requests for clarification of the status of the sewage project for Mt. Lake Park-Loch Lynn-Oakland have been directed to the Sanitary Commission. This public notice was authorized in order to state the position of the Sanitary Commission and to attempt to answer the questions directed to the Commission.



The Garrett County Sanitary District, Inc., was formed pursuant to Article 43, section 645-673 of the Annotated Code of Maryland, the Sanitary District encompassing Oakland, Mt. Lake Park and Loch Lynn having been formed pursuant to a petition filed under the provision of Article 43, section 652 (b), the requisite number of property owners (being 25 or more) having presented a petition to the Sanitary Commission on January 25, 1963. Pursuant to the authority vested in the Sanitary Commission under the laws indicated above, the Sanitary Commission retained a sanitary engineer to prepare a preliminary report recommending the type sewage system most favorable to the requirements of the Sanitary District.

During the period of time involved which lapsed while various engineering firms interview and the final preliminary report rendered, the Maryland State Health Department conducted various public meetings at which time the state officials from the Health Department indicated an acceptable sewage treatment facility must be provided for the Sanitary District created by the petition mentioned above. After the preliminary report was made available to the Commission, the Commission in turn by public notice informed the public at large of the nature of the preliminary report and conducted three public meetings where all aspects of the preliminary report were discussed. At the last public meeting held on June 8, 1965, a petition containing the names of numerous citizens in the Mt. Lake Park-Loch Lynn-Oakland area was presented to the Sanitary Commission requesting that plans and specifications for the towns of Mt. Lake Park and Loch Lynn be prepared for a lagoon system as well as a treatment plant. The Sanitary Commission then presented a recommendation to the County Commissioners that the report made by the Chester Engineers be adopted. An appeal was then taken by a citizens' group to the Garrett County Commissioners who voted on November 1, 1965, to approve the recommendation made by the Sanitary Commission that a single treatment plant be provided for the towns of Oakland, Mt. Lake Park, and Loch Lynn.

Final bid specifications for the single plant treatment facilitity have not yet been prepared, because the funds to provide these bid specifications have not been made available. These funds are to be made available through a federal agency and are interest free planning funds which must be repaid from the first bond issue advanced by the Sanitary Commission. This bond issue is based on the assets of the Sanitary Commission, and will be guaranteed by the County. The cost of maintaining the sewage facility and paying off the bond indebtedness shall be paid by the persons receiving the benefits of the facilities.

Sewage facilities which are acceptable to the Maryland State Department of Health was established as being critical by a prior public notice of the nature contained in this paper on an earlier date wherein a letter from Mr. Shives, Chief of the Division of Sanitary Engineering, indicated that as of September 24, his department would not permit any additional connections or extensions be made to the existing sewers within the corporate limits of Oakland, Mt. Lake Park and Loch Lynn until complete engineering plans and specifications for providing adequate sewage treatment facilities have been submtted to and approved by the State Board of Health and Mental Hygiene.

This information is respectfully submitted in an effort to provide notice of the facts as the Sanitary Commission knows them to exist.

Questions by You and Your Friends Answers From Clinton W. Englander

ASK YOUR PHARMACIST

Question

I'm ashamed to admit I don't know how to read a clinical thermometer. Is there a book I can get that will tell me how?

Answer

It's really surprising how many people can't read a thermometer, but hate to admit it because they think "everybody else" knows how to read one. So . . . don't be bashful because all you have to do is ask us to show you how it's done. In fact, please don't ever hesitate to ask questions. We're in the "business of explaining," and we're always glad to answer your questions.

Married In Indiana

Miss Sarahann Tepfer, daughter of Dr. and Mrs. Milton Tepfer, of 4746 Jennys Road, Indianapolis, Ind., formerly of Friendsville, became the bride of Lt. Frank V. Sherman, of 2941 Winton Avenue, Speedway, Ind., a son of Mrs. Venard Sherman and the late Mr. Sherman, on Saturday morning, November 6, at 11 o'clock, at Speedway. Rev. Leo Lindeman, pastor of St Christopher Catholic church, officiated at the double ring ceremony.

Maid of honor was Miss Portia Bain, of Indianapolis, while other attendants were Mary Susan Sherman, sister of the groom; Miss Kathy Bridges, Richmond, Ind.; Mrs. Daniel Tepfer, Duluth, Minn. Best man was Lt. B. Patrick O'Donnell, of Indianapolis.

Ushers were Robert Tepfer, brother of the bride; Harry Hail, Indianapolis; while groomsmen were Daniel Holtz, Zionsville, Ind.; Lt. Daniel Tepfer, Duluth, brother of the bride and M. Robbie Finchum.

The bride was attired in a long, white traditional style gown of delustered satin, with Alencon lace edging the scoop neckline, with fitted bodice and bell skirt, long bridal pointed sleeves and full chapel train. Her bouffant veil was of imported English silk illusion. It had a double crown of pearls and Alencon lace highlighted with crystal beads.

Her cascade bouquet was a pure white orchid, with phalanopsia and stephanotis.

The maid of honor and bridesmaids wore floor length sheath gowns of light turquoise chalk crepe. Their headpieces were colored to match the bouffant veil. They carried cascade bouquets of turquoise tinted Fuji mums.

A reception was held at the Indianapolis speedway motel immediately after the ceremony after which the couple left for a honeymoon trip to New York City.

The bride attended Butler University. The bridegroom was graduated from Butler university where he was a group commander of the university air force ROTC and a member of the Arnold Air society.

Prior to the wedding the bride was entertained at two showers, one given by Mrs. Leming and Mrs. Bullington, of Speedway, and another given by Mrs. Martin Bain and Miss Portia Bain, of Indianapolis.

ir. Bentonville, Ark. His father is manager of the Sterling Processing company in Oakland. Mr. and Mrs. Wise were in Ohio at the time of the accident and were flown to Oakland in a Sterling plane.

Also surviving besides his parents are a sister, Mrs. Garland (Earline) Steyer, of Cheswick, Pa.; and his maternal grandmother, Mrs. Gertrude L. Rakes, of Bentonville.

The second youth killed was H. J. Pitzenberger, of Belle, W. Va., a son of Dr. and Mrs. H. J. Pitzenberger, Sr., and was a pre-medical student in the junior class. He had attended Johns Hopkins university in Baltimore his freshman year.

The body of Wise was brought to the Minnich Funeral home in Oakland. Funeral services were conducted from the funeral home Tuesday morning at 10:30 by his pastor, the Rev. Lawrence Sherwood, and the Rev. W. Shelby Walthall, rector of St. Matthew's Episcopal church.

The body then was taken to the Callison-McKinney funeral home in Bentonville, for further services this Thursday afternoon at 2 o'clock. Burial will be in Bentonville cemetery. The family had requested in lieu of flowers that any contributions be made to the Ruth Enlow Library in Oakland.

mission has stuck to its guns in rejecting "guesstimates" not backed by competent engineering.

The citizens' group hopes to provide a feasibility plan by a qualified engineer that will lend weight to their arguments that the lagoon system is considerably cheaper and just as effective in the long run.

Smith's Term Expired

While exploring for loopholes in the sanitary law now saddling the three communities, the citizens discovered that the two-year term of Oakland's mayor, Russell Smith, on the Sanitary Commission had expired January 1. By law, however, he is authorized to continue to serve until a successor has been named by the County Commissioners. Smith was appointed to finish out the two-year term of Earl Haenftling of Accident, who took office in January, 1963, but later resigned.

Swartzentruber Present

Commissioner Harvey D. Swartzentruber, who dissented in the County Commissioners' decision to approve the recommendation of the Sanitary Commission, took exception to some of the figures in the latest report of Chester Engineers having to do with the cost of a lagoon for all three towns.

The report claimed that a lagoon would be more costly than a mechanical plant. Swartzentruber labeled several points as "conflicting" and stated that the Commissioners had acted too hastily without fully exploring the report. Commissioners Allen Paugh and Earl Opel had approved the report at a regular meeting Nov. 1. Citizens of Mt. Lake Park and Loch Lynn did not have the opportunity to inspect the lagoon report before the Commissioners' decision.

In an advertisement of the Sanitary commission appearing in today's issue it was stated that a final bid specifications for the single plant treatment facility had not yet been prepared because the funds to provide these bid specifications have not been made available. This was contrary to a radio report one day last week in which Mayor Smith had said "plans and specifications for the plant are now being drawn and will be ready to submit to bid in January." The radio report was verified by obtaining a transcript of his message over the air waves.

In today's advertisement it tells how these funds are to be made available.

very suddenly, within hours after receiving a report on lagoons from Chester Engineers, the two Commissioners, Allen Paugh and Earl Opel, voted for approval, even before Mt. Lake or Loch Lynn citizens had an opportunity to see the report.

The entire procedure has been unusual and creates a distasteful atmosphere. Those favoring lagoons declear they will be the first to admit their error if they are satisfied that the mechanical plant is the least expensive. But they would like open minds on the subject and they don't feel there are any on the opposite side of the fence, with exception of Lawrence Grove, third member of the sanitary group. The other two members of the Commission, Mayor Russell Smith of Oakland and Delbert Bittinger, Mt. Lake Park, give the definite impression that there is no alternative.

Increase Noted In Season Tickets At Summer Theatre

Due to increases in salaries of Actresses and Actors plus other expenses the Garrett County Playhouse must raise prices for 1966 season, it was announced by the Board of Directors this week. The increase will be a nominal one.

The following rates will apply: Season ticket, $16.50 for 9 admissions, with General admission of $2.30 for Adults and $1.30 for Children, Tuesday through Friday; Saturday, $2.60 for Adults and $1.50 for Children.

The Christmas sale of season tickets will be in effect from November 15th to December 31, at $15.00 each. The following clubs will have these for sale in Oakland, A.A.U.W. B. & P.-W., Rotary, Lions, Junior Woman's Civic Club, and the Civic Club of Oakland; in Grantsville, the Grantsville Rotary.

Gene Yell, Producer of the Garrett County Playhouse, is now selecting plays for the 1966 season. As soon as these have been selected the public will be notified, it was stated.

Members of the Owl's club are entertaining their wives on their annual Ladies' night, at the Allegheny room at Proudfoot's, this evening.

How To Salvage A Neglected Brush

Soak and Scrape—You can make a neglected brush usable again. Soak it in turpentine or liquid brush cleaner for a day or two, occasionally working the bristle to loosen the old paint. Use a scraper to remove chunks of the dry paint pigment.

Then Launder.—Now soak the brush for several hours in hot, soapy water. Next, sprinkle soap powder on an old-fashioned washboard and rub brush across it, using same motion used in washing clothes.

Work Bristle.—Place brush flat on board and press it firmly with other hand as you continue rubbing. Dip brush into hot water, reverse it, and add more soap. If bristle remains stiff, add fine sand to the soap.

Final Rinse.—Rinse the brush in cold water until all traces of soap and paint leave bristle and the rinse water remains clear. Comb bristle and dry.

Mathias Comments On Basin Plans Of Potomac River

Comments On Potomac River Basin Plans

Although the comprehensive Potomac River Basin development plan has not yet been completed or released, some of its contours are becoming visible. The remarks of Assistant Secretary of the Interior Kenneth Holum on October 29 are especially significant, and I hope they will be supplemented by increasingly specific discussions of the qestions he has emphasized.

Seneca Dam

To date the Department of the Interior has refrained from taking a formal stand for or against the Corps of Engineers proposal to erect a high dam on the Potomac at Seneca. All who have opposed this idea for over two years welcome Mr. Holum's statement that he, personally, "would prefer to avoid" an "irreversible decision" to build that dam. I encourage the Secretary of the Interior to endorse this position publicly, so that the long Seneca Dam controversy can finally be laid to rest.

A Potomac Valley Park?

While opposing immediate construction of a dam at Seneca, Mr. Holum proposed that the Seneca site be brought into the public domain "so as to free the hands of future decision makers". Such a step, he observed, would harmonize with the concept of a Potomac Valley Park stretching from Great Falls to Cumberland and serving the recreational needs of the millions of people in the Potomas Basin.

To me, the rapid progress in water resources technology suggests that a high dam at Seneca will be even less justifiable in the future than it is now. However, I do agree that the beautiful and historic land on both banks of the Potomac should, as far as possible, be protected from unwise development — public or private — and be preserved for the enjoyment of the people of the Basin and our many visitors.

The C & O Canal National Historical Park

One obvious, and available, central strand in a Potomac Valley park system is the C&O Canal, stretching 180 miles from Georgetown to Cumberland along the Maryland bank of the River. Throughout my service in Congress, I have sponsored legislation to create a C&O Canal National Historical Park and provide adequate funds to repair and maintain the Canal, its towpath, and its entire series of locks and dams. The development of the valuable historical and recreational resources can, and should, be begun at once.

A New Park System

While I believe that the National Park Service, assisted by an advisory commission representing local and state interests, should bear primary responsibility for a narrow Canal-oriented park, I feel that the creation of a large park preserve under exclusively Federal jurisdiction is unnecessary and could prove unwise. A far preferable course, in my judgment, is the development — through cooperative planning and financing — of a comprehensive Potomac park system which includes:

*The C & O National Historical Park
*State parks developed under the Land and Water Conservation Fund Act
*the public recreational facilities and parks of the many towns and cities along the Potomac
*private holdings devoted to conservation and recreation

The Interior Department has already indicated interest in such a cooperative approach. Pilot programs, which utilize the full assets of Potomac Basin communities and groups, should be begun without delay.

Two Charges Against Him

Two charges were filed against one man in the Trial Magistrate's court in recent days, one of non-support and one for assault and battery.

The man involved is Leroy Stewart, of Deer Park. He entered a plea of not guilty of assault and battery upon his father-in-law, Troy Smith, when given a hearing November 7 before Trial Magistrate Robert M. Maroney, but the magistrate found him guilty and fined him $15 and costs.

On November 8 he entered a plea of guilty to a charge brought by his wife, Betty Stewart, of non-support of herself and two children, aged 6 and 2. He was sentenced to one year in the House of Correction but sentence was suspended upon condition he pay $35 per week for support of his family.

In another case heard on November 4, Harry Garlitz entered a plea of not guilty to a charge of non support of his wife. The charge was brought by Robert Shaffer as agent for the county welfare board. Magistrate Maroney found him guilty and sentenced him to six months in the House of Correction but suspended the sentence upon condition he play $20 per month, to start December 12.

PTA Sessions Scheduled

The Executive Committee of the Northern High school Parent-Teacher association met and scheduled a meeting for Thursday, November 18, at 8 p. m., in the school cafeteria.

The regular meeting of the North Glade Parent-Teacher association will be held Tuesday, November 16, at 7:30. A film strip will be shown following the business meeting.

Highlanders Take Final Game 19-13

GAME STATISTICS

219—Yards Gained Rushing	109
284—Total Net Yards Gained	101

Southern High school wound up its football campaign with a 19-13 victory over Terra Alta High school last Friday night at Oakland.

The Highlanders jumped off to a 19-0 lead at halftime but received a scare when Terra Alta rallied for a pair of touchdowns in the final quarter.

Southern ended a 5-game losing streak and finished the season with a 3-6 record.

Jerry Fike ran four yards around right end for Southern's first TD in the opening period. Bill Martin passed to Rob Sharps for 23 yards and a six-pointer early in the second period and Martin kicked the extra point.

John Minnick went over from the six for the home team's final score. Martin's kick for the point was blocked.

Stone put Terra Alta on the scoreboard with a 76-yard punt return and also registered the visitors' second score on a six-yard run. He also ran the extra point.

Southern missed another opportunity to score by driving to the Terra Alta three where the invaders recovered a fumble. Southern's Rob Sharps intercepted a pass and sprinted sixty yards but the TD was nullified by a penalty.

Both teams had 15 first downs but Southern had 284 yards gained in rushing and passing compared to 101 for the Hilltoppers.

Eleven Are Killed On State Highways

A total of eleven persons were killed on Maryland highways last week according to the weekly survey of the State Police. Four of those killed were drivers; three were passengers; and four were pedestrians. Alcohol was a contributing factor in five of the deaths; speed in five; and "driver error" was present in nine of the fatalities.

In serious accidents investigated by the State Police last week, three persons were killed and fourteen seriously injured. Officers who investigated the accidents are of the opinion that all of the lives could have been saved and all of the injuries lessened had the persons involved been wearing seat belts. In eight instances, more than half, seat belts were available but not in use.

"Every possible effort, through almost every conceivable media, has been made to educate the motoring public concerning the safety value of seat belts", commented Colonel Carey Jarman, Superintendent of the Maryland State Police, "and yet we see a continuing indifference to the use of this tremendous safety device".

Strange Animal Killed

A kinkajou or honey bear, a strange animal for this area, was discovered and killed last week by two youths of near Grantsville.

The mammal was identified by game warden Leo Friend, at Deep Creek, and John Reckner, Sr., of near Bittinger, who mounts animals.

It was believed to have been a pet, the same one that went to the home of Maxine Broadwater, Grantsville librarian, several months ago. The animal is identified in the international dictionary as an inhabitant of Mexico and Central and South America. It is about three feet long, has a slender body, a long tail, large lustrous eyes and soft wooly yellowish brown fur.

George Edwards fired two touchdown passes to Wilbur Hinebaugh and Barry Beal ran 18 yards for the other score as Northern High Huskies lowered the curtain on another successful gridiron season by trimming the St. Francis High Trojans of Morgantown last Friday night at Morgantown by the score of 20 to 7.

Coach Jack Lear's Huskies, who posted a 9-0 record, closed the present campaign with a 6-3 mark.

Edwards hit Hinebaugh with a 5-yard pass for the first score in the opening quarter. Beal dashed 18 yards for a 6-pointer in the second quarter and Hinebaugh kicked the extra point.

A 30-yard pass play with Edwards throwing and Hinebaugh receiving produced the other TD in the final period. Hinebaugh then converted from placement.

The Tojans' TD came in the second period and was scored by Dean Hammond on a 5-yard run. Bob Toth kicked for the extra point.

Northern wound up with 13 first downs compared to 11 for St. Francis, and gained 264 yards compared to 150 for the host team.

Carving of Decoy Ducks Pays Off

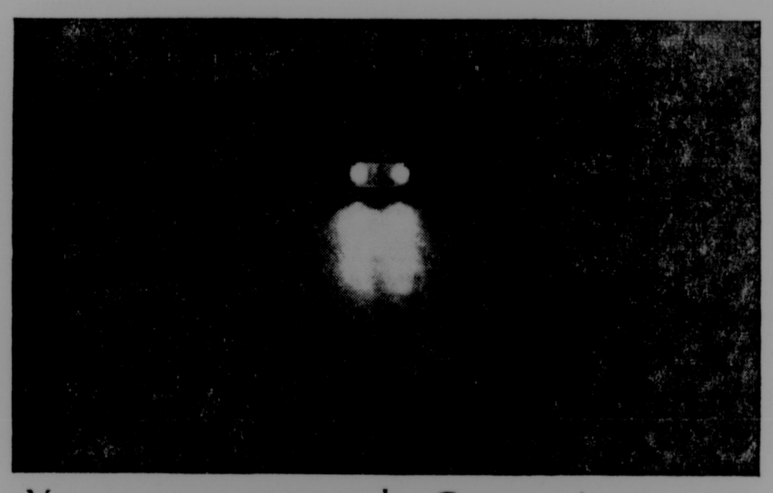
Carving duck decoys from wood has allowed Donald Briddell, now a senior student at Pratt Institute in New York City, to travel throughout the United States and parts of Europe, from the money he has received for this business.

Briddell displayed his work at Chestertown last week during the exhibit of waterfowl, shore bird and upland game bird wood carvings, held under auspices of the Kent County Chapter of the Maryland Ornithological society.

Briddell became interested in carving when he was 13 while residing in Crisfield. When he was 14 and old enough to hunt ducks, he sold an old musket of French vintage for a dozen old decoys which were in need of repair. While he was repairing the decoys a friend of his family asked him to make a few decoys for her. This, he said, sparked more interest and more orders.

A year later he had a shop, an after school enterprise, which could produce from two to three decoys a week. Summers were devoted completely to preparing for the fall hunting season.

While the artist was learning to understand the duck form, two men, Lem and Steve Ward, world champions in decoy carving, who have been carving 50 or 60 years, taught him how to produce a "sophisticated" duck. During the summer of his third year of carving he was invited to the Maryland State Fair at Timonium to demonstrate duck carving at the Exhibition hall.



A New York store, "Crossroads of Sports," became Briddel's main outlet for the sale of the finished product, and other outlets were in Maryland, Delaware and the New England states.

Two years ago he moved to Oakland with his family and his shop went along. Since then his parents, Mr. and Mrs. Charles Briddell, have moved to York, Pa.

Briddell said he was proud to have been a participant in carving wooden ducks. Some of them were on display this past summer at the Garrett County Playhouse on the Beckman peninsula, Deep Creek Lake.

Bus And Car Collide

A school bus owned by Harold Yutzy and driven by Elmer Howell, collided with a new Renault, driven by Mrs. Dennis Stottlemeyer, at the corner of Wilson and Pennington streets last Thursday afternoon.

The Renault automobile was badly damaged. Mrs. Stottlemeyer and Miss Ann Cogley, a passenger in the Stottlemeyer car were shaken up and taken to the emergency room at the Garrett County Memorial hospital and then released.

William Glotfelty, city policeman, investigated.

Observe 50th Anniversary

Mr. and Mrs. Elmer Shawley, Bittinger, were honored by their children with a reception in observance of their 50th wedding anniversary at the Bittinger Community Center.

Mr. and Mrs. Shawley were married Oct. 29, 1915 at the parsonage of St. Paul's Reformed Church at Meyersdale, Pa., by the Rev. L.. Nevin Wilson. They are the parents of two children, George and Ethel, Mrs. Ralph Buckel, both of Bittinger. They have seven grandchildren.

Mr. Shawley is retired after having operated a farm in Bittinger for nearly forty years.

6 Cases Are Filed With Magistrate

Only six automobile cases were filed with Trial Magistrate Robert M. Maroney in Oakland during the week. They included the following:

Harold James Adams, Oakland, failing to properly signal, entered a plea of not guilty but was found guilty and fined $10 and costs.

Margaret Amelia Bernard, Oakland, entered a plea of not guilty to a charge of operating at a speed too great for road conditions but was found guilty and fined $10 and costs.

Daniel Grant Savage, Accident, pleaded guilty to a charge of overload on tandem axles of 2,600 pounds and was fined $52 and costs.

Everett Benjamin Bray, Oakland, forfeited collateral of $7 and costs on a charge of improper passing.

Robert Bruce Thompson, Morgantown, forfeited collateral of $7 and costs on a charge of exceeding 30 miles per hour in restricted zone.

John Wayne Rowan, Mt. Lake Park, pleaded guilty to a charge of exceeding 70 miles per hour and was sentenced to 30 days in the county jail. The sentence and costs were suspended.

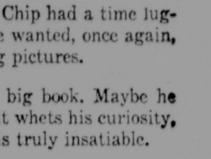
BIG BOOK

The atlas is quite an armful. Chip had a time lugging it down off the shelf, but he wanted, once again, to look at some of the fascinating pictures.

He's a small boy for such a big book. Maybe he doesn't understand all of it. But it whets his curiosity, and the curiosity of a small boy is truly insatiable.



Even as Chip glances at the pictures, questions are racing through his mind. And to whom will he address these questions? To *you!*

When youngsters ask questions, it is up to us, supposedly "grownup" and therefore wiser, to try to give them the right answers. In this day of sometimes dubious and changing values, that isn't always easy. We must first make sure that we have the true basic answers ourselves. There is no surer way of doing this than by arming ourselves with the faith and wisdom found in the Holy Scriptures and in our churches.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

Friend In Need

Lesson for November 14, 1965

Background Scripture: I Samuel 13:3 through 14:52; 18:1 through 20:42; 23:15-18; 31:1-2; II Samuel 1:1-27.
Devotional Reading: John 15:7-13.

STRESSES AND STRAINS are found in the closest and happiest relationships of life. When you hear a married couple claiming they never have had "one cross word," you know they have poor memories or they haven't been married very long. Friendship like a marriage is a delicate thing; yet it too, for all its delicacy, has great strength. Anybody can be a friend in days of easy sailing, just as any man can manage to be a cheerful bridegroom for the length of a honeymoon. It's the rough going that tests the friendship.

Dr. Foreman

Friend in danger

Everybody has heard about David and Jonathan; but David's memory shines so brightly that Jonathan's lesser star is dimmed by comparison. Most Bible readers can tell you a good deal about David but they find it harder to name any one thing Jonathan did except be a friend to David. This week would be a good time to read (in the "Background Scripture") the stories about this young man, who lived a short but exciting life. His experiences suggest some of the tests of true friendship. One very obvious test is: **Can you be a friend when being one is dangerous?** Jonathan could be, and was. A wall of hatred between Jonathan's father Saul and young David had been built up by the half-mad and cruel king. Jonathan dared to risk his father's reckless and vicious anger to keep alive the friendship between himself and David.

Friend of the slandered

Jonathan actually was braver and better than Christ's apostles were, at one important point. On the last night before Calvary, why did all the disciples forsake Jesus and flee? Why did Simon Peter swear he did not even know him? Simply because they were afraid, — afraid to be suspected of what? Suspected of being friends of a slandered man. The charges against Jesus were false and the disciples knew it; but they could not bear to stand with him when the tongues of liars were against him. Jonathan stands out a braver man. Saul (and no doubt others who were so to speak betting on the king) heaped insulting abuse on Jonathan's best friend; but not only did Jonathan refuse to believe it, his friendship grew even firmer and finer for all the abuse that both the young men had to stand.

Friend in good fortune

So Jonathan passed the second severe test of friendship: **Can you keep on standing by your friend when everybody is telling and believing lies about him?** And there is a third test, more difficult still. **Can you rejoice in your friend's good fortune even if it means your own disadvantage?** Jonathan could, and did. He and David were, as every one knew, and they knew, rivals for the throne of Israel. Who would succeed Saul? The principle of heredity had not been adopted. When the king died, his vacant throne would be "up for grabs." There would really be only two candidates, David and Jonathan. There seemed little to choose. Both were immensely popular with the masses of Israel, both were stuff of which heroes are made. Both understood their situation perfectly. But both had a sure feeling that David would be the next king. It could have been a hard pill for Jonathan to take. To rejoice in others happiness is not always as easy as it sounds, and it is particularly hard when their winning means your losing. But Jonathan — if not a perfect man, was still the perfect friend!

Freedom And the Public Public And Private Morality In America

By Donald Mieklejohn

Donald Meiklejohn, Professor of Philosophy and Social Science, is Director of the Program in Public Affairs and Citizenship at Syracuse University. The author is a graduate of the University of Wisconsin, he has a Ph.D. from Harvard University. Dr. Meiklejohn has contributed to professional journals including Educational Forum, Ethics, The Journal of Philosophy, and the Social Service Review.

Professor Meiklejohn states that any American will affirm his belief that freedom is the cardinal tenet of the American public faith. Yet all too often he conceives the "public interest" as opposing private interest, and he connects freedom, and himself with the latter. The lesson which the Founders taught was that the fully free life for Americans requires and is composite of participation in the affairs of the nation they so consciously labored to establish.

To the American who ask, "Can I win freedom if I go into politics?" It is not the case that the widest freedom he may find is that of serving his own personal ambition. It is the case that there can be won in the political life that advancement of community in which free action by one enlarges the freedom of the rest.

What virtue shall our teachers teach? Are the teachers simply to teach the virtue demanded by those who pay for education? How can America educate her citizens in the future to value both public and private interests? The loyalty problem, federal aid to education, and school integration are a few of the many questions which Professor Meiklejohn considers against the background of American political thought. The result is an agenda for establishing in America a government that is truly popular in representing the public will — in serving as a public educator; and responsible in maintaining freedom of discussion in order to know the public will.

Dr. Meiklejohn has written a compelling book to demonstrate that in America freedom and the public are inherently linked. This is a book highly recommended for all Americans to read.

The book may be obtained from Syracuse University Press, Syracuse, New York. 13210. Price $4.95.

It costs the same to dry this much in an ELECTRIC DRYER as it does to dry this much in a GAS DRYER

Gas dries for only a Penny-a-Load

That's right! Just a penny's worth of gas dries a whole load of wash. And gas dryers cost less to install and maintain, so you get added savings. Nothing dries your family's laundry fresher, fluffier, faster than gas. See your gas appliance dealer for a demonstration.

Do it tomorrow's way...with GAS!

Queen Is Honored At Northern High

Miss Barbara Braskey

Miss Barbara Braskey, daughter of Mr. and Mrs. John Braskey, owners of Hill Top Inn restaurant, near Grantsville, became the 1965 Homecoming Queen at Northern High School.

She was crowned at the homecoming game October 29 against Berlin, under the newly dedicated football lights at Northern. Berlin won the game 33 to 19.

This was the 11th annual homecoming event and was carried out between halves. The Northern High band played under direction of Melvin Schwing. Darrell Malone, French instructor, narrated a story of the band performance. The majorettes performed with twirling batons of fire.

Queens of past years participated including Judy Friend Wilson, 1957; Mrs. Patty McKenzie Schroyer, 1958; Mrs. Patty Robinson Zumpano, 1959; Mrs. Phyllis Friend Finzel, 1961; Miss Linda Fisher, 1964. These girls, along with new queen candidates rode in convertibles driven by Bill Edwards, Danny Brenneman, Vaughn Friend, Glenn Mast, and Joyce DeWitt.

Other queen candidates were Jane Umbel, daughter of Mr. and Mrs. Daniel Wampler, Friendsville; Patty Stanton, daughter of Mr. and Mrs. Leslie Stanton, Grantsville. Chuck Klotz, president of the student council, escorted them from their cars. Carrying the queen's crown was Terry Jo Robinson. Terry Jo McKenzie, varsity cheerleader, presented the queen with red roses and the crowning was performed by Robert Rodeheaver, principal.

A homecoming dance was held for the new queen and her candidates and past queens and students, sponsored by the Varsity Cheerleaders. The Star-

From Husky Halls

By Nancy Strauss, Chris Bailey and Linda Brenneman

Life at N. H. S. has been busy these past few days. The first nine weeks of school, which marks the first grading term, is over.

At 3:00 Wednesday afternoon students reported to their respective homerooms to receive report cards and school pictures. The Student Council was in charge of photo money this year.

As part of Northern's observation of American Education Week, Parent Visitation Day was also held Wednesday. Classes were attended by parents throughout the day.

Board Visits School

The monthly meeting of the Garrett County Board of Education was held at Northern Tuesday, November 9, with all members attending. A luncheon was served by the twelfth grade Home Economic girls under the supervision of Mrs. Polly Hanst.

Puppies Lose Final Game

Northern's Husky Puppies lost their final game of the season to Southern's juuior high, November 2. The score was 23-0. This was the Puppies' second loss.

Band Holds Retreat

Northern High School Band planned to hold a full dress retreat at the school today, Veterans' Day, November 11, during the sixth period. John Leonard was scheduled to play Retreat and To the Colors and the band was to play The Star Spangled Banner in commemoration of all veterans.

Reading Class Takes Tour

The senior high reading class toured the newspaper office, court house, and Hagan's ice cream plant in Uniontown, Monday, November 8. They were chaperoned by their teacher, Mrs. Anna Beachy.

Mississippi Melody

Northern's Junior Chorus will stage the play Mississippi Melody, Friday, November 12, at 8:00 p. m. in the school gymnasium. The play also will be given to the junior and senior high schools Friday afternoon.

To Address Students At Northern High

John M. Zook, of the department of admissions at Goshen college, Goshen, Ind., will visit Northern High school, Accident, on Friday, November 19, to talk to juniors and seniors and college advisers about attending Goshen college.

The college had 1,079 full time students enrolled this fall, highest in history.

Bowling Leagues List Week's Scores

Winners in the various bowling leagues at the Sher-Wood lanes in Oakland for the week of November 1, were compiled this week by one of the participants.

Don Parsons, Jr., was a unique champion this week with a single game of 288, just 12 pins short of a perfect 300 score. He came up with ten consecutive strikes, got 8 pins on his next ball and picked up his spare. He will receive a special award from American Bowling Congress for getting 100 pins over his average.

There are eleven leagues with several teams in each league. Highest team this week was the Parks team of the Hoosiers with 2708 total.

The tabulation indicates the league, the high team, the high set and high game with the final tabulation the high game scorer or next high scorer, which varies in some cases.

Hoosiers, Parks, 2708; A. Gladfelter, 571, 204; Randall McCartney and John Halsey, tied with 212.

Mt. Toppers, Hit and Misses, 2210; Carroll Miller, 530, 210; Jim Campbell, 189.

Service, Lions No. 3, 2274; Ken Ridder, 530, 178; Don Browning, and Ken Collins, tied with 201.

Planet, Plutos, 2029; Leroy Paugh, 496, 178; Lonnie Marsh, 193.

Woodchucks, Sher - Wood Lanes, 2496; Don Parsons, Jr., 614, 288; Ray McManis, 221.

Lamplighters, Glo-Worms, 2193; Arthur Wolf, 515, 190; Randy McCartney, 181.

Skirts, Five Demons, 1916; Sue Evans, 475, 164; Martha Lou Ashby, 164.

Major, Jack and Jills, 2165; Bill Miller, 493, 180; Don Parsons, Jr., 181.

Insurance Form Not Needed For License Plates

Applicants for Maryland license tags no longer will be required to submit the UCJ-IA notice of Insurance form to the Department of Motor Vehicles, Commissioner John R. Jewell announced.

The form, usually secured by license tag applicants from their insurance agent, had indicated that the individual purchasing license plates had insurance for his vehicle. Uninsured applicants currently are required to pay $70 into the State's Unsatisfied Claim and Judgment fund.

The department has prepared revised tag application forms that will require applicants to include pertinent insurance information such as name of insurance company, policy number, effective date of policy, name of the agent and signature of the applicant.

Sermonette By Area Ministers

For the Lord will vindicate his people, and have compassion on his servants.

Today we observe Veterans' Day. We can not help but think about our boys who are serving in Vietnam. These boys are fighting to maintain the freedom for which our forefathers fought.

Veterans' Day is set aside to honor those men who have fought for the love of their country. When we think of the Veteran, we usually think of those who have returned from the battlefield to civilian life, but on this day let us think about those men who now are in Vietnam are preserving the freedom for which the Veteran of yesteryear fought to obtain.

When we think of freedom, we think of all of the guarantees which are provided for in the constitution. One of these freedoms which is most important is the freedom to express one's belief in God. This freedom is not just being able to do what we want to whenever we want to do it, but it means that we can choose how we want to express our faith.

Many nations under Communism cannot express their faith, however and whenever they may want to. I feel that our freedom of faith must also be defended. We do not have to be at war to defend our faith but sometimes we are forced into it.

People who are defending our freedom should be honored because they are in fact fighting for an heritage which our forefathers established.

It has been said that from the time of the establishment of the nation of Israel until the present day for every one year of peace there have been thirteen years of war. This statement signifies that Billy Graham's comment that "The earth is a planet in rebellion", is true.

AS LONG AS the nation of Israel followed the commandments of God no task or battle was too great for them. A case in point is David's encounter with Goliath. Anyone comparing sizes of the two men would certainly favor Goliath. David's faith in God proved to be the deciding factor. David's faith was no more than any other man in Israel, but it was a different kind. His was a positive faith which he dared to use. David's faith in God was such that he could talk to God at anytime much as a person talks to any other living person.

This is why I believe that faith must be defended to insure our freedom to continue worshipping God.

Is Your Name GORDON?

Gordon is a Scottish clan name from the lands and barony of Gordon in Berwickshire, Scotland. It admits of at least two authorities on the origin of names, Gordon is obtained from the Gaelic word "gurtdune" which signifies "a hero or strong man". It is said also that Gordon stems from "gourdun" which means "round hill".

Alexander Gordon (1716-1793) and James Gordon (1737-1808) were lieutenants respectively of Vermont and Massachusetts troops during the Revolutionary War.

The first census of the United States, taken in 1790, has twenty-one listings of persons by the name of Gordon who were residents of Maryland and heads of families at that time.

Numerous genealogies of the Gordon family have been published. One is entitled "The History Of The Ancient, Noble and Illustrious Family of Gordon From Their Earliest Arrival In Scotland To The Year 1690" and was compiled by William Gordon of Old Aberdeen, Scotland and published in 1726. Another is entitled "A Concise History Of The Ancient And Illustrious House of Gordon" and was compiled by C. A. Gordon of Aberdeen, Scotland and published in 1890.

J. H. Gordon was admitted to the practice of law in Garrett County in 1873.

Anna Adams Gordon (1853-1931) was known internationally as a temperance worker. She served as president of the World's Women's Christian Temperance Union and of the World League Against Alcoholism.

William St. Clair Gordon (1858-1924) was a distinguished physician who practiced his profession in Richmond, Virginia, where he was one of the founders in 1893 of the University of Medicine.

Neil Elbridge Gordon (1866-1949) was professor and chairman of the department of chemistry, University of Maryland.

William Richard Gordon joined the financial staff of the University of Pennsylvania in 1936 as an investment officer and has been treasurer of the university for the past five years.

Now! '66 Chevelle Malibu by Chevrolet

'66 Chevelle Malibu Sport Coupe (foreground) and new 4-door Malibu Sport Sedan.

Two racy new hardtops

A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevelles in all for '66.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.

Say you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new **Strato-bucket** front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a **Turbo-Jet** 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

How the U.S. Royal Tiger Paw earned its name.

It had to pass some pretty grueling tests for safety and durability. Tests that only a beast of a tire could pass.

The Tiger Paw™ had to prove that it combined the high-speed and handling characteristics of a sports car tire with the smooth, comfortable ride and the wear of a passenger tire.

And it proved it, alright. Beyond a shadow of a doubt.

Tiger Paws have been tested at 125 miles an hour, sustained speed.

They respond quickly and eagerly, rain or shine. And they have so much guts, you can go over some of the meanest ground without worrying.

On sharp curves and when you're passing, Tiger Paws give you a feel of the road that you just can't get with most tires. They corner beautifully With virtually no squeal at all (unless you're a dynamiter)

They give you that real sports car feel. You know. As if the car is a part of you.

In case you didn't know, the Tiger Paw is that tire with the red stripe you've been hearing so much about. If you want a set for your car, you can pick them up right here. We're an official U.S. Royal Tiger Paw store.

Resolution

By The County Commissioners of Garrett County, Maryland

WHEREAS, Thursday, November 11, 1965, being Veterans Day, and

WHEREAS, it is felt that an expression of confidence by all the citizens of our county in the efforts of governmental authority and our armed forces to preserve democracy and prevent the spread of communism, and

WHEREAS, considerable confusion and doubt seems to be present in the minds of small minority groups of our people, it is feit that the coming Veterans Day is an appropriate time to endeavor to counteract some of that adverse feeling.

NOW, THEREFORE, we, the County Commissioners of Garrett County, Maryland, do designate Thursday, November 11, 1965, as a county-wide holiday, and request that a brief meditation be made by each individual at eleven o'clock A. M.

Dated this 8th day of November, 1965.

Board of County Commissioners of Garrett County, Maryland

THE REPUBLICAN

VOLUME 89. OAKLAND, GARRETT COUNTY, MD., NOVEMBER 18, 1965 PER COPY 10c NUMBER 38.

OF THANKS

to express our reciation to all relatives for helpfulness ur moth- Intire. y

All in Point of View . . .

Legislation passed by the 89th Congress was one of two items stressed by U. S. Senator Joseph Tydings, in his talks to students of Northern and Southern High schools on Monday. In spite of the billing as "non political" he praised the 89th in exceptional terms, calling it the finest in history with possible excepton of George Washington's and the second term of Abe Lincoln's. He was proud to be a member of it, he declared.

Well, it's all in the point of view. Certainly there is not too much brain work used in just seeing how many bills a Congress can pass. It's the quality and not the quantity that counts in the final analysis. And many people are of the opinion that our grandchildren and great grandchildren will one day curse us for what our legislators have done in this decade to aid in the weakening of a Republican form of government.

It was the costliest Congress in history, of that there is no doubt. Billions were added to government spending. No one actually knows the exact cost. Federal power was greatly expanded. Congress was persuaded to "buy now and pay later" in the "Great Society" which means double or triple what the first cost indicated.

Some of the bills were so preposterous that Democratic leaders have pointed out the "extreme need of

Next Week's Issue To Be Published On Wednesday

Next week's issue of The Republican will be published and distributed on Wednesday, November 24, in order that subscribers and others may obtain their copies prior to the Thanksgiving holiday. The office will remain closed all day on Thanksgiving, Thursday, November 25.

The publication will be one day earlier than usual so that distribution may be made within the town of Oakland and nearby areas, and mailed to many other towns that same afternoon which will mean no change in the time that subscribers receive their weekly digest of the local news.

Local correspondents and advertisers are urged to send in their material one day earlier than usual. All others who desire to have news items published are requested to do the same in order to insure publication in the week's issue.

Two Are Charged With Spotlighting

Two persons were apprehended by Leo Friend, game warden, on charges of spotlighting with firearms in possession.

At a hearing on November 16, one of the youths, Jackson Thomas, Jr., pleaded guilty, was fined $100 and costs and Magistrate Robert M. Maroney suspended the fine and costs. In the case of the other youth, William M. Helbig, the magistrate dismissed the charge because of age.

Thomas also pleaded guilty to a charge of having a loaded gun in his automobile and for this he was fined $25 and costs.

The incident occurred in Sanders Lane, on the Fingerboard road.

Community Center Interest Revived

A meeting of persons interested in the Community Center was conducted last evening at the Oakland fire hall. Purpose was to regenerate enthusiasm for the proposed Community Center.

It was announced that the Business and Professional Women's club had made a contribution to the project which made $6,500 in cash and pledges received to date, according to DeCorsey Bolden, chairman.

The project was began in January of 1964.

Mt. Lake To Vote On New Charter

A special election for citizens of Mt. Lake Park, to accept or reject a new charter for the town, has been postponed from the announced date of Tuesday, November 23, to Tuesday, December 14.

The change was made in order to make corrections and final changes in the proposed new charter for the citizens of the Park.

A charter committee headed by Joseph H. Welch met Tuesday evening to prepare the final draft. The charter committee, mayor and councilmen have been working on the new charter for the past six months, using the model charter as a guide line but amending cer-

James Feaster, Jr. Earns Eagle Award

James H. Feaster, Jr., Oakland, an Explorer scout and member of Post 31, was one of five persons of Potomac Council recently approved for advancement to the highest rank in scounting—that of Eagle, it was announced by Okey E. Michael, council advancement chairman.

The post is sponsored by the Oakland-Mt. Lake Park Lions club. Others approved were from Cumberland, Flintstone, Romney, and Keyser.

In addition to the twenty-one merit badges required for Eagle rank the recipients of the Eagle award must also have an outstanding record in school, church, and community activities while engaged in scouting.

The Eagle award will be presented to the youth at a court of honor to be held in the near future. George Stuck was among those serving on the Eagle Board of Review.

James is a son of Dr. and Mrs. James H. Feaster, Jr.,

Friendsville Man Shot In Shoulder

Walter Friend, of Friendsville, around 30 years of age, is a patient in the West Virginia medical center at Morgantown, suffering from a gunshot wound that county authorities say was self inflicted.

The shooting occurred last Friday morning. Using a high powered rifle, the bullet entered the left shoulder.

Mr. Friend had previously been charged with assault by a member of his family, and was scheduled for a hearing on the charge last Saturday morning before Trial Magistrate Leslie E. Savage. State Trooper Robert Hopf investigated.

HARDLY A SCRATCH—Paul Glessner, driver of the Crites Transfer truck, was removed from the cab with hardly a scratch after it turned over on its side after crashing into a large pine tree on the property of Walter Harsh, along the Crellin-Hutton higgway, Maryland route 39, last Friday afternoon. The front end was badly damaged.

Trial Ordered For 14-Yr. Old On Rape Charge

Case Will Be Heard By Jury On Friday At Oakland

The case against Gary Lee Miller, 14, Meyersdale, Pa., on a charge of rape, is scheduled to be heard in the Circuit court before a petit jury, starting at 9:30 on Friday, November 19.

Miller was arrested in July and remained in the county jail without bond until ordered a month later to be sent to the Clifton S. Perkins hospital near Jessups, for psychiatric examination.

He is charged with the rape of a 22-year-old married woman of Salisbury. At the time of his arrest Associate Judge Stuart F. Hamill waived jurisdiction in juvenile court.

Miller allegedly hid himself in the back of an automobile on the streets of Frostburg and when the woman got into the car he put one arm around her neck, threatened with a knife and ordered her to drive to the Finzel road where the assault allegedly took place after forcing her to disrobe.

He was then said to have gone to Robeson's restaurant where she began screaming when a truck approacched. The youth fled. Police were alerted and he was captured a short time later. At the time of his arrest he was said to have made a voluntary confession of what took place.

The medical report was returned to authorities by the hospital several days ago, indicating he was competent to stand trial, that he was able to properly distinguished between right and wrong and to know the nature and consequences of his acts as applied to himself.

State's Attorney Fred A. Thayer will prosecute the case and S. R. Pagenhardt was ordered by the court to defend the traverser.

Coaches Organize For Improvement School Relations

A meeting of althletic coaches of both Northern and Southern High school, in the interest of promoting sportsmanship and strengthening interschool relations, was held last Thursday, November 11, at 8 o'clock, at Southern High school.

The meeting was arranged by Charles F. Strauss, director of Health, Physical Education and Outdoor Education.

A policy in regard to promoting the best sportsmanship, and strengthening interschool relations not only in school but also between the communities, was formulated. It also was agreed that the schools can better promote the healthful living, character building and good citizenship of their boys and girls through united and cooperative effort.

Organization Formed

An organization of a new County Athletic association, an affiliate of the Maryland Public Secondary Schools Athletic association, was effected. Elected officers were Dick Travis, Southern, president; Lilburn Brown, Northern, vice-president; Mike Posey, Southern, secretary.

Purposes of the association were listed to suggest the basic principles and procedures in the conduct of competitive athletic programs between schools, and to regulate and administer intercounty competition.

It was stated that the regulations would be applicable to all levels of interschool sports programs including varsity, junior varsity and junior high school, applying to both boys and girls.

Attending the session were K. Kenneth Johns, principal, Dick Travis, Wayne Johnson, Mike Posey, LeRoy Bolding, Tom Kuhn, Bob Fugera, Paul Harr, Dale Carrier, Bill Wilson, of Southern High; Robert F. Rodeheaver, principal; Lilburn Brown, Jack Lear, Lawrence Meyers, Jack Frantz, and Joe Mauer, of Northern High; and Mr. Strauss, for the Board of Education.

Pentagon ordered a 5,000 man cut in December draft call.

Around 200 Attend Annual Pig Roast

Approximately 200 persons were present for the annual Pig Roast conducted by Proctor Kildow Post No. 71, American Legion, last Wednesday night at the Legion home.

Speaker for the occasion was Robert E. L. Eaton of Chevy Chase, department commander for Maryland. He stressed the

project "Operation Show Your Colors," which had been instituted by the legion to point out that Americans were serving the cause of freedom in Vietnam. Some ten million miniature American flags are being distributed for people to wear to show that they support the efforts of the armed forces.

The dinner was held on the occasion of the birthday of the U. S. Marine corps. One woman, a Mrs. Mullenex, of Cumberland, a former Oaklander, was a former marine and attended the dinner, which was served by the Legion auxiliary.

Attending the function were Stanley King, Taneytown, senior department vice-commander; Raymond Miller, Lonaconing, Mt. District commander; John Devlin, Midland, state department historian, and a number of World War I veterans who are shown in one of the photographs.

The Legion also announced it was sponsoring the solicitation of $1 from each member for CARE packages, for use of the men in the armed forces from Allegany and Garrett county serving in Vietnam, for distribution to South Vietnamese people in the villages there.

Driver Escapes Injury As Freight Truck Overturns

Paul Glessner, Cumberland, driver of a Crites Transfer truck, miraculously escaped serious injury when he lost control of the vehicle on the Crellin-Hutton highway last Friday afternoon and crashed into a tree and overturned on the property of Walter Harsh.

The accident occurred about 3 o'clock as Glessner started to pass a lime truck. The truck kept veering to the left, finally ending up on its side against the Harsh garage and a huge pine tree. The truck apparently was traveling at a moderate speed when the accident occurred.

The truck had to be pulled away from the tree before Glessner could be extricated from the cab, and the accompanying photo shows the total destruction of the cab and extensive damage to the front end. The motor freight in the truck was jostled but not believed seriously damaged.

Glessner was taken to the emergency room at Garrett County Memorial hospital and released following treatment for slight cuts. Robert Casteel was driver of the lime truck and he assisted in getting the truck out of the yard and back to the highway where a wrecker completed the trip to an Oakland garage.

To Present Awards At Ladies' Night

"Ladies' Night" at the Optimist Club of Oakland, will be held Thursday, November 18, at 7:00 p. m. at Red Run Lodge. Guests of honor will be Bradley Stewart and parents, and Helen Repetsky and parents, winners of the Optimist contest to select an outstanding boy and girl for Youth Appreciation Week. If you are anxious to know what a birch bark smells like or how long it takes a pin oak acorn to mature or what tree has heart-shaped leaves, ask Marvin Beckman.

The 15-yearold Swanton youth is the top youth in Maryland's 4-H forestry project this year and the recipient of an award from the American Forest Products Industries, Inc.

The son of Mr. and Mrs. Rudolph Beckman is sending his 4-H records of achievements to Chicago's National 4-H Club Congress, Nov. 27-Dec. 3, to vie for further honors.

Marvin, who studies Maryland trees as a North Glade 4-H activity, has learned that "a birch bark smells sweet while a sassafras bark smells spicy.

"It takes two years for a pin oak acorn to mature," he notes "and only one season for a chestnut oak to grow. And, of course, lilac trees have heart-shaped leaves while the sumac leaf is fernlike with a velvety touch".

Marvin collects leaves and twigs "on excursions", and by using a printing process, he transfers inked impressions onto the pages of his scrapbook. Among his collection are prints of cucumber, tulip poplar, mock orange, service berry, black locust and witch hazel leaves.

He also gathers "seed pods, cones and burrs", making them into attractive Christmas wreaths.

One of Marvin's chief accomplishments was planting an acre of pine tree seedlings on the family's 212-acre farm. "I plan to trim some of these trees and sell them during the Christmas seasons", he says.

The tenth grade student at Southern High school finds time to grow flowers and indoor plants as well as raise beef animals.

"My family really enjoys my [illegible] projects—especially my home beautification activities", Marvin beams.

The most important thing he says he is learning is, "If you really want to succeed in something, you have to give it all you've got".

Barn Burns Early Wednesday Morn

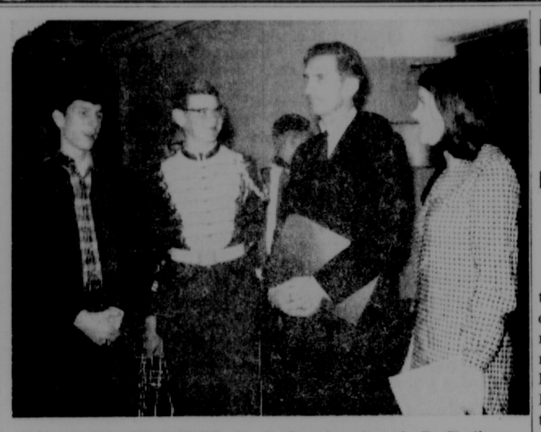
A large barn on the former Nay Harvey farm, located on the Gorman road, some five miles from Oakland, was completely destroyed by fire at 4:30 Wednesday morning. Cause of the fire was not determined.

The entire structure was ablaze when it was discovered and it had burned to the ground by the time the Oakland firemen arrived. There was a strong wind and the danger of spreading was minimized by the firemen.

Deer Park and Gorman departments also responded to the alarm.

The farm was owned by William Mahaffey, of Markleysburg, Pa., and Clarence Knox had used the barn to store hay and some machinery. There was a partial insurance coverage.

Two Other Alarms



There were two other alarms answered by Oakland firemen this week. One at noon Wednesday was caused by a short circuit in a washing machine at the trailer home of Mrs. Harry Edwards III, in Loch Lynn. Damage was confined to the washing machine, according to firemen.

Firemen also were called on Sunday evening about 7:40 to the home of Percy Thayer, E. street, in Mt. Lake Park, where a tree house was ablaze. Fire was said to have been caused by some youths smoking. There was little damage.

Gets Conservation Award

Regional Game Warden Joseph A. Minke, Cresaptown, was presented an award, wildlife conservationist of the year, at the governor's award dinner in Baltimore.

The award was made by the National Wildlife Federation and Sears Roebuck foundation. He also received a 35-year pin for his long service to the State Game and Inland Fish commission. Governor Tawes and Louis Goldstein, comptroller, spoke. The latter won an award as conservationist of the year.

TALKS TO STUDENTS—U. S. Senator Joseph D. Tydings speaks to students at Southern High school during his visit to that school on Monday. He had addressed students at Northern High prior to his stop at Southern for the same purpose. With the Senator are John O. Durst, Billy Hawkins and Anne Gibson.

Reasons For Being In South Vietnam Aired by Tydings

County officials and students of Southern and Northern High schools received a clearer view of the United States' position in Vietnam, following several talks here Sunday evening and Monday by U. S. Senator Joseph D. Tydings.

Senator Tydings recently returned from a three-week visit to Vietnam as a member of the Senate subcommittee on refugees. Sunday night he spoke to elected county officials and state and federal department heads at a "Dutch" treat dinner at the Will o' the Wisp dining room on Deep Creek Lake, and also at a breakfast there the next morning. He then journeyed to Northern and Southern High schools for talks and wound up his trip by meeting interested citizens briefly in the court house in Oakland.

Senator Tydings described the U. S. position in Vietnam as "more important to other Southeast Asia countries than Vietnam itself." He said the presence of the American fighting forces in Vietnam was a reassuring factor to India, Thailand and Laos, and that the Viet Cong were determined to take over South Vietnam in a vicious, uncivilized, brutal and murderous manner.

He outlined the history of the country and it geographic location and spoke of the operations of the special forces which fight the Viet Cong.

He termed South Vietnamese forces as doing their part and said they were brave fighters.

Mine Wire Stolen; Two Men Charged

Harry Sherman Madison, of Pennsylvania, and Michael McKinley Miller, of Westernport, were arrested by Cpl. M. G. Hart of the state police and lodged in the Garrett county jail on charges of breaking and entering, and larceny of copper and aluminum mining wire from a garage on the Howard Michaels farm in the Mill Run district near Westernport.

At a preliminary hearing before Trial Magistrate Robert M. Maroney on November 15, they were held for action of the grand jury and placed under $500 cash bond each. They were unable to raise the bond and were placed in the county jail.

Miller was specifically charged with taking and carrying away the copper and aluminum from the garage while Madison was specifically charged with the breaking and entering, plus larceny of the material. The breaking and entering was said to have taken place on November 8.

Lapel Flags Back Policy in Vietnam

Proctor Kildow Post No. 71, American Legion, and also Legion posts at Accident and Grantsville, are distributing metal lapel American flags in cooperation with a national campaign, "Operation Show Your Colors."

The tiny flags are accompanied by a card which reads: "Americans are serving the cause of freedom in Vietnam. I wear my country's flag to show that I support their efforts."

DeCorsey Bolden, post commander, said 10 million of the metal flags are being distributed throughout the country.

Union Service For Thanksgiving Set For Nov. 25

The Annual Union Thanksgiving Service for the Oakland area will be held Thanksgiving Day, November 25, at 10:00 a. m.

The place for this year's service will be Loch Lynn Heights Baptist Church. Speaker will be the Rev. Robert Roberts, Pastor of the Oakland Church of the Nazarene.

These union services have been held in the area for a number of years. They are now sponsored by the Mountain Top Ministerial Association.

The offering which will be taken will be used by the Ministerial Association for community projects.

All are invited.

Other Thanksgiving services will be conducted at St. Mark's Lutheran church, Oakland, at 10 o'clock, and at St. Matthew's Episcopal Church, Oakland, at 10:30. The latter will be a service of Holy Communion. Gifts for the mentally ill also will be received at this time.

Juvenile Cases Heard on Tuesday

Juvenile cases were heard Tuesday afternoon by Associate Judge Stuart F. Hamill, sitting as juvenile judge.

Three male youths pleaded guilty to forcing the lock on the basement of Mrs. C. C. Helbig's home on South Third street, and stealing a quantity of cash. The three are 14, 14 and 16 years of age. Part of the money had already been recovered.

Judge Hamill placed the three on probation and in custody of their parents and ordered them to make restitution of $10.50, the amount estimated as still missing.

One Case Postponed

A case against Mrs. Maxine Unger, Deer Park, on a charge of neglect of her children, was postponed at her request until next Tuesday, to give her the opportunity to hire legal counsel.

Disposition was made however, on her six children. Two girls and two boys were ordered placed in foster homes under supervision of the County Welfare board. Two older girls, 13 and 14, were found guilty as delinquent minors and were ordered to be sent to the Montrose School for Girls for an indeterminate time.

Plant Approval Motion Negated In Week's Action

Loch Lynn and Mt. Lake Park Hire Engineer To Make Study

Events moved swiftly during the week in the controversy over what type of sewage treatment is the best and most economical for the towns of Oakland, Mt. Lake Park and Loch Lynn Heights, with the result that Earl Opel, county commissioner, withdrew his second to the motion of two weeks ago that the commissioners approve a mechanical sewage treatment plant, thereby giving the towns of Loch Lynn and Mt. Lake Park additional time to provide a feasibility study of their own on the lagoon system of treatment.

The town of Loch Lynn Heights announced this week it had secured the services of John McNair and Associates, of Waynesboro, Va., for the express purpose of getting a preliminary feasibility study to provide a lagoon sewage disposal system for the town of Loch Lynn and Mt. Lake Park.

Similar action was taken by four members of the council of Mt. Lake Park and in a letter to the County Commissioners, informed them that the town of Mt. Lake Park had joined with the town of Loch Lynn in obtaining the services of an engineer and that this action would be confirmed at a regular meeting of the Mt. Lake Park council on Tuesday, December 14. This is a majority

Woman Is Injured As Cars Collide

A 66-year-old woman of Syracuse, N. Y., was admitted to Garrett County Memorial hospital in Oakland Sunday morning following a two-car collision on the outskirts of the town.

The injured woman, Mrs. Margaret Wheelock, was reported in "fair" condition in the hospital Sunday night and continued to improve. She sustained bruiises and contusions and was in traction in her hospital room.

Maryland State police said the accident occurred at 11:20 a. m. at the intersection of routes 219 and 135 at the east edge of Oakland.

Mrs. Wheelock was a passenger in a car operated by Lucita Jones, 36, Nedrow, N. Y., which was proceeding north on route 219 and failed to stop at the intersection, striking an eastbound car operated by Robert William Shahan, 25, of Terra Alta, W. Va.

Tfc. R. F Lewis investigated.

To Sell Fruit Cakes

The Oakland-Mt. Lake Park Lions club will conduct its annual fruit cake sale, by a house to house canvass on Monday evening, November 22.

The members plan to cover Oakland, Mt. Lake Park, Loch Lynn Heights and Crellin. Proceeds from this annual event are used for community projects.

The members of the Grantsville Lions club are also selling fruit cakes this year and will make a house to house visitation with Tom Bender in charge of the event.

CHECKS PRESENTED—George Breuninger, left, and James B. Nally, second from right, governor and secretary of the former Moose lodge in Oakland, are shown here presenting checks of $500 each to Mrs. Robert Ruckert, president of the Garrett County Historical Society, and the Rev. W. Shelby Walthall, rector of St. Matthew's Episcopal church. The donations were authorized about ten days ago from national officers of Moose lodge. The two gifts were made for the building fund of the Episcopal church and the fund being raised to pay for the Historical Society's museum.

Questions by You and Your Friends Answers From Clinton W. Englander

ASK YOUR PHARMACIST

Question

Do you really have any idea of the way I feel when I bring a prescription to you?

Answer

It might surprise you, but we actually do have a pretty good idea of the "way you feel." You didn't want to be sick in the first place, did you. And, your doctor? He's probably restricted your activities, hasn't he? And, he ordered something for you that you didn't know you needed — to treat something you certainly didn't as kto have. So? Why not go ahead and "Growl a little bit?" After all, we don't really mind because we really do understand . . . always.

Sen. Tydings

(Continued from Page One)

He added that the civic action of the American troops was unbelievable. "Not only are the men fighting the enemy, but also they are protecting the rice harvest of the farmers, building schools, teaching natives sanitary methods and caring for the sick."

Helicopters are becoming more effective in the fighting of the enemy in that armed helicopters can move troops over tree tops at 150 miles per hour.

Senator Tydings said it may take from four to five years of continued fighting before the Viet Cong are subdued. After this the United States will have to help Vietnam economically and assist in establishing a stable government and build up the country for the future.

He told the group that many of the highways and villages in South Vietnam are still controlled by the Viet Cong although the bombings by U. S. planes have paid off in wrecking rail facilities as well as roads traveled by the enemy.

In summing up he said the morale of the fighting men is "amazing" and "they know what they are there for."

Although billed as non-political, Senator Tydings didn't complete his talk without praising in lavish manner the activities of the 89th Congress, terming it the best in history with the exception of that of George Washington and the second administration of Abraham Lincoln. There were a number of those who heard these remarks who didn't seem to be in agreement.

The Senator gave students at both high schools the opportunity to ask questions. Arrangements for the two-day visit were in the hands of George M. Browning and other local Democrats.

Tells of School Visit

An account of Senator Tydings' meeting at Southern High school was provided by Brad Stewart, editor of The Acorn, student newspaper.

The senator spoke on two topics of interest, the 89th Congress, and the position of the United States in the war in South Vietnam. Tydings declared "I was proud to have been a member of the 89th Congress".

He discussed the Aid to Education bill and told how it affected the students. He explained how one section of the bill provides funds for students of elementary and secondary schools and how the higher education bill opened 40,000 jobs that would help any high school graduate who had the qualifications, to work his way through college. The bill also included lending of federal funds for prospective college students at 2 percent interest.

Another act of Congress discussed was the Voting Rights bill, providing that no state may prevent a person from voting because of color or religion. Local platform guests included Anne Gibson, president of the Student council; Willard L. Hawkins, county superintendent of schools; and W. Kenneth Johns, principal.

CAPITOL COMMENT

by Charles "Mac" Mathias
Congressman, 6th District, Maryland

Adjournment

The 89th Congress has finally decided to go home. In my judgment, adjournment now is wise, for Congress certainly has enacted enough legislation for 1965. We have initiated many programs and policies which will affect the American people for generations to come. In general, I feel that many of the steps taken this year are valuable and progressive, and will be sound investments for the American republic. As with any new program, however, many of these acts will need review and amendment, and in my judgment it would have been very foolish for the Congress to do more this year, without waiting to measure the full impact on our society, our economy and our government of what we have already done.

Review

Legislation is not self-enforcing, and programs do not operate automatically. Nor does a national problem disappear just because a law to attack it has been passed. The Congress thus has the great responsibility to supervise administration of the laws, to review their operation, and to judge their effectiveness continually. This oversight will be one of the major challenges in the second session of the 89th Congress, and I am glad to report that we are already beginning to take steps in this direction.

My own committee, the Judiciary Committee, has appointed a three-man subcommittee, of which I am a member, to review the actual implementation of the Civil Rights Act of 1964 and the Voting Rights Act of this year. Since Congress adjourned, we have been holding informal hearings with executive officials and public witnesses, to discuss whether these laws go far enough, whether they go too far, and whether they are doing the job that the American people wanted to have done. In January we will make recommendations to the full Judiciary Committee on the kind of oversight which appears most appropriate in this field. This is a very important activity, and I hope that other committees will be taking similar steps.

Working With You

For me, the two months before Congress reconvenes are perhaps the most important in the legislative year. Of course, the process of legislating goes forward during sessions with committee hearings, executive sessions, Floor debates and the enactment of many measures. But Washington is only the mill in which ideas are ground into legislation. The ideas which have made this nation great come not from Washington, but from the American people, and adjournment provides the best opportunity for Members of Congress to communicate with the people —to see them, learn what's going on at home, hear their ideas and suggestions, and glean all the contributions that the people can offer toward making our national government ever better than it is.

One of the great drawbacks in recent years has been the exceptionally long sessions of Congress. This year, of course, we have been in Washington continually for ten months. Such a long session is necessary, of course, in order to transact the great volume of business before the Congress. But it hinders the vital work of communication, because Members of Congress have less and less time to visit their constituents where they live, where they work, where they go to school, and where they meet all of the needs and problems of everyday life.

I think that adjournment this year will be a very valuable and fruitful time for me, and I am looking forward to traveling throughout the Sixth District. I hope to see some of the projects in which the Federal government has a part, including many highway projects and the Bloomington Dam. Most of all, I want to talk to as many people as I can because you are the source and the great strength of American government.

I hope to be able to see each one of you, but if the limited time available makes this impossible, I hope you will understand. Whether or not we can meet fact to face, I will be continuing these reports, and shall send you a summary of the activities of the first session of the 89th Congress within the next several weeks.

going over" the whole range of "hastily enacted" new laws. The 89th Congress surely set a record—but it was for adopting legislation that is long on quantity and short on quality, in the words of Gerald R. Ford, House GOP leader.

There was one heartening thing. If Senator Tydings was angling for the support of these approximately 2,000 students who in another five or six years will be eligible to cast their ballots, he might be mistaken, for in talking to a number of students it was evident that they saw the situation more clearly than many voters who elected him to office last fall. They know it was just a rubber stamp Congress, members doing what their leader commanded. Actually it was a very mediocre Congress, and one lacking in statesmanship. Time will tell.

Plant Approval

of the council.

A letter was written by Earl Opel to Delbert Bittinger, chairman of the Garrett County Sanitary commission, which included the following:

"This is to advise you that after careful consideration to the request of the President and three members of the Mt. Lake Park Council, and other interested property owners and residents of the communities of Mt. Lake Park, Loch Lynn Heights and Oakland, I am today rescinding my second to the motion made by Allen S. Paugh, president of the Board of County Commissioners, on November 1, 1965, approving the recommendations of the Garrett County Sanitary Commission.

"This is a temporary measure in order that the towns concerned may proceed with an additional survey, for which arrangements already have been made by the towns concerned. In my opinion this is the most practical and fair way to consider a decision on the matter".

Copies of the letter were sent to Russell Smith and Lawrence Groves, commission members, Jack Turney, attorney to the commission; Lewis Jones, attorney to the Commissioners; the Chester Engineers, Mayor and councils of Oakland, Mt. Lake Park and Loch Lynn Heights, and to The Republican.

The town of Loch Lynn also indicated a letter similar to the one sent by Mt. Lake Park, had also been sent to the County Commissioners and that a letter acknowledging that John McNair and Associates had agreed to make a preliminary feasibility study on lagoons, would be forthcoming from that concern.

It was planned to make the study in the very near future.

The towns of Mt. Lake Park and Loch Lynn arrived at their decision following the action of the County Commissioners three weeks ago.

The towns have pointed out that the Sanitary Commission had only the report of the Chester Engineers upon which to base a decision and has urged that studies of other groups be considered before a final decision is made. The report of the Chester Engineers indicated that a lagoon system would be just as expensive as the mechanical treatment plant and recommended the latter program.

LETTER TO THE EDITOR

November 16, 1965
Pittsburgh, Penna.

Editor, The Republican,
Dear Sir:

During the past years many editors and columnists have written about the ever-increasing unnecessary government spending, higher taxes going higher and the spiraling of the national debt to astronomical heights, but the puzzling fact is that very little, if anything, is said about the one specific plan which will correct the problem —the Liberty Amendment Resolution, approved so far by 7 States and the other 43 are acting on it.

Further bewilderment is encountered when in the absence of any other specific answer why isn't this resolution brought out into the open, discussed, analyzed and constructively criticized, with the hope that by doing so perhaps another, better plan may emerge.

Not being able to find in government or private industry statistics, certain computerized information, 3 schedules were prepared by me and sent to a few colleges and electronic data processing companies with the request that they — (1) feed the figures on our national debt for the past 35 years into the computers and program them to come up with the answer when we go broke, if the present trend continues; (2) feed the figures on our social security system into the computers and program them to come up with the answer as to when this fund becomes, or became, insolvent, because on this one I honestly believe the computers will come up with a retroactive date; (3) feed into the computers the information that in 1789 the 350 civilians on the federal payroll amounted to 1 for every 11,225 Americans; in 1883, 1 federal worker for every 400 citizens; in 1923, 1 federal worker for every 215; today, 1 federal worker for every 76 Americans; program the computers for the answer when all will be government workers. If you want to inject a real shocker into the discussion — current statistics show that 1 of 7 civilians is working for government — federal, state and local!

Perhaps the readers in your area might be interested in this serious national problem as it affects each one; there is something seriously wrong with our economy when the only manner we try to pay our way is to borrow and pass the I. O. U. on to the coming generations.

Sincerely,
Gerald Q. Malloy

More People Turn To Outdoor Recreation

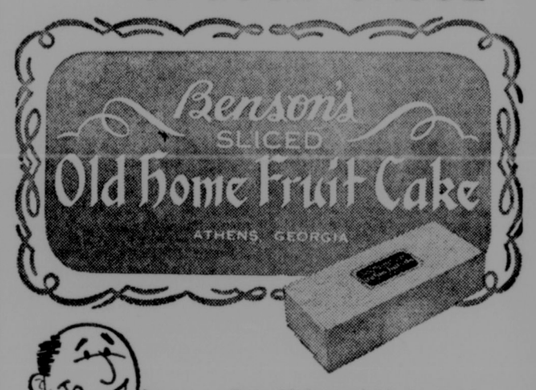
The public in increasing numbers continues to turn to Maryland's state parks in pursuit of outdoor recreation.

During the past nine months a total of 3,420,140 persons utilized the state's 33 parks and recreation areas. This represents an increase of 487,557 over a like period in 1964.

Patapsco state park near Baltimore, attracted 1,047,869, highest in the state. Second was Sandy Point state park, near Chesapeake Bay bridge, with 370,524. Elk Neck, Cecil county, was third with 353,032.

The number of campers using state park facilities increased slightly, from 354,182 to 357,756. Some 61 percent of the campers were non-Maryland residents.

Steps are being taken to expand existing facilities and to develop additional new park areas. Included in the improvements program is Deep Creek Lake state park.



HOW MUCH A DAY WILL A HOSPITAL STAY COST YOU?

If your present hospitalization insurance does not provide adequate limits to meet the cost of hospital care, your out-of-pocket expenses for a hospital stay can quickly snowball into a sizable amount. To close that gap, we can arrange a supplemental plan of protection for you at low cost. Call us for details.

Cager Season Opens

The basketball season for 1965-66 got under way with the first practice November 15. The coaching staff is unchanged from that of last year. Returning to the position of varsity coach will be William Watson. Coaching the junior varsity will be Tom Kuhn; the junior high is under the supervision of Wayne Johnson; and the seventh and eighth grade squad is coached by Sam Peters.

The varsity practices will be conducted in the boys' gymnasium, while other teams will probably be using the new girls' gym. The purpose is to eliminate practices continuing late into the evening.

G.A.A. Conducts Meeting

The Girls' Athletic Association will hold its meeting in the new surroundings of the completed girls' gymnasium in the new wing, this evening at 7:30 p. m. Many sports, such as volleyball, basketball, and shuffle board, will be included as a part of the pre-meeting activities.

During the business meeting the girls will decide whether or not to sell programs at all the home games, and also if there is enough interest for the sponsoring of "sock hops" in the gymnasium after each home basketball game.

Classes Begin in New Gym

The Girls' Physical Education Department started the task of moving its equipment from the old gym to the new facilities.

Observe 60th Event

Mr. and Mrs. Ernest F. Colaw, Sr., Center Street, Oakland, recently observed their 60th wedding anniversary. They were married November 11th, 1905, at Cumberland, by the late Rev. They are the parents of seven children, Odell, at home; Mrs. Dahlia Barrett, Mrs. Doris Stoops, Frostburg; Mrs. Blanche Ashby, Clarysville; Don, Crellin; Dennis, Deer Park; Ernest Jr., Oakland; and have three granddaughters, eight grandsons and five great grandsons.

Dinner guests of the Colaws Sunday were Mrs. Dahlia Barrett, Mrs. Doris Stoops and Mrs. Lois Cunningham and sons, Mark and Pat, Frostburg; Mrs. Blanche Ashby, Clarysville.

Afternoon guests were Mr. and Mrs. Don Colaw and sons, Dwight and Mike, Mr. and Mrs. Dennis Colaw, Mr. and Mrs. Ernest Colaw, Jr., Mr. and Mrs. Fred Colaw and son, Jeff, Mr. and Mrs. Donald Colaw, Jr., and sons, Tim and Todd, Petersburg, W. Va.; Mr. and Mrs. Dwight Ashby, Crellin; Mr. and Mrs. Marshall Sanders, Oakland, Refreshments were served.

4-H Club Meets

Plans for future activities were discussed at a meeting of the Swallow Falls 4-H club at the home of Everett Weimer on November 8.

The club will sell fruit cakes this year to earn money for the community project. Club officers and leaders were scheduled to meet yesterday to outline the program for the year, at the home of Bradley Werdebaugh.

A Christmas party was planned for the next meeting with Kathy Lewis named as chairman of recreation, along with Katherine Bowman, Ricky Hinebaugh and Tommy George. Ruth Sisler heads the refreshment committee with Chris Browning, Pamela Weimer, Sheryl Weimer and Steven Lewis as members.

Classes will be started this Monday under the instruction of Mrs. Lucille Kerins, and Mrs. Dorothy Frame.

In the old gymnasium, the Boys' Department will take over. The boys are taught by Dick Travis, Tom Kuhn, and Wayne Johnson.

Scholarship Test to be Given

This coming Saturday, members of the senior class of Southern will take the State Scholarship Test. The test is scheduled to begin at 8:30 a. m. and will conclude about 12:30 p. m.

The scores will be used to determine which students will receive scholarships. Three types of scholarships are being offered this year. They are Senatorial, Teacher Education, and State Tuition scholarships.

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all our friends and relatives following the death of our mother, Mrs. Florence Almeda Hauser.

Special thanks to Dr. Mance and the Leighton-Durst Funeral home and Rev. Vaughn Taylor and all those who gave food and flowers.

Married In Oak Park Church

Miss Deanne Lynn Fike, daughter of Mr. and Mrs. Wayne Fike, of near Oakland, became the bride of Edward Nacke, son of First Sergeant and Mrs. Albert Nacke, of Louisville, Ky., at a double ring ceremony performed in the Oak Park Church of the Brethren on Saturday afternoon, June 19, at 2 o'clock. The Rev. Rodgers Fike performed the ceremony.

The bride, given in marriage by her father, wore a gown of Peau de Soie trimmed with Alencon lace. Her matching chapel train was attached with small satin bows. She carried a bouquet of blue tinted mums. Her shoulder length veil, made by the bride, was attached to a white rosette.

Her matron of honor, Mrs. Jeannie Sweitzer, and bridesmaids, Miss Connie Crowe and Miss Barbara Shaffer, wore identical street length gowns of blue embroidered nylon. Their matching headdresses were small veils attached to blue velvet bows. They carried matching bouquets of blue tinted mums.

Best man was Larry Nacke, brother of the groom, and ushers were Philip Fike, brother of the bride, and Edward Hershman. Flower girl was Miss Alita DelSignore and she wore a blue dress with bouffant skirt, smocked bodice and short puffed sleeves. She carried a basket of pink rose petals. She is the daughter of Mr. and Mrs. Warren DelSignore. Ring bearer was Randall Ashby, cousin of the bride. He carried a lace-trimmed blue satin pillow with rings attached by blue streamers. He is the son of Mr. and Mrs. William Ashby.

The bride's mother wore a suit dress of beige embroidered nylon. Parents of the groom are stationed in Germany and were unable to attend.

Wedding music was presented by Mrs. Margaret Dean. Harold Holsopple sang "Oh, Promise Me", and "I Love You Truly", accompanied by Mrs. Wilma Mae Teets, at the organ.

A reception followed at the home of the bride's grandparents, Mr. and Mrs. Arthur Jackson. Presiding at the punch bowl was Mrs. William Ashby, aunt of the bride, with Ross Crowe and Mrs. Harold Holsopple assisting.

Among the out of town guests were Mr. and Mrs. Robert Zurcher and daughter, Verona, Pa.; Mr. and Mrs. Charles Jackson and family, Akron, O.; Mr. and Mrs. Kenneth Knoch, Tampa, Fla.; Mr. and Mrs. Stanley Harsh and family, Clinton, O.; Mr. and Mrs. Stanley Jones and family, Falls Church, Va.

Facing Facts

By Ann Englander

There was a time when women carefully taped their precious perfumes up—they often melted candle wax around the bottles as a sealer. Then they sat on the dressing table, for weeks, months, yes, even years! Tut! Tut! Why save it? Fragrance has a language of its own—nothing like it to give you a lift, give you that special womanly feeling!

Today with all the modern fragrances available at both expensive and very reasonable prices, we think you owe it to yourself to try a few outstanding scents!

What better way to express your individuality, your personality, a dash of Intimate, Hypnotique, Emotion, Heaven Scent—perhaps Flambu, Tigress, Woodhue—or there's Desert Flower, Tabu, Ambush, 20 Carat, and of course Chanel, Arpege and Coty's new Imprevu—one will be right for you!

If it's something we don't have—we'll get it for you!

Homeowners' Helpful Hardware Hints

by Ben Shaffer Manager

Put Safety First With Power Tools

•

Controlled power is safe power, but power in the hands of a careless person is a dangerous thing.

Use your power tools with these precautions in mind:

Rule 1—Don't reach toward the cutting edges of a machine until the power switch has been turned off and blades have stopped moving.

Rule 2—Don't skip goggles or face shield if there's danger of flying splinters, especially in grinding.

Rule 3—Keep belts on motors as short as possible.

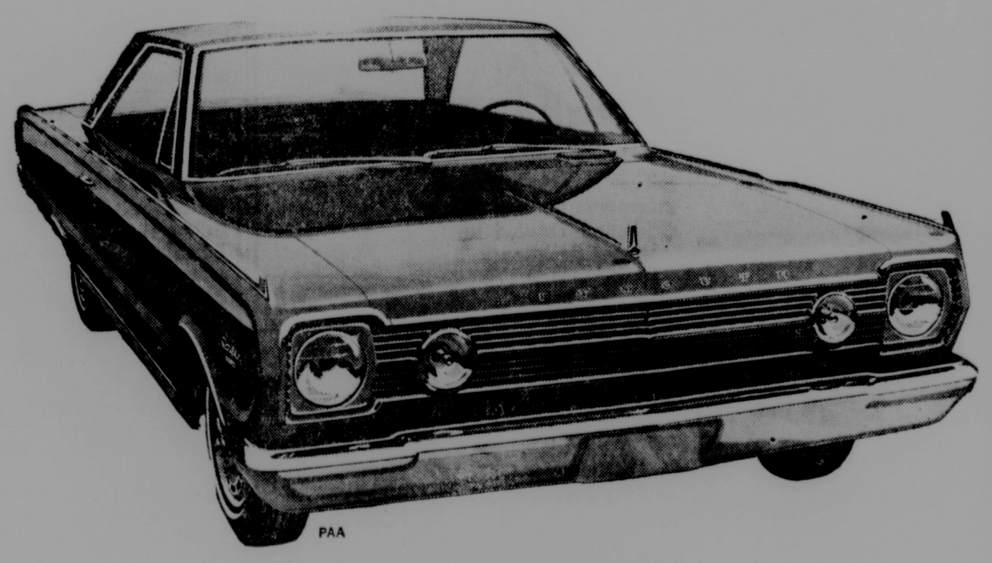
Rule 4—Don't let children get near machines.

Rule 5—Don't wear clothes that might get caught in the machine.

Rule 6—Don't forget to use the safeguards built into your power tools.

Rule 7—Don't do work in cramped quarters.

Rule 8—Don't allow your workshop to become cluttered with scraps and shavings.



Rule 9—Don't have your switches anywhere except on the machine.

Rule 10—Locking Switch. If children are about the shop, a locking switch is a good idea.

TRUMAN P. SCHWINABART

Truman P. Schwinabart, formerly of Keyser, died Sunday, November 14, in Potomac Valley hospital, where he had been a patient six days.

Born in Elk Garden, he was a son of the late Charles and Mary Sharpless Schwinabart. He formerly was employed as a carpenter. He was a member of the Evangelical United Brethren Church. Only cousins are survivors. His wife preceded him in death.

The body was taken to the Kight Funeral home in Cumberland, then later to the Rogers Funeral home in Keyser where services were conducted Wednesday afternoon at 2 o'clock with Rev. Millard Floyd, pastor, officiating. Interment was in the IOOF cemetery in Elk Garden.

MRS. CHARLES N. McINTIRE

Mrs. Eva Frances McIntire, 91, East Oak street, Oakland, widow of Charles N. McIntire, died Saturday, November 13, in the Garrett County Memorial hospital after being a patient there for two weeks or more.

Born near Grafton, W. Va., November 29, 1874, she was a daughter of the late Mason and Nancy Lee Robinson Poling. Her husband died over 25 years ago.

Mrs. McIntire was a member of St. Paul's Methodist church in Oakland. She was one of the subjects of a documentary film prepared by the United States Public Health Service, "The Critical Years", which had its first showing at a meeting of the American Medical Association in New York earlier this year, and which also has been shown locally upon several occasions.

She is survived by two sons and two daughters, Carl O. McIntire, John N. McIntire, both Kensington; Mrs. Harold M. Dawson and Mrs. William C. Warfield, both Washington; a sister, Mrs. John J. Root, Miami, Fla.; 12 grandchildren and 19 great grandchildren. Three sons preceded her in death, Ronald E. McIntire, Paul W. McIntire and Charles Kelley McIntire.

The body was taken to the residence.

Funeral services were conducted Monday morning at 11 o'clock from St. Paul's Methodist church with Rev. Lawrence Sherwood, pastor, officiating. Interment was in Oakland cemetery.

Pallbearers were William E. Naylor, Donald M. Browning, Richard L. Davis, Clinton M. Englander, William E. Hesen and Beeson Snyder.

The family requested that expressions of sympathy take the form of donations to the Garrett County Memorial hospital.

How the U.S. Royal Tiger Paw earned its name.

It had to pass some pretty grueling tests for safety and durability. Tests that only a beast of a tire could pass.

The Tiger Paw™ had to prove that it combined the high-speed and handling characteristics of a sports car tire with the smooth, comfortable ride and the wear of a passenger tire.

And it proved it, alright. Beyond a shadow of a doubt.

Tiger Paws have been tested at 125 miles an hour, sustained speed.

They respond quickly and eagerly, rain or shine. And they have so much guts, you can go over some of the meanest ground without worrying.

On sharp curves and when you're passing, Tiger Paws give you a feel of the road that you just can't get with most tires. They corner beautifully. With virtually no squeal at all (unless you're a dynamiter).

They give you that real sports car feel. You know. As if the car is a part of you.

In case you didn't know, the Tiger Paw is that tire with the red stripe you've been hearing so much about. If you want a set for your car, you can pick them up right here. We're an official U.S. Royal Tiger Paw store.

To Show Currency Collection Nov. 22 At First National

Oakland residents will have an opportunity to view an historical collection of currency dating back to the Colonial Revolutionary period. Six panels of various issues and series of U. S. currency will be displayed at the First National Bank of Oakland on Monday, November 22, according to Frank L. McDaniel, Cashier.

This exhibit, obtained from the Federal Reserve Bank of Richmond, includes on the first panel currency issued by the Continental Congress and Colonial Revolutionary States. Because of its steady depreciation in value, the Continental currency gave rise to the expression, "Not worth a Continental". The warning, "Death to counterfeit", appears on a large part of the Colonial currency. Also shown are examples of obsolete or "broken bank" notes issued during the period 1850-1866.

On the second panel are examples of various types of United States notes commonly referred to an "legal tender", the forerunner of our present-day currency. Several widely-known "Chittenden and Spinner" notes are included.

The third panel contains large (old) size notes issued by National Banks during the 1875 Charter period, the 1882 Charter period and the 1902 Charter period. Of special interest is the engraving of the issuing

bank's charter number on the brown backs of the currency issued during the 1883 Charter period.

"Perhaps our most beautifully engraved currency was the third issue of large (old) size Silver Certificates, commonly called "Educational Series", Mr. McDaniel said, Examples of all three denominations of this series are included on the fourth panel, along with various other issues and series of Silver Certificates. The Educational or Allegorical bills shown are $1, "History Instructing Youth"; $2, "Science Presenting Steam and Electricity to Commerce and Manufacture", and $5, depicting electricity as the dominant force in the world.

Three types of currency are represented on panel five—National Gold Bank notes of California, Gold Certificates, and Treasury or Coin notes. All of these are considered quite rare.

The last panel consists chiefly of fractional currency in denominations from three cents to fifty cents. This currency was issued to make "change" during and immediately following the War Between the States, because coins were being hoarded and were disappearing from circulation. They were often referred to as "shinplasters". W W II veterans who were in Europe and North Africa will recognize the distinctive gold Treasury seal on emergency currency issued for their use. These notes are displayed at the bottom of the panel along with emergency currency issued for use in Hawaii after the Japanese attack on Pearl Harbor.

The First National Bank has scheduled the exhibit so that Garrett County residents may become acquainted with representative types of large (old) size U. S. currency of yesteryear, and especially those notes with historical significance, Mr. McDaniel said.

Likens-Thrasher Wedding Is Held

Miss Rita Mae Thrasher, daughter of Mr. and Mrs. Harrison Thrasher, of Deer Park, became the bride of William Grant Likens, son of Mrs. Flossie Likens, Oakland, on Tuesday evening, November 2, at 7 p. m., at St. John's Episcopal Church at Deer Park. The Rev. Fr. Thomas P. Staup, Vicar of St. John's Church, officiated at the double ring ceremony.

Bridesmaid was Kathleen Thrasher, sister of the bride. Ray Fulk of Bayard, W. Va., was best man. Ring bearer was Kenneth Pierce, nephew of the bride.

Ushers were Harrison Thrasher, Jr., brother of the bride, and William Thrasher, cousin of the bride. Robert Rollman, served as altar boy. Earl Foster, church organist, played the traditional wedding marches.

The bride was attired in a white street length lace dress, with shoulder length nylon net veil. On top of the veil was a glass button from her Grandmother Thrasher's 54 year old wedding dress. She carried a white Bible with a bouquet of white carnations and wore a single strand pearl necklace, a gift of the groom.

The bridesmaid wore a blue chiffon over net street length dress with a headpiece of blue nylon net. She carried a bouquet of blue carnations.

A reception was held in the church basement, immediately following the ceremony. After the bride and groom cut the wedding cake, the first piece cut was sent to the bride's brother, Robert Thrasher, serving with the Air Force at Anderson Air Force Base in Guam.

Mrs. Carl Thrasher, aunt of the bride, served the cake. Mrs. Sheridan Kight, Oakland, sister of the groom, served the coffee and punch. Mrs. Jacqueline Pierce attended the guest book.

Attending were, Mrs. Jacqueline Pierce and son Billy, Oxon Hill; Mr. and Mrs. Ray Fulk, Bayard, W. Va.; Mrs. Flossie Likens, Mr and Mrs. Charles Ashby, Mr. and Mrs. Sheridan Kight, Oakland; Earl Foster, Red House; Mr and Mrs. Robert Thrasher, Mr. and Mrs. Lambert Thrasher, Mr. and Mrs. Harrison Thrasher, Mr. and Mrs. Carl Thrasher, Mr. and Mrs. George Comp, Kathleen Thrasher, Ronald Thrasher, Harrison Thrasher Jr., Kenneth Pierce, Robert Rollman, Rev. Fr. Staup and daughter, Rebecca, all of Deer Park.

The occasion was the twenty-fifth wedding anniversary of the bride's father and mother and her own birthday.

NEWS FROM THE Ruth Enlow Library

BY EDITH BROCK

Books have been presented to the library within the past few weeks in memory of Ronald Eugene Wise, Mrs. Virginia Hart, Mrs. C. N. McIntire, Mrs. William W. Nace, Mrs. Owen Martin, Mrs. Irvin Custer, Charles Elmer Bernard, Kathy Paul, Mrs. Bertha White, Theodore E. Sines, Daniel Gower Weimer and Grant E. Wiebel.

The phonograph records presented to the Ruth Enlow Library by Columbia Records will be on display one more day, Friday, November 19. Borrowers may reserve the records they wish to borrow. On Saturday, November 20 the records will go into circulation. Those who have reserved records may check them out on that day and all records will be available for borrowing.

Borrowers are asked to check the condition of their phonograph needles before playing the new records and to remember that heat can easily ruin phonograph records. Leaving records in an automobile in direct sunlight even for a short time can be disastrous, as several library patrons have already discovered. With proper care on the part of borrowers this fine new addition to the library's record collection will be enjoyed for a long time.

No. 119 Adoptions in the Circuit Court for Garrett County, Maryland.

PETITION

To The Honorable,
The Judges of Said Court:

The Petition of Junior D. Noel and Thelma Jean Noel, his wife, by Clarence A. Penman, their attorney, respectfully represents unto this Honorable Court:

1. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, reside at Route 2, Oakland, Maryland, and have been residents of this county for more than sixteen (16) years; that Junior D. Noel is 30 years of age and is self-employed as a mechanic; his wife, Thelma Jean Noel, is 26 years of age and is employed as a teacher of the third grade at Centre Street School.

2. That the person to be adopted is Carl William Atwood, male, born on July 2, 1963 at Garrett County, Maryland; and that the said infant child was born in lawful wedlock unto Allen Jefferson Atwood and Julia Lee Trout Atwood.

3. That the present address of the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, is unknown, even though a diligent search has been made to obtain a present address for them.

4. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, are the parents of a natural child namely: Ronald E. Noel born November 10, 1961.

5. That the infant child to be adopted, Carl William Atwood, is in no way related to your Petitioners, but that the said Carl William Atwood has been cared for and supported by your Petitioners in their home since on or about November 7, 1964, at which time the said child was abandoned by Allen Jefferson Atwood and Julia Lee Trout Atwood, its natural parents.

6. That the said Julia Lee Trout Atwood, mother of the aforesaid infant child, has indicated that she is willing to sign a consent agreement for the adoption of the aforesaid Carl William Atwood, but that her address at the present time is unknown.

7. That your Petitioners are members of the Caucasian race and are of the Protestant faith; that the natural parents of the person to be adopted are members of the Caucasian race but that your Petitioners do not know what faith they profess.

8. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, are able to properly support, educate and maintain the said infant and feel that under the circumstances it would be for the best interest of the said infant as well as for all concerned, that the prayers of your Petitioners be granted.

Wherefore, your Petitioners pray:

(1) That this Honorable Court pass an Order declaring the said infant, Carl William Atwood, to be the legally adopted child of Junior D. Noel and Thelma Jean Noel, his wife.

(2) That this Honorable Court may pass an Order changing the name of the said infant, Carl William Atwood, to Carl William Noel.

(3) That this Honorable Court pass a Show Cause Order directed to Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, to show cause, if any they have, why the adoption of the said infant child should not be granted as prayed.

(4) That your Petitioners may have such other and further relief as the nature of their cause may require.

And as in duty bound, etc.

PETITION

To The Honorable,
The Judges of Said Court:

The Petition of Alonzo D. Cummings and Rosala Cummings, his wife, by Clarence A. Penman, their attorney, respectfully represents unto this Honorable Court:

1. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, reside at Gorman, Garrett County, Maryland, and have been residents of this county for twenty-five (25) years; that Alonzo D. Cummings is 56 years of age and is self-employed as a farmer; his wife, Rosala Cummings, is 58 years of age and is a housewife.

2. That the person to be adopted is Allen Jefferson Atwood, Jr., male, born on July 12, 1961 at Baltimore City Hospital, Baltimore, Maryland; and that the said infant child was born in lawful wedlock unto Allen Jefferson Atwood and Julia Lee Trout Atwood.

3. That the present address of the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, is unknown, even though a diligent search has been made to obtain a present address for them.

4. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, are the parents of eight (8) children all of whom have been emancipated and are over 18 years of age with the exception of Kenneth Cummings who is 15 years of age at the present time.

5. That the infant child to be adopted, Allen Jefferson Atwood, Jr., is in no way related to your Petitioners, but that the said Allen Jefferson Atwood, Jr., has been cared for and supported by your Petitioners in their home since on or about the 8th day of November, 1964 at which time the said child was abandoned by Allen Jefferson Atwood and Julia Lee Trout Atwood, its natural parents.

6. That the said Julia Lee Trout Atwood, mother of the aforesaid infant child, has indicated that she is willing to sign a consent agreement for the adoption of the aforesaid Allen Jefferson Atwood, Jr., but that her address at the present time is unknown.

7. That your Petitioners are members of the Caucasian race and are of the Protestant faith; that the natural parents of the person to be adopted are members of the Caucasian race but that your Petitioners do not know what faith they profess.

Reorganization Of Little League To Be Tried Soon

An attempt will be made in the near future to reorganize the Little League baseball program for next year, it was announced by DeCorsey Bolden, one of the officers in this year's activities.

Bolden said the area was on the verge of losing the program unless efficient officers could be obtained to promote it adequately and would accept responsibility of assisting in the organization and supporting the program.

Bolden said he felt people were aware of the importance of the development of the youth in the proper channels. "Our youth will determine the direction in which we travel in the future" he declared. He added that "Anyone who has worked with any successful, worthwhile youth program can appreciate the value of these programs. Little League baseball is an asset to any community interested in youth development".

The program takes a great deal of planning, work, cooperation and support on the part of many people, he pointed out, but said such interest and support in the local league had declined quite a bit over the past two years, operating last year without proper officials, proper insurance coverage on the players, because of insufficient money due to lack of organization.

Others assisting in the endeavor to reorganize are Joseph DiSimone and Jerry Moyer. He was hopeful that the meeting, to be called soon, would be well attended.

Deer Park Firemen Lack Adequate Sleep

Deer Park firemen responded to middle of the night alarms for three nights in a row, and are now saying that if any person notices a sleepy look in the eyes of a fireman, it is justified.

An alarm came at 2:10 a. m. Monday when an electrical circuit shorted in the home of Dale Frazee, at Deer Park, and ignited the pantry of the residence. Flames were rapidly extinguished and damage was considered minor.

Tuesday morning at 1 o'clock firemen were called when an outbuilding owned by Russell Knox on Broadford road, was ablaze. Damages were confined to the small building and were not extensive.

The third alarm came Wednesday at 4:15 a. m., when fire of undertermined origin completely destroyed the barn on the Nay Harvey farm on the Gorman road. It was an assist call.

Deer Season To Be Open 8 Days

The annual deer hunting season for bucks has been set for eight days again. The opening day was set for Friday, November 26, the day after Thanksgiving. The season will run from Friday to Saturday evening, December 4, excluding Sunday, November 28.

There are four deer checking stations in the county where deer must be checked as soon as possible after being killed

Stations in the county are at the Edwards garage, Grantsville; Matt Storey's, on Deep Creek Lake, near McHenry; Yough Motor company, Friendsville; and Carroll Miller's Mt. Top Tire and Sport shop in Oakland. Deer should be checked in the county where killed.

Mrs. Foster Speaks To Northern High Homemakers Club

Mrs. Meade Foster, Mt. Lake Park, was the speaker at a meeting of the senior chapter, Future Homemakers of America, at Northern High school, yesterday afternoon.

Mrs. Foster is family life chairman of the Oakland Civic club that has the teenager as its national concern. This also is in line with the FHA club's state theme of "Manners and Morals Matter." Mrs. Foster spoke to the girls on a teen-age code for living, and emphasized personal development, importance of sticking together to uphold a code of ethics for youth. Mrs. Foster also urged the girls to continue the project they began last year to beautify the county.

A social period followed. Patty Yommer, president, also appointed club members to various duties, naming Linda Resh as chaplain; Margaret Weimer as parliamentarian; Judy Rodeheaver as reporter, and Marilyn Leonard as recreation leader. The club has 31 members. Other elective officers are Maxine Gilpin, vice-president; Elaine Garlitz, secretary; and Pam Klotz, treasurer.

Storm Hits Area; Snowfall Varies

The forerunner of winter struck the mountain area early yesterday morning, preceded by thunder and lightning and high winds. A cold front moved in from the west, colliding with warm air, producing these conditions.

A light snow began falling yesterday morning and continued for most of the day. The high winds caused drifting and the state roads commission reported men and equipment out in this county appling chemicals to highways which were slick from the snowfall.

While less than two inches of snow fell in the Oakland area, State roads officials said seven inches had been reported in the Accident and Keyser Ridge area by this morning. There was no difficulty with drifted roads.

The snow stopped falling in this county late last night although high winds continued. Some 50 men and 30 pieces of equipment of the SRC were kept busy applying abrasives. County crews also were out cindering where needed. The temperature dropped to 22 degrees early this morning.

Skies were clearing this morning with temperature at 10 o'clock at 24 degrees.

Patriotic Group Sets 5th Meeting

The organization, "Citizens for Back to God and Country," met for the fourth time last Sunday afternoon at the fire hall in Oakland with some thirty persons attending. The subject of reapportionment was discussed, as well as the struggle against the removal of the word "God" from oaths. The group has had correspondence with the attorney general, Thomas B. Finan, who said that he had notified courts that the words, "In the presence of Almighty God," could remain in the oaths when persons did not object.

Another meeting is scheduled for this Sunday afternoon, November 21, at the fire hall in Oakland, at 2:30 o'clock.

BITTINGER

PROGRESS REPORT—The photograph shows some of the 18 towers for the chair lift that was recently erected at the Marsh Mountain ski slope, to add to the facilities to be provided for this year's activities. This new slope extends beyond the area that is visible, and will extend for 3,750 feet. The immediate foreground shows the base for the power unit, now under construction. The operators are also engaged in preparing the other towers that will handle the 1⅛ inch cable to be used in hauling the skiers up the slope. There will be another slope 1,600 feet in length, to the south of the big new run, mostly for intermediates. From the top of the long ski run it will be possible for the skier to come down the hill via any one of the four that will be available.

Missionary Will Be At Nazarene

Rev. and Mrs. Phillip Torgrimson, missionaries to Peru, South America, are on furlough in the United States and are holding services among Churches of the Nazarene. They will be at the Oakland Church of the Nazarene, 8th and Alder streets, on Sunday evening, November 21, at 7:30 o'clock.

This is their third furlough since being assigned to Peru in 1947. Rev. Torgrimson pastored the Talara church for five years and the Lima church for three years. He has directed the Peruvian Nazarene Bible school and served as field superintendent on two occasions.

The service will feature the work of the church in that country. There will be curios and native dress costumes on display. Colored slides will be shown.

A native of Wisconsin Rev. Torgrimson pastored two Ohio churches prior to his assignment. The couple has four children.

Approve Church Budget

At a congregational meeting of St. Mark's Lutheran church at both the 8:30 and 11 o'clock services, in Oakland, the members adopted a budget of $24,757 for the year and elected five councilmen.

Elected to serve for a three year term were Charles Bowman, Emerson Frazee, Lawrence Groves, Dr. Jack E. Liller and Lawrence N. Sanders. Dr. Liller was re-elected. The four others succeed John A. Sharps, Thomas Kight, Neil Sanders and Carroll Smith. Their terms will begin in January.

Under the budget items were $13,358 for current expense; $2,500 for the building fund; $7,479 for benevolence, apportioned by the Western Pennsylvania-West Virginia Lutheran Synod; and $1,420 for the improvement, repair and maintenance fund.

Luke Mill Is Tops In Safety Record

Employes of West Virginia Pulp and Paper's Luke mill won their greatest recognition for safety performances by carrying away honors in two annual company wide competitions and climbing to the number one position nationally in industry, comparisons, according to William M. Thompson, mill manager.

The mill now has the lowest accident frequency of any of the 76 large papermaking complexes in the country. Westvaco employes also topped 15 other company locations with a lost time accident frequency of only 0.57 for every million man hours worked. This won the company cash award contest for the third straight year.

Luke mill employes also beat all other company locations for the best percentage improvement of safety performance, thus winning the President's trophy. This is the first time the Luke mill employes have won every company safety honor at the same time and the first time that Luke has been on top nationally in its category of competition for safety performances.

Population of Canada was set at 19,705,000 on Oct. 1.

THE GOOD LIFE

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When Grandmother and Grandfather Todd came to say their goodbyes before leaving for Florida, we took their picture. Looking at it, I remember them as they were that day, serene and happy, anticipating their trip. To them there are no sunset years but always a new day ahead.

Life has truly been a table spread before them. Oh, there have been sorrows and trouble aplenty, but always His rod and staff have comforted them. Even in the shadow of death God has been with them, for the Lord *is* their Shepherd.

Such faith may be yours. Your church is the open door through which you may find that fellowship of understanding which has been to my grandparents their greatest treasure.

Attend your church and find there, through worship and prayer, the inspiration you need for religious growth.

A Soldier's Faith

Lesson for November 21, 1965

Background Scripture: II Kings 5:1-27. **Devotional Reading:** Psalm 103:1-12.

ARMY MEN and religion are not ordinarily thought of together. But some soldiers have been famed for their religious faith. It would interest the reader to run through the Bible and note the many soldiers mentioned there who were as religious as they were brave. In modern times it is the same. One of the first things General Eisenhower did on becoming president was to be baptized and join the church. An American seminary recently had in its student body a retired British Major-general. And so it goes. One of the most dedicated Christians this writer ever knew was a regular army captain.

Dr. Foreman

Faith and humility

It is humbling experience for a man with the habit of command and used to giving orders to enter the Kingdom of God like a child, as Jesus expressed it. But the bravest can also be the humblest. The story of Commander Naaman in II Kings 5 is a very interesting case in point. This man was a servant of God without perhaps knowing it. At any rate the writer of II Kings gives God the credit for Naaman's victories over Israel. For that was what he was, conqueror of Israel. In his time he was commander of all the Syrian army, and by his victorious campaigns had reduced Israel to an unimportant and impoverished province of the Syrian Empire. An Israelite girl at the time of this story was serving as lady's maid to the Commander's wife. Now you would not expect a great commander to pay much attention to the ideas of a little slave girl.

Faith and healing

The Commander may have been in desperation, for he was suffering from a disease for which at that time there was no known cure: the dreaded affliction of leprosy. To be a leper was to live under the visible shadow of death. The little maid had said there was a prophet in Israel who by God's help could cure even lepers; so off Naaman rode, with bags full of silver and other gifts fit for a king. Now the story tells itself how the Commander wanted the cure to be done in noble style, like a magic spell, and was angry when he was given the simple command, "Go wash in the Jordan seven times," how he was persuaded to try it, and how he was healed. But this raises many questions today. Does God today ever cure persons without treatment? Are miracles of healing things of the past? God used Naaman to punish Israel though Naaman did not realize it, so now God works miracles of healing through the genius and skills of professional physicians. God is in the hospital just as surely as he is in the Jordan.

Faith and the halfway house

Naaman was sure that God had cured him. But he was not about to come out and live with the Israelites. Instead he was going to keep on going to the "House of Rimmon," the temple where the Syrian God Rimmon was worshipped. The startling thing here is that the prophet Elisa did not object to this but gave his blessing. "Go in peace," he said, in farewell. You would have expected that Elisha would roundly rebuke the Commander, perhaps saying, "Come all-out for the true God, the God of the prophets, Elisha's God, and don't stay in the half-way house of a pagan temple." But Elisha did not take this intolerant attitude. Naaman was coming as far as his situation allowed. Full faith might have drawn him clear away from his heathen homeland, would have made an Israelite of him, would have made him in fact a traitor to his own king. Elisha recognized that this would have been asking too much. Better a faith that stops in the half-way house of Rimmon than no faith at all. Better a faith unconfessed than no faith. God could see Naaman's heart.

Eleven Are Killed On State Highways

Eleven persons were killed in accidents on Maryland highways last week according to the weekly survey of the State Police. Four of those killed were drivers; five were passengers; and two were pedestrians. Alcohol was a contributing factor in two of the deaths; speed in three; and "driver error" was present in nine of the fatalities.

In serious accidents which were investigated by the State Police last week, five persons were killed and seventeen seriously injured. Seat belts were available to fifteen of the victims, but in only one instance was the belt actually in use. Investigators are of the opinion that in this case the seriousness of the injury was lessened by the use of the belt, and that three lives would have been saved and ten persons less seriously injured if seat belts had been in use in the other cases.

India was protesting Chinese troop penetrations.

New "Con" Game Offers Medicare "Deal"

Garrett county residents were cautioned about a new type of confidence man who had appeared in some sections of the county since passage of the new medicare provisions of the social security program, according to Edward G. Phelps, district manager, Cumberland.

Mr. Phelps said the men often represent themselves as employes of the Social Security administration, and say they are authorized to sell and receive payment for health insurance in advance, at a discount.

The Cumberland office has had persons inquire about a questionnaire they received from a private source, soliciting information with a promise they would be mailed an official booklet issued by the U. S. government. Completion of the questionnaire has resulted in visits by salesmen representing "special deals" in Medicare.

He said no legitimate representative of the S. S. ever asks for money for services or offers any kind of "special deal."

Grantsville News

George Diefenbach, owner of George's Market, has returned home after having been a patient for two weeks at the Newton D. Baker veterans' hospital, Martinsburg.

Miss Mary Bittinger is a patient at Memorial hospital, Cumberland.

Charles Zeller is a patient in Miners hospital, Frostburg. His son, Robert Zeller, Strongsville, O., visited him over the weekend.

Mr. and Mrs. Ed Jenkins and Mr. and Mrs. George Diefenbach visited Mrs. Carrie Beachy, at Allegheny Lutheran home, at Johnstown, Pa.

Mr. and Mrs. Raymond Rosenberger visited Mrs. Ella Painter, at Dr. Miller's Nursing home, Woodstock, Va.

Mr. and Mrs. Jonas Walker and son, Hyattsville, spent the week-end visiting her parents, Mr. and Mrs. Walter Younkin.

Mr. and Mrs. Lewis Spessard spent the week-end visiting her mother, Mrs. William Bowser and friends.

Mr. and Mrs. Kenneth Wable and son spent several weeks at the home of Mr. and Mrs. Walter Younkin.

Approximately 125 people attended the Garrett County Fair Appreciation dinner at Point View inn, Deep Creek lake, one evening last week. The annual stockholders meeting date was set for November 23, at 8 o'clock at the Grantsville Fire hall. Stockholders and interested persons are invited.

At the meeting of the Casselman Valley Sportsmen club, plans were made to hold shooting matches on November 25 and 28, at 1 p. m.

On Sunday, November 21, Rev. and Mrs. Phillip Kulp, returned missionaries from Nigeria, will be guests at the Maple Grove Church of the Brethren. There will be a covered dish dinner at 5 o'clock followed by slides and services at 7. The service is sponsored by the Women's Fellowship. The public is invited. Rev. K. Dean Huntley is pastor.

The Mars Hill Homemakers met at the home of Mrs. Donald Hetrick with 17 members attending. Mrs. Ellsworth Beachy, Mrs. Arthur Resh, Mrs. Floyd Durst and Mrs. Woodrow Butler participated in the program. The demonstration on party sandwiches and refreshments was presented by Mrs. Don Hetrick and Mrs. Guy Stanton. Several visited the Hafer Funeral home in Cumberland and several attended the flower demonstration at the Grantsville school. The next meeting will be held in the home of Mrs. Floyd Durst, and co-hostess will be Mrs. Sidney Setzer. Refreshments were served.

The Northern High School P-TA will meet this evening at 8 p. m. in the school cafeteria. Mrs. Lucille Sines, music instructor, and chorus will present the program.

The Grantsville Rotary club met recently. Blair Buckel presented Cpl. Jack Browning, who spoke on the importance of seat belts. Tom Lowe of the Frostburg club was a guest. At last week's meeting C. I. Young was in charge of the program and his guest speaker was Charles Strauss, Accident, who spoke on "Honey Bees". Other guests were B. O. Aiken, of the Friendsville club, and Roy Chuck, Meyersdale club.

The Casselman Velley Homemakers met at the home of Mrs. Clayton Edwards, with Mrs. Joseph Paul, co-hostess. Mrs. Ronald Gillum presided. Taking part were James Vincent, Mrs. Teressa Feree, Mrs. D. W. Klotz, Mrs. Joseph Paul, Mrs. Clayton Edwards and Mrs. Robert Davis. Mrs. Gillum gave high lights of Achievement day, and Mrs. John H. Hershberger reported the visit she and Mrs. Don Newman made to the Goodwill Mennonite home. The group discussed the Christmas party and decided to hold it on December 7, at 6:30 p. m., at the Casselman Valley Sportsmen club. Decorations will be in charge of Mrs. Gillum with Mrs. Edwards and Mrs. Paul in charge of games. There will also be a gift exchange. Mrs. Edwards and Mrs. Paul served refreshments.

Mr. and Mrs. Carl Richter and Mrs. Wayne Collier attended the funeral of Mrs. Richter's brother, Lloyd Younkin, Louisa, Ky. Mr. Younkin died November 11, and was buried Sunday at Kentucky.

Sunday dinner guests of Mr. and Mrs. Bruce Folk were Mrs. Lester Kinsinger, Canton, O.; Mr. and Mrs. Dwight Folk and family, Mr. and Mrs. Orlo Folk, Grantsville; Mrs. Mildred Burley, Mr. and Mrs. Wayne Folk and family, Meyersdale. Afternoon guests were Mr. and Mrs. James Oester and family, Canton, O.; Mr. and Mrs. David Otto, Swanton; Mrs. Daniel Folk, Ronald Folk and Dotty Hetrick.

Darlene Miller, who resides with her mother, Mrs. Viola Miller, was startled when she went into the spare bedroom early one morning, found the curtains apart, blind ripped and glass shattered over the floor. In the corner sat a ruffed grouse, and still alive.

Missionaries To Speak

Rev. and Mrs. Phillip Kulp, returned missionaries from Nigeria, will be at the Maple Grove Church of the Brethren on Sunday evening, November 21, at 7 o'clock to show slides and tell of their work. The public is invited.

Blue Cross, Blue Shield Rates Cut

State Insurance Commissioner Francis B. Burch has ordered a cut in Blue Cross and Blue Shield group rates beginning next July.

The reduction will affect some 700,000 group subscribers in the state. It will amount to 4 percent for Blue Cross and 3 percent for Blue Shield group members.

The reduction does not apply to individual policy rates. The ruling stemmed from hearings held October 14 and 25 after Baltimore city comptroller Hyman Pressman, charged that reserves of the concern were high enough to warrant a reduction in rates.

Burch said the actual cash reductions would vary from group to group, based on the Blue Cross experience under a complex formula.

In the same statement Burch said he wants the "brake" applied to "the rise in hospital costs", adding that hospitals must begin now to take steps to hold the line.

Resource Study Of Area Is Concluded

A 50-page study of Western Maryland resources, just published, concludes that sustained comprehensive regional efforts will be required to provide for wider ranges of economic opportunities, improved educational and other services and improved resource management.

This study of the human, natural and institutional resources in Western Maryland was initiated in January. The request came from a 15-man committee representing the three county Appalachian area which includes Garrett county.

The study was made by a committee of eight persons from the University of Maryland faculty. Dr. John W. Wysong, associate professor, department of agricultural economics, was chairman. The report cites seven factors which local citizens and officials should consider in their planning for future development.

1. Key importance of improving education opportunities at all levels; 2. contributions that federal and state extension services can provide for improvement of agriculture, forestry and home economics; 3. Availability of development assistance from federal government for planning water pollution, abatement, public land acquisition, poverty alleviation, technical training, construction of highways, hospitals and other facilities; 4. Growing importance of recreational resources which rural areas can offer to urban dwellers; 5. Importance of quality standards for water, land use, esthetic appearance in planning for recreation use; 6. Potential attraction of C&O canal, Antietam battlefield, Harpers Ferry and other historical features for tourists and vacation spending in Western Maryland; and 7. Overall importance of comprehensive, consistent, region-wide river basin planning with broad citizen participation at the local level.

Objectives Cited

Three objectives were cited. They were to provide an inventory of Western Maryland resources including land, water and people; 2. Delineate past growth and decline patterns which will likely recur; and 3. Develop a basic document for use by both professionals and laymen working for the future development of the region.

The report noted that industrialization "has typically been regarded as the standard route to regional development." It suggests four alternative methods: development of improved and expanded educational facilities; improved highways and transportation systems; better agricultural practices and resource management; and development of recreational resources.

The report stressed local participation and support as being essential.

Reapportion Fight Planned in Court By "Voters, Inc."

Another group wants to be heard in the pending Maryland court fight over legislative representation.

Known as "Voters, Inc.," it is composed of rural interests, small county legislators, chamber of commerce officials and others who believe each county should retain representation in a reapportioned Maryland Senate.

The organizational meeting in the state house last Thursday drew some 20 legislators including the state senator and entire house delegation from Garrett county and about 50 other people from both sides of the bay.

Representation was mainly from the state farm bureau, the state Grange, local chambers of commerce and waterman groups.

The corporation plans to hire counsel and try to intervene in a pending court test of two conflicting bills passed by the Maryland legislature at its special session, realigning it membership.

The organization will support a bill which seeks to retain a seat for each county in a 53-member Senate. It will oppose the other bill which create a 43-member Senate on a population basis by combining some smaller counties into senatorial districts.

It was indicated if the latter bill can't be knocked down in court they would petition it to a voter referendum next fall.

To Be Guest Speaker

Rev. Frank Sharp, pastor of the Frostburg Assembly of God, and former pastor of the Deer Park Assembly, will be guest speaker Tuesday Nov. 23rd at 7:30 at the Kitzmiller Assembly of God church. Rev. Poland, Pastor, extends an invitation to all.

U. S. forces in Vietnam will increase to 200,000 or more.

WORLD WAR I VETS—These are World War I veterans who attended the annual Pig Roast last Wednesday at the Legion home. They include Edward C. Lawrence, Albert "Dutch" Walter, F. R. Shaffer, Elliott Devers, Asa Lewis, Martin Williams, Charles C. Reckard. Rolland Schoch, Ernest Gortner, Chance Gower, Robert Helbig and Robert Coffey. Devers and Williams are from Gormania, the balance from Oakland or nearby.

Annapolis News

by Martha I. Glotfelty

At the beginning of our special session, Governor Tawes spoke to both Houses of the Legislature and said, "The hour of decision has arrived. We must meet head-on the mandate of the Supreme Court of the U. S. and re-apportion both Houses in accordance with the 'one man, one vote' theme enunciated by the Court on June 15, 1964. It matters not whether one agrees with the Court's pronouncement. The inescapable truth is that we either comply with the mandate or face the far more distasteful alternative of having the Courts apportion our Legislature for us."

Most of the members had agreed that, in the face this pronouncement, we would be lacking in our duties and responsibilities if we failed to come up with some fair method of doing this.

In the past, our Maryland Senate has been made up of 29 members, one from each of the 23 counties, and one from each of Baltimore City's six legislative districts. The population in counties varied from 15,481 in Kent County, the smallest in the state to 492,428 in Baltimore County, the largest.

Maryland Senate was based on geographical and area interests rather than on a population basis. Our U. S. Senate is so constituted. The State of Rhode Island, a small state has two senators as does California, a very large one.

In our last regular session, the House had passed a reapportioning bill for the House and one for the Senate which would have provided for a 53 member Senate. One would be elected from each county, and additional ones would be elected from the more populated areas. The Senate defeated this at that time.

However, it was re-introduced by Senators North and Harry Hughes as Senate Bill 8. Senate Bill 5, by Senator James allowed for a 43 member Senate, with Senators being elected from Districts. Under the plan, Allegany and Garrett would elect two senators. With their population four times that of ours, they would most certainly elect both of them.

Both Senators North and Hughes defended their bill in a scholarly and forceful manner at the hearings. They believed the bill would meet court tests, because it would give to the larger urban areas 73 percent of the voting power, the remaining 27 percent left to the smaller counties, and at the same time giving them some representation.

Both of these bills were finally passed by the Senate, and we were warned in the House if we so much as changed a comma on either of them, they would be "laid on the table", a phrase which means, defeated. One after another member of the House introduced amendments, and they were all soundly defeated. Tied in with both bills was the reapportioning bill for the House, as passed last session. This made it a package bill with 142 members being retained in the House. Garrett County will elect one delegate, instead of three.

When the two bills, passed by the Senate reached the House, debate was heated, and it seemed to me that some friendships were lost that day because of differences of opinions. Every known trick was used, but to no avail. In the closing moments, delegates from Baltimore County tried to change the manner of districting their county, but it was no use.

Appeals were made to at least allow Senate Bill 8 to have its day in court. It was brought out that time and again those of us who come from rural areas vote for the good of the urban areas, giving them about everything they want. Now the time had come for them to support us in this last ditch fight. The appeals did not go unheeded, for in the final voting it was passed with five votes to spare. The chairman of the Baltimore City delegation voted with us as did four other members. From Anne Arundel County, and Baltimore County, we also had support, while from Washington County, which is relatively rural, 3 were for, 3 voted against it.

One young Republican member from a large urban county told me afterwards that in his voting he may have jeopardized his whole political future. Nevertheless, he felt it was right and just and so voted his own convictions. In the future when folks say to me that there are no honorable men and women in politics, I shall tell them about him.

Our present attorney-general said again and again that only Senate Bill 5 would meet the tests of the Court. It seemed to me that his frequent ideas on the subject could make his thinking similar to the character in one of Shakespeake's plays, about whom another character said "Methinks the man doth protest too much".

Both Senate bills were passed and our Governor signed both of them. I read that the courts will decide which one will prevail within the next six weeks.

Giving Thanks . . .

In George Washington's first Thanksgiving proclamation he declared: "Whereas, it is the duty of all nations to acknowledge the Providence of Almighty God, to obey His Will, to be grateful for His Benefits, and humbly to implore His Protection and Favour: and whereas both houses of Congress have requested a day of public thanksgiving and prayer to be observed by acknowledging with grateful hearts the many signal favours of Almighty God, especially by affording them an opportunity peaceably to establish a Form of Government for their safety and happiness;" he therefore proclaimed such a day to be devoted to the service "of that great and glorious Being, who is the beneficent Author of all the good that was, that is, or that will be: that we may then all unite in rendering unto Him our sincere and humble thanks for His kind Care and Protection".

Each president since Washington's Day, has issued a Thanksgiving proclamation, in much the same manner. In addition to acknowledging our thanks to God for our many blessings, this Thanksgiving season we should add a special one this year expressing the hope that the custom will continue for many generations to come, and that the forces of communism and godlessness will not prevail against this country to the extent that our right to issue such proclamations will be denied, as so many other things have in recent years, through misinterpretation of the constitution by the Supreme Court justices.

Education Board Has Expenses Of $2,105,673.96

Annual Statement Shows Receipts Of $2,105,673 During Fiscal Year

The Board of Education for Garrett county disbursed $2,136,963.53 during the fiscal year, July 1, 1964, to June 30, 1965, it was revealed in the annual report of receipts and expenditures which is being published today.

This included a capital outlay of $100,747.06 for buildings and building additions but did not include outgoing transfers which amounted to $16,552.12, and interfund transfers of $35,784.48. Ending assets totaled $141,627.89 which included $22,130 in the head start program and $141,627.89 in the OEO program.

Receipts from all sources included a balance of $135,663.71, revenue receipts of $2,105,673.96, and incoming transfers of $89,590.35, for a grand total of $2,330,928.02.

Receipts from county sources totaled $539,051.68 with $535,028 coming from the county levy. Revenue from state sources included $1,160,136.25 for share of current expenses, $376,263.80 for transportation, and other items for a total of $1,555,635.95. County Forestry Board To Meet

A meeting of the Garrett County Forestry board will be held at Point View Inn on Thursday evening, December 9, at 6:30 o'clock to review forestry needs of the county for business people and farm organizations, and to make plans for accomplishing the job that needs to be done. This is a program for private landowners, although two assistant district foresters, John Riley and Paul A. Mateer, for the State Department of Forests and Parks, will assist.

Fred Glotfelty, Oakland, is chairman of the group with Max Messenger, Oakland, vice-chairman; Charles Bender, Grantsville; Ross Crowe, route 2, Oakland; and Lester Hunter, Frostburg, as members. The group represents the wood using industries of the county, and other business men and farm organizations.

Mr. Mateer said the organization had set up goals to reach for 1966 including 500 acres of tree planting, 1,500 acres of timber stand improvement, 400 acres of timber marking for harvest cutting, and protection from destructive grazing in at least 50 acres of forest land.

Lake Resident Wins Fellowship

Richard R. Hokaj, of Donora, Pa., and a summer resident of Deep Creek Lake, has been awarded a Rotary Foundation Fellowship for study in Scotland during the 1966-67 academic year.

Hokaj, son of Mr. and Mrs. I. P. Hokaj, who own the Crooked Oak cottages on Deep Creek Lake, Swanton, plans to study mathematics at the University of Edinburgh. His father is principal of Donora Junior High school and a member of Donora Rotary club.

Hokaj will receive his bachelor of arts degree in June from Washington and Jefferson college, Washington, Pa., where he is recipient of a $1,000 yearly scholarship. He also has received the Kappa Scholar Award and the Reserve Officers association medal. He is a member of the college choir, chemistry honorary society, the ROTC and the Delta Tau Delta social fraternity. He also is the ROTC president.

A 1962 graduate of Monongahela Valley Catholic High school, Hokaj was valedictorian of his class, student council president and letterman in basketball. He has been named to the W and J dean's list several times.

The young man is a charter member of the Deep Creek Lake Water Ski club and performed in all water shows held at the lake.

Suspends Sentence

At a hearing in the juvenile court Tuesday afternoon, Mrs. Maxine Unger, of Deer Park, was found guilty of neglect of her children and was sentenced to one year in the Maryland Institution for Women, but Associate Judge Stuart F. Hamill, sitting as juvenile judge, suspended the sentence upon condition she cooperate with the Welfare Board in finding foster homes for four of her children.

Her other two children, who were sentenced last week to be sent to the Montrose School for Girls, were given a preliminary hearing Tuesday morning before Trial Magistrate Robert M. Maroney and held for action of the Grand Jury on charges of perjury.

They were found guilty last week of being delinquent minors, and during questioning had implicated two young men. Then when the two were ordered to stand trial one day last week the girls reversed their story and were promptly charged with perjury and charges against the young men were dismissed. The two girls, Dianna Kay Unger and Lillie Unger, will be tried in criminal court, juvenile jurisdiction having been waived.

Jury Finds 15-Yr. Old Penna. Boy Guilty Of Rape

Pre-Sentence Study Requested For Gary Miller, Of Meyersdale

An all-male Circuit Court jury last Friday afternoon found Gary Lee Miller, 15, of Meyersdale, Pa., guilty of rape and assault with intent to rape, a 22-year-old Salisbury, Pa., married woman, after deliberating some thirty minutes.

Robert T. Hoffman, Oakland, was foreman of the jury which included with its verdict a recommendation against capital punishment. Associate Judge Stuart F. Hamill, who presided at the all-day trial, remarked that he was in complete agreement with the jury and asked for a pre-sentence investigation from the State Department of Probation and Parole before passing sentence.

It was necessary to gather men for jury duty from spectators in the courtroom and from the business places of Oakland, as the regular panel of jurors was exhausted before obtaining the required twelve.

The boy, who was 14 years old at the time of the act, on July 12, had been held in the county jail without bond, except for some 90 days at the Clifton S. Perkins hospital near Jessups for psychiatric examination. The report was returned to county authorities some two weeks ago which indicated he was competent to stand trial, that he was able to properly distinguish between right and wrong and to know the nature and consequences of his acts as applied to himself.

Witnesses said that the boy hid in the back of the woman's car on that day, while it was parked on a street in Frostburg. He made his presence known as the car was ascending Big Savage mountain on U. S. route 40,

Union Services For Thanksgiving Due on Thursday

The annual Union Thanksgiving Service for the Oakland area Protestant churches will be held Thanksgiving Day, Thursday, November 25, at 10 o'clock a. m. It will be held at the Loch Lynn Heights Baptist church.

Speaker will be the Rev. Robert Roberts, pastor of the Oakland Church of the Nazarene. Services are sponsored by the Mt. Top Ministerial association.

Other Thanksgiving services will be conducted at St. Mark's Lutheran church, Oakland, at 10 o'clock, with special music by the three choirs, and sermon by the pastor, the Rev. Wm. Ernest Fox; and at St. Matthew's Episcopal church, Oakland, at 10:30. The latter will be a service of Holy Communion by the Rev. Shelby Walthall, rector. Gifts for the mentally ill of the county also will be received at this time. The rector said there were 66 persons from this county in mental hospitals at the present time.

There will be a Community Thanksgiving service in the Presbyterian church in Kitzmiller on Thursday morning at 10 a. m.

An annual Thanksgiving service for St. John's Lutheran and Glade View Brethren churches will be held at the former church on Thursday evening at 8 o'clock. The Rev. Clyde Hylton, pastor of the latter church, will deliver the sermon.

A Thanksgiving service will be held at the Underwood Ev. United Brethren church on Thursday evening, November 25, at 8 o'clock. A free will offering will be taken for the support of an orphan child.

To Form Four-H Club in Deer Park

A 4-H organizational meeting of all interested boys and girls between the ages of 9 and 19 will be held November 30 at the Deer Park Elementary School. The meeting will start at 7:00 p. m.

Local 4-H leaders are Mr. and Mrs. William DeWitt and Miss Janet Paugh.

The Extension Agents, Mrs. Freda Denison and Mr. James Simms, will present the program.

Voters, Inc., Seeks Members in County

A drive for members in Voters, Inc., was started last week by B. O. Aiken, Accident, a member of the advisory board of the organization which was formed to fight for equal representation in Maryland's General Assembly. The name means Validity of the Equal Representation System.

The organization was formed recently in Annapolis with a five-point program to work for the maintenance of the equal representation system, to stimulate an active interest in legislative affairs, to provide a forum for discussion of topics and issues, to provide voters an opportunity to unite for their welfare and to foster the ideals and principles of good citizenship.

The state group arranged to hire an attorney to enter the case in court on behalf of Senate Bill 8, one of two reapportionmen bills passed recently at the special session. The bill provides for a 53-member senate with one senator from each county and additional ones from larger urban counties.

The group also planned to file a separate suit attacking the constitutionality of alternate Senate Bill 5 which Voters, Inc., said would cut out any chances for electing a senator from several small counties on the Eastern Shore and in Garrett county. If efforts fail it probably will undertake a petition campaign.

Deer Season Will Open November 26

For the second straight year there will be an eight-day deer season beginning the day after Thanksgiving, and it remains to be seen whether the number of hunters will continue to diminish as it did last year.

The season is one day less than two years ago but one day more than three years ago. Last year some people wondered if the hunters would be reduced in number, coming so soon after the Thanksgiving holiday. The hunters did seem to be less last year and the total bucks killed totaled 620. This was far from the record of 804, reached in 1960.

The season will run from Friday to Saturday evening, December 4, excluding Sunday, November 28.

During the period of the buck season it will be lawful to kill male deer with two or more points to one antler and spike bucks with three inch antler. The small game season will be suspended during the deer season but will be resumed on December 7.

The limit is one buck per year per hunter and if he was successful in getting a deer during the bow and arrow season he would be ineligible to hunt during the regular buck season.

The four deer checking stations are at Edwards garage, Grantsville; Matt Storey's, on Deep Creek Lake, near McHenry; Youth Motor company, Friendsville; and Carroll Miller's Mt. Top Tire and Sport shop in Oakland. Deer must be checked as soon as possible after being killed. It is unlawful to remove the head or hide or other parts except the internal organs, or cut up the meat until the deer has been checked.

A special firearm stamp is required to hunt deer by means of firearms in addition to regular license.

Student Honored

Warren McClure Weber, second son of Jack and Sue Weber, of 459 Jayson avenue, Pittsburgh, and a junior in Mt. Lebanon High school was recently awarded honors.

He was chosen Citizen of the Week by radio station WRYT, Pittsburgh, for the week beginning November 21. The award reads: "Presented to Warren Weber for outstanding contributions to the progress, welfare and civic betterment of the Greater Pittsburgh Area".

Warren was an honored guest at the Eagle Scout recognition banquet Monday, November 22, where Col. John Glenn was guest speaker. Lt. Col. William T. Fitzroy, US air force, was Warren's sponsor. Warren is the grandson of the late Mr. and Mrs. Ralph E. Weber.

Hutton Man Dies By Asphyxiation

Elmer Hauser, 63, of Hutton, was found asphyxiated in his automobile about 6 o'clock Saturday evening by Garrett County Deputy Sheriff Wayne Wilt.

Sheriff James E. Frantz said the death was termed a suicide as a hose leading from the exhaust pipe was in the window of the car.

Mr. Hauser had not been seen since Thursday and it was presumed that death occurred that day. The car was found parked on an old road leading off the Fingerboard Road, near Camp Minnetoska.

At the time of Mr. Hauser's death, he was being sought on a charge of assault with intent to kill. His wife had the warrant issued following a family altercation last Thursday morning at their home. A previous warrant has been issued October 12, on a charge of assault, but was never served.

Born in Dobbin, W. Va., he was a son of the late John and Lottie Mason Hauser. He was a veteran of World War II, a member of Lodge 1395, Terra Alta Loyal Order of Moose, and was employed by Frantz-Merle Company at Hutton.

Surviving are his wife, Mrs. Ruby Kathryn Hinkle Hauser; three sons, Thomas, Terry and Ricky, all at home; three daughters, Mrs. Virginia Martin, Marshall, Tex.; Mrs. Pauline Hermantez, Silver Spring; and Donna Hauser, at home; a sister, Mrs. Maxine Belmont, McKee's Rocks, Pa.; a brother, Harry Hauser, Norfolk, Va.; two half brothers, Edgar and Eugene Hauser, both route 2, Oakland; and seven grandchildren.

The body was taken to the Minnich Funeral home in Oakland. Funeral services were conducted Tuesday afternoon at 2 o'clock from the funeral home with Rev. W. Shelby Walthall, rector of St. Matthew's Episcopal church, officiating. Interment was in Garrett County Memorial Gardens.

Wagoner Leases McHenry Airfield

Lloyd A. "Adam" Wagoner, of Finzel, this county, has leased the Garrett County airport near McHenry and plans operating the facility on a seven-day a week basis.

The airport is owned by the County Commissioners and at the present time provides only tie-down services.

Mr. Wagoner, a veteran pilot, plans to provide gasoline and oil service, charter and rental services and will also sell aircraft.

Under the terms of the lease the county will be responsible for snow removal on the runways and reads leading to the ways and roads leading to the

Mr. Wagoner, who operated a mobile home business in the Finzel area, also plans to place a mobile home at the airport for flying guests. The new airport manager has been a licensed pilot and licensed for passenger service for the past 27 years.

His plans for the future also include construction of hangars at the airport.

Fair Stockholders Meet Tuesday Nite

Stockholders of the Garrett County Fair association met Tuesday evening at the fire hall in Grantsville.

Five directors were elected, four of them incumbents, and one new member. New member was James Lininger, succeeding Glenn Frazee. The four re-elected were Lawrence Glover, Hubert Friend, Arthur Fitzwater and Mrs. Robert T. Hoffman. Election of officers for the year will take place at another meeting in the near future.

H. G. Gortner, president, said there were committee reports presented. He said the financial condition of the association "looks good," but said the financial report had not been completed and would be published later.

At Tuesday's session, Thomas Butscher showed slides of photos taken at the 1964 and 1965 county fairs.

A British plane crash killed 36 at London airport.

Parade and Tree Lighting Plans Are Now Complete

Plans for the parade and tree lighting ceremony to mark the beginning of the Christmas season in Oakland, have been completed.

They will take place tomorrow evening, Friday, November 26, at 6 o'clock. Participating in the parade will be the Southern High band and Santa Claus, riding on a fire truck.

The parade will form at the Center street school and will journey to Third, thence to Alder, thence to Second and thence to the church.

In the popcorn balls will be several numbers which may be redeemed for prizes from the various stores of the area.

It was announced there would be three locations for popcorn balls after the Barbershoppers had presented their Christmas carols at the church lawn. There will be 1,500 popcorn balls and from 75 to 100 of them will have prize numbers.

There will be a tree lighting ceremony on the Episcopal lawn, corner of Second and Liberty streets, and the Barbershoppers will be there to sing Christmas carols. The street decorations which have been erected during the past week will also be lighted at the same time that the Community Christmas tree is ignited.

At the conclusion of the actual ceremonies, the First National Bank will present a program on the chimes.

The parade and lighting ceremony are in charge of a committee of the Merchants' association of the Mt. Top Chamber of Commerce, and includes Emile Germain, Tom Butscher and Don Butler. The Merchants' association also is planning a home decoration contest for residents of the Oakland area. Awards of $25, $15 and $10 will be made around December 20.

Special Shopping Issue

The Republican will issue a special Christmas shopping guide which will appear in the mails on Tuesday, December 7. "Shop at Home" will be the theme. There will be Christmas news and features in addition to advertising by local business places.

Man Crushed By Conveyor Belt

A young man was crushed by a conveyor belt at the Mt. Storm Power station of Virginia Electric and Power company early last Friday morning.

He was Clarence A. Friend, Jr., 18, of Friendsville. He was a son of Clarence A. and Geraldine Ryan Friend, of Friendsville.

Officials of the power company said the youth was working in the coal yard at the power project when he apparently was caught in the conveyor belt of a machine and was crushed to death.

He was born at Bruceton Mills, W. Va. Surviving in addition to his parents are four sisters, Mrs. Bonnie Kay Cowan, Laurel; Miss Carolyn Sue Evans, Oakland; Linda Ann Friend and Frances Louise Friend, at home; the maternal grandparents, Mr. and Mrs. Frank Ryan; and the paternal grandmother, Mrs. Grace VanSickle.

The body was taken to the Newman Funeral home in Grantsville and was later taken to the home.

Funeral services were conducted Sunday afternoon at 3:30 o'clock from the Asher Glade Church of the Brethren by Rev. Joseph Lewis. Burial was in the Blooming Rose cemetery.

Two Cars Collide

Two women escaped injury last Saturday following a collision at the Browning intersection on state route 135, east of Oakland, but both cars were damaged to the extent of approximately $1,000. They were Mrs. Clarence Stem and Mrs. Shirley Wright.

Mrs. Wright was charged with operating her automobile at a speed too great for road conditions by the investigating officer.

Contract for new defense missile was awarded for $21 million.

Report Indicates State's Attorney Had Busy Year

A report of the activities of Fred A. Thayer, state's attorney, was handed this week to the Board of County Commissioners and showed some 59 criminal trial cases docketed in the Circuit court, 18 criminal appeals docketed, fifty-five juvenile cases involving 78 children and adults, and 153 cases docketed in the trial magistrate's court involving preliminary hearings for cases to be tried in the Circuit court.

In some cases the totals were less than last year, and in one case slightly more.

Of the 59 criminal cases docketed the major categories included 13, breaking and entering; 13, larceny; 9, welfare fraud; 7, escape; 5, forgery; 3, assault and battery; 2, rape, and one each for habeas corpus, nonsupport, perjury, carnal knowledge, post conviction procedure, murder, worthless check and embezzlement. There were 64 cases in the same category last year, or a decrease of five this year. Among the appeals cases the total was 18 as compared to 33 last year.

Among juvenile cases there was one less last year, or fifty-four, and while 78 children and adults were involved this year there were 84 last year.

The trial magistrate court docket of 153 this year compared to 140 last year, up by 13. The preliminary hearings for cases to be tried in the Circuit court involved non-support, assault and battery, alcoholic beverage violations and other cases.

The period of the report covers from November 15, 1964, to November 15, 1965. Motor vehicle appearances are not included in the statistics.

Mr. Thayer said he was very grateful for the full cooperation of the sheriff's office, the Maryland State police, city police and other law enforcement officials.

Held For Passing Worthless Checks

John Michaels, of Vindex, was arrested and lodged in the county jail this week on charges of passing worthless checks where signatures were not authorized.

Four checks were cashed at the Loch Lynn Garage, one on September 14, for $20; one on September 15, for $10; one on September 16, for $20; and one on September 17, for $20.

He was placed under bond at a hearing November 23 before Trial Magistrate Robert M. Maroney and remanded to jail in default of bond.

Found Not Guilty

Elmer Baker was found not guilty of a charge of assault and battery at a hearing before Magistrate Maroney on Tuesday. The charge was brought by Mary Bowman. The Bakers reside on the Silver Knob road.

Guilty of Assault

Ray Bittinger, of the Mill Run area, pleaded not guilty to a charge of assault and battery at a hearing on Novembebr 22 before the magistrate but was found guilty and sentenced to serve 30 days in the county jail. The sentence was suspended upon condition he be of good behavior. The charge was brought by his wife.

Edw. Humberson Fatally Injured At Bayard Mine

Was Crushed To Death Beneath Drifting Railroad Cars

Edward Eugene Humberson, 21, employe of the North Branch Coal company near Bayard, was crushed to death beneath drifting railroad coal cars Tuesday morning near the mine. He was pronounced dead on arrival at the Garrett County Memorial hospital in Oakland.

A fellow worker, Parke Tressler, also 21, of Oakland, who was working with Humberson at the time of the accident, was treated for shock at the hospital and released.

Authorities said the two young coal miners were working outside the mine about 9 a. m. when a string of empty coal cars began drifting down an incline.

The two men got on the cars and were attempting to apply the brakes but Humberson fell beneath the wheels of the cars.

Humberson resided with his parents, Ralph and Madeline DeWitt Humberson, on North Third street in Oakland. He was a member of St. Paul's Methodist church in Oakland and was born in Cumberland June 2, 1944.

Besides his parents he is survived by two sisters, Linda Humberson, at home; and Mrs. Harvey (Joyce) Winters, Jr., Oakland; his paternal grandfather, Walter Humberson, of Friendsville; his maternal grandparents, Mr. and Mrs. Lester DeWitt, Oakland.

The body was taken to the Minnich Funeral home in Oakland where friends visited Wednesday and Thursday. Funeral services will be conducted on Friday afternoon at 2 o'clock from St. Paul's Methodist church with Rev. Lawrence H. Sherwood, pastor, in charge. Interment will be in Garrett County Memorial Gardens. The body will be taken to the church at 1 o'clock.

Livestock Feed Program Approved

An emergency livestock feed program has been approved for Garrett county by the Secretary of Agriculture, it was announced by Darrell Martin, chairman of the County ASC Committee.

This program will make it possible for eligible farmers to purchase corn from government surplus stocks at reduced prices. Those eligible will be farmers who do not have sufficient feed, including forage, for their livestock because of serious loss of normal supplies due to emergency conditions; and who are unable to obtain sufficient feed from normal suppliers without imperiling continuance of their farming operations, defaulting on existing financial obligations, unsound borrowing, or excessive disposal of livestock.

The program was requested by the County Disaster Committee because the drought had seriously reduced normal supplies of all feed grains and forage in the county.

ASCS officials from both Garrett and Allegany counties will attend a meeting in Cumberland early next week to obtain details for operation of the program. The opening of the sign-up period will be announced shortly after the meeting.

Mr. Martin asked farmers not to apply or inquire about the program until the sign-up period opens.

Bond Sales Are Up

Sales of series E and H bonds in Maryland for the ten months, January through October totaled $69,411,619 as compared with $67,455,051 for like months of 1964, an increase of 3 percent and achieving 83.8 percent of the state's goal of $82,800,000.

October sales amounted to $6,953,113.

Garrett county stood 11th among the other counties of the state with sales of $209,088 for the ten-months period and $10,830 for October. For the same period last year the amount was $173,762. Garrett county has reached 86 percent of its quota of $243,000.

Letters From Famous Americans

George Washington, America's first President, was commander-in-chief of the Continental Army when he wrote this letter to Rufus Putnam in August of 1776. Washington refers to the sinking of vessels in the Hudson River, part of the plan to defend New York City against the British. However, British ships sailed the river and Gen. William Howe defeated Washington in the Battle of Long Island on Aug. 22. Driven from New York in the fall, Washington retreated across New Jersey and into Pennsylvania in mid-December. On Christmas night, 1776, he made his famous return across the Delaware River and Dec. 26 defeated 1400 Hessians at Trenton, N. J. Washington was elected President April 30, 1789. Born Feb. 22, 1732, he died Dec. 14, 1799.

New York Aug. 11. 1776.

Sir

I have the pleasure to inform you that Congress have appointed you an Engineer with the Rank of Colonel, and pay of Sixty Dollars p. Month.—

I beg of you to hasten the sinking of Vessels and other obstructions in the River at Fort Washington as fast as it is possible—advise Gen. Putnam constantly of ye kind of Vessels you want and other things that no delays that can possibly be avoided may happen. P.S. Congress have just sent two French Gent. here as Engineers will either of them be of use at Fort Washington or Kings Bridge?

More Study Sought Dangerous Turn

A further study of road conditions will be necessary before any action can be taken to eliminate the hazardous condition at the foot of Backbone mountain on state route 135, just across Savage river from Bloomington.

The State Roads commission has advised the Mayor and Commissioners of Luke in a reply to a letter sent to them urging action to eliminate a recurrence of the accidents that have taken place there in the last few years. Seven lives have been lost in wrecks in which runaway trucks have been unable to manipulate the sharp curve there and have crashed into the mountain.

When this study is completed the SRC will notify the Mayor and Commissioners of Luke of their decision.

In another effort towards safety, the Mayor and Commissioners of Luke have taken the initiative in ordering a mirror to be placed at the Piedmont end of the Piedmont-Luke bridge. The two towns will share cost of this new mirror.

SUNNYSIDE UNDERWOOD

The Underwood Ladies' Aid met on Wednesday with 17 members present. Following the covered dish dinner, an election of officers was held. Mrs. Marian Friend was elected president, Mrs. Ariena Dilley, vice-president; and Mrs. Mildred Peterson and Mrs. Lucy Fike were retained as secretary and treasurer, respectively. Dinner guests of the Aid were George White and Rev. Early Foster who were doing repair work on the church, and Ray Arnold.

Mr. and Mrs. Keith Stahl and family were in Fredericktown, Pa., one Sunday recently where they visited Mrs. Stahl's mother, Mrs. Cecelia Silfies and daughter.

Elmer Yoder was a Sunday dinner guest of Mr. and Mrs. Harry Canan. Mrs. Yoder is spending a few days this week visiting her children in Orrville, O.

Mr. and Mrs. Ronald Beckman and daughter Rhonda, visited Mrs. Beckman's mother, Mrs. Geraldine Teets, recently.

Mrs. Lesta Butts, Gorman, spent last Sunday visiting Mr. and Mrs. Harry Canan. She also accompanied Mr. and Mrs. Canan to visit Mr. and Mrs. Kenneth Hebb and family, on Location road. Their son Ralph Hebb was home on furlough following basic training at Fort Knox, Ky.

Mrs. Clifford Graham returned on Wednesday to the home of Mr. and Mrs. Thomas Graham from Garrett County Memorial hospital. Their infant son, John Troy, remains in the hospital for a few more days.

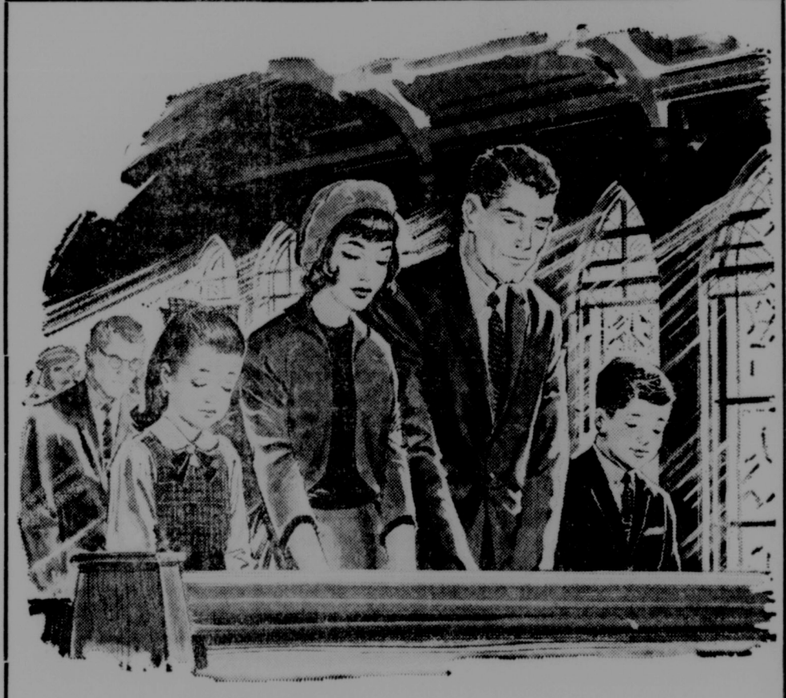
Mrs. Mary Sanders, Freeport, W. Va., remains with her son and daughter-in-law, Mr. and Mrs. Roy Sanders, where she is recovering from a heart attack and slight stroke. Her husband and other members of the family were in to visit her.

Mr. and Mrs. Charles Soelters and Mrs. Elaine Beckman and daughter were Monday visitors of Mr. and Mrs. Harry Canan.

Harry Canan, Mr. and Mrs. Charles Soelters attended last rites for Mrs. Owen Martin, of Red House, on Thursday. Later that afternoon they visited Mrs. James Ludwig and son.

Second Concert For Tri-State Group Is Set

The Tri-State Community Concert Association has a change of pace in store for its members when the Lee Evans Trio presents the second concert of the season in the Fort Hill High School auditorium at Cumberland on Friday, December 3, at 8:15 p. m.



This trio, which features Mr. Evans at the piano, supported by bass and drums, plays new and different versions of the popular standards by Cole Porter, George Gershwin, Harold Arlen and Irving Berlin. They feature good jazz with no flimsy tricks, recognizable melodies with a compelling rhythmic beat, familiar tunes treated in a refreshing new way.

A number of the residents of Oakland and elsewhere in Garrett County are members of the association and therefore eligible to attend all four concerts scheduled in this seventh season of the association.

State welfare costs were seen going one way and that was UP.

Picture Out Of The Past

Motorists Of Half Century Ago Pose In Old Picture

William Welch, of Mt. Lake Park, who submitted this week's Picture Out of the Past, was unable to identify the motorists, but he thought perhaps some reader could do so.

The picture, he said, was taken somewhere in Oakland. The license plate indicates the year to have been 1914. The poster displayed on the building in the background calls attention to a Republican rally, to be held at Terra Alta on October 31. The speaker was to have been Hon. A. W. White.

Readers are invited to furnish identification, if possible.

Officials Envision Big Power System

Power officials meeting in Washington last week proposed steps to be taken to produce a giant power system to deliver electricity to West Virginia and Virginia at half present cost.

The key to the proposal was a system of mine-mouth steam generating plants such as the one at Mt. Storm.

Construction of these plants would prevent electric power failures such as occurred in the northeast recently.

Cost to the two states would be 3.37 mills per kilowatt hour, it was stated by representative of National Rural Electric cooperative association. Present average cost of wholesale power to rural electric cooperatives and municipal systems is 7.7 and 8.9 mills.

He said the system would require a minimum investment of $1.03 billion.

Southern Speaks

By Brad Stewart

PTA Group To Meet

The Parent Teachers Association of Southern will hold its first meeting of this school year, this coming Monday evening at 7:30 o'clock.

A formal meeting will take place in the cafetorium, after which parents will follow the schedules of their children. Under the theme of "Back to School Night", the meeting will give the parents a chance to meet the teachers, and see the new building.

Council Challenges Faculty

The Student Council has challenged the members of the faculty to a basketball game. The game is scheduled for December 3 and will be played in the boys' gymnasium. The contest will begin about 8:00 p. m. and a "sock hop" is scheduled to follow to conclude at 11:00 p. m. The public is invited.

Hunting Policy Announced

The administration has given permission for any boy, desiring to go deer hunting on school time, to be excused one day. The day may be taken if all work is made up, teachers are notified, and three or more days have not been missed previously.

If a student wishes to go hunting, he must acquire a form from the office, fill it out, get parent's signature, and return it. This one day will be counted as an excused absence.

Additions Made In Sports

Two new sports have been added to this year's list of activities. They are wrestling, which was conducted at Southern two years ago, is coached by Robert Fugera; and weight lifting, which is supervised by Larry Shumaker.

It is hoped that a tennis team will be started in the spring. If such a team does develop it will probably be coached by Dale Carrier.

Church Women Meet

The LCW of Zion Lutheran Church, Jennings met on November 14, in the church. Seven members and one guest, Mrs. Stanley Armentrout were present.

Mrs. Earl Burow led the topic, "The Computer—World and the Church", with the assistance of Mrs. Armentrout who discussed, "What Automation Is" and "Taking Action". The program endeavored to help LCW understand the advances which have been made in the field of automation and to appreciate the benefits of it in the home and industry; to accept as a fundamental principle of the Christian life, revealed in the scriptures, that each man has a responsibility before God for the well-being of his fellowman; and to identify the church's role and responsibility for encouraging the retraining of workers, strengthening their morale in times of relocation and helping them to understand the meaning of Christian vocation.

Mrs. Herman C. Meyers presided over the business meeting.

All members were encouraged to participate in the used clothing drive for Lutheran World Relief during the remainder of November.

The next meeting will be held in the churches on December 12 with Mrs. Herman C. Meyers leading the topic, "Carols for Another Christmas".

Terra Alta Soldier Dies In Vietnam

A 26-year-old Terra Alta area serviceman was killed and another soldier was wounded in action in South Vietnam, the Defense Department announced.

Dead is Army Sergeant Herman Russell Hostuttler, star route, Terra Alta, whose wife is Mrs. Mabel Teter Hostuttler. She received a telegram late last Tuesday night saying that her husband had been killed in action.

Mrs. Hostuttler said she expected another message with further details. The body will be shipped back to Terra Alta for burial.

The defense department said Sergeant Hostuttler was among 31 servicemen killed in action in that area.

Wounded in action was Edward Smith, son of Mr. and Mrs. French Smith. He was recently married to Jane Sypolt, daughter of Mr. and Mrs. Edgar Sypolt, Terra Alta. The wounded soldier was to be transferred to Bethesda for hospital care.

The Power of Blackmail

By Truman Sensing
executive vice president
Southern States Industrial Council

Americans from Hawaii to Maine should be deeply concerned over what is happening in the Southern section of the United States. For the forms of political blackmail now being applied in these states could be used against states and individual communities anywhere in the Republic.

Doctors and educators in the South have an extraordinary story to tell concerning events of recent weeks. And for the political health and safety of the American people in years to come, one can only hope that people outside the South will be attentive to the recitation of facts.

What has happened is that the Department of Health, Education and Welfare and the U. S. Office of Education have set up guidelines for medical institutions and school districts. These guidelines, which are detailed to an astonishing degree, have only a weak foundation in the law. But the bureaucrats, acting on orders of the White House, are not worrying about the shaky constitutionality of their actions. They are using the federal money power — the threat to cut off grants and aid — to force hospitals and schools into line. Gone is all semblance of constitutional order by means of action through the courts. Gone is the judicial policy of "all deliberate speed" in dealing with complex social and human problems. Instead, there is supposed to be immediate compliance with plans for medical centers and schools — plans which in many cases are utterly unreasonable and which will work hardships on the communities and people affected.

Americans should wake up to what is going on. Indeed one wonders whether people in Oregon or Nebraska, for instance, have any idea that hospital administrators in Southern States have been effectively deprived of the administration of their institutions. In one hospital in the South, the Department of Health, Education and Welfare instigated appointment of a special advisory committee made up of NAACP officials, who conduct regular checks of a hospital to see that each ward has a numerically satisfactory salt and pepper arrangement of patients.

The Atlanta Times recently cited a federal memorandum which states: "Staff investigating hospitals in connection with Civil Rights compliance must determine the racial distribution of patients among rooms and wards and must evaluate the bad placement of the hospital as it actually is applied in terms of the laws of probability."

What is involved here is a guessing game by zealots, not the application of any statute through the normal administrative and/or judicial channels. The country also has a situation in which agitation groups in effect have been turned into vigilantes serving the bureaucrats. The result is an incredible harassment of doctors and administrators, which in time can only lead to poor medical service and the flight of competent physicians who refuse to work in a situation in which political decisions come before medical competence.

In another situation, one Southern state is threatened with the loss of $1 million in federal aid to the mentally retarded because one institution has declined to admit Negro patients — the reason being that the institution already is filled to capacity and has a long waiting list. Truly, the instances of federal injustice are being multiplied week by week.

This is not the American way. In the South today, states, cities, counties and school districts are being indirectly taken over by government decree. Elected officials and trustees are having their lawful authority usurped by bureaucrats and their helpers among the agitators.

Today, in the South, no bayonets are being used against American citizens. But the application of unconstitutional power is just as ruthless and destructive of liberties. The method now in use is a threat to cut off funds, which the states and communities involved help provide through tax payments. There is only one word for the cruel, sophisticated theft of freedom now taking place — the word is tyranny.

Listen, Americans!

By DR. GEORGE S. BENSON
President—National Education Program
Searcy, Arkansas

The nation's so-called civil rights leaders at last are discovering for themselves that sowing the wind reaps the destruction of whirlwinds. The Reds behind the scenes knew it all along, and now after the Los Angeles whirlwind of violence, with 37 lives lost, hundreds injured, and perhaps $200 million in property gone, the public also is waking up. Even liberal observers such as the **New York Times**, the **Denver Post**, Governor Brown (why doesn't Dr. King stay home?), and Senator Robert Kennedy all seemed ready to call-off the agitative non-violence that wins peace awards abroad and tears up cities at home.

And what was the reaction of President Johnson? Lowering his glance, as if he might have preferred to say something else, the most powerful leader of the most powerful nation gave these same civil rights leaders (?) a go-ahead by solemnly predicting that such riots might break out elsewhere, even in Washington. He did not say they must not, or should not, but that could. Such permissiveness, Mr. President, is no way to keep the vote of clear-headed Negro citizens, of whom there are many.

As to Vietnam, and the tie-in that civil rights propagandists are giving to it, there is a similarity between there and the rioting in America. The Communists are doing everything they can to expand the conflicts in Southeast Asia, as well as in America and throughout the world. To the Reds, civil disobedience and rioting point toward the same goals: lawlessness and anti-capitalism. They don't care whether it takes place in Berkeley or L. A., as long as it happens. Their plans in South Vietnam, therefore, are not so far removed from those in America.

Law and order are the point of first attack. Why cannot more of our leaders, the President, for instance, get the likes of Martin Luther King, who come to the White House frequently, on the mat? "Look here", they could be told, "the country has had enough of this anarchy of violating laws according to individual choice. Let's talk about obeying laws, respecting life and property, practicing self-restraint, and expecting responsible actions and proper conduct from all our citizens." Can't the bleeding hearts raise any money to teach people these things?

It's a fact not known to many, but the majority of our Negro citizens are well-behaved, responsible, and respectful of authority. But let's quit demoralizing the youth and making Communists of the rabble, who so easily can be victimized and in turn victimize their whole race by rampaging through the streets. Then we ought to find ways to punish the propagandists and intellectual incendiaries along with the arsonists, looters, and snipers. The poor are not called upon to riot because they're poor or underhoused. We'll have to look deeper than that.

What solution does Washington have to offer? Why, $29 million in grants for 45 programs "tailored to meet social problems!" These, according to Mr. Johnson, are going to "wipe out the causes of violent outbursts". Without denying the value of the right kind of economic assistance, may we submit that Washington is entirely on the wrong track when it tries to fix up immorality, weakness of character, and poor citizenship with dollar grants.

and produced a knife which he placed against her neck. He ordered her to drive to the Finzel road in this county where she was ordered to continue on two other side roads where she was alleged to have been raped after being forced to disrobe.

State's Attorney Fred A. Thayer, called seven witnesses to the stand including Trooper Edwin Loeber and Tfc. Stephen Russell, both stationed in Grantsville area, who investigated the rape report; Dr. James H. Feaster, Jr., of Oakland, who examined the woman; Harland Upole, superintendent of Savage River State Forest, who captured the youth in the New Germany area; Robbert Sines, who saw the boy run from the woman's car while it was stopped in the vicinity of Robeson's restaurant; the woman, and her brother. The woman was married and has a young child.

Stephen R. Pagenhardt, the court-appointed attorney for the defendant, called only the boy as a witness. A motion asking for a directed verdict of acquittal on the first count of the indictment was denied by the judge. Closing argument in the case took more than an hour.

for operation of plant and equipment; $75,704.86 for plant maintenance; $15,684.41 for fixed charges; $6,372.99 for food services; $1,286.69 for student body activities; $149.20 for community services.

Under instruction the figures were broken down for elementary, secondary and adult education: $750,716.80 for elementary; $640,421.26 for secondary; and $1,035 for adult education. Salaries for elementary teachers totaled $727,113.38 compared to $609,841.24 for secondary instruction.

Under the school construction fund the county received $23,664 from the county incentive fund, $56,693.03 from the state incentive fund and $395,000 from the school construction state loan. Of this amount there was $114,788.22 expended for buildings and building additions.

Under debt service fund figures showed revenue from local sources including $18,108.05 from the natural gas fund, $117,337.23; from state sources $95,448.92. Expenditures in this category included $100,000 on long term bonds, $42,888.02 for cash payments on state loans, and $38,755.89 on state loans, deducted by state comptroller, for a total of $181,643.91 in principal paid, with $31,963.32 for interest paid.

Status Of School Debt

Under status of school debt it was listed that the balance outstanding July 1, 1964 totaled $1,353,949.13 which included county long term bonds of $775,000, state loan of $578,949.13. During the year an additional $395,000 was borrowed. The amount repaid totaled $100,000 on long term bonds and $81,643.91 on state loan, leaving the balance outstanding on June 30, of $675,000 in county long term bonds and $892,305.22 on state loans, for a total of $1,567,305.22.

Value Of School Property

The value of school property was given at $5,819,000. This was broken down $2,719,000 for elementary buildings and $205,000 for equipment for a total of $2,924,000; $2,735,000 for high school buildings, and equipment of $160,000 for a total of $2,895,000; making all school buildings valued at $5,454,000 and all equipment at $365,000.

The complete report of the Board appears on another page of today's issue.

IN MEMORIAM

In loving memory of our beloved wife, mother, and grandmother, Mrs. Annie L. Bateman, who passed away eleven years ago, November 26, 1954.

A silent thought, a secret tear
Keeps her memory ever dear;
Time takes away the edge of grief,
But memory turns back every leaf.
We miss you no less as the time passes on
Than we did on the day of your going.
For absence can never close the door of our hearts.
And the lamp of our love is still glowing.
Sunshine passes, shadows fall
Love's remembrance outlasts all,
And though the years be many or few
They are filled with memories, dear, of you.

Sadly missed by her husband, Hugh Bateman, children, and grandchildren.

How To Sharpen Knives

New, sharp household knives can best be kept in condition with a sharpening steel.

The edges on most hollow-ground knives can be brought back with an oilstone. Do not try to sharpen knives that have saw-tooth or serrated adges.

Stainless steel. To sharpen stainless steel cutlery without scratching, use a fine-grit silicon carbide stone. Whet with small circular motions on each side.

Sharpeners. In a crank sharpener move knife back and forth in groove between stones while you crank. In a power sharpener, draw blade slowly past power wheel.

Sharpening Steel. Point steel up and away from your body. Place heel of blade against tip end of the steel, with edge at 25 to 30 degree angle.

Stroke. Swing knife down length of the steel with light stroke, at same time covering entire length of the blade. Knife point ends at hilt of sharpening steel.

Second Stroke. Make the second stroke exactly as you did the first, except make it on the opposite side of the sharpening steel. Continue stroking and alternating sides.

Urges Observance In Safety Crusade

President Johnson has proclaimed November 26 as Crusade for Safety Day. He has urged private citizens to join public officials in efforts to improve highway safety through application of measures designed to prevent traffic accidents.

He issued a proclamation focusing national attention upon the seriousness of the traffic accident problem and upon the need for stronger action to deal with that problem.

Mayor Russell Smith received a copy of the proclamation from Paul E. Burke, executive director of the Maryland Traffic Safety Commission and spoke of the urgency of safety promotion as the traffic fatality toll was soaring alarmingly.

Other mayors of incorporated towns also received similar notices.

They are therefore joining in with the President in his efforts to bring to the public the need for safe driving and walking over the long Thanksgiving week-end.

No Hospital Births

An unusual piece of news was created this week when the Garrett County Memorial hospital reported no births for the past week. This probably is the first time since the hospital opened.

There were 35 patients admitted and 39 discharged, leaving a census of 45 patients on Wednesday morning.

Mr. and Mrs. Carroll Smith, Lake Side Motor court, Deep Creek Lake, announced the birth of a son last Friday, November 19, at Memorial hospital in Cumberland.

Mercury Dips To 15 Last Saturday

The week's weather has been comparatively mild for this time of year with a dip to 15 degrees one morning for the coldest mark of the period.

The five to seven inches of snow which apparently fell last week in the northern section of the county, must have blown away, as there was little remaining in the area last Friday, except for drifts.

A brief rundown of the week's weather showed last Friday as hazy with temperature at 27 degrees in early morning. Mercury did not climb much during the day. Skies cleared Friday evening and the thermometer dipped to 15 Saturday morning. Skies remained clear and there was considerable moderation. Mercury soared above the 50 mark by noon.

Sunday was again cloudy in the morning with rain beginning to fall in early afternoon with moderate fog appearing. Rain continued to fall Monday and mercury had dipped to 39 by 5 p. m. There was not much change during the night and Tuesday began at 40 degrees. There was some rain in the morning with skies clearing and the thermometer dropping to 37 by 3 p. m. Cool weather continued and Wednesday morning the mercury stood at 31.

"Always Finding More Ways To Serve You Better"

Customer Ideas Helped Decorate Allegheny Room

The ideas of many customers contributed to the finished product—the new Allegheny Room, which is now serving meals at Proudfoot's Oakland Pharmacy. A formal opening will occur early in January, but in the meantime breakfast, luncheon and dinner services are available, and have been for the past three weeks.

The newly constructed addition to the Pharmacy was completed several weeks ago. It covers some 2,400 square feet and the exterior is built of block and brick. Stone for the rear of the room was gathered from fields of the area. The masonry work includes a five-stage waterfall, the product of Clyde Gnegy.

The main dining room seats some sixty persons, and in addition there is a grill room with tables and counter service. The dining room and modern kitchen are in charge of Mrs. Darrell Malone, as manager, and Bob Oliverio as chef. There is an entrance also from "Allegheny Way".

A feature of the new dining room will be the historical displays on the walls which will be changed from time to time. At present there is a display of farming tools and implements mounted on the gray barn wood walls. In the future there will be a drug store display of instruments, vials, etc., used many years ago, and others.

Robert Proudfoot, owner, said, that many of the ideas incorporated in the decorations came from customers who made various suggestions. Many of the suggestions were just what he needed, he added. Color scheme at present is red and black.

The dining area will cater to private parties and family dining.

The first buffet was held Wednesday noon, for downtown shoppers and business men, and it is planned to continue this feature every Wednesday.

Beachy Lumber did the exterior work and floors, and the finishing was by Earl Kitzmiller and Wayne Liller. Plumbing, heating and electrical work was done by Naylor's. Dave Gunter, of Frostburg, was food consultant and trainer for the kitchen staff.

The lunch area formerly was in front of the store, and this has been changed into the card and gift department.

Farmers Asked To Provide Social Security Numbers

Farmers who are receiving payments in connection with participation in farm programs are being asked to let the ASCS County Office know what their Social Security numbers are.

According to Darrell Martin, Chairman, Agricultural Stabilization and Conservation County Committee, a form requesting this information together with a postage-prepaid envelope, has been mailed to each known producer who receives program payments, to be filled in and returned to the ASCS County Office as soon as convenient.

Mr. Martin explained that, beginning January 1, 1966, the identfying Social Security numbers will be entered on payment-drafts to producers, and they will also be used by the Department of Agriculture in reporting such payments to the Internal Revenue Service. Such identifying numbers now appear on all reports of income-payments—such as bank interest, dividends, etc—made by the paying companies or agencies. This is required under Internal Revenue Code.

Any questions about this matter should be taken up with the ASC County Committee, he concluded.

17 Are Killed On State Highways

A total of seventeen persons were killed on Maryland highways last week according to the weekly review of the State Police. Seven of those killed were drivers; six were passengers; and four were pedestrians. Alcohol was a contributing factor in eight of the deaths; speed in eleven; and "driver error" was present in all but one of the fatalities.

In commenting on last week's highway toll Colonel Carey Jarman, Superintendent of the Maryland State Police, pointed to the necessity of adopting adequate measures to deal with the drinking driver problem.

"In upwards of forty percent of all highway fatalities in Maryland", he said, "we see alcohol as a prominent contributing factor. This is a tragic situation and it requires an all-out effort to deal with it."

College Dedicates 3 New Buildings

Three new buildings at Frostburg State college, costing more than $1,100,000, were dedicated Monday afternoon with Gov. J. Millard Tawes delivering the main address.

The buildings dedicated included the Jerome Frompton library, the Lowell Sowers Hall, a dormitory for 91 men; and the Angela Brady Health Center.

The three buildings were constructed by the George Construction company of Cumberland. A reception was held following the ceremonies.

SENSING THE NEWS

By Thurman Sensing
EXECUTIVE VICE PRESIDENT
Southern States Industrial Council

The Rule Of Law...

Perhaps the most extraordinary statement made following the recent riots was that of Sen. Robert F. Kennedy, who said that "there is no point in telling Negroes to obey the law" when many of them have reason to feel that "the law is the enemy".

This is the utmost in permissiveness, and it is all the more shocking because Sen. Kennedy served as U. S. Attorney General, the chief law enforcement officer of the United States. His position is completely without logic.

Consider the moonshiners who produce and sell illicit whiskey in many states. Would Sen. Kennedy says "there is no point in telling moonshiners to obey the law"? After all, they meet his test. They feel that "the law is the enemy".

Law-breakers, after all, are rightly described as "enemies of society". They are the people who believe they don't have to obey established rules of behavior. They use illegal force to get what they want, and the only way to deal with such anti-social behavior is with lawful force in the hands of police authorities.

In recent years, however, many influential individuals and groups in the nation have endorsed the breaking of laws. The National Council of Churches, for example, has upheld those who engage in sit-ins. Now what is a sit-in? It is a violation of a property right. The property involved may be private, as in the case of a store-owner, or it may be public. Property rights are fundamental to society. If there were no property rights, there would be only unregulated tribalized behavior - a primitive communism.

The sit-ins, kneel-ins, and similar forms of anti-social behavior were the entering wedge for destruction of fundamental rights. They constituted the crime of trespass. As the Norfolk Ledger-Dispatch pointed out recently, "Beyond the sit-ins, lie the lawless mobs that ransack whole neighborhoods". Those who encouraged the sit-ins opened the doors for the mobs of looters. They tore down the edifice of respect for law. They incited people to violence and violation of the rights of others.

Thoughtful citizens should see where all this is leading. They should see that "wrecking" a society means repeating what went on in Los Angeles. Indeed that riot may be only the beginning. If mobs believe they have a right to riot (and will escape serious punishment) they may extend their campaign of violence from small shops to major department stores in cities, and to factories and other industrial facilities.

When a terrible riot takes place, and immediately scores of sociologists, moralizers and liberal clergy condemn socitay instead of the rioters—then something is deeply wrong. The fact is, individuals commit crimes — not society. The looters in Los Angeles knew they were breaking the law. The old rule about looters should still hold good — shoot them on sight, ask questions later.

Back in Roman times there was a street rebellion led by an opportunistic Roman known as Cataline. Everyone who has studied Latin or Roman history has read Cicero's great Oration Against Cataline. It bears rereading in these troubled times, for it tells how a shrewd, ruthless adventurer managed to create a street army with which he hoped to topple the Republic. We can see the same thing happening in our own country in our own time. And there are a number of people, like Sen. Robert F. Kennedy, who stand ready to excuse any excesses that take place.

The American people need to bear in mind that they have a right and an obligation to protect themselves, to save the American way of life built up over generations. Freedom was not fought for so that rioters could run loose in our cities, that bands of anti-social citizens could conduct a sit-in or a steal-in. Freedom was created for an orderly society dedicated to the rule of law and reason. The time has come for a rallying of the law-abiding against those who have created a gospel of lawlessness.

Answers From Clinton W. Englander

ASK YOUR PHARMACIST

Question

History shows people using drugs long before there were drug stores, so what happened to all natural drugs?

Answer

What you refer to as "natural" drugs are in use today more than ever before! Modern methods of extraction make them more readily available. As you undoubtedly know, natural sources of drugs are animal, vegetable and mineral. For example, many vitamins, hormones and anti-serums come from animals, while digitalis, morphine and quinine from plants, and from minerals come iodine, Epsom salts and radium.

Fire Protection Sought By Finzel-Long Stretch Area

Citizens of the Long Stretch and Finzel areas were endeavoring to find a way to obtain funds that will insure fire coverage of their area by the Frostburg Volunteer Fire department.

Frostburg firemen announced two weeks ago that beginning January 1 it would no longer answer alarms in Garrett County unless on a call for mutual aid by a county volunteer fire unit. The information was contained in a letter to the County Commissioners.

The Frostburg department said it had unsuccessfully endeavored to negotiate a fair and equitable donation to help defray costs of answering alarms. They called attention to the special levy for fire companies as a result of legislation.

It was indicated two weeks ago that 15 percent of Frostburg department fire alarms came from the Finzel, Long Stretch areas of this county.

Residents of Finzel and Long Stretch had also indicated that the organization of a volunteer department in that area was not practical at this time because of training involved, and other reasons.

At a meeting of the department Tuesday night it was stated that the fire company would extend fire protection service to the area for three months, pending some kind of a decision by the Garrett County Commissioners. The Frostburg firemen approved a figure of $1,500 contribution yearly from this county, for such fire protection. Michael Grable is president of the unit and Joe Durst is chief.

A check of the tax figures in this county showed that the extra 5 cents per $100 of assessable property levied for special fire protection tax, amounted to receipts totaling about $400 from district 9, in which Finzel and Long Stretch are located.

People of the district 9 area are attempting to get the law changed so that the Commissioners may contribute to fire companies outside the county.

Grantsville News

When U. S. Senator Joseph Tydings spoke to 800 students and faculty at Northern High school on November 15, he commended Robert Rodeheaver, principal, upon the fine quality of music by the chorus and the band of Northern High school.

Miss Diana Scragg, Charleston, W. Va., will be a Thanksgiving day guest of Rev. and Mrs. Frank Johnson and son.

Miss Eleanora Younkin is a surgical patient at the University hospital, Morgantown, W. Va.

Mrs. Leslie Stanton is confined to her bed for several weeks because of illness.

A son, James Scott, was born to Mr. and Mrs. James D. McKenzie, on November 18, at Fairview Southdale hospital, Minneapolis, Minn. The mother is the former Ellen McKenzie, daughter of Mr. and Mrs. Howard McKenzie, Grantsville. Paternal grandparents are Mr. and Mrs. Jonas McKenzie, Grantsville.

The Grantsville Rotary club met at Hill Top Inn with Rotarian Harry Edwards relating the highlights of his recent political years in Annapolis, where he served as a member of the House of Delegates. Plans were made to serve the annual Buckwheat Cake and Sausage dinner at the Grantsville fire hall, on Tuesday, November 30, from 5 to 8 p. m. Cost will be $1.00 per person.

There was a Union Thanksgiving service at the Methodist church on Thanksgiving day, at 9 a. m. The Rev. Allen Beachy, of Casselman Mennonite church, gave the prayer. There was special music by the Methodist choir, the Casselman chorus; scripture and comments by Rev. Beachy, and sermon, "Our Thanksgiving Heritage", by the Rev. Frank Johnson, of the Methodist church. The offering was for the American Bible society.

The ULCW of Christ Lutheran church met in the church social room. Mrs. Clinton McKenzie presented the topic, "The Letters I Write," with Mrs. Clyde McCurdy, Mrs. Gertrude Sebold and Mrs. Martha Sebold assisting. The business meeting was in charge of the president, Mrs. Robert Diehl. Officers for 1966 in addition to Mrs. Diehl are Mrs. Cecil Sebold, vice-president; Mrs. Dale Glass, recording secretary; Mrs. Clyde McCurdy, statistical secretary; Mrs. W. Harold Miller, treasurer. Standing chairmen will be, Faith and Life, Mrs. Clarence Younkin; Outreach and Fellowship, Mrs. Clyde McCurdy; Christian Action, Mrs. Donald Newman; Altar Guild, Mrs. Neil Yommer. The officers, committee chairmen and Pastor David E. Fetter will make up the board of directors. Definite plans were made for the LCW Christmas meeting as a dinner at Hill Top inn on December 8, at 6:30 p. m. The Junior choir will present the program under the direction of Mrs. Glass and Mrs. Miller. Secret Sisters will be revealed and new ones chosen. Gifts will be exchanged. The January meeting will be held in the home of Mrs. Gertrude and Cecil Sebold with Mrs. Donald Newman, leader.

11 Cases Filed With Magistrate

Eleven cases were filed with Trial Magistrate Robert M. Maroney, Liberty street, Oakland, within recent days.

Shirley Wright, Mt. Lake Park, pleaded guilty to a charge of operating at a speed too great for road conditions and was fined $7 and costs.

James Allen Tichnell, Jr., Swanton, pleaded guilty to operating an automobile while his license was revoked and was fined $100 and costs. The fine and costs were suspended.

Nine other persons forfeited collateral for various infractions.

John Sims Harvey, Deer Park, Gary N. Howdershott, Albright, W. Va., Jimmie Dale Beeman, Kitzmiller, were charged with exceeding 50 miles per hour. Harvey and Beeman paid $12 and costs, Howdershott $7 and costs.

Harold DeWain Smith, Deer Park, increasing speed when being passed, $7 and costs; George E. Bishoff, Friendsville, passing over solid yellow line, $7 and costs; Wesley Junior Fike, Oakland, spinning wheels when not necessary, $25 and costs; Lucita Jones, Nedrow, N. Y., failing to obey traffic control sign, $10 and costs; Thomas Leroy Dettmer, failing to grant right of way, $7 and costs; Jesse Lee Sneed, Oakland, failing to stop for stop sign, $7 and costs.

Observing Diamond Anniversary

Mr. and Mrs. N. A. Ream will observe their 60th or diamond wedding anniversary on Friday, November 26, at their home at Pine Grove, near Swallow Falls. The celebration will take place however, a day early since that will be Thanksgiving day.

Mr. and Mrs. Ream were married by the Rev. Taylor Sines on August 26, 1905, at their home at Pine Grove. Mrs. Ream, 83, was the former Miss Daisy Hauger. Mr. Ream, 86, has been a lumberman and merchant for the past fifty years. Mr. and Mrs. Ream have operated their present general store at Pine Grove for the past twenty years.

They have seven children, Harland Ream, Deep Creek Village; Hugh Ream, Mrs. William George, Mrs. Audrey Hinebaugh, Mrs. Adra Hinebaugh, Mrs. Nina Ream, Swallow Falls; Mrs. Holice Sanders, Hutton. Mr. and Mrs. Ream also have 42 grandchildren and 29 great grandchildren.

Elected Homemaker For 1966 In Charles County

Mrs. Robert B. Burton, the former Hazel M. Shillingburg, daughter of Mr. and Mrs. C. E. Shillingburg of Steyer, was elected as Mrs. Charles County Homemaker, 1966. This event was the highlight of an International luncheon held by Charles County Council of Homemaker Clubs in La Plata, on Nov. 18.

Mrs. Burton was elected because of her many hours devoted to 4-H leadership for 10 years and her homemaker activities.

She was presented with a white mum corsage and Charles County Homemakers pin.

Ninety were killed in a cruise ship fire enroute to Nassau. Some 459 persons were rescued before ship sank.

A Poverty Tour...

President Johnson made a tour of poverty country in his limousine, and as he was driving through the poverty stricken area of Kentucky he saw a little hut built on a little hill. The roof was bad, windows broken out, no doors, etc.

An old mountaineer was standing on the porch leaning against a post with his hands in the pockets of a shabby pair of overalls. President Johnson parked his limousine and walked up the winding path to the house, and with his hand extended, he said, "I'm President Johnson from Washington, making a little tour of the country and I was attracted by your house.

"You see, we have a poverty program working in this area and I think you need a new house. I'm going to tear this hut down and have you a new house built as part of the poverty program, and it won't cost you one penny."

The old mountaineer, showing no enthusiasm whatsoever, turned to his little meek wife, sitting in a rocking chair inside the house and said, "Ma, bring me the Bible". She promptly replied to her husband's request and he then turned to President Johnson and said "I think it's about time you read Proverbs 26:17".

We ought to make you look it up.

He that passeth by and meddleth with strife belonging not to him is like one that taketh a dog by the ears.

Vietnam Soldiers Aware of Why They Are Fighting

The feeling of soldiers in Vietnam was evidenced by a portion of a letter sent to the Rev. W. Shelby Walthall by Sgt. Terrance A. Skipper, who is a member of a cavalry division in southeast Asia.

The sergeant had heard that a group of persons in Oakland were planning to write servicemen stationed in Vietnam, and were endeavoring to get the addresses.

He says: "I will appreciate greatly and try to answer any letters I may receive from home. However, time for writing is limited and to read a letter requires precious time. I will make a whole-hearted attempt to answer anyone who wishes to write me, even if it be a month later.

"We realize here that the majority of the American people are backing us here and that the dissenters are of a minority. My morale is high as is most of the men but it is a heartbreaking thing to read about some of the actions and incidents taking place in America. The men in Vietnam come from every state in the Union and I have heard representatives of each state exclaim with disbelief that residents of their state could demonstrate in such a manner.

"We know what we are fighting here and only by being here can an American really understand. The people must, without investigating this or similar countries, realize we are fighting for the freedom of America and the world. If each American could spend but one day in Vietnam, Korea, Laos or one of the many Asian countries, they would become fearful instead of being pacified."

Skipper is a son of Mr. and Mrs. Arden Skipper, of Swallow Falls, route 1, Oakland.

Penn Alps Adds To Outlet Areas

Penn Alps has broadened its operations, having recently set up a new gift shop which specializes in the old-fashioned line in Ellicott City near Baltimore.

An article in the Saturday morning issue of the Baltimore Sun, carried a feature story announcing the event and stating "From mincemeat to maple syrup, from doll furniture of Colonial style to a dulcimer, from knitted sweaters to hand-carved figures, the scene at the store is reminiscent of what city folks might consider a bygone era."

The store is the new location of the Penn Alps people, an organization founded in Western Maryland to further the interests of residents of the Allegheny mountains.

Dr. Alta Schrock, Grantsville, who since 1958 has been helping residents of the area, said she was not sure how people of the Ellicott City area would take to the idea. This is the first time the nonprofit organization has ventured to a metropolitan area.

Today there are over 400 hill people who send their handiwork to Penn Alps to be sold. About 20 percent of them are handicapped.

Decision to start a place at Ellicott City was made because free space was made available. Two small rooms at the side of a grocery store at Frederick road and St. Johns lane west of Ellicott City comprise the retail outlet. Along one side are the hand-woven goods, place mats, aprons, runners and coverlets and hand-knitted sweaters. Along another wall are the figures of goats, horses, people and other creatures hewn from native wood. A shelf holds jams and jellies, nut-meats, syrups, maple candy, special salad dressings and flour.

Three masked gunmen took $100,000 in jewels from Kansas City store.

U. S. unemployment rate at 4.3 percent in October, was lowest since August, 1957.

CRELLIN

Mr. and Mrs. George Knotts and son, of Winchester, Va., were week-end guests of Mr. and Mrs. James Helmick and other relatives.

Luther Jordan was admitted to the Garrett County Memorial hospital last Saurday, where he remains a patient.

Mr. and Mrs. Harold L. Lantz and son Andy and daughter, Betty Foy and her daughter, Marilyn Sue Foy, who have been residents of Crellin for approximately twenty years moved to their newly purchased home at Mt. Lake Park. Their son, Harold C. Lantz, who had been in the air force for ten years, and his family are now residing in his parents' home here.

Mrs. Harold Dawson and Miss Ida Poulsen were Thursday dinner guests of Mrs. Paul McIntire and Mrs. Stephen Sanders.

Miss Sandra Metheny, Friendsville, was a Saturday evening visitor at the home of Paul Waller Hoye, Jr.

Darlene Ellis spent last weekend with Sharon Teagarden, at Herrington Manor.

Mr. and Mrs. Carl Ashby, of Akron, O., are visiting the former's mother, Mrs. Minerva Ashby and other relatives.

Mr. and Mrs. Burton Ashby, Miss Betty E. Shaffer and Patsy Henline were shoppers in Cumberland, last Thursday.

Mr. and Mrs. Homer Shaffer and Mrs. Floyd Carskadon spent last Wednesday with Mr. and Mrs. Charles H. Shaffer, Buckhannon, W. Va. They also visited Mrs. Daryl Parsons, near Buckhannon.

Mrs. Della Welch, of Sunnyside, spent the week-end with her brother-in-law and sister, Mr. and Mrs. Cecil Wilt.

Mr. and Mrs. Tom Shaffer and family, of Oakland, and Fairmont, have purchased and now reside in the Frank Bolyard property.

Ex Parte: In The Matter Of The Petition Of Alonzo D. Cummings, and Rosala Cummings, His Wife, for The Adoption of a Minor.

* * * *

No. 118 Adoptions. In The Circuit Court For Garrett County, Maryland.

PETITION

To The Honorable,
The Judges of Said Court:

The Petition of Alonzo D. Cummings and Rosala Cummings, his wife, by Clarence A. Penman, their attorney, respectfully represents unto this Honorable Court:

1. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, reside at Gorman, Garrett County, Maryland, and have been residents of this county for twenty-five (25) years; that Alonzo D. Cummings is 56 years of age and is self-employed as a farmer; his wife, Rosala Cummings, is 58 years of age and is a housewife.

2. That the person to be adopted is Allen Jefferson Atwood, Jr., male, born on July 12, 1961 at Baltimore City Hospital, Baltimore, Maryland; and that the said infant child was born in lawful wedlock unto Allen Jefferson Atwood and Julia Lee Trout Atwood.

3. That the present address of the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, is unknown, even though a diligent search has been made to obtain a present address for them.

4. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, are the parents of eight (8) children all of whom have been emancipated and are over 18 years of age with the exception of Kenneth Cummings who is 15 years of age at the present time.

5. That the infant child to be adopted, Allen Jefferson Atwood, Jr., is in no way related to your Petitioners, but that the said Allen Jefferson Atwood, Jr., has been cared for and supported by your Petitioners in their home since on or about the 8th day of November, 1964 at which time the said child was abandoned by Allen Jefferson Atwood and Julia Lee Trout Atwood, its natural parents.

6. That the said Julia Lee Trout Atwood, mother of the aforesaid infant child, has indicated that she is willing to sign a consent agreement for the adoption of the aforesaid Allen Jefferson Atwood, Jr., but that her address at the present time is unknown.

7. That your Petitioners are members of the Caucasian race and are of the Protestant faith; that the natural parents of the person to be adopted are members of the Caucasian race but that your Petitioners do not know what faith they profess.

8. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, are able to properly support, educate and maintain the said infant and feel that under the circumstances it would be for the best interest of the said infant as well as for all concerned, that the prayers of your Petitioners be granted.

Wherefore, your Petitioners Pray:

(1) That this Honorable Court pass an Order declaring the said infant, Allen Jefferson Atwood, Jr., to be the legally adopted child of Alonzo D. Cummings and Rosala Cummings, his wife.

(2) That this Honorable Court may pass an Order changing the name of the said infant, Allen Jefferson Atwood, Jr., to Allen Jefferson Cummings.

(3) That this Honorable Court pass a Show Cause Order directed to Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, to show cause, if any they have, why the adoption of the said infant child should not be granted as prayed.

(4) That your Petitioners may have such other and further relief as the nature of their cause may require.

And as in duty bound, etc.

Pedestrian Killed

Miss Ann Coker, R.N., 26, former resident of Oakland, was instantly killed last Saturday evening on the streets of Memphis, Tenn., when she was struck by an automobile as she was crossing the street.

She was the daughter of Mrs. Fannie Coker, Morgantown. Marlin Coker, Ypsilanti, Mich., is a brother, and another brother survives.

Burial took place in Weirton, W. Va.

Tawes planned to appoint a group to study state gov't.

CAPITOL COMMENT

by Charles "Mac" Mathias
Congressman, 8th District, Maryland

Red China And The UN

During the past two weeks, many eyes in Washington have turned toward New York and the debate in the United Nations General Assembly over the admission of Red China into the UN.

This is, of course, far from the first time that this question has been formally before the UN. The admission of Red China has been a perennial problem for the United Nations, and one in which the United States has a tremendous interest.

As one of the original members of the United Nations, China is now represented in that world body by the Chinese Nationalists, who were driven off the Chinese mainland in 1949 and have established their government on the island of Taiwan. Mainland China, with a population estimated at over six hundred million, is at present time represented in the UN only through this Nationalist government. The question is whether the UN should seat a delegation from Peking as well as one from Taiwan, or whether the UN should expel the Nationalist representative and seat only the Communist delegation.

This is, certainly, a question which reaches far beyond the simple issue of whether or not Red China should be represented in the United Nations. It has grave implications for the peace and security of all of Asia, and therefore of all the world. It touches in a very real sense on the question of the future of the UN itself. Thus the debate concluded this week is a very serious one.

At the same time, there is an element of the ridiculous in this debate. In the first place, Red China has not applied for admission to the UN. Peking's friends, nations who are presumed to speak for Red China, have urged its admission, but I have no information which convinces me that Red China would unconditionally accept an offer to send a delegation to the UN. It would be absurd for the nations of the world to go, hat in hand, to Peking with an invitation to join the UN, only to be spurned or met with conditions which the other members of the UN could not accept.

Certainly one precondition which we can expect from the Red Chinese is the expulsion of Nationalist China. The United States, with many ties and obligations to the Nationalist government, has opposed this demand vigorously, and the General Assembly rejected it this week by a vote of 47-47.

Another condition which might be expected is the explusion of other member states which Red China opposes. This is as ridiculous as if California has said it wouldn't join the Union unless Maryland were expelled from it. The General Assembly should find this suggestion, which has emanated lately from Peking, a strong reason to reject the idea of inviting Red China to the UN.

The question now has been shelved for this year. In future General Assembly sessions, however, the admission of Red China will be debated again. I fully support the United States policy of opposition to the admission of Red China, and hope this policy will continue to prevail.

29 Permits To Wed Issued Past Week

Twenty-nine marriage licenses were issued during the past week ending Monday morning, November 22, from the office of Richard L. Davis, clerk of the Circuit court. This was one more than for the previous week, but fifteen less than the previous week which started November off with a boost.

The number for the month now totals 101, seven issuing days remaining in the month. Four licenses issued during the week were marked "don't publish".

Isn't it time you see for yourself what the Dodge Boys have to offer?

Have you heard what car dealers all over town are talking about? They're nervous about the Dodge Boys because those wild rascals are upping the trade-in value on all cars. When you test drive the Coronet, compare its price with others in its class, then hear what the Dodge Boys will offer you on a trade-in allowance, you'll be a Dodge Boy booster. See for yourself ... see your Dodge Boy today.

TEST DRIVE THE '66 CORONET AND YOU'LL JOIN THE DODGE REBELLION. IT'S GUARANTEED* TO DRIVE YOU HAPPY!

THE DODGE BOYS

*HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1966 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings.
REQUIRED MAINTENANCE: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Joining the ranks of late summer brides was Miss Mary Elizabeth Sines who became Mrs. Charles Earl Steelberg during a ceremony that took place Sept. 4 at 6 p. m. in the Boston Methodist Church, Boston, Pa., with the Rev. Kenneth Fordyce officiating.

The bride is the daughter of Mr. and Mrs. Denzil A. Sines of Deer Park, and her husband is the son of Mr. and Mrs. Charles O. Steelberg of 168 Broadlown Drive, Elizabeth, Pa.

Organist was Mrs. Nancy Essay and William Larson sang "Because", "Wedding Prayer" and "The Lord's Prayer." Attending the couple were Miss Susan Silk as maid of honor, George A. Steelberg as his brother's best man and George Maurer and Bradford Silk, ushers.

The bride wore a long white satin gown with a long train, white lace sleeves and lace and seed pearls trimming the train and the front. Her bouffant elbow veil of illusion fell from a cabbage rose and she carried white carnations and lilies of the valley on a white Bible.

Miss Silk was attired in a gown with a dark blue velvet bodice, scoop neckline and lighter blue chiffon sheath skirt. She had a blue chiffon hairbow and carried a spray of yellow carnations. Mrs. Sines selected a blue and white ensemble with a blue carnation corsage and the bridegroom's mother chose a gray floral print dress with black accessories and a pink carnation corsage.

A reception took place at the home of the bridegroom. After a wedding trip to Blue Mountain Resort in Southern West Virginia, the couple will reside at 5483 Sanger Ave., Alexandria, Va. Mrs. Steelberg is a graduate of Southern and is employed at the Post Office Department in Washington, D. C. Her husband was graduated from Elizabeth Forward High school and Electronic Institute in Pittsburgh and is employed by Western Electric in the Washington area.

Southern To Open Cage Season Dec. 7

The Southern Highlanders basketball season will open Tuesday, December 7, on the home court against Valley High of Lonaconing. The Highlanders will be coached again by Bill Watson and he has some promising material out for practice sessions.

The team won only three games last season, against fifteen losses, but Dick Travis, athletic director, said several of the games were lost by one-point margins and had been very exciting which resulted in the highest gate receipts in history.

Returning to the squad this year are John Minnick and Mike Friend, seniors, Rob Sharps, Roger Ruff, Jerry Fike, Andy Lantz, while others out for the team are Billy Hawkins, Billy Martin, Andy Cosby, Harvey Speicher, Paul DeWitt, Don Parsons, Bobby Evans, Tom Dettmer, Robert McCall, and others.

Two new opponents will be on the Highlander schedule this year, with single games each against Berlin and Bruceton. The addition became necessary when Mt. Savage was reclassified into a class "C" school and cancelled a home and home arrangement with Southern so it could compete with Allegany class "C" schools.

Southern has an 18-game schedule not including an alumni game.

The Schedule

Dec. 7, Valley, Lonaconing	Home
Dec. 10, Bayard	Home
Dec. 14, Berlin	Home
Dec. 17 Bruce	Away

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

We dare not forget that when our forefathers celebrated the first Thanksgiving Day they weren't at all sure that their meager harvest would be adequate to sustain the little community through a long hard winter. About *all* they could give God was thanks!

Gratitude for our blessings in time of abundance discovers a new dimension. We can become partners with the Almighty in His mighty aims.

For the very season in which Christians give thanks to their Lord is the season in which they plan their stewardship—their support of the Church's continuing work.

If you are a church member, demonstrate your thanksgiving in earnest commitment to your congregation's spiritual opportunity. If you are not a church member, express your thanksgiving by discovering your own spiritual opportunity.

Spiritual dedication is about the only life resource of which we do not have more than we absolutely need!

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

God and Justice

Lesson for November 28, 1965

Background Scripture: Amos 1 through 9.
Devotional Reading: Isaiah 42:1-7.

IT TAKES all kinds of Christians to make a church. It takes all kinds of servants to carry out the work of God. The four greatest prophets of the 8th century before Christ were very different men. One of them, Isaiah, by name, was an aristocrat, friend of royalty, a man of wealth and high education. Another, Hosea, was a man with terrible trouble in his own home, a man never far away from a heartache. A third, Micah, was a small-town humorist and punster. The fourth, named Amos, was right from the bottom of the pile, a very poor man, a migrant farm-hand, a sharecropper we might call him. This Amos was not a professional prophet. As far as we know, he did not join any prophetic association; he had no friends among other prophets. He was a "loner," with only God for an intimate friend.

Dr. Foreman

God's plain man

Amos could well be called God's plain man. He had no advantages of what we call "background." His college was the "university of hard knocks." Such a man often knows more about what's really going on in the world than those who live more sheltered lives. If you had gone to Samaria — Israel's capital city, where Amos delivered his fiery messages—and asked almost anybody what conditions were like in Israel, you would have got a glowing report. The country was at the peak of prosperity, all was at peace, everybody was making good money, people in plenty could afford two houses, one for winter and one for summer, imported silks orated with ivory, everything were common, homes were decpointed to continued prosperity for a long time to come. Into this complacent optimism Amos threw his bombshells. As he saw it — or as God had shown him through his personal experience —things were not well with the country. The fact was, the citizens of the country had made comfort and money and luxury into gods. Amos (coming as he did from the submerged classes) knew what it was to be poor, underpaid, ignored, robbed by the wealthy land-owners. The prosperity of the country had been gained at the expense of underpaying the workers.

Justice is people

Justice does not go around by itself, fighting with injustice also going around by itself. Justice and injustice are in the hearts and lives of men. We often speak of unjust conditions and unjust laws; but back of every law and condition, good or bad, are the people who make it so. Justice means more than anything else equality — not equality of ability and character, for hardly any two persons are equal in this way. But justice means equality of opportunity. It means (as far as it is within power) that no human being shall find the road to his highest achievement artificially blocked off by conditions which can be changed.

Justice is religious

Is America a country where justice reigns? Yes and no. Everybody (especially politicians) is in favor of justice; but history shows that there have been whole classes of persons who have not had a square deal. Amos would be on their side. Indians first, then Negroes, Orientals, immigrants, children, the mentally ill, sharecroppers, people who cannot find jobs, — these have always found the underside of life in America rough indeed. Lately the church has begun to sit up and take notice. So long as religion has to do with the way we deal with our fellowmen, all problems of man are the Christian's problems. Religion is many things, but not least of them is Justice.

Gentlemen:

We have examined the statements of receipt collected and expenses disbursed and related cash accounts of the Garrett County Board of Education for the year ended June 30, 1965. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary under the circumstances.

In our opinion, the accompanying statements and exhibits fairly present the Garrett County Board of Education's cash position at June 30, 1965 and income collected and expenses disbursed by the Board of Education for the year then ended on a basis consistent with that of the preceding year.

Respectfully submitted,
(Sgd.) George McLaughlin
Certified Public Accountant

Science Students Named for Meeting

Three outstanding high school science students have been selected to attend the seventh National Youth Conference on the Atom in Chicago next month as guests of Monongahela Power Company. A science teacher from each of the three high schools represented also will be a member of the utility company's delegation.

The students, selected on the basis of tests conducted at three college testing centers, are Michael Toothman, of Morgantown; Hobart Coffman of Phillippi and Lawrence Phillips of Weirton.

Teachers who will accompany them are Carroll Palmer, head of the science department at Morgantown High; Leslie Webb, Physics instructor at Philip Barbour High, and Peter Rohal, science instructor at Weir High.

These three high school science students have been selected to represent Monongahela Power Company's service area at the national Youth Conference on Atoms in Chicago December 9-11. Left to right, Michael Toothman, Morgantown; Larry Phillips, Weirton ans Hobart Coffman, Philippi.

High schools throughout the area served by Monongahela Power including Southern High were eligible to participate in the tests. About 80 students actually took the tests.

Purpose of the conference is to present an inspiring picture of the peaceful use of the atom and to encourage interest in the field of science. National, state and local educators have praised the conference as a significant contribution to science education.

Appreciation Meal For 4-H Leaders Held November 18

The 4-H Leaders, their husbands and wives, and the Extension Agents, James Simms and Mrs. Freda Denison, held an appreciation dinner November 18. It was prepared by the Bittinger women. The dinner and meeting were held at the Bittinger Community Center.

The program included an invocation by Ray Mattingly, group singing led by Linda Glotfelty and assisted by Susan Brenneman and Jancis Murray. New leaders were introduced and welcomed to the association by Mrs. Denison.

Mr. Simms was the speaker. He discussed the formation of a County Leader Advisory Committee. After a lengthy discussion a motion was made to table the idea until more information and thought could be given to the subject.

Attending were Mr. and Mrs. Henry E. Literary Review

By Kenneth Legge Hardesty

The Ruth Enlow Library, Oakland, received the book, "Community of Fate", by Professor Kurt Rosenbaum this week. Dr. Rosenbaum is an outstanding historian at the University of West Virginia, and has written other articles of note. Historians will value the wealth of material made available by the author's care and thoroughness in translating and analyzing these documents.

A record, "Folk Songs of the Alleghenies", was obtained last week from West Virginia University. The record is by Dr. Patrick Gainer, Professor of English at West Virginia University. Dr. Gainer has spent many years collecting folk songs in the West Virginia mountains, and has produced this record.

Dr. Gainer states that singing is a natural form of expression, when man felt strongly about something he related it into a song. Almost all the songs are of Old World origin, and most of the singers who gave them to Dr. Gainer were of British ancestry — chiefly Scotch-Irish. Most of the songs were songs of the home. They were not sung for any certain occasion, but were the expression of the people who sang. These songs of the home are called "ballads and love songs".

In recent years there has been some confusion of "hillbilly" songs with the genuine folk songs. There is, of course, no relation between the two. Some of the songs on the record are, Lord Bateman, Barbara Allan, The Cherry Tree Carol, and The Rejected Lover.

Dr. Gainer is known to many Oakland residents, and I am sure they would enjoy hearing this beautiful music. Miss Brock, librarian, states that the record will be available for public use next week.

A THANKSGIVING Safety Message
to all Employees of
North Branch and Alpine Coal Companies

In a very short period of time the holiday season will be here. I am taking the opportunity, at this early date, to send you a message of best wishes for the health and safety of you and your families during the holidays and in the new year to come.

The happiness and welfare of our families depends largely on whether or not we, as fathers, husbands and bread winners, return safely home from our work at the mines every day of our working lives.

To make this a reality your company is presently starting a strong and continuing safety program. This safety program will include training classes in Accident Prevention and Training Classes in First Aid which will be conducted in cooperation with the State Department of Mines and the United States Bureau of Mines. We plan to hold weekly safety meetings in the mine on each section. There will be a safety suggestion box placed in your lamp house and you are sincerely invited to place your safety suggestions in the box and feel assured that they will be placed on my desk and given immediate attention and consideration.

There will be a safety council organized at your mine and it will be yours and our council with duly elected officers. Meetings will be held monthly and at these meetings we will discuss all accidents that have occurred during the previous month and ways and means of preventing reoccurrences. Safety education films will be shown and qualified speakers will discuss mine safety with us.

The weekly safety meetings that are held in the mines will take place during the working shift and will be paid for as work time. The Accident Prevention Course, First Aid Training, and Monthly Safety Council Meetings will take place on Saturdays and after work shifts are over during week days. These courses and meetings are not compulsory and employees attending them do so voluntarily and on their own free time. The many benefits derived from such activity extends to our families and our fellow man.

I am sure that the safety activity plans I have mentioned and others that we will formulate in the future can only result in moulding all of us into a safe operating and efficient unit.

Let us all join hands and bring our accident rate down to an irreducible minimum.

"Safety is our first consideration," shall be our motto.

Sincerely,

Charles E. Richardson

Two Acquitted On Income Tax Evasion Counts

Case Of Two Other Members Of Lumber Concern To Continue

There was a directed verdict of acquittal for two of four persons from Friendsville charged with evading payment of income taxes, in federal court in Baltimore yesterday. This occurred after the government had completed its presentation of its case before U. S. District Court Judge Harrison Winter, and argument was heard on the motion for the directed verdict by the defense.

The defense will continue to present its case today in the case of the two other defendants.

There was a directed verdict of acquittal for Ward Sisler, 52, and Donald Frazee, 29, while there was an acquittal in the case of Edward Frazee, 32, for one year, 1957. Charges remain against him for the years 1955 and 1956. The fourth man charged is Foster Frazee, 50, for years 1956 and 1957.

Milton Kyhos, Cumberland, agent for the internal revenue service, testified in court Tuesday that the operators of a Friendsville lumber company had failed to take advantage of legal deductions in filing their returns but added that the men had made illegal depreciation allowances. They were charged with evading payment of about $28,000 in income taxes in the three years.

Mr. Kyhos also reported that the men had offered to pay back income taxes by taking a smaller timber depreciation allowance.

Assistant U. S. Attorney Roger C. Duncan said the four men understated their total income by more than $89,000. Their attorney R. Carlton Sharretts, Jr., in his opening statement before the jury said evidence would show the defendants trusted their tax preparation to a school principal and did not deliberately try to defraud the government.

One statement by Kyhos was that when he interviewed Foster Frazee and asked about a number of checks from U. S. Steel not included in partnership records, he said Foster told him there was a good reason why

527 Deer Slain First Five Days Of Buck Season

Season Began Lively But Tapered Off During Present Week

Five hundred twenty-seven bucks were slain during the first five days of the 8-day season, it was reported this morning by Harold Harmon, from the Mt. Nebo game reserve. The number was totaled from the four deer checking stations in the county, and one at Westernport in Allegany and one at LaVale substation.

This was sixteen short of the deer kill for the same period last year.

The season, as last year, started lively enough with 401 being reported for the first two days, but the last three days have shown a decided drop with 50 for one day, 45 for another and 31 yesterday. The slowdown was caused apparently by the timing of the open season, so near Thanksgiving. There were hundreds of hunters in the woods the first two days, having taken a week-end following the holiday, but most hunters returned to their homes for the week-end and apparently many of them did not return.

The record of 804 kills was recorded in 1960 and last year there were 619 bucks slain with 609 for the previous year.

Heaviest buck reported was 153 pounds, Luke Kearney, of Shallmar, got an 8-pt., 153 pounder at Schell and Patricia Graham got an 8-pt., 153 pounder in the Underwood section. Biggest rack was a 12-point obtained by Jim Hinebaugh. Later reports from the Grantsville section may change all that.

More and more women were coming into the picture with at least ten reporting deer kills. They were Eleanor Browning, Patricia Graham, Rosemary Lewis, Christine Woods, Mrs. Oliver Lewis, Barbara Lewis,

GETS 12-POINT BUCK—Jim Hinebaugh, Frostburg State college student, who resides at Swallow Falls, was successful in shooting his buck with a nice set of antlers having 12 points and weighing 105 pounds. He used a .30-.30 calibre Marlin rifle, and brought the buck down near the "Old Cross Place" along the Oakland-Sang Run road, on Monday. The deer was listed at one and one-half years old.

Education Board Seeks Bids On 4 New Additions

Will Round Out School Building Improvement Program

The County Board of Education is now advertising for bids for four new building additions to the county schools. Plans call for three additional classrooms to the Dennett Road School, a new library for Southern High School, a new cafetorium and band room for Northern High School. The completion of these new additions will round out a school building improvement program set up by the School Board several years ago. Just a year ago last September a new cafetorium was completed for Southern High and this past October another addition to Southern High, consisting of ten classrooms and a girl's gymnasium, was completed and is now in use. Two vocational shops, one at Southern and one at Northern, are now under construction and will be completed by early summer, in time to be equipped and ready for use when schools open next September. Vocational programs in auto mechanics, drafting, electronics, machine shop, and advanced carpentry will be offered senior high school boys.

The additional rooms at Dennett Road will help reduce class size and will care for some third graders now at the Center Street School, thereby helping to reduce class size in that school also, according to Willard L. Hawkins, County Superintendent. The library at Southern will replace the present inadequate library facilities there. The present library space will be converted into a large typing room with enough machines added to provide for the growing pupil demand for personal typing. The cafetorium at Northern will be patterned after the one built at Southern last year, and will facilitate the cafeteria operation as well as provide an auditorium with a large stage for dramatics, musicals, school assemblies, etc. The cafetorium will seat 800 people. The band room will provide a long overdue need, Mr. Hawkins noted, removing the noise of band rehearsals and instrumental music classes from the main building. The present band room will be converted into a vocal music room.

Anniversary Dinner Set By Lions Club

The twenty-fifth anniversary dinner of the Oakland-Mt. Lake Park Lions club will be held at Southern High school on Saturday evening, December 4, it was announced.

Dr. Rourk to Speak

Dr. M. Henderson Rourk, of Shallotte, North Carolina, director of Lions International will speak to the group. He has held offices of president of the Shallotte club, chairman, deputy governor, district governor and international counsellor. He received the Lion of the Year, Extension, International Presidents' and key member awards.

He has been a practicing physician for thirty years and served for over four years in the Pacific theatre in World War II.

Lewis R. Jones will serve as master of ceremonies. Special guests will be Charles D. Fishack, Jr., district governor, Smithsburg, Md., Murray D. Ryan, extension and special events chairman, Timonium; G. William Baker, deputy district governor, LaVale; and James E. Gaver, cabinet secretary-treasurer, Hagerstown.

Entrtainment will be provided by the Fireflies, and a presentation by John Reed King on "The Battle of th Sexes".

There are seventy-four members on the roster with seven additional ones listed as members at large. Don M. Browning is the present president.

Abney Appeals Conviction On Murder Charge

Edwin Joe Abney, 31, of Poplar Bluff, Mo., who was convicted of murder in the second degree by three associate judges late in September and sentenced to 15 years in the Maryland penitentiary, has filed an appeal, and his case will go to the Maryland Court of Appeals within a few days.

The motion for an appeal was filed on October 20, and when Abney indicated he had no funds with which to hire an attorney, the court appointed W. W. Grant to represent him at Annapolis. Grant had been one of his two defendant attorneys during the trial this fall.

It took several weeks to make a transcript of the testimony in the case which ran 289 pages.

Abney was convicted of killing Elmore A. Templeton, 37, of Waterproof, La., on the night of August 13, on a Friendsville street.

21st 4-H Club Formed In County

A new 4-H club was organized in the Deer Park area this week, marking the 21st club in the county. The new leaders are William DeWitt, Organizational leader; Miss Janet Paugh and Mrs. William DeWitt, Project leaders. The club plans to meet the first Monday of each month. The next meeting will be held January 3 at the Elementary School.

The 4-H Extension Agents, Mrs. Freda Denison and James Simms, presented the organizational program.

Hunter Dies In New Germany Area

Joseph J. Schuler, 57, of Baltimore, died Monday after hunting in New Germany area of the county.

Mr. Schuler came from Baltimore on Thanksgiving Day with a party of deer hunters and was staying at the farm home of William Warnick Monday Mr. and Mrs. Warnick heard a noise from Schuler's room and when they entered they found him lying on the floor, where he had fallen.

An ambulance was called and Mr. Schuler was taken to the Newman Funeral home in Grantsville where he was pronounced dead by Dr. James Feaster, Jr., deputy state medical examiner for the county.

Authorities said Mr. Schuler and other hunters were in the woods on Friday and Saturday and that on Sunday had toured the Blackwater Falls and Stony River dam area.

The body was returned to Baltimore.

Variety Of Weather Greets Mt. Top

There was a variety of wind, rain and snow to temper the week's weather with a total of about two inches of snow falling during a two-day storm. The balance of the week was mostly clear and cold.

The snowing occurred on Monday and Tuesday with temperature in early morning at 18 degrees. On Monday the mercury did not get above 23 degrees, and on Tuesday it did not get above 24.

Last Thursday the skies were partially clear with moderate freezing at night. Friday there was a light rain with cloud cover most of the day. Temperature had reached 50 by 10:30 but dropped slowly. There was additional rain Friday night with high winds. Rain continued to fall early Saturday but skies cleared by 9 o'clock. Temperature rose to 44. Sunday was cold and windy. Skies cleared on Wednesday and the mercury got up to 28. Warmer weather is forecast for today, with mostly clear skies.

Hawkins Speaks To P.-T.A. Council

Willard L. Hawkins, county superintendent of schools, was the speaker at the meeting of the county council of Parents and Teachers on Tuesday evening at the Loch Lynn school. His topic was federal aid to education and its impact on the county, what it has already done and what it can do in the future.

A report on the proposed junior college also was given by Mrs. Elsie Brady, county council chairman. Mrs. Chester Evans, membership chairman reported 965 members in the county PTA's.

Ten schools were represented at the meeting. Purpose of the county council was stated as promoting conference cooperation among member units, of matters of mutual concern within council boundaries.

Mrs. Brady said the council strengthens each local unit, enabling it to work more effectively in its own school and neighborhood. Present officers are Willard Elliott, president; Mrs. Mary Martin, vice-president; Mrs. Patricia White, secretary; Mrs. Lois Mosser, treasurer.

Beverage Dealers To Meet December 5

The Licensed Beverage association will meet Sunday, December 5, at 2:30 p. m., at Lawson's Tavern in Friendsville. Election of officers will be an order of business.

Charter membership will remain open until December 31, it was announced by Mrs. Louise Seggie, president.

Awards High In Accident Cases

Judgments totaling $85,000 have been ordered by Judge D. K. McLaughin of Hagerstown, against Suzanna Kasecamp, Frostburg, who was defendant in a series of nine damage suits growing out of a fatal motor vehicle crash on July 4, 1964, on Big Savage.

Judge McLaughlin filed last week the opinions on suits that were heard in Washington County Circuit Court earlier this month.

The largest amount of the total was awarded to the widow and children of a Hagerstown man, Thomas Wood, who was one of two persons killed in the crash.

Judge McLaughlin ordered a judgment of $25,000 for Mrs. Wood in a suit seeking damages for injuries which she suffered in the collision on Big Savage Mountain.

In another lawsuit filed over the loss of her husband by Mrs. Wood and on behalf of the couple's three minor children, these judgments were ordered:

To Mrs. Wood, $5,000; to David W. Wood, $8,500; to Margaret L. Wood, $14,800 and to Kimberly B. Wood, $16,400.

A third lawsuit was filed by R. Noel Spence, as administrator of the Wood estate. The jurist ordered a judgment of $2,295, in this case, for funeral expenses and damage to the Wood vehicle.

Colonel Bowman, Salisbury, who was the husband of another person fatally injured in the crash, Mrs. Almetia F. Bowman, filed one lawsuit as administrator of his wife's estate. A judgment of $1,300 was ordered for pain and suffering by Mrs. Bowman and funeral expenses.

In a second suit filed by Mr. Bowman, a judgment of $1,400 was ordered for loss of his wife's services, and $100 on behalf of Peggy Lou Bowman, a minor, for loss of her mother's services.

Two Are Injured In One-Car Wreck

Two persons were injured in a one-car-crash just west of the Maryland State line at Hutton early Sunday morning.

They were Donald Grubb and Richard DeWitt, both of the Oakland area. Their automobile had turned over several times and both were pinned in the car when Edward DeWitt, a brother of the latter, of Crellin, came along. He flagged Jack Jones, returning to Mt. Lake Park from Terra Alta, and both succeeded in getting them out of the car and calling an ambulance from Terra Alta.

Both men were taken to Preston Memorial hospital in Kingwood and later the same day were transferred to Garrett County Memorial hospital. Grubb suffered an injury to his left knee cap and was bruised considerably. DeWitt had multiple head injuries, and still remains a patient at the hospital. Grubb was released earlier this week.

Cause of the wreck was not determined.

Named Coach Of Year

Guy Propst, 56, Circleville High football coach, was named coach of the year at the annual dinner meeting of the Potomac Valley conference at Keyser, Tuesday night. Coaches of the twelve schools in the circuit balloted and selected first and second all-conference teams.

John Minnick, Southern high backfield man, was named on the second team.

Southern High school, runner-up in the baseball league last spring, was scheduled to receive a trophy for the standing. Petersburg High school took this spot. LaSalle High of Cumberland was footbball conference winner.

Christmas Treat Set For Dec. 18

Letters went out late in November to individuals and business concerns seeking contributions for the annual Christmas treat for all children of Oakland and nearby communities, which is scheduled for Saturday, December 18. Arrangements are made annually by the Mt. Top Chamber of Commerce.

Distribution is in charge of Charles L. Briner and his committee. This treat this year will take place on Second street between Green streets and the postoffice. Santa Claus is expected to arrive at 1 o'clock p. m. The treat will be given out with the help of the local National Guard members and the Boy Scouts.

The treat is made possible each year through contributions and the committee is endeavoring to raise $650 or more. Treats are given annually to some 2,500 children. This is the sixteenth year for the annual treat.

Mr. Briner reported that some $300 already had been received in contributions, and he urged a prompt reply to the letters.

Scout Drive Hits $1300 of Quota

The Deep Creek District's boy scout drive for funds reached $1,300 this week but still lacked $378 to meet its quota, it was announced by Maurice Brookhart, vice-president of Potomac Council and chairman of the local campaign.

He felt confident that the entire amount would be raised, but urged that business places and organizations which had not already contributed would do so within the next week. Mr. Brookhart, also stated that he had no report as yet from Grantsville, Friendsville and Accident, which normally provide $200 to $300 of the amount.

Brookhart had Irvin Feld helping him in the drive as chairman for the business places, and some twenty-five other volunteers who made a house to house canvass in Oakland and Mt. Lake Park. Assisting in the drive also were Merle Frantz at Friendsville; Rev. W. E. Carlson at Accident, and Dr. Gillum in Grantsville.

The money will be turned over to the Potomac Council, Boy Scouts of America headquarters in Cumberland, as the Deep Creek district's share of the council's budget of over $40,000. Garrett county is asked to raise some 4 percent of the entire amount to provide scouting in Kitzmiller, Oakland, Mt. Lake Park, Deer Park, Accident, Friendsville, Grantsville, and other areas.

Firemen Are Called

Oakland volunteer firemen were called to the Oakland Tire Service last Friday afternoon, but the fire was out on arrival and damage was slight.

Robert James, proprietor, said a sprayer using naptha had ignited but was quickly extinguished. The fire department was called when it was feared the naphtha tank might explode.

Oakland firemen also were called Sunday afternoon at 3 o'clock to extinguish a fire in the automobile of A. O. Riley, of Oakland, which was parked at the time on Third and Alder streets. A short circuit in the wiring was said to have been the cause. Damage was estimated at $150.

Phone Company Plans Expansion Of Dial Equipment

The board of directors of the Chesapeake and Potomac Telephone company of Maryland has approved during the past 12 months expenditures amounting to nearly $94 million, according to L. Mercer Smith, vice-president. The total includes more than $15,400,000 authorized at the board's regular meeting November 29.

Included in the amount is an expenditure of $65,000 to provide additional dial switching central office equipment at Oakland and Lonaconing, and establish additional interoffice facilities between Cumberland and Oakland.

Largest single amount was over $10 million for a number of projects throughout the state for construction and expansion of telephone facilities.

Some $1,500,000 was for the Baltimore metropolitan area; $170,000 for eastern shore; $198,000 for Hagerstown area; $323,000 for Westminister district; $46,000 for southern Maryland; and $641,000 for suburban Washington areas in Maryland.

Fined For Giving False Information

Richard F. Zbikowski, of Baltimore, was arrested by Game Warden Robert Brown and charged with giving false information to procure a hunting license. He forfeited collateral of $50 and costs.

In two other cases before Trial Magistrate Robert M. Maroney this week the traversers entered pleas of guilty.

Russell Welch pleaded guilty to a charge of assault and battery upon Patricia Welch, of Fingerboard road, west of Oakland, at a hearing on November 29, and was fined $10 and costs.

Earl Raymond Cooper pleaded guilty to a charge of being drunk and disorderly on a public highway on November 25. Corporal Robert Henline found the man parked alongside the highway on U. S. 219, six miles north of Oakland. He was fined $10 and costs.

Record Mail Is Expected In Area

As the Christmas mailing period begins for the Oakland post offices and other offices throughout the county, a record mail volume is being anticipated.

Guy William Hinebaugh, Oakland postmaster, said the Oakland office expected December's outgoing mail to total over 250,000 pieces. There will be no increase in the number of postal employes for this year's anticipated Christmas rush. Hinebaugh said he had received orders that if any extra work was necessary, the regular employees would be used for overtime.

Hinebaugh urged the importance of complete and legible addressing of all mail, including zip code. He said a large amount of mail is always thrown away at the Oakland office, due to illegible and incomplete addresses, improper abbreviations or because of the lack of a return address.

Christmas cards sent by first class may be sealed and contain written messages and get priority of dispatch. First class mail also is returned to the sender if mail is not deliberable, provided the return address is shown on the envelope.

There will be extended hours at the post office windows starting December 13.

12 Finish Course In Mine Rescue

Twelve persons completed a course in mine rescue training, it was announced by Carl A. Schell, director of the Maryland Bureau of Mines. Instructor was H. B. Buckley.

The course was conducted for fifteen sessions, two hours at each session. Training was in basic mine rescue course with McCaa two-hour self-contained oxygen breathing apparatus, Chemox self-contained oxygen breathing apparatus, one-hour self-contained oxygen breathing apparatus, all service gas mask and self-rescuer.

Completing the course were Chester L. Evans, captain; Arthur C. Burgess, captain; Claude D. Boyce, James E. Evans, Roger L. Evans, Wallace T. Evans, Harold Hawk, Carl B. Paugh, Leonard R. Paugh, Milton Whitacre, Kitzmiller; Richard L. Sherwood, Shallmar; William C. Sherwood, F. Joe Harvey, Elk Garden, W. Va.

Southern Hi Bands To Present Concert

The combined bands of Southern High school will present their annual autumn concert this evening, December 2, at the Southern High cafetorium.

The seventh grade and junior bands will join for several selections which will include "Italian Festival," consisting of a medley of tunes; "The Syncopated Clock," by Leroy Anderson; "T. V. Suite," and "Everglades Overture."

The senior band will present six selections, "Bandology," a concert march; "Tango for Band," "Clarinet on the Town," which features a solo by Judy Simpson; "Days of Glory March", "Here's Love", from the Broadway musical of the same name, and "La Bella Roma."

Admission will be 50 cents for adults and 25 cents for students.

Fire Companies Discuss Problems Finzel Coverage

Representatives of the eight fire companies of the county met Monday evening in the Oakland fire hall to discuss the problem of fire protection for the Finzel-Long Stretch area.

The Frostburg volunteer fire company recently served notice on the County Commissioners that they would cease to give fire protection to that area after the first of the year. Last week the Frostburg department said it would extend fire protection service to the area for three months, pending some kind of a decision by the County Commissioners. Frostburg firemen last week approved a figure of $1,500 contribution annually from this county for fire protection.

Companies represented at Monday night's meeting were from Grantsville, Kitzmiller, Deer Park, Oakland, Gorman, Bloomington, Friendsville and Accident.

Allen S. Paugh, president of the County Commissioners, also attended, along with George Comp, and William Clatterbuck, Deer Park, representatives for the Allegany-Garrett county organization.

All eight companies agreed that money received from the special fire company levy of 5 cents on each $100 of assessable property, would not be used for any payment outside the county, but all agreed to support the organization of an additional fire company for Finzel and Long Stretch, that the members would help to train the new members, and Grantsville company agreed to provide a fire truck for the time being.

There were no persons at the meeting either from Frostburg or Finzel, and Earl Opel, county commissioner from that area, was not present.

Exhibit To Show $10,000 Bills

Oakland residents who haven't had a face-to-face meeting with $5,000 or $10,000 bills recently will have a chance to see some here on December 3rd at The First National Bank of Oakland which will have an exhibit of all types of United States currency on display, according to Frank L. McDaniel, Cashier.

The exhibit, obtained from the Federal Reserve Bank of Richmond, will continue on display through the remainder of this week and all next week.

"All denominations of United States currency from $1 through $10,000 are included in the exhibit", Mr. McDaniel said. "It contains facsimiles of Federal Reserve Notes, Federal Reserve Bank Notes, United States Currency, and Silver Certificates, some of them in both the old 'shinplaster' size and the present-day size".

Mr. McDaniel pointed out that United States paper money, although it all looks very much the same, does differ in appearance in certain technical aspects.

Of the three principal kinds of paper money in circulation today, Silver Certificates have a blue Treasury seal, United States Notes a red seal, and Federal Reserve Notes a green seal.

Silver Certificates, which come mainly in $1, $5, and $10 denominations, are no longer being issued by the Treasury Department. The $1 Federal Reserve Notes was authorized by Congress in 1963 to replace the $1 Silver Certificate. United States Notes are issued primarily in $2 and $5 denominations, and Federal Reserve Notes come in demoninations of $1, $5, $10, $20, $50, $100, $1,000, $5,000, and $10,000.

"Federal Reserve Notes", Mr. McDaniel said "make up the bulk of the currency in circulation today. These are issued, in accordance with law, by the country's twelve Federal Reserve Banks. Most of the paper money in use in Oakland is probably notes of the Federal Reserve Bank of Richmond.

This exhibit will replace the display in the bank lobby during the past week, and it is an entirely new and different series of currency.

Dept. Assistant To Dedicate Program For Feeder Pigs

Dr. John A. Baker, Assistant Secretary of the United States Department of Agriculture, will be in Reedsville, W. Va., on Saturday, December 4, to dedicate the "Disease Free" Feeder Pig Operation which is located at Guseman's Crossing, near Reedsville. Also present to assist with the dedication ceremonies will be Senator Jennings Randolph, Congressman Harley Staggers, the Honorable Gus Douglass, W. Va. Commissioner of Agriculture, and several members of the Federal and State Agriculture Departments.

This farm enterprise, using Hi-Lean breeding stock, is the first of its kind in the East and the first anywhere in the world, where a farm owner and a local company are cooperating on a contract basis to share the risk and the profits. It is an entirely new concept in raising feeder pigs. The breeding stock, which is carefully crossed to produce Hi-Lean pork, will be furnished by Sterling Farms and purchased from the American Hog Company of Wiggins, Colorado. They will be housed in buildings constructed by Mr. and Mrs. Dale Barlow on their farm, near Reedsville. The buildings are designed to raise feeder pigs under carefully controlled sanitary conditions.

After the hogs arrive, about December 15, every person who enters these buildings must first take a shower bath and make a complete change of clothing. The animals will be fed a complete liquid food ration, carefully measured for each animal. The air is conditioned with an evaporative type cooler and ventilating fans are regulated according to humidity and temperature. The feeder pigs will be marketed by Sterling Farms at five weeks of age.

The public is invited to tour the buildings from 9:00 a. m. to 4:00 p. m. Slides depicting the operation will be shown throughout the day. The Big Dutchman Company of Zeeland, Michigan, suppliers of the equipment for this enterprise, will give away a television set at 4:00 p. m. as a door prize. All visitors are eligible. The dedication ceremonies will begin at 11:30 a. m. In case of inclement weather, the dedication will be held indoors at the nearby Sterling Arena.

GORTNER

Pastors David Moon and Clyde Hylton used sermon titles, "A Cheerful Giver," and "No Limitations With God." A number of young folks attended the Thanksgiving supper at the church. Among them were Mr. and Mrs. Simon Schrock and daughter Janace, Noah Petersheim and a friend from Alexandria, Va.; Mr. and Mrs. William Johnson and her parents, Pastor and Mrs. Cecil Dunson, Terra Alta. The Ivan Miller family, Grantsville, sang special numbers, and their daughter Esther showed slides and spoke of her trip to the Holy Land. The offering was sent to CARE.

You are invited to sewing circle meeting at Mrs. Anna Bittinger's, on Tuesday.

At the Union church, Sunday afternoon, Miss Harriett Swartzentruber and Edward Moon were united in marriage by her father, in the presence of their immediate families.

Mr. and Mrs. Simon Yoder, Guthrie, Ky., spent the weekend with friends here.

Raymond Garber, of Ohio, visited home folks over the holiday week-end.

Mr. and Mrs. Harold White had as week-end guests, the Noltes, of Canton, O.; Mr. and Mrs. Oliver Oliverio and son, Deep Creek lake, and Mr. and Mrs. Gay Rembold, Keyser.

On Thanksgiving day shortly after services, a pheasant shattered a window at the Amish church, and scattered glass over much of the room.

Olen Schrock shot a grey fox, Thursday. It seemed tame. It is thought to be one that roamed Owen Swartzentruber's woodland, where there has been brush clearing and ditching going on recently.

Mr. and Mrs. Nelson Swartzentruber and son Brian, spent Sunday with their grandparents, Mr. and Mrs. Jacob Swartzentruber.

Mrs. Anna Bittinger and Anna Welch were Sunday dinner guests of Mrs. Madeline Sisler, Terra Alta.

Mrs. Henry Petersheim and son Edward, and her sister, Mrs. Ernest Schrock, returned from Beacon Hollow, Va., where they helped their brother, Joni Shetler, move from Grantsville.

Mr. and Mrs. Harry Lee Martin have moved in with his father, Owen Martin.

Mrs. John C. Yoder and daughter Daisy Elaine, recently visited her cousin, Mrs. Clyde Bender, Underwood road. Mrs. Bender has been ill and her sister, Miss Mary Yoder, quit her job at Snyder's to help the Benders.

Miss Mary Kauffman is helping the Norman Schrock family. Mrs. Schrock returned home on Saturday from Garrett County Memorial hospital.

Webster Slabach, Baltimore, called on Sam and Lena Slabach.

Miss Wilma Maust, of Hutchinson, Kans., spent Wednesday night with Mr. and Mrs. Amos Garber. Her friends, Miss Anna Troyer, Paul Kline and Moses Coblentz, of Ohio, had supper with Mr. and Mrs. Crist Garber and spent a night at the Atlee Hershberger's. The young folks from here honored them with a singing at Emanuel Miller's on Thursday evening, and at the Kauffmans, near Table Rock, Sunday night.

Mr. and Mrs. Albert Sisk, Mrs. Agnes Queer, her daughter, Mrs. Pearl Nault and Miss Hulda White, Ruth Hesse and her mother, and Jesse Harsh and children, drove to Stony River dam, on Sunday.

Visiting Miss Mary Lichty, at Garrett County Memorial hospital, Oakland, the past week were Mrs. Gerald Miller and children, Lancaster county, Pa.; Vernon Miller, of Bloomington; Mrs. Garber, Mrs. Atlee Hershberger, Mrs. Anna Bittinger, Mrs. Emanuel Miller, Mrs. Anna Welch, Mr. and Mrs. Noah Schrock, Mr. and Mrs. Albert Sisk and Roy Lichty, Loch Lynn.

Mr. and Mrs. Grover Lee accompanied their grandchildren, the Hollands, of Deep Creek lake, to Pittsburgh for Thanksgiving with the Claude Lee family.

Mr. and Mrs. Milton Beachy and daughter, of Meyersdale, were overnight guests, on Saturday, of Mr. and Mrs. Henry Swartzentruber.

By Ann Englander

Promise Her Anything!

...But give her Arpege . . . a vial of Arpege, that is! A long way from a DAB behind the ears—this velvety lotion—It's not how much you put on—BUT where! Smooth this new velvety, long lasting Arpege on arms, legs, throat—everywhere. You're silken all over—and hour after hour the fragrance clings to you!

Looking Glass!

Yes, it's Revlon's new lip gloss—in the well known Revlon gold tube. The prettiest logic to come out of the no-lipstick stand. Great for the young in heart and years, we think! The pure way—lips bare of anything at all except the luster and shimmer of lip shine. Try a dash of powder to the lips first—then dead center a crescent of foundation—next slick the lips—with shine!

For some a little color is a boost—a must—so if you like the look and need a little moisture for your lips—try lip gloss over or under your favorite shades of lipstick. Nice texture—neat look!

Corn Silk, Again!

We're happy to say we have it in stock once again—sorry, we didn't have enough to meet the demand. This is the face powder that has no artificial coloring, that will not cake or change color. It began with an ear of corn—and brought the first basic change in face powder in years and years.

Colaw-Mchaffey Wedding Occurs

Miss Betsy Mahaffey, daughter of Mr and Mrs. Ira Mahaffey, of Terra Alta, W. Va., became the bride of Dennis Jackson Colw, son of Mr and Mrs. Dennis C. Colaw, of Deer Park, at a double ring ceremony performed in the St. Paul's Methodist Church, Saturday evening, November 20, at 6 o'clock. The Rev. Lawrence Sherwood, pastor, performed the ceremony.

The brid, given in marriage by her fathr, wore a long white gown of Chntilly lace with taffeta insets. Iridescents enhanced the neckline and sleeves of white lace. Tiers of lace ruffles accented the back of the gown from the waist to the end of the train. Her veil of illusion was held by a crown of seed pearls. She carried a bouquet of white carnations covering a white Bible.

Maid of honor was Miss Barbara Mahaffey of Clarksburg, W. Va. She wore a gold floor length gown of crepe and brocade with a watching bouffant gold head piece. Bridesmaids were Mrs. Jean Ringer and Mrs. Joan Everly, sisters of the bride. They wore identical floor length gowns of kelly green brocade. Their matching headdresses were small bouffant veils attached to crowns similar to that of the bride. They, along with the maid-of-honor, carried bouquets of yellow carnations.

Best man was Fred Colaw, brother of the groom, and ushers were Jack Jones, Donald Welch, Lester Bittinger and Milford Beckman. Flower girls were Miss Pammy Ringer and Miss Kimberly Welch. They wore matching floor length gowns of yellow crepe and each carried a basket of pink and white rose petals.

Ring bearer was Jeffrey Lynn Colaw, nephew of the groom. He carried a lace-trimmed white satin pillow with rings attached by white streamers.

Wedding music was presented by Mrs. Margaret Feather, Harold Benson of Terra Alta, W. Va., sang "Oh, Promise Me", "I Love You Truly", and the "Lord's Prayer", accompanied by Mrs. Feather at the organ.

A reception was held in the church social room immediately after the ceremony. Presiding at the punch bowls were Mrs. Mary K. Paugh, and Mrs. Brooks Hamilton. Assisting them with the refreshments were Mrs. Nellie Ball, and Mrs. Edna Lewis. Attending the guest book was Mrs. Kenneth Taylor of Terra Alta, W. Va. Taking care of the gift table for the bride was Mrs. Kenneth Kenner of Oakland.

After a brief wedding trip to Williamsburg, Va., the couple returned to Oakland, where they are residing at 1035 High street.

Answers From Clinton W. Englander

ASK YOUR PHARMACIST

Question

I hear it used all of the time, but what does the word "orthopedic" mean?

Answer

Orthopedic is a combination of two Greek words, "orthos" (straight) and "paidon" (child.) The word makes sense because it refers to the straightening or curing of children. The French used it first in the 18th century when they began a system of exercise and strict diet (plus mechanical helps) to correct the deficiencies in their children.

Education Board

(Continued from Page One)

The Board has also made application for vocational funds for a new Agriculture Center at Southern. Plans and specifications for this project will be developed after final approval is received from the State Department of Education. When completed, the present Agriculture Shop at Southern will house the vocational machine shop program now operating in a rented building. The new Agriculture Center will consist of a greenhouse, a special experimental and research laboratory, an agriculture library for both students and adults, a classroom adapted to the use of visual aids, a meeting room for F.F.A. clubs, 4-H groups, and small adult farm groups. In addition, the building will provide for a complete farm shop, with special areas in farm mechanics, farm electricity farm carpentry and building trades. Application has also been made for a greenhouse for Northern.

Scheduled completion dates for the buildingprojects are as follows:

The three additional rooms at Dennett Road and the cafetorium at Northern, on or before August 30, 1966, in time for the opening of school; The library at Southern and the band room at Northern by December 1, 1966.

No completion date has been set for the Agriculture Center.

Mr. Hawkins said the school board is also applying for funds under the new Educational Act under Titles I and II to develop an Indoor-Outdoor Science Education Center. If approved, the Indoor Center would be established in what willbe the completely remodeled, unused portion of the old Anex building in Oakland, and the Outdoor Center will be developed at Northern High Shool. Both Centers will be made available to all Garrett County children, the Indoor Center providing a planetarium, telesope, special science laboratry, science library, lecture roms, study centers, science film library, large aquarium, andother such facilities as to makethe Center exemplary in everyrespect.

The Outdoor Centr envisions building facilities for outdoor living and studying for pupil groups from all schools in the county - equipped to accommodate children not only during the summer but over week-ends during the regular school term as well.

The development of this Indoor-Outdoor Science Center will depend upon approval of the project by the State Department of Education under provisions of the new Aid to Elementary and Secondary Education Act.

Bids on the four projects now being advertised will be opened in the Office of the Board of Education, Friday, January 7, at 10:00 a. m.

How To Patch Plaster

•

Undercut the edges. After scraping out all loose material, use an old chisel to undercut edges so the patch will be slightly larger at the back than at the front. This permits hardened patch to lock itself in.

Insert screen wire. For a large hole, give patch firm base of wire screen. Cut screen and tack gently to exposed lath with a few brads.

Mix patching plaster. Follow directions on box, mixing with clean water. Stir until thoroughly mixed. Discard plaster that starts to harden.

Moisten the edges. Before applying, wet down the edges of old plaster and exposed lath. If you neglect this step the old plaster will draw the water out of the patch, causing it to shrink and crack later.

Apply patching plaster. Apply the plaster and smooth over with plasterer's trowel. You are now ready to smooth the patch as soon as it dries.

Mine Death Probe Ends At Alpine

A report was filed by the U. S. Bureau of Mines in the death of Harry Joseph Warnick, 49, of Mt. Storm, who was killed September 30, in the Alpine Coal company mine at Bayard.

The description of the accident is as follows:

"Harry Joseph Warnick, section foreman, and the day-shift crew arrived in No. 10 left section after 7 a. m. and performed normal mining operations until about 11 a. m., the regular lunch period. At this time, while Warnick went to telephone a report to the mine foreman, Howard Scott, continuous-miner operator, upon completing the advance cycle, trammed the machine back from the face and went for lunch. Warren Scott, shuttle-car operator, who regularly changes the bits on the continuous miner during the lunch period, had just about completed this task when Warnick returned and instructed him to get the shuttle car so they could load coal until the rest of the crew returned from lunch. Warnick then trammed the continuous miner to the face under the unsupported bone coal roof area. When Warren Scott returned with the shuttle car, hearing the continuous-miner tram motor running, but not seeing Warnick's cap light, he checked and found the foreman lying on his back covered with the fallen bone coal near the continuous-miner controls. Scott shut off the tram motor and then removed the bone coal off Warnick. When the foreman complained of severe chest pains, Scott ran to the dinner hole to summon the crew and also to telephone to the surface for transportation. Warnick was then placed on a stretcher, covered with blankets, and carried about 2,000 feet to near the mouth of No. 9 right section. Here they met James Miller, superintendent, who had learned of the mishap by telephone and was enroute to No. 10 left section. Miller then gave Warnick a stimulant and covered him with additional blankets. Upon arrival on the surface, Warnick was taken by ambulance to the Garrett County Memorial Hospital, in Oakland, Md., where he died at 2:15 p. m. the same day.

"The fallen bone coal was 17 inches long and 126 inches wide at the points of maximum dimensions. The thickness of the bone coal, which broke into many pieces varied from a featheredge to a maximum of 10 inches; the thickest part fell on Warnick".

'Cause of Accident'

"This accident was caused by entering operations under a dangerous unsupported bone coal roof area."

"Recommendations"

"Compliance with the following recommendations may prevent accidents of a similar nature.

"1. Unsafe roof should be taken down or adequately supported to protect persons from falls of roof.

"2. The adopted roof-support plan should be complied with and persons should not advance in by the last roof supports, except assigned to install supports.

"3. Rooms should not be driven more than 17 feet wide, as stipulated in the roof-support plans.

"4. Instructions issued by management, preferably in writing, relative to protection against roof falls and other hazards should be complied with by all employes".

WILL BE

CLOSED SUNDAYS

UITIL SPRING

We willbe open as usual durng the week.

Stop in, Monday through Saturday.

We go to all the trouble of redesigning our interiors, improving our handling, and refining our Wide-Track ride, and some people buy us just for our looks.

Our new Executive Hardtop Coupe

Just once we'd like to have people fall in love with the inside of our cars before they flip for the outside. Why, this year alone we've made available brand-new wraparound buckets. Profile bench seats. More rich, genuine walnut paneling. And nicer instrument clusters you've never seen.

We even had our engineers take our test cars apart piece by piece to come up with improvements that, incredibly enough, make our Pontiacs smoother, quieter, more enjoyable to drive.

Really, though—we don't care which feature gets you inside a new Pontiac, as long as it gets you there. And it will. At least judging by the number of Pontiacs you see on the road.

Everything's new in tiger country. Wide-Track Pontiac/'66

It snowed yesterday and when it stopped, I walked along the creek in a world of frosty splendor. The woods were hushed in majestic stillness, and I tread softly. A jay screeched overhead, and bending trees shivered stealthily, with squeaking, ice-coated branches. The falls at the curve of the creek stood immobilized with hoarfrost and icicles, but bending near I heard soft and surely the murmur of the moving creek beneath the icebound surface.

It came to me, how like that creek, my faith has been. At times this faith has been covered by rimes of doubt and selfishness. Often it has been embittered by anguish and despair. But always under that glacial exterior there coursed a stream of consciousness that knew no turning from God—and the things I had been taught from childhood.

How glad I am my parents took me to church and brought me up with such a sure knowledge of God's love that it sustained me even when I tried to turn from His ways.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

Statesman

Lesson for December 5, 1965

Background Scripture: Isaiah 1:6 through 7:20; 10; 31:1-3; 36 through 37.
Devotional Reading: Isaiah 26:1-9.

IF THE prophet Amos was at the bottom of the heap, Isaiah was on the tottering top. Amos was a man unknown, from the wrong side of the tracks, so to speak, a man who felt in his own near-starvation job all the pressures of an unjust system. Isaiah was a contrasting type of person, the stuff of which playboys are made, yet no playboy. He had wealth, social position,

Dr. Foreman

he knew all the best people. And yet he too became one of God's prophets. God can use, and is used, as his spokesmen and champions not only poor and secure men like Amos, but patrons and aristocrats like Isaiah.

Prophet's Patriism

A rare combination was this Isaiah; he was the preacher (which, it will be remembered, was the meaning of "prophet") and a statesman. We sometimes find Christians in public life. It is worthwhile to think about Isaiah as an example of a statesman who was also a man of God. We can fine a statesman, to begin with, as a man of wisdom who plans wisely for his country and countrymen.

Prophet's plea

A true statesman not only sees that something is wrong with his nation, but what is wrong. Isaiah saw the uncleanness, the pride, the silly and stupid use of wealth which could have been used for help of the distressed. He saw the hypocrisy of the temple services, where there was pageantry and liturgy in plenty, but might little heart-religion. He saw the neglect of the poor, the hardips of the unemployed. He spoke plainly about these things. He knew the remedy too: a return to God.

Prophet's prospective

Your true statesman-prophet always brings the light of God to bear on the life of man. And because he knows God and can see, as it were, through God's eyes, he is often hated and scorned by the very people he is trying to help. Many a statesman is not recognized as such until after his death. One mark of the statesman-prophet is that he realizes that God has an interest in mankind, humanity, all men and every man, and not one party or nation alone. And just because he has this wide vision that considers mankind, and not one part or fraction of it, he is called sometimes a traitor and an enemy of his country. What was it Lincoln did (or hoped to do) which brought down on him the anger of his own party in 1865? He wanted to treat the states conquered in the Civil War in a Christian way. What was the "crime" of Woodrow Wilson? Dreaming of a League of Nations. What was "wrong" with Dag Hammarskjold? He gave his great mind and heart to serve all nations rather than one. Statesmen are often martyrs: but what makes them hated is often the very quality which later generations will praise. God send us more leaders who see men in the light of God.

(Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

Now politicians and demagogues often mention God. They may even talk like evangelists about a "return to God." But when a mere politician talks like that, he does not mean very much except a kind of emotional binge, a witch-hunt to find the villain who is causing all the trouble. A politician never admits anything is wrong with the voters; it's always the other party that's to blame. A true statesman has the courage to say to his countrymen: It is you the people who have gone wrong. It is not a party, it is we ourselves, all of us, who need to open our Bibles at the Ten Commandments and see what God has to say.

Covalt - Aronhalt Wedding Occurs

Mr. and Mrs. R. G. Aronhalt Sr., Gormania, W. Va., announce the marriage of their daughter, Barbara, to ADR-2 William Covalt Jr., U. S. Naval Air Facility, Andrews Air Force Base, Washington, D. C., son of Mrs. Christina Covalt 1115 Myrtle Ave. El Paso, Texas, and the late William Covalt Sr.

The single ring ceremony was performed Friday, November 5, 7:30 p. m. at the Forest Memorial Methodist Church, Forestville, Md., by the Rev. Robert H. Hiller.

The bride was attired in a light blue street length dress of nylon and taffeta fashioned with a lace bodice, scooped neckline, and wrist length sleeves edged with satin. Her matching blush veil fell from a cap of silver blue leaves with seed pearls. Her corsage was of red rosebuds.

Mrs. Mary Cox, Washington, D C., sister of the bride, served as matron of honor. She wore a royal blue dress with black accessories. Her corsage was of yellow carnations. Jack Clatterbuck, Arlington, Virginia, served as best man.

The reception was held following the ceremony at the home of the bride's sister. The wedding cake was centered by a miniature sailor and bride.

Those attending were Mrs. Ara Vance, and son Bill, Maureen Laster, Linda Cox, Anna Vendemia, Larry Cox, Mike Long, Johnny Johnson, Larry Miller, Robert Yates, Mr. and Mrs. Joseph Casey and son Billy, James Routsella, Mary Cox, and Jack Clatterbuck.

The bride is a graduate of Bayard High school, class of 1957. The groom attended El Paso Technical Institute.

The couple took a week-end trip to West Virginia.

They will be residing at 5301 Alton St., S. E. Washington 27, D. C.

CAPITOL COMMENT

by Charles "Mac" Mathias
Congressman, 6th District, Maryland

The Social Security Tax

One of the most significant pieces of legislation to pass Congress this year was the omnibus bill containing the 165 amendments to the Social Security Act. These far-reaching amendments enlarged existing benefits, extended social security coverage, and initiated new health care programs such as Medicare. Because social security is continuing to expand as an intrument of social welfare, Americans should become far more familiar with the nature of this complex program.

As I have traveled throughout the Sixth District, I have found that there is a broad misconception that social security is a sort of bank account belonging to Americans as individuals. According to this notion, each of us pays in a social security contribution, which is held somewhere in an account until the individual qualifies under law to begin drawing out, in benefits, the funds which he has contributed through the years.

This is far from the truth. Social security contributions are a tax, levied on all wage-earners at rates specified by law. The income from this tax, deposited in the social security trust funds, is used to provide certain benefits to persons qualifying for them. There are no individual bank accounts — in fact, most Americans invest far more in the social security system than they ever receive in direct benefit payments from it.

For example, a young man, just beginning to work this year, might expect to pay into the social security system $54,000 during his working years. If, at the time he retires, he happens to be a widower or bachelor, he will receive, at current rates, a benefit of $2,056 per year. This annual payment represents exactly 4 percent of the $50,000 he has paid into the social security system, or about as much as he might expect to receive in dividends from a sound investment of the $54,000. The difference, of course, is that the principal privately invested could be left to his children or his heirs. The monies paid into the social security system will not be available, but will have been absorbed into the fund.

Social security is a necessary program under modern conditions, when it is difficult for many people to save money for their retirement use. It is a program which provides needed benefits for millions of Americans, and I am glad that Congress this year was able to make those benefits more adequate. At the same time, I am concerned about the possibilities of overburdening the taxpayers and the social security fund, a concern which led many people, including myself, to seek means other than social security taxes to finance a medical care insurance program.

Above all, as both the benefits and the taxes under social security continue to rise, I believe that Americans should recognize that social security is a program to which we all contribute, just as we continue to the maintenance of our national defenses, not because it is a good personal investment, but because it is a good investment in our nation as a whole.

Westvaco Reaches Peak Performance

West Virginia Pulp and Paper Company turned in the peak performance of its 77-year history in the fiscal year ended October 31, establishing new records in production, sales and earnings.

Preliminary figures released placed Westvaco's 1965 earnings at a new high of $19,353,000 equal to $3.71 a share, after provision for preferred dividends. This represents a 43 percent increase over earnings of $13,567,000, or $2.59 a share, for the previous year.

The paper company finished the year with a record fourth quarter performance that produced earnings of $5,892,000.

President David L. Luke 3rd attributed Westvaco's record breaking performance to greater operating efficiencies resulting from a 10-year, $260 million capital investment program, along with successes in marketing and research that have produced a regular flow of product and process innovations.

A major producer of printing, converting and packaging papers and finished paper products, Westvaco established a new record in sales for the 13th year in a row with a dollar volume of $324,586,000 in 1965. This surpassed last year's record volume of $301,938,000 by nearly $23 million, or 8 percent.

North Glade 4-H Clubs Plan Christmas Parties

Both North Glade 4-H Boys' and Girls' clubs planned Christmas parties at recent meetings and had other activities.

The 4-H girls met November 19 at the school with 20 members, 1 leader and 7 visitors present. Linda Schmidt gave an illustrated talk on choosing a pattern. Debra Friend gave a demonstration on different types of stitches and had a display of each. Dianna Fitzwater and Linda Schmidt, junior leaders, gave out health charts to fill out and returned at the next meeting when a quiz will be held.

Mary Mattingly and Debra Friend, Donna Fitzwater also participated. Refreshments were furnished by Linda Bernard, Sherry O'Brien, Mary Lohr and Kathy Schmidt.

Names were exchanged for a Christmas party at the home of Dianna Fitzwater on Friday, December 17, at 7 p. m.

Gets Honor Certificate

At the meeting of the North Glade boys November 23, at the home of Chris Fitzwater, a certificate of honor was awarded to Marvin Beckman in recognition of his winning the state competition on his forestry project.

The club placed a book, "The Art of Speaking" in the Ruth Enlow library in memory of Theodore Sines, grandfather of several members. Road signs are being made but they will not be erected until spring.

Names were exchanged for the Chrismas party to be held December 17 at 7:30, at the home of Marvin Beckman. Others participating in the program were Chris Fitzwater and William Fitzwater.

Hear From High Places

A local family recently received word from high places in return for good will messages sent to President Johnson and former president General Eisenhower.

Stanley, Philip and Diane Weese, sons and daughter of Stanley and Winona Weese, of the Red Oak section, sent President Johnson a get well card and letter while he was a hospital patient following his recent operation. Subsequently they were the recipients of three post cards signed by the president and bearing the presidential seal, whereon were his thanks and appreciation for the remembrance.

Not to be outdone, Mr. Weese then sent a wire to General Eisenhower, while hospitalized at Fort Gordon, Ga., in which he wished him a speedy recovery and thanking him and veterans of this country for their service and sacrifice in the defense of American liberty. A reply also was received from the general, expressing his thanks and appreciation for the concern and good wishes.

Rioting inmates at Minard prison in Ill., stabbed one guard to death, injured three and held three guards as hostages.

15 Are Killed On State Highways

A total of fifteen persons were killed on Maryland highways last week according to the weekly survey of the State Police. Nine of those killed were drivers; three were passengers; and three were pedestrians. Alcohol was a contributing factor in eight of the deaths; speed in six; and "driver error" was present in twelve of the fatalities.

In commenting on last week's accident picture Colonel Carey Jarman, Superintendent of the Maryland State Police, said: "Week after week our surveys show that 'driver error' is present in upwards to 85 percent of all fatal highway accidents..

"By 'driver error' we mean violation of the ordinary rules of the road such as failure to stop before entering a boulevard; too much speed; failure to keep to the right; we mean, also, driving under the influence of alcohol; and, above all, we mean a failure to adjust one's driving to meet the changing accident-potential situations that are constantly facing the motor vehicle operator."

Continuing, the Superintendent pointed out that "with 'driver error' contributing so heavily to the highway accident picture, it is fundamental that a major portion of our effort to deal with the highway safety problem should be in the field of driver improvement."

Five Youths Involved In One-Car Accident

Five youths escaped serious injury in a one-car accident on the Crellin-Underwood road last Wednesday night, November 24, when the automobile driven by Edgar M. Browning of Oakland, overturned.

Accompanying him in the car were Robert Renchler, William Welch, Stuart Hamill III, and Jason Stewart, Jr., all of Oakland. The latter was brought to Garrett County Memorial hospital in the Minnich ambulance, where he remained a patient for two days and then released. Stewart had been discovered lying in the ditch by the side of the road. Others had been removed from the wreckage earlier.

The accident was investigated by Trooper Robert Lashley, Maryland State police, who charged the driver with driving without a license and also reckless driving. He forfeited collateral of $7 and $17 plus costs on the charges, for a total of $30.

"Fun, Food, Fashions" Theme Of Family Night

"Fun, Food and Fashions" was the theme of the Bittinger Girls 4-H Club Family Night held November 22 at the community center. The theme was carried out in the program and exhibits.

"Finishing School", a skit, was one of the highlights. It was introduced by Linda Glotfelty. Characters were Susan Brenneman, Bonnie Buckel, Joan Glotfelty, Jancis Murray, Mary Shawley, and Vicki Teets.

Three demonstrations carried out the theme. They were "The Art of Archery", by Susan Brenneman; "Commercial Canning", by Cindy Beachy; and "Hold That Line!", by Bonnie Buckel.

Fashions were modeled in the Style Revue, in which the year's members took part. This was narrated by Linda Glotfelty.

Sally Beachy and Joan Glotfelty led games and gave prizes to the winners.

New members, Karen Glotfelty and Nancy Teets, were admitted to the club by Bonnie Buckel and Mary Shawley.

Jancis Murray sang a solo, "A Place in the Sun", accompanied by Mary Shawley at the piano.

Mary Shawley, president, welcomed the parens, led the group in saying the 4-H Pledge and pledge to the flag, and made comments at the end of the program. Vicki Teets led the devotions.

Jenny Knox decorated the refreshment table. All record books were displayed, along with exhibits made by the members.

Secretary of State Rusk claimed Communists were blocking talks of peace in Vietnam war.

Plane Search For Beaver Is Planned

Scientists will use a low-flying airplane to search the watersheds of Garrett, Allegany and Washington counties for new beaver colonies during the first three weeks in December, it was announced by Joseph S. Larson, of the University of Maryland.

Mr. Larson, research assistant professor at the university's Natural Resources Institute office in LaVale, is project leader for the study of beaver ecology and behavior in Western Maryland.

Beavers were extinct in the area from around 1850 until 1930. Now they are so numerous they have become a nuisance to some, although many have welcomed their return.

Institute scientists, cooperating with the Maryland Game and Inland Fish commission, have studied various aspects of the beaver population since the trapping season reopened in 1962. Part of the information obtained will be helpful in developing beaver management and control programs while the remainder deals with more basic problems to gain a better understanding of beaver biology.

Trappers have reported the location of many beaver colonies in this county. Others have been located through field work.

A study indicated that cheating on examinations by high school students was becoming common and rising.

Wildlife Is Major Resource In Area

Hunting and fishing are two of the most important recreational activities in which both residents and visitors engage, and some measure of their importance is contained in a 40-page booklet prepared by the University of Maryland's College of Agriculture, "Recreation in Western Maryland, Present and Future." Some 49,000 hunters and 94,000 fishermen were in state forests or parks during the 1964 season, not counting those pursuing the sports on private land.

There are over 1,000 farm ponds, some open to the public, and many streams in addition to those on state lands. There are over 50 private hunting clubs.

The booklet is a supplement to a general report, "Western Maryland Resources."

The report shows a table of eight wildlife management areas and six state parks or forests that are open to public hunting. In all there are 125,369 acres in Garrett, Allegany and Washington counties open to public hunting.

There were 48,852 hunters in state parks and forests in Western Maryland during 1964, but only 24,300 licenses sold. This included 4,605 in this county.

Hunters from other areas of Maryland and non-resident have an economic impact on the area.

The most important game animal was listed as the white tail deer. In 1948 the deer kill in Western Maryland amounted to 81 percent of the state's total with 809 in Western Maryland and 1,003 in the state. Last year Western Maryland had only 31 percent of the 6,007 killed in Maryland.

The report also discussed wild turkey, gray squirrel, ruffed grouse, cottontail rabbit and the bobwhite quail.

Band Concert Tonight

The senior high, junior high, and the seventh and eighth grade bands will play for the enjoyment of the public this evening at 8:00 p. m. The program will be presented in the cafetorium.

This Saturday the band will not sponsor a movie; however the following week-end there will be a "Saturday Night at the Movies".

Faculty to Play Council

The Student Council of Southern will play the faculty in an exhibition game this Friday evening. The members of the student council, both boys and girls, will play the male members of the faculty. The female teachers will be the cheerleaders for the faculty squad. The old pros will start the game at 7:30 p. m. in the gymnasium. The cost of the game will be 50 cents for adults and students, children below 12 will pay 25 cents.

Students Accepted at Colleges

Many students from Southern have been accepted by colleges throughtout the area. Those accepted by the University of Maryland are Bob Martin, Charlie Teets and Bill Renninger. Mike Fitcherty, and Sheila Travis have been accepted at West Virginia University, and Vicki Smith has been accepted at Potomac State College in Keyser, West Virginia.

No. 119 Adoptions in the Circuit Court for Garrett County, Maryland.

PETITION

To The Honorable,
The Judges of Said Court:

The Petition of Junior D. Noel and Thelma Jean Noel, his wife, by Clarence A. Penman, their attorney, respectfully represents unto this Honorable Court:

1. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, reside at Route 2, Oakland, Maryland, and have been residents of this county for more than sixteen (16) years; that Junior D. Noel is 30 years of age and is self-employed as a mechanic; his wife, Thelma Jean Noel, is 26 years of age and is employed as a teacher of the third grade at Centre Street School.

2. That the person to be adopted is Carl William Atwood, male, born on July 2, 1963 at Garrett County, Maryland; and that the said infant child was born in lawful wedlock unto Allen Jefferson Atwood and Julia Lee Trout Atwood.

3. That the present address of the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, is unknown, even though a diligent search has been made to obtain a present address for them.

4. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, are the parents of a natural child namely: Ronald E. Noel born November 10, 1961.

5. That the infant child to be adopted, Carl William Atwood, is in no way related to your Petitioners, but that the said Carl William Atwood has been cared for and supported by your Petitioners in their home since on or about November 7, 1964, at which time the said child was abandoned by Allen Jefferson Atwood and Julia Lee Trout Atwood, its natural parents.

6. That the said Julia Lee Trout Atwood, mother of the aforesaid infant child, has indicated that she is willing to sign a consent agreement for the adoption of the aforesaid Carl William Atwood, but that her address at the present time is unknown.

7. That your Petitioners are members of the Caucasian race and are of the Protestant faith; that the natural parents of the person to be adopted are members of the Caucasian race but that your Petitioners do not know what faith they profess.

8. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, are able to properly support, educate and maintain the said infant and feel that under the circumstances it would be for the best interest of the said infant as well as for all concerned, that the prayers of your Petitioners be granted.

Wherefore, your Petitioners pray:

(1) That this Honorable Court pass an Order declaring the said infant, Carl William Atwood, to be the legally adopted child of Junior D. Noel and Thelma Jean Noel, his wife.

(2) That this Honorable Court may pass an Order changing the name of the said infant, Carl William Atwood, to Carl William Noel.

(3) That this Honorable Court pass a Show Cause Order directed to Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, to show cause, if any they have, why the adoption of the said infant child should not be granted as prayed.

(4) That your Petitioners may have such other and further relief as the nature of their cause may require.

And as in duty bound, etc.

Gentlemen:

We have examined the statements of receipt collected and expenses disbursed and related cash accounts of the Garrett County Board of Education for the year ended June 30, 1965. Our examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary under the circumstances.

In our opinion, the accompanying statements and exhibits fairly present the Garrett County Board of Education's cash position at June 30, 1965 and income collected and expenses disbursed by the Board of Education for the year then ended on a basis consistent with that of the preceding year.

Respectfully submitted,

Lois A. Shaffer and David A. Shaffer, 1221 S. Thomas Street, Bancroft Apts., No. 21, Arlington, Va.

vs.

Richard L. Davis and Eva M. Davis, his wife, Oakland, Md.; and Charles L. Davis and Oneda Davis, his wife, Oakland, Md.; Virginia Ensminger and Walter Ensminger, her husband, 221 Emily St., Cumberland, Md.; Calvin Echard, 5202 N. E. 14th Terrace, Pompano Beach, Fla.; Anna Mae Jenks and Ralph Jenks, 1101 Northeast 5th St., Fort Lauderdale, Fla.; Eleanor Dawdy, widow, 640 Fairmont Ave., Fort Lauderdale, Fla.; being the heirs at law of Charles S. Davis, Deceased, and all persons having or claiming to have any interest in the property located in Election District No. 14, of Garrett County, Maryland, and described as Lot Nos. 47 and 48 in Wilson's First Addition to the Town of Oakland, assessed to Richard L. Davis and Charles L. Davis, being the same property which was conveyed to Charles S. Davis by two deeds, the first from A. D. Naylor, et ux., dated October 6, 1916, and recorded in Liber E.Z.T. No. 70, folio 429, and the second deed from Darius M. Dixon, et ux., dated September 30, 1916, and recorded in Liber E.Z.T. No. 70, folio 431, Land Records of Garrett County, Maryland.

No. 5434 Equity In the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following described property situate in Election District No. 14, of Garrett County, Maryland, which was sold by the Collector of Taxes for Garrett County, Maryland, and the State of Maryland, to Lois A. Shaffer and David A. Shaffer, the plaintiffs in these proceedings, to-wit:

Lots Nos. 47 and 48 in Wilson's First Addition to the Town of Oakland, Maryland, being the same property which was conveyed to Charles S. Davis by two deeds, the first from A. D. Naylor, et ux., dated October 6, 1916, and recorded in Liber E.Z.T. No. 70, folio 429, one of the Land Records of Garrett County, Maryland, the second from Darius M. Dixon, et ux., dated September 30, 1916, and recorded in Liber E.Z.T. No. 70, folio 431, one of the Land Records of Garrett County, Maryland.

The bill states, among other things, the amount necessary for redemption and that said property has not been redeemed by any party in interest, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON, this 30th day of November, 1965, by the Circuit Court for Garrett County, Maryland, in Equity, Ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, Maryland, once a week for four successive weeks, warning all persons interested in said property to be and appear in this Court on or before the 6th day of February, 1966, and redeem the property herein described and answer the Bill of Complaint, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiffs a title, free and clear of all encumbrances.

Ex Parte: In The Matter Of The Petition Of Alonzo D. Cummings, and Rosala Cummings, His Wife, for The Adoption of a Minor.

* * * *

No. 118 Adoptions. In The Circuit Court For Garrett County, Maryland.

PETITION

To The Honorable,
The Judges of Said Court:

The Petition of Alonzo D. Cummings and Rosala Cummings, his wife, by Clarence A. Penman, their attorney, respectfully represents unto this Honorable Court:

1. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, reside at Gorman, Garrett County, Maryland, and have been residents of this county for twenty-five (25) years; that Alonzo D. Cummings is 56 years of age and is self-employed as a farmer; his wife, Rosala Cummings, is 58 years of age and is a housewife.

2. That the person to be adopted is Allen Jefferson Atwood, Jr., male, born on July 12, 1961 at Baltimore City Hospital, Baltimore, Maryland; and that the said infant child was born in lawful wedlock unto Allen Jefferson Atwood and Julia Lee Trout Atwood.

3. That the present address of the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, is unknown, even though a diligent search has been made to obtain a present address for them.

4 That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, are the parents of eight (8) children all of whom have been emancipated and are over 18 years of age with the exception of Kenneth Cummings who is 15 years of age at the present time.

5. That the infant child to be adopted, Allen Jefferson Atwood, Jr., is in no way related to your Petitioners, but that the said Allen Jefferson Atwood, Jr., has been cared for and supported by your Petitioners in their home since on or about the 8th day of November, 1964 at which time the said child was abandoned by Allen Jefferson Atwood and Julia Lee Trout Atwood, its natural parents.

6. That the said Julia Lee Trout Atwood, mother of the aforesaid infant child, has indicated that she is willing to sign a consent agreement for the adoption of the aforesaid Allen Jefferson Atwood, Jr., but that her address at the present time is unknown.

7. That your Petitioners are members of the Caucasian race and are of the Protestant faith; that the natural parents of the person to be adopted are members of the Caucasian race but that your Petitioners do not know what faith they profess.

8. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, are able to properly support, educate and maintain the said infant and feel that under the circumstances it would be for the best interest of the said infant as well as for all concerned, that the prayers of your Petitioners be granted.

Wherefore, your Petitioners Pray:

(1) That this Honorable Court pass an Order declaring the said infant, Allen Jefferson Atwood, Jr., to be the legally adopted child of Alonzo D. Cummings and Rosala Cummings, his wife.

(2) That this Honorable Court may pass an Order changing the name of the said infant, Allen Jefferson Atwood, Jr., to Allen Jefferson Cummings.

(3) That this Honorable Court pass a Show Cause Order directed to Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, to show cause, if any they have, why the adoption of the said infant child should not be granted as prayed.

(4) That your Petitioners may have such other and further relief as the nature of their cause may require.

And as in duty bound, etc.

STATE OF MARYLAND
COUNTY OF GARRETT, to-wit:

I HEREBY CERTIFY, that on this 17th day of November, 1965, before me, the undersigned officer, personally appeared Alonzo D. Cummings and Rosala Cummings, his wife, personally known to me, and they did each make oath in due form of law that the facts, matters and things set forth in the aforegoing instrument are true and bona fide as therein set forth.

Notary Public

In The Circuit Court for Garrett County, Maryland. Adoption No. 118.

Show Cause Order

Upon consideration of the Petition for Adoption filed herein praying for the adoption of an infant male child born to Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, on or about the 12th day of July, 1961, and the same having been read and considered, it is thereupon this 17th day of November, 1965, by the Circuit Court for Garrett County, Maryland, sitting as a Court of Equity,

ORDERED that the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, and any other persons having any interest in this proceeding, show cause, if any they have, on or before the 17th day of January, 1966, why a decree should not be passed by this Court granting the adoption as prayed herein provided a copy of this Order to Show Cause shall be inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 17th day of December, 1965, or, in the alternative by causing a copy of this Order to Show Cause to be personally served on the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, one month before the 17th day of January, 1966.

Two Acquitted

(Continued from Page One)

the checks were not reported but he was not at liberty to disclose the reason.

It was testified that the four formed a partnership in August, 1956, and that Foster Frazee had principal charge of the books. Edward Frazee was charged with income tax evasion for 1955 and 1956, before he entered the partnership, and for the one year 1957, when he was a member. He was acquitted on the 1957 charge.

The defense had argued that no wilfulness had been proved, but admitted possible negligence or carelessness. The acquittal was based on the claim the three had no knowledge of the bookkeeping procedures.

Figures Are Given

The government had brought the following figures:

That Foster had reported in 1956 income of $10,523 and tax of $2,336, when the government contended the income should have been $22,450 and the tax $6,211; that Foster reported income in 1957 of $7,000 and tax of $1,500, when government contended it should have been $15,800 and tax of $3,800; that Edward reported in 1955 income of $2,159 and tax of $431, while government contended it should have been $14,951, and tax of $3,605; that in 1956 Edward reported income of $8,599 and tax of $1,835 when government contended it should have been $23,883 and tax of $6,755.

The case is being continued today.

DIED

CHARLES A. ROUNDS, SR.

Charles A. Rounds, Sr., 47, of Cresaptown, was dead on arrival Tuesday, November 30, at Sacred Heart hospital in Cumberland.

Born in Swanton he was a son of Charles G. Rounds and the late Carrie Wilt Rounds. He was employed as a retarder operator by the Baltimore and Ohio railroad.

Mr. Rounds was a member of the Cresaptown Assembly of God church and the Brotherhood of Railroad trainmen.

He is survived by his widow, Mrs. Rachel Bever Rounds; three sons, RM3 Charles A. Rounds, Jr., with the U. S. Navy, in San Francisco; private Frederick A. Rounds, Ft. Rucker, Ala.; and Kenneth A. Rounds, at home; one daughter, Miss Beverly K. Rounds, at home; eight sisters, Mrs. Joseph Baker, Mrs. Howard Haggerty, McCoole; Mrs. Alva Broadwater, Swanton; Mrs. John Kelly, Westernport; Mrs. Ollie Green, Piedmont; Mrs. Lloyd Broadwater, Barton; Mrs. Dallas Mason, Fort Ashby; Mrs. John Noonan, Pittsburgh; one brother, Raymond Rounds, Piedmont.

The body is at the Boal Funeral home in Westernport. The body will be taken to the Cresaptown Assembly of God church Friday at 10 o'clock for services at 2 p. m., conducted by Rev. Samuel Booth, pastor. Burial will be in Rest Lawn Memorial Gardens.

Fifteen hundred U. S. soldiers were set to leave Germany.

Awards High

(Continued From Page One)

Jacqueline Jean Johnson, Frostburg, filed suit over injuries she suffered in the highway accident. A judgment of $3,500 was ordered in this lawsuit.

Another person who filed suit because of crash injuries was Madeline V. Humberson, Oakland. She was awarded damages of $3,445.

In still another lawsuit, three members of the O'Dell Leo Beeman family, of Midland, sought damages because of injuries they suffered. Judgments were entered for Barbabra Ellen Beeman, $1,100; Viola Beeman, $900; and Odell Beeman, $950.

Maryland State Police reported that Mrs. Kasecamp crossed the center line of Route 40 while going west on Big Savage Mountain and hit the Wood vehicle headon.

The car of Mr. Beeman going eastward rammed into the wreckage.

The force of the impact was so great that the front bumpers of the Kasecamp and Wood vehicles were within two feet of the dashboards.

Report Of State

(Continued from Page One)

over a ten year period, shows last fiscal year the largest with $346,451.

Next highest 1963-64 with $305,542. For the first four years of the period the total fell below $200,000, but since 1959 the totals have been $200,000 or better.

650 Deer Killed In 8-Day Season

Number Is Thirty More Than Listed Last Year; Weather Not Good

Six hundred fifty deer were killed in this county during the state's eight-day open season on bucks, which ended last Saturday evening, according to records compiled at the checking stations. This was thirty above last year's record and forty-one above that of the year previous.

This is an unofficial figure and may change when all records are checked. The total compared to 609 in 1963, 577 in 1962. The county's record kill was 804, reached during the 1960 season which was for a complete six-day season. For 1961 and 1962 an extra Saturday was allowed, and two years ago the season was extended to nine days. It was reduced to eight last year and this year, beginning the season the day after Thanksgiving.

Unofficial kill in Allegany was 703, marking the fourth straight year more deer were killed in Allegany county than in this county. Total there last year was 770 with a record of 782, in 1962.

Hunters who did not get a deer will have another opportunity, if they choose, to use it during the special antlerless season. Permits for the season which will be held December 17 and 18, are to be issued December 11, at the National Guard armory in Oakland.

Permits are to be issued on a first come, first served basis. Garrett county has been allotted 1,800 permits. Last year 386 antlerless deer were killed in Garrett county.

Report Station by Station

Here is the report for the four deer checking stations in this county and Westernport, in Allegany county and LaVale, for Garrett county kills.

Oakland, 63, 55, 16, 15, 11, 5, 8, 19, total 192; Edwards garage, Grantsville, 49, 85, 15, 15, 10, 8, 5, 16, total 203; Storey's, McHenry, 24, 64, 13, 11, 1, 4, 4, 11, total 132; Yough Motor, Friendsville, 12, 40, 7, 4, 9, 1, 3, 11, total 87; Westernport, 9 on Saturday, 5 on Thursday 17 on Friday and 4 on Saturday, total 35; LaVale, 1 on Monday; grand total, 650.

Carrying the tabulation the other direction there were 148 bucks killed Friday, 253 Saturday, 52 Monday, 45 Tuesday, 31 Wednesday, 23 on Thursday, 37 on Friday and 61 on Saturday.

The law infractions were about normal, as well as was the number of illegal deer killed. Two female deer were reported slain in a twin accident when two automobiles passed on the highway. One car hit one doe, the other car hit the other one, killing them both.

Returns To Oakland

Sfc. and Mrs. Robert Barnes and family returned to Oakland last Friday morning from Fort Leonard Wood, St Louis, Mo., after twenty-two years of army service.

He served six years in West Germany, 3 years in Puerto Rico, 2 years in Korea and Japan, 4 years in Washington, D. C., and the remainder of his service in various bases in the United States. He is married to Miss Sabine Wahl, of West Germany. They have three children, Karla, Jimmy and Ralph.

They will reside with his parents, Mr. and Mrs. James Barnes, until spring when they plan to build their own home.

City Council Meets

Minor problems were discussed but no action taken. Mayor Russell L. Smith gave the group a report on the status of the proposed sewage disposal plant.

Receipts totaled $11,878, including a transfer of $4,928.15 from the savings account. Of this amount $2,118.35 came from water accounts, $255.07 from taxes and $9,505.51 from miscellaneous. Among miscellaneous accounts was $3,215.53 from the gas tax fund.

Expenditures totaled $19,853.70. Ed G. DeWitt resigned as city policeman.

Is Air Force Graduate

Airman Third Class Albert O. Hetrick, son of Mr. and Mrs. Earl E. Hetrick of Friendsville, has been graduated at Sheppard AFB, Tex., from the training course for U. S. Air Force plumbers.

Airman Hetrick, a graduate of Northern High School, Accident, is being reassigned to one of the more than 250 installations world-wide where Air Force combat and support units are based.

Horse Shoe Run Man Is Killed In Tuesday Crash

Roy Snyder, 45, of Horse Shoe Run, W. Va., was killed and two others were injured about 7:30 a. m., Tuesday on U. S. route 50, 4 miles east of Gormania, when two cars crashed head-on.

The left front sections of both cars came together as they traveled on the icy highway, at a place known as Little Difficult curve.

A passenger in the Snyder car, Lawrence Snyder, also 45, and a cousin of the dead man, suffered a badly lacerated tongue and facial injuries and complained of pains in his chest.

Dale Evans, 28, of Oakland, driver of the other car, suffered severe facial and head lacerations and lost much blood. He and Lawrence Snyder were admitted to Garrett County Memorial hospital in Oakland.

The two Snyders were working for the Allegheny Coal company at a strip mine operation. Mr. Evans is employed by the Electric Power company near Mt. Storm and was enroute to work. He was alone in the car.

The Minnich Funeral home ambulance took the men to the hospital.

Calm Week-end Now In Prospect In Weather Dept.

After a blustery beginning, the week appeared to be heading for a calm ending.

Some two to three inches of snow fell Saturday, Monday and Tuesday, accompanied by strong winds which caused drifting in numerous highways of the county.

Temperatures remained for the most part in the area of freezing.

A brief rundown of the week's weather showed the following:

Friday was cloudy with temperature around 35 degrees. There was some snow on Saturday with temperature around 30 degrees. There was some snow accumulation on the roads but county and state crews were out with cinders, chemicals and abrasives.

Sunday was mostly clear and cold. A storm settled over the area on Sunday evening and there was snow on Monday which covered most of the area. Some 15 trucks of the State Roads commission were busy that day.

There were further snow flurries Monday night with temperature at 24 degrees. Mercury dropped to 19 on Tuesday morning with continued snow for a while, clearing by midmorning but remaining cold. Temperature Wednesday was around 30 degrees. Skies were mostly clear and weather was moderate, mercury getting up to 36. Today began mostly clear with moderation, mercury at 36.

Federal Help in Welfare Is Due

Maryland counties will receive plans for the distribution of an additional $2,500,000 in Federal money to be available for welfare recipients starting January 1, it was announced in Baltimore newspapers last Sunday.

The money is to be provided to the state from the Federal Government with the stiupulation that the entire amount be passed on directly to welfare recipients.

The State Department of Welfare last week completed a revision of requirement standards which are to be used to determine how much additional money each welfare case is to receive.

Welfare officials in Oakland said yesterday that as yet they had not received any information on the additional money, but said they understood it would go almost entirely to food and shelter. Amounts per individual would be small, they thought, but they had received no information as to the proportion. Under no circumstances will any change be made before January 1, so local officials advised that there would be no need for welfare recipients to start telephoning to the department to seek information.

They had no information as to the total amount they would receive from the 2 and one-half million dollars. Matching funds from the state are not required. The grant to Maryland is a part of an annual $150,000,000 for then ation which was authorized by Title 4 of the 1965 Social Security amendments.

Sentence Not To Exceed 4 Years Is Pronounced

Gary Lee Miller Ordered To Md. Institution For Males

Gary Lee Miller, 15-year-old Meyersdale youth, who was convicted November 19, of rape of a 22-year-old married woman from Salisbury, Pa., was sentenced Monday to a term not exceeding four years in the Maryland Institute for Males.

The sentence was imposed by Associate Judge Stuart F. Hamill in the circuit court at Oakland. The sentence followed a report of the department of Parole and Probation which conducted a pre-sentence investigation.

Witnesses testified that Miller admitted lying in wait for the woman in the back of her automobile in Frostburg on July 12, then threatening her with a knife and ordered her to drive to the Finzel road in Garrett county where the attack took place. The woman was finally able to break away from the youth in the New Germany area, where police were notified and subsequently arrested him.

The trial was conducted before a jury which returned a verdict of rape and assault with intent to rape, with a recommendation "without capital punishment."

Judge Getty Denies Relief For Inmate

Associate Judge James S. Getty last Thursday filed a three-page opinion in Garrett County Circuit court, denying relief to a young inmate of the Maryland House of Correction under the Post-Conviction Procedure Act.

The petitioner, Gordon E. Nash, then 16 years old, had pleaded guilty to a morals charge on July 27, 1964, and was sentenced to 10 years in the House of Correction by Associate Judge Stuart F. Hamill, in the Circuit court, on September 29, 1964. Judge Hamill later reduced the sentence to seven years.

Nash, from Anne Arundel county, was lodged in the county jail after his escape from the State Boys Forestry camp near Lonaconing The morals offense was alleged to have occurred while the boy was an inmate in the county jail at Oakland.

Five allegations for relief were made by Nash when the matter was heard by Judge Getty in the Circuit court on November 22. Nash first alleged that no full investigation was made by Judge Hamill prior to

Two Sentenced For Mine Wire Theft

Harry Sherman Madison, of Pennsylvania, and Michael McKinley Miller, of Westernport, entered pleas of guilty to charges of breaking and entering and larceny of a quantity of aluminum and copper mining wire, at a trial before Associate Judge Stuart F. Hamill in the circuit court in Oakland on Monday afternoon.

Judge Hamill sentenced Madison to 18 months in the House of Correction on the grand larceny charge, sentence to begin November 14, the day he was placed in the county jail.

He sentenced Miller to spend one year in the House of Correction on the breaking and entering and larceny charges, sentence also to begin November 14.

Madison also was sentenced to 18 months on breaking and entering and larceny charges, the sentence to run concurrently with the first one. Both had waived their right to indictment by a grand jury and had requested immediate trial. They had stolen mining wire valued at $550.00, from the Brashear Mining company.

The men were arrested by Cpl. M. G. Hart of the state police on charges of larceny of the wire from a garage on the Howard Michaels farm in the Mill Run district near Westernport. At a preliminary hearing held before Trial Magistrate Robert M. Maroney on November 15 they were held for action of the grand jury.

Ron Mills Again Country Club Head

Ron Mills, of Mt. Storm, was re-elected president of the Oakland Country club association last week, beginning his third term in that office. Other officers are Cheston Browning, vice-president; Charles Briner, secretary, and Harold Yutzy, treasurer.

Bids on construction of an additional nine holes will be opened on January 10, it was announced.

Funds for this and other improvements are the result of a loan from the Farmers Home Administration. On January 12, an appreciation dinner will be held for those instrumental in obtaining the loan.

Directors of the association include Phyllis Helbig, Mary Naylor Bennett, Boyd Sanders, Jr., G. Harold Yutzy, Oswald Vannucci, Ron Mills, Charles Byard, John Henry, Cheston Browning, James Railey, Victor Pritts, Ira Whetsell and Richard Jamison.

Treat Contributions Amount To $445

Contributions for the annual Christmas treat have reached a total of $445, it was announced this week by Charles L. Briner, chairman of the committee for the Mt. Top Chamber of Commerce. Briner said the committee would need $650 or more before reaching its goal.

The Christmas treat will be provided for some 2,500 children of the community on Saturday, December 18, at 1 o'clock, at the corner of Second and Liberty streets.

Contributors in addition to those listed last week include Andrew E. Mance, M.D., Sanders and Hershman, Russell L. Smith, Oakland Electric and Radio, Joseph Alvarez, M.D., Associate Judge Stuart F. Hamill, Jr., Cornish Manor, 219 Drive In, Dilley Drilling corporation, Oakland Lumber company, Sharps Motor, Oakland Radio Station corp., Dr. B. F. Selby, Western Maryland Power company, Dutch's Keystone, Oakland Furniture Exchange, Nationwide Insurance Agency, Dr. Herbert H. Leighton, W. W. Dawson.

Thirteen To Enter Service Dec. 15th

Thirteen registrants will be inducted into the armed forces at the induction station at Fairmont, W. Va., on Wednesday, December 15, it was announced by Mrs. Helen Bittinger, secretary for the local selective service board.

They include Robert F. Detrick, Friendsville; Larry A. Cheek, Oakland; Russell E. Stewart, Oakland; Thomas L. Savage, McHenry; Lonnie E. Upole, Crellin; Jerry L. Friend, Friendsville; Samuel J. Sisler, Gormania; William L. Evans, Kitzmiller; Robert D. Beitzel, Accident; Duane K. Schroyer, Oakland; James E. Stewart, Oakland; Jack W. Paugh, Deer Park; James H. Wildesen, Jr., Gormania.

On the same date twenty-two registrants will report for a pre-induction physical examinantion.

To Vote On Charter

A special election for citizens of Mt. Lake Park, to accept or reject a new charter for the town, will be held next Tuesday, December 14.

A charter committee has prepared the final draft and copies of the charter have been distributed to Mt. Lake Park voters.

Polls will be open from 1 to 7 p. m., in the Community building.

Father And Son Guilty Of Tax Evasion Charge

Federal Jury Returns Verdict Against Foster, Edward Frazee

A father and son, partners in a timber firm in Friendsville, were convicted of income evasion Monday in the U. S. District court in Baltimore.

A jury of ten men and two women returned the guilty verdict against Foster Frazee, 50, and his son, Edward, 32, after deliberating for about two hours on four days of testimony.

Federal Judge Harrison L. Winter deferred sentencing pending a pre-sentence report. The indictment against each man contained two counts and each defendant could receive a total sentence of five years imprisonment, a $10,000 fine, or both.

The father and son were charged with understating their income by approximately $46,000 and evading about $7,000 in federal income taxes for the years 1956-57.

The indictment of March, 1962, also charged another son of Foster Frazee, Donald, 29, and a cousin, Ward Sisler, 52. All four were partners in the Frazee-Sisler Lumber company.

They went on trial last Monday but defense motions for verdicts of acquittal of Sisler and Donald Frazee were granted by Judge Winter last Wednesday. The judge ruled that Sisler never had any contact with the company's books and accounts, and that Donald Frazee joined the firm late during the period at issue.

In his final arguments, Asst. U. S. Atty. Roger C. Duncan said Foster Frazee told a federal tax agent that depreciation allowances on the firm's timber were "picked out of the air".

Duncan also said numerous checks received in 1955 for the sale of timber to U. S. Steel for use as mine props, were not reported in the company records.

Suming up the defense case R. Carleton Sharretts of Baltimore, said the government had failed to show a "substantial understatement" of income by the father and son.

Sharretts told the jury that government exhibits in income of the two men lacked a pattern of evasion which the law requires on income tax cases.

Propose Reductions In Electric Rates

A general reduction in electric rates, amounting to approximately $2,200,000 and affecting over 95 per cent of its customers has been proposed by Monongahela Power Company, to become effective early in January.

The reduction is a result of discussions with the Public Service Commission of West Virginia in recent months.

In announcing the filing of revised rate schedules applicable to West Virginia customers and which effect a reduction of $1,968,300, Donald M. Kammert, president of Monongahela, cited increased volume of sales, increased efficiency of production and delivery, and reductions in federal income tax rates as contributing factors. It is planned to file revised schedules with other commissions as promptly as possible, covering the balance of the over-all reduction. This latter phase will affect users in Garrett county.

"The Company is fortunate," he said, "in that it furnishes a service which has a constantly widening acceptance, in pace with nearly every improvement in living standards and in manufacturing and distributing methods. Technology has been advancing rapidly in electric service and the opportunities for further advances have by no means been exhausted. The use of electricity in homes and businesses is generally responsive to price changes and further increases in the volume of the Company's sales should be stimulated by the proposed reductions."

The reductions would apply to every class of customer—residential, commercial, general service and industrial.

Lists Post Office Window Schedule

Window service hours for the Oakland post office were announced this week by Guy William Hinebaugh, postmaster, which began Monday, December 6. He said windows would remain open until 5 o'clock p. m., including Saturday, December 11.

The windows will be open until 6 p. m., the following week, December 13th through Saturday, December 18.

County Legislators Arrange Meetings

County legislators have arranged two public meetings in the county in order to give citizens an opportunity to discuss possible legislation for introduction at the next session of the Maryland General Assembly next January.

This is a custom that has been carried on by the county's law-making representatives for several years.

State Senator Spencer W. Graham said he and the three delegates had arranged for meeting as follows:

Grantsville ,at fire hall, on Tuesday, December 14, 8 p. m.; Oakland at court house, Thursday, December 16, at 8 p. m.

Attending along with Senator Graham will be Delegates Elza Bray, Elwood Groves and Mrs. Martha Glotfelty.

Senator Graham said the legislators would be happy to hear suggestions and a discussion of any problems that are disturbing the people which legislation might correct.

School Board Plans Adult Education Program For 1966

The Garrett County School Board, under the provisions of the Economic Opportunity Act, will begin adult education classes in January for any adults who qualify under the provisions of the law and who are interested in attending. Classes will be established in any area of the county where there is a demand.

Lawrence Groer, machine shop instructor at Southern High school, has been assigned the responsibility of developing and supervising the program. Adults interested in the program may get in touch with Mr. Groer at Southern High school or at his home during afterschool hours.

The county has been allotted $8,500 for the development of this program. The entire fund will be spent for teachers' salaries and instructional material.

Southern Matmen To Open Tonight

Southern High will open its wrestling season tonight against Bruce High school, defending Potomac Valley conference champion. The meet will begin at 7:30, at Bruce High in Westernport.

Southern is the only new opponent appearing on the Bulldog's schedule. The Highlanders supported a wrestling team a few years ago but then dropped the sport, to be revived again this year. Robert Fugera is wrestling coach. Eight matches are scheduled in addition to a PVC tournament on February 10 and 12.

The schedule:

Robert Weeks has purchased Carroll's Sport shop, corner of Third and Oak streets, in Oakland, from Carroll E. Miller. The business will now be known as Bob's Sport Shop.

The management changed hands last week.

Power Interrupted

Electric power was off for about one and one-half hours Tuesday in the Oakland area covered by the West Maryland Power company, when a tree fell on a power line leading into the town. A lumbering operation was in progress in the vicinity of Hopemont, it was

The power went off at 11:30 a. m., and was restored at 12:53 p. m., according to the spokesman for the power company.

Bank Cashier Dies Suddenly

Frank Leslie McDaniel II, 43 years old, cashier of The First National Bank of Oakland, died suddenly last night at his home, 128 East Pennnington street, Oakland.

Born March 15, 1922, at Shinnston, W. Va., he was a son of the late Frank L. and Willow Martin McDaniel.

Deceased was a member of St. Paul's Methodist church in Oakland, the Oakland-Mt. Lake Park Lions club, the Mt. Top Chamber of Commerce and the Deep Creek Lake-Garrett County Promotion Council. He was a veteran of World War II.

Mr. McDaniel came to Oakland to be with the First National Bank over ten years ago, moving here from Huntington, W. Va., where he had been employed in a bank there.

Surviving are his widow, Margaret Henkle McDaniel; two sons, Frank L. McDaniel III, a 10th grader in Southern High; and Ronnie McDaniel, a freshman student at Johns Hopkins university, Baltimore; and four sisters, Mrs. Mabel Price, Raleigh, N. C.; Mrs. Miriam Akers, Fairmont, W. Va.; Mrs. Eileen Akers and Mrs. Barbara Hardesty, both of Shinnston.

The body was taken to the Minnich Funeral home in Oakland. Friends will be received this evening and tomorrow.

The Merchants' committee of the Mt. Top Chamber of Commerce announced this morning that the stores of Oakland will be closed on Saturday afternoon from 1 to 2 o'clock, for the funeral services of Mr. McDaniel.

Funeral services will be conducted Saturday afternoon at 1:30 o'clock from St. Paul's church by Rev. Lawrence Sherwood, pastor, and Rev. W. Shelby Walthall, rector of St. Matthew's Episcopal church. Burial will be in the IOOF cemetery at Shinnston. The body will be taken to the church at 1:30.

The family has requested that in lieu of floral tributes, that contributions be made to the Heart fund and the Ruth Enlow library.

Swanton Man Gets 2 Years in 2 Cases

Roger Dale Guthrie, 21, of Swanton, was sentenced in Allegany county to two years in the Maryland House of Correction on two motor vehicle violations.

On April 28 he appeared before Russell R. McRobie, trial magistrate in Westernport, and was sentenced to one year for unlawful use of expired temporary auto tags after 20 days; and another year for tampering with a motor vehicle.

Guthrie appealed and on July 20 he failed to appear in Allegany county Circuit court. Associate Judge James S. Getty dismissed the appeals and found him guilty and sentenced him to the state institution.

At that time he was released under his own recognizance for medical reasons. Last Saturday he was arrested by Garrett county authorities and taken to the Allegany county jail Tuesday.

Dale Mahaffey Suicide Victim

Shoots Self In Head With Rifle After Destroying Property In Home

Dale Leon Mahaffey, 31, Oakland building contractor, died of a self-inflicted gunshot wound Tuesday evening about 6:10 o'clock at his home on Underwood road, according to county authorities and state police.

Mahaffey owned and operated the Mountain Top Builders. The shooting took place in a bedroom of the man's home after police had endeavored to get him to come out of the house and give up his guns.

Fred A. Thayer, state's attorney, said that earlier in the day, Clifford Graham, 20, an employe of Mahaffey had come to the office of James E. Frantz, sheriff, and informed him that Mahaffey might do some damage, and asked that something be done.

Mahaffey was reported to have been acting violently. He had fired numerous rounds of ammunition into the washing machine at the home, took a dozen or more shots at the stove, fired into the kitchen sink and had shattered the telephones with rifle and pistol shots. Graham said he feared he might harm himself or someone else.

A warrant of malicious destruction of property was obtained and Mr. Thayer accompanied state troopers to the Mahaffey dwelling. Authorities endeavored to get him to come out. Instead he invited them in as he stood at the door with a pistol in his hand. Authorities then told him they would discharge tear gas. He then went into the bedroom and fired a 30-30 calibre rifle, the bullet striking him in the face.

Officers said they had planned to take him to the hospital for an examination. The victim was alone at the time. Police said his wife and three children were in Baltimore visiting a brother.

Accompanying Mr. Thayer to the house were Sgt. Harry S. Bosley, Cpl. Robert Henline, Tfc. D. A. Tucker, and Tfc. Robert D. Lashley. Police found two pistols, the rifle and a loaded shotgun in the home.

Mahaffey was born in Deer Park July 4, 1934, a son of William L. Mahaffey and the late Pearl Harvey Mahaffey. He is survived by his widow, Mrs. Helen Schrock Mahaffey, two sons, William D., and C. Scott; one daughter, Anita Ann, all at home; his father, William L. Mahaffey, and step-mother, Markleysburg, Pa.

He was a member of St. Mark's Lutheran church in Oakland. Funeral services will be conducted from the Leighton-Durst Funeral home in Oakland on Friday morning at 11 o'clock by Rev. Wm. Ernest Fox, pastor. Interment will be in Garrett County Memorial gardens.

K. of P. Elects

Electing last Friday night, members of Garrett Lodge No. 113, Knight of Pythias, chose Gerald Sanders to be chancellor commander for the coming year. He succeeds James E. Frantz.

Others elected were Dale Fike, vice chancellor; Ray Porter, prelate; James Frantz, master of work; Everett B. Weimer, secretary; Milburn W. Mann, financial secretary; Alva G. Gortner, treasurer; Lorraine Gnegy, master at arms; John Fitzwater, Jr., inside guard; Delbert Shaffer, outside guard.

James Frantz and Harry Stemple were named representatives to the Grand Lodge with M. Paul DeWitt and Willard Hayden, alternates.

The new officers will be installed in January.

State Deer Kill 3,993

State game officials described Maryland's deer kill as successful this year. Hunters killed 4,910 bucks and 83 does in the eight-day gunning season which ended Saturday.

It was 2,000 below the total for regular firearms season last year. Chief difference was in Dorchester county where 1,979 deer were killed in 1964 when hunters were allowed to take either sex. This year the total was 442.

9 Cases Listed In Justice Court

Nine cases were listed this week in the trial magistrate's court of Robert M. Maroney, Liberty street, Oakland.

Alston Gordon Stewart, of Kittaning, N. Y., was tagged on three charges but found guilty on just two of them. He pleaded not guilty to a charge of driving under the influence of alcohol and was found not guilty by the magistrate. He entered pleas of guilty to a charge of driving while his license was revoked and also pleaded guilty to reckless driving. He was fined $100 and costs in the first and $25 and costs in the second. In default of payment he was ordered to spend 30 days in jail on the first charge, and 25 days in jail for the second.

James Allen Tichnell, Swanton, forfeited collateral of $10 and costs for passing a vehicle on the right side when unsafe to do so, and forfeited an additional $12 and costs for operating a motor vehicle with tags issued to another vehicle.

Peggie Paugh Steringer, Mt. Lake Park, forfeited $10 and costs for failure to keep to right of center of the highway and also forfeited $10 and costs for having an expired temporary permit.

John Moore, Jr., of Rosedale, Oakland, entered a plea of guilty to a charge of operating a motor vehicle while his driving license was suspended and was fined $100 and costs. He noted an appeal and posted bond for his appearance in court.

Janie Marie Frazee, Addison, Pa., pleaded not guilty to a charge of failure to keep to the right of the center of the highway, but was found guilty by the magistrate and fined $10 and costs.

Three other individuals forfeited collateral and costs of $3 each on charges against them. Mark Stanley Uphole, Kitzmiller, paid $13 for operating a motor vehicle without plates; Raymond Elisha Steyer, Deer Park, paid $13 for exceeding a posted 30 mile speed limit; Elmer Jay Shaver, Piedmont, W. Va., paid $8 for speed too great for road conditions.

Frederick Earl Hinkle, Jr., Petersburg, W. Va., entered plea of not guilty to a charge of failing to keep to right of center of the highway and was found not guilty by the magistrate. The case was dismissed.

Questions by You and Your Friends

Answers From Clinton W. Englander

ASK YOUR PHARMACIST

Question

We're beginning to see the word "apothecary" used in drug stores. Is there a difference between a pharmacist and an apothecary?

Answer

Apothecary is an old word for pharmacist which is now coming back into use. An apothecary is a person who prepares and sells drugs or compounds them for medicinal purposes, a pharmaceutical chemist. Therefore, a pharmacist is also an apothecary. Apothecary is a Greek word which originally meant "storehouse," and our prescription department is literally a storehouse where your health is concerned.

Facts On Medicare

Question

We're hearing a lot of talk about Medicare. Could you talk about the important parts of it in your column?

Answer

Because of the general interest in Medicare (and the mounting much of it), we will be talking about its provisions and benefits during the following weeks. To begin with, while Medicare was signed into law on July 30, 1965, this program of federal health insurance cannot be activated until July of 1966. The mechanical procedures necessary for its highly-involved administration are taking a great deal of preparation, with all of us hoping a minimum of red tape and friction will be necessary. Medicare is health insurance for people 65 years of age or older, and, while only those in this age bracket are vitally concerned at this time, all of us, young and old, will be affected by its provisions . . . sooner or later.

Small Packages

The nicest things often come in small packages! Well, like tiny, golden, locket-like compacts—filled with solid, creamy perfume. Tiny, tiny little brocade cases that hold a beautiful gold compact and lipstick, in the famous Revlon shades. Shimmery, crystal cut bottles of perfume and cologne. Demi-Tasse compacts—so costly looking they'd fool a jewel thief! Bath luxury a la Revlon—the extravagant gesture she'll adore!

You'll find all kinds of lovely luxuries—bath oil, skin sachets, dusting powder with lush, fluffy puffs and purse-size sprays—for anyone, for everyone on your Christmas list. Can you think of anything that can weigh less than an ounce and be as Special as a gift of fragrance? From $2.00.

Candle — Candle

A very special — different — candle — the "Intimate" fragrance candle—to fill the air with that cherished fragrance! All encased in an exquisite gold-tone filigree holder . . . m-m-m—so nice.

Start the holidays in a blaze of beautiful excitement with a fragrance candlestick, or burn the candle at both ends—with Faberge's exotic Flambu, red double wicked candle.

Eight Are Killed On State Highways

Eight persons were killed on Maryland highways last week according to the weekly survey published by the Maryland State Police. Three of those killed were drivers; three were passengers; and two were pedestrians. Alcohol was a contributing factor in three of the deaths; speed in four; and "driver error" was present in six of the fatalities.

In commenting on the lack of use of seat belts in last week's highway toll, Colonel Carey Jarman, Superintendent of the Maryland State Police, said: "In forty-two highway injury cases investigated by the State Police, only two of the victims were using seat belts. In both of these cases the investigating officers are of the opinion that the seriousness of injury was lessened because the seat belt was fastened.

"In the forty cases where seat belts were not in use, the investigating officers feel that the injury would have been lessened if seat belts had been in use."

Mt. Lake Church To Present Cantata

The Bethel Methodist choir at Mt. Lake Park will present a Christmas cantata, "Love Transcending", in the church sanctuary at 7:30 p. m., on Wednesday, December 22nd. The work celebrating the coming of the Christ Child is an original composition by John W. Peterson. It makes use of both Scripture and traditional carol music. The narrative part of the cantata will be given by the Rev. James F. Remley, pastor of the Mountain Lake Park congregation, and a member of the choral group.

Rehearsals have been in progress for some time under the direction of Tom Yeager, choir director, with Mrs. Bessie Price, organist, accompanying. In addition to the work of the chorus, various soloists will enrich this sacred performance. Foster Riggs, tenor, sings "In The Beginning Was the Word;" Mrs. Wilda Hile, alto and Joseph Welch, tenor, will sing solo and duet in "He Shall Be Great"; Mrs. Jo Ann Remley, soprano, is to sing "The Birthday of the King"; Mrs. Shirley Yeager, mezzo-soprano, gives "Fear not; for Behold!" and Mr. Yeager, baritone, will sing the French carol, "Cantique de Noel—O Holy Night".

Many Players Take Part In Card Flights

Some one hundred sixteen persons are participating in the eight card flights being sponsored by the Junior Woman's Civic club of Oakland. Five are bridge flights and one is for Five Hundred.

The number in each flight varies from twelve to sixteen.

Jobless rate in November dropped to 8-year low of 4.2 percent.

No Time To Relax . . .

The advocates of compulsion —that is, of compulsory unionism—have licked their wounds from last session's encounter, and are now preparing to try again to repeal Section 14(b) of the Taft-Hartley Act when Congress reconvenes. In a recent letter to union boss Walter Reuther, President Johnson said: "We have made significant progress in 1965 toward the long-sought goal of repealing Section 14(b) . . . We will come back in the next session to remove this divisive provision from the law."

Those Senators who successfully defended 14(b) and the workingman's freedom of choice by filibuster last session have all vowed to stand their ground. But it will take more than just "extended debate" to win again. Those power-mad union bosses and politicians, who consider a workingman's freedom to be "divisive" of their ambitions, will pull every possible string to make their power over all of us "undivided". We, the people, must therefore make sure that any move for 14(b)'s repeal next session will be summarily defeated, not just temporarily put off again.

Now is the time to do something about it—not waiting until repeal legislation is actually brought up in the next session. Now is the time to tell those 34 Senators and 203 Congressmen who actively opposed repeal last session how much we appreciate their efforts. Now is also the time we should remind all the others that a vote for repeal of Section 14(b) is a vote against the wishes of a majority of their constituents. Next year is Congressional election year, and as that day of reckoning draws closer some of those who rubber-stamped the union bosses' demand for 14(b)'s repeal last session may become more anxious to please voters than to do the bidding of the President or his union boss friends.

A coalition of Republicans and Democrats in Congress held the line for us last year, against the power-play of the union bosses and their puppet politicians. The second session of the 89th Congress starts in just a few weeks—January 10 to be exact—so it's our turn now to prevent "a switch rather than a fight". We can do this by again turning loose a flood of mail calling on our Senators to stand firm against the Johnson-Meany-Reuther-Hoffa domestic war on freedom. U. S. Press Assn.

Is Your Name EDGAR?

Do You Know That:

Edgar has been used extensively as a personal name and surname for a number of centuries. It has been particularly popular in England and Scotland. It is of Saxon origin and is obtained from "ead" and "gar" which mean respectively "happy or blessed" and "spear or warrior". Thus it is interpreted as "blessed warrior". When the Saxons named a boy "Eadgar", it was often with the hope that he would grow up to be a distinguished warrior.

James Edgar (1743-1814), a Revolutionary patriot, was a member of the Provincial Congress held at Philadelphia in 1776.

According to the Fifth Series of the Pennsylvania Archives, Charles, David, James, John, Peter and Samuel Edgar served in the Pennsylvania militia at the time of the Revolutionary War.

The first census of the United States, taken in 1790, has listings of Catharine, Robert and Mark Edgar who were residents of Maryland and heads of families at that time. The first two made their homes in Talbot County and Mark Edgar lived in Baltimore County.

"Genealogical Collections Concerning The Scottish House of Edgar" is a genealogical work which was edited by Andrew Edgar and published in London in 1873.

There are eleven listings of persons by the name of Edgar in the latest directory of Phi Beta Kappa, the honorary scholastic society.

Charles Edgar (1862-1922), a direct descendant of Thomas Edgar who came from Forfashire, Scotland in 1703 and settled in Woodbridge, New Jersey, achieved considerable success as a lumberman. He began his career at the age of 18 and eventually acquired large timber holdings in northern Minnesota. He had substantial interests in manufacturing plants in Wisconsin, Mississippi and Arkansas and was the owner of a 2,500 acre farm in Illinois.

Charles Leavitt Edgar (1860-1932) was president, Edison Electric Illuminating Company of Boston for the thirty-two year period preceding his death.

William Edgar, Jr., is vice-president, American Cable and Radio Corporation, New York City.

Earl Eugene Edgar is professor of education at Pennsylvania State University.

Robert Thomas Edgar is vice-president in charge of production, U. S. Borax and Chemical Corporation, with offices in Los Angeles.

Initial Report On Seal Sale Given

A preliminary report on the Christmas Seal campaign in Garrett and Allegany counties was released this week by Dorothy McKenty, executive secretary of the Allegany-Garrett Tuberculosis Association, Inc

Receipts from Garrett county up to December 3 totaled $1,259.06 compared to $1,124.60 for the previous year, or an increase of $134.46. In Allegany county receipts to that date were $7,931.22 compared to $7,726.95, an increase of $204.27.

The organization mailed out 27,182 Christmas Seal letters and up to December 3 some 5,467 have replied.

Reminders are to be mailed out in the near future and the secretary asked that those who did not plan to contribute to mail the return envelope anyway so as not to receive a reminder.

Plan Prior Reservation For State Camping Areas

An experimental advance registration program to enable campers to reserve sites in Maryland State Parks for the summer season will be initiated next year by the Department of Forests and Parks.

Initially, the program will be tried at Shad Landing State Park, a 550-acre public recreation area near Snow Hill, on the Eastern Shore.

If successful, the advance registration system for campsites may be adopted at other parks operated throughout Maryland by the department.

Thirty campsites have been set aside for the program and will be reserved from May 15th to September 15th on a weekly or bi-weekly basis only.

Deposits of $5.00 for one week and $10.00 for two weeks will be required. These deposits are not refundable. Rates for campsites are $2.00 per night or $12.00 weekly, and the limit of stay is two weeks.

To Streamline Zip Code System Here

As part of a nation-wide program to streamline the ZIP Code system, Postmaster Guy Wm. Hinebaugh announced today that effective next January 15 a single five-digit ZIP Code number will serve the entire communities of Oakland, Mt. Lake Park and Hutton.

Everyone in these towns will have the same ZIP Code number, which is 21550.

Postmaster Hinebaugh said Oakland is one of 643 cities in which two or more ZIP Codes have been merged into a single ZIP Code number in order to simplify the system.

"Postmaster General Lawrence F. O'Brien has instructed us to do all we possibly can to make the transition process easier for the public", Postmaster Hinebaugh said.

"We are therefore delaying the effective date until January 15 in order to avoid confusion during the Christmas mailing season.

"Also mail users may continue to use their old ZIP Code number on their stationery and other printed mailing equipment until the present supply is exhausted.

Individual notices to every postal customer in Mt. Lake Park and Hutton are being sent so that everyone will be informed of the change in his ZIP Code address".

MEDICINES OUT OF THE EARTH

The biblical Book of Ecclesiastes, written over 2,000 years ago, advised the wise to go to the earth for healing drugs. This directive was followed, but in the last fifty years more valuable discoveries have been perfected than all the preceding centuries.

Medicines now do more than just give relief from pain and discomfort. Many of them can accomplish a cure. But first the cause must be diagnosed by a physician. You can get any needed medicine from us.

Methodist Youth To Meet Dec. 13

The Wesleyan Sub-District of the Methodist Youth Fellowship will meet at St. Paul's Methodist Church, Oakland on Monday, December 13. The Council will meet at 7:00 p. m.; the general meeting will start at 7:30.

The Wesleyan Sub-District is composed of most of Garrett County and portions of Grant and Preston counties, W. Va.

Boys and girls from the Methodist Children's Home at Burlington, W. Va., have been invited to the Sub-District for this meeting. During the meeting, personal gifts will be presented to each of the boys and girls from the Home. Also at the meeting, food and other items contributed by Methodist Churches in this area will be given to the Home.

Among the features of the evening are a film about Christmas, the business session, and a Christmas party in Fellowship Hall where refreshments will be served and Christmas carols will be sung.

Bloomington Boy Wins Art Contest

Adam Swayne, 9, a fourth grade pupil at Bloomington Elemenetary school, was winner in his age group of an historical drawing contest conducted by a Sugar Refinery of Philadelphia.

The youth, a son of Mr. and Mrs. M. D. Swayne, submitted his entry in the 10 to 13-year age group. He will be awarded a complete set of the junior high school edition of the World Book Encyclopedia. He submitted the best drawing of Benjamin Franklin.

The contest is being conducted for four months among three age groups, 7 to 10; 10 to 13, and 13 to 17. Other subjects will be Thomas Jefferson, Abraham Lincoln and George Washington.

A letter received from Edward S. Meell, director of sales for the company, informed the youth of his win. He said the win demonstrated "a good knowledge of history, plus exceptional drawing ability for you to be one of the very few selected". This is the third recognition of the boy's drawing ability in recent months. He won a poster contest in school during National Food and Health Week. He also received a first prize of $2 in a poster contest held by Bloomington Volunteer fire company.

The youth displays an avid interest in early American history and is fascinated by U. S. presidents, according to Mrs. Paul McCoy, of the Westernport Library. His mother said he has a collection of original drawings of each of the presidents, a project he undertook to earn his wolf badge and gold and silver arrow points as a Cub scout.

He is now working on the portraits of the signers of the Declaration of Independence. He has a large copy of the declaration which his mother obtained for him at a Book Fair held in the school. He plans to encircle this with the pictures of each of the signers to hang in his bedroom. The work is being done on paper plates in pencil.

CAPITOL COMMENT

by Charles "Mac" Mathias
Congressman, 6th District, Maryland

The Rising Cost Of Living

The Department of Labor has finally discovered what the American housewife has known for a long time: that the cost of living is going up. The Labor Department recently announced that consumer prices are at a record high, and the Administration is understandably concerned.

The immediate cause of concern is the fact that in October the index of the cost of living rose by two-tenths of one percent, which pushed the index to 110.4 percent of the 1957-58 average. Now, this may sound like a very small monthly increase, but its cumulative effect is serious. In laymen's terms, the increase means that it cost each of us $11.04 in October to buy the goods and services which cost us $10.00 during the base period from 1957 to 1959.

Now, this comes as no surprise to the American housewife. For months my wife, Ann, has been telling me that every time she goes to the stores for the week's order, she finds that one or more items have risen significantly in price. I'm sure that this has been a common experience throughout Maryland and the nation, and it's a shocking experience, for certainly the average American's earnings and income are not rising nearly as fast as the cost of living.

In some segments of the economy, the buying ability of wage earners has kept pace with prices, but in general I think that Americans are begining to feel the pinch. The question is what do we do about it? And before tackling this question, we should examine some of the causes of this increase in the cost of living.

Many of these causes are clear. Government spending, for example, continues at very high levels. The increase in the agricultural budget, which has expanded to several times its total five or six years ago, is just one indication of the way in which government spending has outraced even the growth of our population and the normal increases in demands for government services.

We cannot forget, too, that we are conducting a major war, a very expensive war, which is being fought halfway around the world with difficult problems of logistics and rising demands for ships and men and supplies. Traditionally and historically, wars bring higher prices. Moreover, we are in a period of higher economic activity at home, with unemployment being reduced, and we have cut taxes. Certainly no one objects to cutting taxes, but the effect of the cuts in income and excise taxes has been to stimulate the economy further and help to raise prices. So these are some of the reasons why it is now costing you $11.04 to buy the same things that you could have bought just a few years ago for $10.00.

What do we do about is? This is a complex and very difficult question. Restraint in government spending is very important, as is restraint in individual and corporate spending. As the Administration moves to encourage such restraint, however, I believe we should be extremely careful that restrictions placed on the economy are applied across the board. We cannot be singling out one industry or one segment of the economy, and telling one particular group of Americans to hold back while other favored groups are running wild. I hope that, as the Administration develops policies to hold the line in the economic war, its plans will emphasize dealing equally and fairly with all Americans, to curb the rising cost of daily living.

Conrad Promoted

Samuel M. Conrad, veteran state trooper, has been promoted from first sergeant to lieutenant and placed in command of the Randallstown barracks of the Maryland State Police. He was formerly stationed in Garrett county.

Conrad had been residing in Frostburg with his wife. As of December 1 he was placed in charge of a complement of 40 troopers. He was assigned to Oakland in 1950 where he remained for several years.

He was promoted to sergeant in 1960 and first sergeant in 1963, and has been at Upper Marlboro since that time.

PROBABLY COMING DOWN WITH SOMETHING!

Even a frown can worry Mother. And when he has a fever—she always fears the worst!

Did you know, Mother, that more children fall victim to *spiritual neglect* than any of the crippling diseases we dread? It has wrecked the fond hopes and bold dreams of hundreds of thousands of parents.

Yet it isn't a disease, at all!

It is a HESITATION; hesitating to start our child in Church School, hesitating to go with him and worship God, hesitating to discuss at home the need for moral and religious foundation for the whole family.

Face it today! Do something about it next Sunday! Choose YOUR church. And make it *YOUR* church. And through a lifetime of worship and faith it can be for your child . . . *HIS* church.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Law and the Man

Lesson for December 12, 1965

Background Scripture: II Kings 21
Devotional Reading: Psalm 119:9-16.

LET YOUR imagination run loose a minute. Suppose you were a new American President, a very young one. Suppose that for nearly sixty years before this moment the country had been going from bad to worse. The

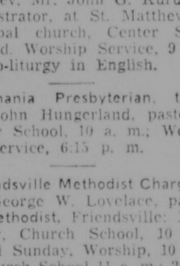
nation's leaders were hardly more than clever gangsters, setting examples of murder, immorality of all kinds. Suppose to all intents and purposes the country had not been lawless, but literally without laws. Then suppose in a dirty old neglected church there was found a copy of the constitution, a book of laws for the entire nation. You had your choice: either acknowledge the Constitution and begin to enforce it, or tear it up then and there and see that no word of it got out to the people. Which would you do? That was the choice faced by the boy king Josiah. You can read the details (Background Scripture) for yourself. Here we only make a few comments which the story suggests.

Laws in man

It was said here a few weeks ago that you never see "justice" on the street, or anywhere, all by itself. Justice is in people if anywhere. You can almost say the same thing about law, only not quite. Law is in a book of some kind, among civilized people (and the ancient Hebrews were people with a well-developed culture, bad as some of them were). But if the only place to find law is in a book or a stack of papers, it doesn't count for much. Law must find living quarters in men's consenting minds, or it might as well be doodles in a sandpile. Law like justice is best seen in the living acts and attitudes of living men.

Laws for man

Every good law is for the good of man. This is brought out in our own constitution in America, with its great Bill of Rights. A study of it will convince any fair-minded reader that the authors of our Constitution had human welfare at heart. It was so with the book of law which Josiah's men discovered in the Temple. The Hebrews had several different codes of law, but the one that played such a large part in his life was most probably the code we know as the Book of Deuteronomy. These laws (as the Bible reader may learn for himself) are not always about man, but they are always for man. Somebody wrote a book entitled "Utopia According to Moses," the theme being that if we abolished most of our modern laws and lived by Deuteronomy for awhile, we would be better off than we are.



Laws above man

The ideal of our systems of law always has been "Government of laws and not of men." What this means you can see by asking yourself a question: Would you rather live in a place ruled by the whim of a dictator, or in a place where even the top men in government bowed to the authority of law even when it went against them? King Josiah was one such man. He even ordered a public confession of sin in which he joined, — the sin of neglecting and forgetting these ancient laws. For he recognized them for what they essentially were: Laws of God. As such they were above him. They possessed an authority which even the King did not wield. In a true sense they represented the will of God. Now this is not saying that every law you can find on some statute book somewhere is necessarily a good law representing God's will for us all. What we can say is that so far as a law is truly for the welfare of man in his life on earth, so far it does speak for God. Or we can go farther and say without apology that unless a human law embodies the same spirit and intent as the laws of the Bible, it lacks the right to be called the will of God.

Southern Speaks

By Brad Stewart

Betty Crocker Test Given

The Betty Crocker test which is sponsored by the General Mills Corporation, was administered to those girls who are taking home economics at Southern. The girl who places the highest on the test will receive the Betty Crocker Award. The test concerns problems and typical situations that young married people would encounter. Test results will be announced sometime before the first of the year.

Pencil Drive Underway

The annual pencil drive, which is sponsored by the Student Council of Southern, started Tuesday morning. The pencils, which have the 1965-66 basketball schedule on them, were distributed to homeroom captains, who will supervise the selling. The price of a pencil is 5 cents.

All money collected will go toward the printing of a student handbook, which will be given out later in the year.

Supervisors To Arrive

This coming week three state supervisors from the Maryland Department of Education, will come to Southern for informal talks with teachers. Visitors from the state department will be Thomas Rowan, math supervisor; Mrs. Mildred Sowers and Dr. Shipman, who will visit with Mrs. Duling in reference to reading improvement.

Charles Strauss, who is the county physical education director, will meet with the members of the physical education department at Southern. Also, Dick Travis, the chairman of the legislative committee of the Garrett County Teachers Association, will attend a meeting in Baltimore concerning Maryland State Teachers Association.

Band To Sponsor Movie

The third movie in the series of "Saturday Nights at the Movies" will be shown in the cafetorium this Saturday evening. The movie, which is sponsored by the senior band, will begin at 7:30. This week's selection will include a cartoon, and main attraction will be "Proud Rebel" starring Alan Ladd, Olivia de Havilland, and David Ladd.

Sign-up Begins On Livestock Feeding

The sign-up period for the recently announced Livestock Feed Program will begin on December 8, according to an announcement by Darrell Martin, Chairman of the County ASC Committee.

The program was requested to help alleviate the feed shortage caused by the drought. It will provide corn to eligible farmers at reduced prices. To be eligible a farmer must show that his feed supplies are in short supply due to the drought and also that purchase of the necessary feed from normal suppliers would result in a serious financial hardship which would endanger his farming operations.

Only corn will be available. The price will be $1.06 and one-half cents per bushel of shelled corn when it is to be fed to primary livestock, which in general is a farmer's basic herd of dairy or beef cows or sheep. This price is 75 percent of the price support rate for this area. The price will be $1.42 per bushel (the full price support rate) for corn to be fed to secondary livestock, which includes all cattle or sheep for slaughter or sale and all hogs.

Two methods of operation will be used. Government surplus corn will be sold direct to farmers and discounts will be provided when locally purchased mixed feed containing corn is used. A number of local feed dealers have agreed to participate in the program, Mr. Martin said.

Interested farmers should contact the ASCS Office in Oakland for details.

Evans And Stem Cop First In Scotch Play

Sue Evans and Clarence Stem took the scratch honors in the annual Scotch Doubles Handicap tourney of the Western Maryland Women's Bowling Association. The handicap honors went to Nancy Ritter and Ed Warnick of Cumberland.

For their scratch of 547, Evans and Stem took in $25.00 and a trophy. The Ritter-Warnick combination won a total of $55.00 cash and a trophy with the 620 handicap total.

Other Handicap winners, winning cash, from Oakland were Marolyn Johnson and Cecil Jackson placing fourth, Arzella and Don Parsons, Sr., tenth, and Hazel and Charles Clary eleventh.

The Tourney was conducted at both The Bowler and White Oak Lanes in Cumberland with 108 entries.

Tragedy Hits Twice

The home of Mr. and Mrs. Harry Bowers and children was destroyed by fire abobut 11 p. m., Saturday eve, November 27, in nearby Boynton, Pa. The mother, Edith Meyers Bowers, was formerly of the Grantsville area. The Bowers are the parents of four daughters, Gale 18, Carol 14, Robin Sue 5, and Kimberly who will be two in April. The family is still in need of household furnishings and clothes including dresses for the 2 year old girl. Thursday afternoon Mrs. Bowers was notified her mother, Mrs. Sadie Meyers, had died suddenly. The Flushing Shirt Factory, Grantsville where Mrs. Bowers was employed took up a collection for the Bowers family which netted to over $125.00. B. Lipton, owner of the Shirt Factory, New York, called the manager of the factory here at Grantsville. When he was notified of the tragedy, Mr. Lipton said, he "would match the contribution".

Sermonette By Area Ministers

"O COME, IMMANUEL"
by Dr. Lawrence Sherwood, Pastor, St. Paul's Methodist Church

Advent is the season that leads up to the celebration of the coming of Jesus. During these days before Christmas, Christians prepare for the remembrance of His Coming.

One of the ancient hymns of Advent expresses the yearning for the Coming of the Christ:

"O come, O come, Immanuel,
And ransom captive Israel,
That mourns in lonely exile here
Until the Son of God appear."

One of the many names that have been applied to Jesus is "Immanuel" (or "Emmanuel"). This is a word full of meaning that has a special significance during the Advent Season.

The people of Isreal had longed for the coming of the Messiah. There had been veiled references to his coming in the writings of the early Prophets centuries before the coming of Jesus. One of these Prophets, Isaiah, had used the word Immanuel in his writings.

The Christian faith has rightly seen how the title Immanuel applies to Jesus. The word Immanuel, translated into English, means "God is with us". This is the revelation of God that Jesus brought.

Before Jesus came, men thought of God as being far off. Words used to tell of God's nature included "Judge," "King", and "The Holy One". None of these words bring the nearness of God to the individual in the same way as does Jesus' use of the word "Father" for God.

Jesus came as a baby—to show us that indeed God is with us. God is not only powerful and holy; he is also near. He is our own friend and guide.

Not only by His birth, but also by His life, teachings, death, and resurrection did Jesus proclaim that God is with us. This is both the meaning of Christmas and the joy of the Christian faith.

It is no wonder that the ancient Advent hymn that tells of the longing for the coming of Immanuel ends on a note of joy:

"Rejoice! Rejoice!
Immanuel
Shall come to thee,
O Israel"!

Literary Review

By Kenneth Legge Hardesty

Elliott Merrick, the author of Green Mountain Farm, was born in Montclair, New Jersey, and educated at Phillips Exeter Academy and Yale University. He has been a college teacher, a newspaper reporter, an editor, a farmer, and during the war, editor and writer for the Office of War Information. He is the author of a number of books, including Passing By, and True North.

Green Mountain Farm

If you feel that the machine age gives you too little time to enjoy life, this is the book for you to read. Like Thoreau's Walden, it is a book about how to live and what to live for.

During the depression of 1932 Elliott Merrick moved his family to Vermont. For a year they rented a broken down farm near Lake Champlain. Then, for only $1,000, they bought their present farm located near a town the author calls Horseshoe. What they learned about the art of savoring life is here told in quiet, restrained, and beautifully fashioned prose.

Merrick tells of country life as it appears to a writer and poet who has also been an explorer. He writes of his need for the simple life, of his love for his wife and family, and his affection for the oddities of his neighbors. He tells the story of how he built a roof, how his wife had her second baby, the snows and mud of Vermont winters and springs, how he built a running water system, and how for a week one summer he and his wife escaped from the farm and sailed all over Lake Champlain. Skiing in the moonlight, cutting wood, gardening, writing books, teaching, these are some of his projects.

Merrick expresses his love of the earth, and its changing seasons. With a simple directness, he communicates to the reader his passion for natural beauty, and for a life lived in contact with nature. His book is for all those who long for warmth and simplicity in the midst of today's complexity.

Merrick's books may be purchased from The Macmillan Company, New York City.

Judge Denies

(Continued from Page One)

waiving jurisdiction in the case in Juvenile Court for the boy. State's Attorney Fred Thayer testified that after being advised of the nature of the crime he discussed it with Judge Hamill, who waived jurisdiction.

Judge Getty noted that Nash was represented by able, experienced counsel at his first trial and at the hearing November 22. He also pointed out that this allegation concerning the waiver by Judge Hamill should have been raised at the trial or on direct appeal.

Nash's second allegation avers a lack of understanding of the effect of a guilty plea. Judge Getty noted here that in open court Nash signed a statement that he was pleading guilty voluntarily, that he was satisfied with services of counsel, that he knew he could be punished for the crime, and that his plea of guilty was voluntary. The judge's opinion goes on to point out that the evidence does not substantiate Nash's third claim concerning the inadequacy of counsel in advising him to plead guilty. Nash's next two allegations charge inflammatory remarks by the state's attorney that resulted in a prejudicial attitude on the part of the court. Here he pointed out that allegations of prejudice are available on direct appeal but not in post conviction proceedings.

Finally, on the matter of the severity of the sentence the judge pointed out that the sentence was within the statutory limits and subsequently was reduced by the court below the maximum. Nash's court-appointed attorney at his trial was Jack Turney. For the Post-Conviction Procedure Act hearing he was represented by William Grant.

Co. Farm Bureau Supports Senate Of 53 Members

Opposes Measure Which Would Deny Senator From Garrett

A decision to support Senate Bill 8, which would provide 53 senators in the state in a reapportionment move, giving each county at least one senator, was made at a meeting of the Garrett County Farm Bureau Board of Directors at a meeting held last Wednesday evening.

At th meeting also were the women's committee of the farm bureau, State Senator Spencer W. Graham and the Garrett county members of the House of Delegates, Elwood Groves, Elza Bray and Mrs. Martha Glotfelty.

Opposition was expressed to Senate Bill 5, which would provide 43 Maryland senators with Garrett county joining with Washington and Allegany counties to elect three senators, with the result that Garrett county probably would never have another senator and therefore no representation in the state senate.

A resolution offered by Wayne Hamilton, was discussed, amended and presented as follows: "That in case Senate bill No. 8 was declared unconstitutional by the courts, and the state is compelled to accept Senate Bill No. 5, providing a senatorial district of the three western counties, allotting three senators to the district; the following plan of electing these three senators be followed; that the three-county district be divided into three sub-districts; that each subdistrict would nominate at least one senator from that subdistrict; and that all of the voters of the entire senatorial district would help to elect all of the three senators from the entire district".

Though not expressed in the resolution the hope was expressed that the district subdivisions would be on a county basis, thus giving Garrett county a state senator.

The Farm Bureau also decided to back the recently formed non-profit organization, "Voters, Inc.," which is seeking favorable ruling by the courts on Senate bill No. 8.

This group is against the "Maryland Committee for Fair Representation", which supports Senate bill No. 5.

A court test was set for yesterday at which time an attorney for Voters, Inc., was scheduled to argue the soundness of having at least one senator from each county for proper representation for each political entity.

Lawrence F. Rodowsky, the attorney, said the plan is justified by the unusual responsibilities the Senate places on its local governments, which resulted in a large volume of local legislation each year in such matters as health, education and welfare.

The plan is being tested for constitutionality in Anne Arundel county circuit court against the 43-member bill enacted also.

Rodowsky urged the court to confine its consideration to the constitutionality of the 53-member senate plan. He said the Legislature had expressed a preference for it.

B. O. Aiken, president of the county Farm Bureau, said his group and also Voters, Inc., at least hoped to delay final action until a Dirksen bill in the United States Congress would pass an amendment to the constitution which would allow one house of a legislature to elect on a basis other than population.

Answers Two Alarms

Oakland firemen answered two minor alarms during the week.

A flue fire at the home of Ronnie Green, East High street, Oakland, called the firemen to the scene last Friday morning about 11:45. There was no damage. The house is owned by Ralph Pritts.

The second alarm came Saturday afternoon about 3:45, when firemen were summoned to a garage of Delano Martin, at Crellin, along Maryland route 39. A paint explosion apparently occurred while two men were engaged in painting the interior of the garage owned by Delano Martin, preparing to open for business. The damage was slight.

A hurtling truck in Togo, Africa, killed a peace corps American and 114 tribesmen.

Action Taken By Mt. Lake Council On Several Matters

At the regular meeting on Tuesday night of the Mountain Lake Park Mayor and Town Council, the following actions were taken:

Voted to approve a motion to share equally in the cost of the independent feasibility survey for sewage disposal now being prepared by McNair Associates covering the Loch Lynn and Mountain Lake Park sewerage area. This independent survey is to determine if it is best for the two towns to solve their sewage problem by lagoon or by the central treatment plant system.

Chose Monday evening, December 20, from 6:30 to 7:30 p. m., as the time for Santa Claus to come to town and present the Christmas treat to the kiddies of the town in the town hall.

Announced that tomorrow evening, Friday, December 10th, a public meeting is to be held in the town hall, beginning at 7 p. m., to give the citizens opportunity to discuss and become more familiar with the new charter that has been prepared for the town.

Emphasized that on Tuesday, December 14, from 1 p. m. to 7 p. m., an election referendum would be held in the town hall for the citizens to choose or reject the new town charter. The Mayor and Council unanimously approved the now completed text of the new charter and joined in urging all eligible citizens to register and vote in the public referendum. Copies of the new charter are available from Martin's Store, Parsons Garage and Del Builders.

Heard representatives of the Mountain Electronic Company, of Charleston, W. Va., explain its application for a franchise to install a TV cable system in the town. Jack Turney, attorney for the town, is to make certain changes favorable to the town in the contract and present it at a later town meeting for formal approval.

Junior College Bulletin Indicates Possibilities Here

A junior college bulletin, issued by the Board of Education on December 2, has indicated that a junior college could be operated in this county for 200 full time students on an operating budget of $180,000. This would be at the rate of $900 per year per student, with one-third of the cost being furnished by the state, one-third by the county, and one-third by the student.

The building necessary to provide adequate facilities for the college might cost upwards of one and one-half million dollars for construction and equipment. This would include classrooms, library, small auditorium that could double as a visual aids classroom, a student center and snack bar, a gymnasium, science rooms, art room, administration office, seminar rooms, music room, vocational education area and an athletic field.

Money to assist the local community in building such a plant is available from state and federal sources, according to Willard L. Hawkins, county superintendent of schools, with some funds for vocational area possibly available under the Appalachia bill. He said as much as possible 80 percent or more could be obtained in this way.

Authorization for filing a request for a junior college to the State Department of Education has been given by the county board to the superintendent, and this is planned in January, providing the Board of County Commissioners indicates its willingness to support the county's share of the cost of maintaining the college.

The bulletin distributed in various areas, indicates courses in liberal arts, teacher training, vocational education, art and music programs and physical education.

In further explaining the money that would be needed it was pointed that the student share would be spent in this county, that the state tax money would be sent here and be spent here instead of in Allegany or some other county, and the money provided by the county to be spent here, providing an economic asset offsetting the county's share to taxes to support the college.

A public meeting may be held after the first of the year, giving people an opportunity to express their views.

The board of education said the establishment of a junior college would be a long, arduous task, involving tax dollars and full cooperation of the people. But it felt it could become a valuable asset to the cultural, educational and economic life of the county.

MAKE CHRISTMAS MOTHER'S DAY...

with an automatic dishwasher

No other gift says "I love you" better, for no other gift can save her so much time and work.

No more tedious KP for grownups or kids when Mom has a modern electric dishwasher. For her wonderful new helper will do all the work — without hand scraping, pre-rinsing or drying!

Washing at germ-killing heat in water far hotter than hands can stand, today's advanced dishwashers get everything sanitized clean — glasses gleam, plates shine, and pans sparkle!

Be the best-ever Santa this year and surprise Mother with that automatic dishwasher she's longed for. For just pennies a day you'll save her an hour's work a day . . . and don't think she won't love you for it!

No. 118 Adoptions. In The Circuit Court For Garrett County, Maryland.

PETITION

To The Honorable,
The Judges of Said Court:

The Petition of Alonzo D. Cummings and Rosala Cummings, his wife, by Clarence A. Penman, their attorney, respectfully represents unto this Honorable Court:

1. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, reside at Gorman, Garrett County, Maryland, and have been residents of this county for twenty-five (25) years; that Alonzo D. Cummings is 56 years of age and is self-employed as a farmer; his wife, Rosala Cummings, is 58 years of age and is a housewife.

2. That the person to be adopted is Allen Jefferson Atwood, Jr., male, born on July 12, 1961 at Baltimore City Hospital, Baltimore, Maryland; and that the said infant child was born in lawful wedlock unto Allen Jefferson Atwood and Julia Lee Trout Atwood.

3. That the present address of the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, is unknown, even though a diligent search has been made to obtain a present address for them.

4. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, are the parents of eight (8) children all of whom have been emancipated and are over 18 years of age with the exception of Kenneth Cummings who is 15 years of age at the present time.

5. That the infant child to be adopted, Allen Jefferson Atwood, Jr., is in no way related to your Petitioners, but that the said Allen Jefferson Atwood, Jr., has been cared for and supported by your Petitioners in their home since on or about the 8th day of November, 1964 at which time the said child was abandoned by Allen Jefferson Atwood and Julia Lee Trout Atwood, its natural parents.

6. That the said Julia Lee Trout Atwood, mother of the aforesaid infant child, has indicated that she is willing to sign a consent agreement for the adoption of the aforesaid Allen Jefferson Atwood, Jr., but that her address at the present time is unknown.

7. That your Petitioners are members of the Caucasian race and are of the Protestant faith; that the natural parents of the person to be adopted are members of the Caucasian race but that your Petitioners do not know what faith they profess.

8. That your Petitioners, Alonzo D. Cummings and Rosala Cummings, his wife, are able to properly support, educate and maintain the said infant and feel that under the circumstances it would be for the best interest of the said infant as well as for all concerned, that the prayers of your Petitioners be granted.

Wherefore, your Petitioners Pray:

(1) That this Honorable Court pass an Order declaring the said infant, Allen Jefferson Atwood, Jr., to be the legally adopted child of Alonzo D. Cummings and Rosala Cummings, his wife.

(2) That this Honorable Court may pass an Order changing the name of the said infant, Allen Jefferson Atwood, Jr., to Allen Jefferson Cummings.

(3) That this Honorable Court pass a Show Cause Order directed to Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, to show cause, if any they have, why the adoption of the said infant child should not be granted as prayed.

(4) That your Petitioners may have such other and further relief as the nature of their cause may require.

And as in duty bound, etc.

No. 119 Adoptions in the Circuit Court for Garrett County, Maryland.

PETITION

To The Honorable,
The Judges of Said Court:

The Petition of Junior D. Noel and Thelma Jean Noel, his wife, by Clarence A. Penman, their attorney, respectfully represents unto this Honorable Court:

1. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, reside at Route 2, Oakland, Maryland, and have been residents of this county for more than sixteen (16) years; that Junior D. Noel is 30 years of age and is self-employed as a mechanic; his wife, Thelma Jean Noel, is 26 years of age and is employed as a teacher of the third grade at Centre Street School.

2. That the person to be adopted is Carl William Atwood, male, born on July 2, 1963 at Garrett County, Maryland; and that the said infant child was born in lawful wedlock unto Allen Jefferson Atwood and Julia Lee Trout Atwood.

3. That the present address of the said Allen Jefferson Atwood and Julia Lee Trout Atwood, his wife, is unknown, even though a diligent search has been made to obtain a present address for them.

4. That your Petitioners, Junior D. Noel and Thelma Jean Noel, his wife, are the parents of a natural child namely: Ronald E. Noel born November 10, 1961.

5. That the infant child to be adopted, Carl William Atwood, is in no way related to your Petitioners, but that the said Carl William Atwood has been cared for and supported by your Petitioners in their home since on or about November 7, 1964, at which time the said child was abandoned by Allen Jefferson Atwood and Julia Lee Trout Atwood, its natural parents.

6. That the said Julia Lee Trout Atwood, mother of the aforesaid infant child, has indicated that she is willing to sign a consent agreement for the adoption of the aforesaid Carl William Atwood, but that her address at the present time is unknown.

7. That your Petitioners are members of the Caucasian race and are of the Protestant faith; that the natural parents of the person to be adopted are members of the Caucasian race but that your Petitioners do not know what faith they profess.

More people buy Chevrolets? Yes!
Than any other make car? Yes!
Any other? Yes!
There must be reasons. Sure!
Name ten. OK:

1. **All these comforts are available:** steering wheels that tilt or tilt and telescope; AM/FM Multiplex Stereo radio, first ever offered in cars; and Strato-bucket seats (to give you just a sampling).
2. **Comfortron automatic heating and cooling you can order**—Just dial the temperature and turn it on; Comfortron automatically keeps you comfortable no matter what the weather outside.
3. **More engine choices**—the widest horsepower range available: the 425-hp Turbo-Jet V8 in Chevrolet and Corvette to a 90-hp Four in Chevy II.
4. **Body by Fisher**—Craftsmanship by the world's best known coachmakers with everything from luxurious interiors to the long luster Magic-Mirror acrylic lacquer finish.
5. **Self-cleaning rocker panels** flush out salt and other corrosives with rainwater, dry themselves with outside air—another way Chevrolet takes extra care so you needn't bother.
6. **A hushed and genfled ride with body mounts** designed to isolate vibration better and shock absorbers matched to body style—coupe, sedan, convertible, wagon.
7. **America's only rear-engined car,** Corvair, with more weight over the driving wheels where you need it and less on the steering wheels where you don't.
8. **America's only true sports car,** Corvette, with fully independent suspension, four-wheel disc brakes and engines you can order up to 427 cubic inches.
9. **Higher resale value**—Chevrolets traditionally are worth more at trade-in time because more people want Chevrolets . . . new or used.
10. **All these safety features standard now:** seat belts, front and rear; padded dash and sun visors; outside mirror (use it always before passing); shatter-resistant inside mirror; 2-speed electric windshield wipers for better visibility in a downpour; windshield washers; back-up lights.

E. 14th Terrace, Pompano Beach, Fla.; Anna Mae Jenks and Ralph Jenks, 1101 Northeast 5th St., Fort Lauderdale, Fla.; Eleanor Dawdy, widow, 640 Fairmont Ave., Fort Lauderdale, Fla.; being the heirs at law of Charles S. Davis, Deceased, and all persons having or claiming to have any interest in the property located in Election District No. 14, of Garrett County, Maryland, and described as Lot Nos. 47 and 48 in Wilson's First Addition to the Town of Oakland, assessed to Richard L. Davis and Charles L. Davis, being the same property which was conveyed to Charles S. Davis by two deeds, the first from A. D. Naylor, et ux., dated October 6, 1916, and recorded in Liber E.Z.T. No. 70, folio 429, and the second deed from Darius M. Dixon, et ux., dated September 30, 1916, and recorded in Liber E.Z.T. No. 70, folio 431, Land Records of Garrett County, Maryland.

No. 5434 Equity In the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following described property situate in Election District No. 14, of Garrett County, Maryland, which was sold by the Collector of Taxes for Garrett County, Maryland, and the State of Maryland, to Lois A. Shaffer and David A. Shaffer, the plaintiffs in these proceedings, to-wit:

Lots Nos. 47 and 48 in Wilson's First Addition to the Town of Oakland, Maryland, being the same property which was conveyed to Charles S. Davis by two deeds, the first from A. D. Naylor, et ux., dated October 6, 1916, and recorded in Liber E.Z.T. No. 70, folio 429, one of the Land Records of Garrett County, Maryland, the second from Darius M. Dixon, et ux., dated September 30, 1916, and recorded in Liber E.Z.T. No. 70, folio 431, one of the Land Records of Garrett County, Maryland.

The bill states, among other things, the amount necessary for redempetion and that said property has not been redeemed by any party in interest, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON, this 30th day of November, 1965, by the Circuit Court for Garrett County, Maryland, in Equity, Ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, Maryland, once a week for four successive weeks, warning all persons interested in said property to be and appear in this Court on or before the 6th day of February, 1966, and redeem the property herein described and answer the Bill of Complaint, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiffs a title, free and clear of all encumbrances.

THE REPUBLICAN

VOLUME 89. OAKLAND, GARRETT COUNTY, MD., DECEMBER 16, 1965 PER COPY 10c NUMBER 42.

Being Coerced . . . .

Every person has the right, it is supposed, under the Constitution, to freedom of expression, and freedom of thought, and freedom of choice. But when it comes to the right of a citizen to work without being coerced into surrendering his beliefs, all this talk about "human freedom" goes by the boards.

But the Johnson administration wants people to be told they must give up their freedom of association and freedom of belief by making it mandatory to join a labor union before being given a job.

In spite of the failure to get the repeal of section 14-B of the Taft Hartley act through Congress at the last session, President Johnson and Vice President Humphrey have stated definitely that the repeal has top priority, that they will seek to make that legislation first order of business, that the war effort and everything else will be pushed aside until their obligations to labor union bosses are paid off.

The president should be ashamed of his position, which amounts to a form of human bondage for millions of people. He is attempting to pass a law taking away from the 50 states their right to prohibit compulsory unionization, making it mandatory for an individual to belong to a labor union before he may get a job to support his family.

The idea that a human being can be compelled to work against his will has long been denounced as slavery. If the repeal of section 14-B ever is effected, every worker will be the slave of the labor unions.

For three years labor unions have demanded higher

Churches Plan Special Events For Christmas

Candlelight Services, Pageants, Other Activities Are Arranged

Numerous special musical programs and devotional services will be presented within the next few days in the Oakland area and throughout the county in observance of the anniversary of the birth of Jesus Christ. A few programs already have been given.

St. Mark's Lutheran Sunday Church school presented a pageant last Sunday evening, "The Word and the Song of Salvation", which included tableaus, special music by the children's and youth choirs, Bible and hymn readers. Mrs. Wm. E. Crone was chairman of the group of teachers who prepared the program.

Programs are prepared for presentation at both Protestant and Catholic churches.

SPECIAL services to follow——

St. Paul's Methodist

The Twenty-Second Annual Christmas Candlelight Service will be held at St. Paul's Methodist Church Sunday, December 19. The service will be presented twice: at 5:30 p. m. and 7:30 p. m.

Special Christmas music will be presented by the Senior Choir and the Junior Choir; there will be carol singing by the Congregation; and the service will reach its climax when every person present takes part in the lighting of the candles.

The theme of the service is "Tidings of Great Joy . . . To All People." This theme will be carried out through folk carols of various peoples.

Among the special numbers to be presented are: "I Wonder As I Wander," Appalachian Carol; "Joseph Dearest", 14th Century German Carol; "Come, Marie, Elisabette", Old French Carol; "Our Lady Sat Within Her Bower", Old English Carol; "Let Carols Ring", Folk Melody from Sweden; "What Child Is This?", Old English Melody; "While By Our Sleeping Flock We Lay", 17th Century German Melody.

Persons who will participate as soloists or in duets include: Mrs. Jay Bell, Barbara Snyder, Linda Phillippi, Mrs. Herbert H. Leighton, Herbert H. Leighton, and Jay Bell.

The Senior Choir Director is Mrs. H. H. Leighton; the Junior Choir Director is Mrs. Robert Gibson. Mrs. Merritt Feather is organist.

Directing the chorus will be Miss Carol Lambert, music instructor.

"Nat'l Freeway" Roads Program Given Approval

Route Through Garrett County Listed By Roads Commission

Approval of a revised program for construction of the 78-mile, $150 million "national freeway" extending from Hancock to the West Virginia state line, by the Appalachian Regional commission, was announced by John B. Funk, chairman-Director of the State Roads commission.

Three projects with a total length of 11.1 miles, are included in the initial construction, two in Allegany county, and one in Washington county.

Mr. Funk hailed the action as "the first step in unlocking Western Maryland's potential. The Freeway will provide the shortest route between the Ohio Valley and the East Coast. Besides giving impetus to the flow of interregional trade, it will directly benefit existing industries in Western Maryland by improving their marketing and distribution facilities. The advantages in rapid and economical truck transportation should also help to attract new industries to the area", he pointed out.

A further benefit anticipated is the stimulus to tourism and recreation in the Appalachian

Logan Weber Hurt In Car Collision

James Logan Weber, 50, of Oakland, was seriously injured as the result of a truck-car collision on West Virginia state route 73, about one mile north of Bridgeport, W. Va., last Thursday afternoon.

He was admitted to St. Mary's hospital in Clarksburg, W. Va., last Thursday evening and is suffering from a fractured leg, a fractured jaw, three broken ribs, injury to his thigh, facial injuries that will require surgery when he is sufficiently recovered, and multiple bruises.

West Virginia state police, who investigated, said the accident was caused when Arlie Stiles, of Rivesville, W. Va., driving a 1965 Chevrolet and traveling south on route 73, failed to negotiate a curve, crossed into the left lane of traffic and struck the 1965 Ford van type truck driven by Weber.

Stiles, 70, suffered fractured ribs and facial abrasions. His wife, Beryl, 66, sustained a fractured left leg and abrasions of the face and head. They were also admitted to the Clarksburg hospital.

Both vehicles were extensively damaged. Weber was enroute from Clarksburg to Fairmont, at the time of the accident.

Two Are Injured

Two persons from Minnesota were injured last Saturday morning when their automobile left the highway and wrecked in a field just off U. S. route 40, six miles west of Frostburg, in this county.

They were identified by State Trooper John W. Hopf, as Patricia Ann Jenssen, Cole Spring, Minn., and Eugene Carlson Askey, Jr., of Perryopolis, Minn.

Trooper Hopf, who investigated, said the 1962 Buick eastbound, apparently was traveling at a high rate of speed, ran off the right side of the highway struck a fence and gate and ended up facing a westerly direction in a field of George Meese.

Trooper Hopf charged the woman, who was driving, with traveling at a speed greater than reasonable and prudent. He said he was forced to charge the man with hindering a police officer, because of his complete lack of cooperation.

Both were brought to Garrett County Memorial hospital where the woman was treated for a concussion and the man treated for a broken arm, and other injuries. Miss Jenssen was released Sunday, Mr. Askey on Monday.

The car was impounded by the farmer until fence and gate damages are taken care of. Both persons posted bond for a hearing on January 7, before Magistrate Edward Crowe, in Grantsville.

First National Declares Dividend

The Board of Directors of The First National Bank of Oakland, has declared a regular cash dividend of forty cents per share and a special dividend of ten cents per share to its stockholders of record as of December 18, 1965. These dividends have been declared out of the bank's earnings for the last six months of this year, according to George K. Littman, President, who stated that with this distribution it will make a total of one dollar per share declared during 1965, fifty cents per share having been paid July 1. Mr. Littman also pointed out that the capital account has been further strengthened at the end of June by the addition of fifty thousand dollars to the surplus account.

It was announced that additional reserves had been set aside to provide for unexpected contingencies.

Mr. Littman said that the bank had enjoyed another successful year, with resources having increased more than three million dollars since the first of the year. He also stated that more than $335,000.00 had been paid in interest during the year to its savings depositors.

The Board adopted a resolution of respect to the memory of the late Frank L. McDaniel, Cashier, who passed away Wednesday, December 8.

Rain, Fog, Drizzle Beset Mt. Top

Rain, fog and drizzle beset the mountain top area for most of the present week, with temperatures for the most part hovering in the 30s and 40s. But the temperature did go out of bounds on Sunday with a temperature reading in the 60s.

A brief rundown of the weather showed Friday cloudy with rain beginning about 1 o'clock. Temperature was around 42 in late afternoon. Rain continued to fall Saturday. Sunday was mild with partial clearing and mercury in the 60s. There was additional rain Monday with fog, and temperatures in the 40s. A drizzling rain continued to fall Tuesday with the mercury near freezing most of the day. Temperature did get up to 35.

There was continued cloud cover and slight drizzle during Wednesday, with flakes of snow seen in some areas of the county in the afternoon.

There was still cloud cover and some fog this morning with the temperature around 33 degrees.

To Honor Scouts At Court of Honor

Several boy scouts of Oakland troop 31, will be honored at a court of honor to be held for scouters and parents and scouts in the cafetorium at Southern High school on Thursday, January 6 at 8 o'clock.

Ivan Hall, president of Potomac Council, Boy Scouts of America, has accepted an invitation from Deep Creek District commissioner, George Stuck, to be the speaker for the event.

An Eagle badge will be presented to James H. Feaster. A Life scout pin will be presented to John Kerins, and a Star scout pin will be given to H. Ward (Buddy) Hinebaugh. Other awards will be made.

Kerins and Hinebaugh qualified for their respective ranks at a board of review last Friday evening, with Walter W. Price, George Hanst and George Stuck as members of the review board. At that time Wayne Nogel also qualified as a second class scout.

Lemmert Named Bank Cashier

Vice President Appointment Also Made By First National

The naming of James C. Lemmert as cashier of the First National Bank of Oakland, and the appointment of Courtney Raymond Tusing, of Charles Town, W. Va., as a vice president and trust officer were announced by George K. Littman, president, following a meeting of the Board of Directors yesterday.

The latter appointment was made over a month ago, but no announcement was made at that time because Mr. Tusing will not assume his new duties until after the first of the year.

Mr. Lemmert will assume the position made vacant by the sudden death last Wednesday, December 8, of Frank McDaniel. Mr. Lemmert came to Oakland from Clarksburg, W. Va., in 1945 and was named an assistant cashier in 1954. He and his wife reside on South Third street. They have two married children.

Mr. Tusing is presently employed by the Bank of Charles Town, as vice president and trust officer. He was formerly employed by Capon Valley Bank of Wardensville, W. Va., and as cashier from July, 1953, to August, 1962. He is a veteran of World War II.

Mr. Tusing, a graduate of Moorefield High school in 1952, received his A.B. degree from Bucknell university and will be graduated from Stonier Graduate School of Banking (Rutgers university) in the class of 1966.

He is a member of the Jefferson County Chamber of Commerce and a member of the board of directors of the American Red Cross. He is vice-president of the Lutheran church council, a past president of the Lions club in Charles Town, and s[illegible] as district secretary o[illegible] international. He is married and the father of two children.

Travel Magazine Has Local Article

Additional publicity has come to Garrett county in the form of an article which appeared in the November issue of "Travel", a top magazine of its class which boasts that it is the "Magazine that roams the globe."

The article is by Mary Carter Roberts and is entitled "Snowtime Surprise: Maryland".

It concerns the Deep Creek Lake ski area and how Garrett county has become a winter place too, and not just a summer resort as in years gone by. Two photographs of the ski area are included. The article also included activities at Oregon Ridge, a ski area near Braddock Heights, near Frederick.

Offices to Close

The County Commissioners declared that county offices in the Court House will be closed at noon on Thursday, December 23, and would remain closed until Monday morning, December 27, in observance of the Christmas holiday season. This does not effect the offices of Richard L. Davis, clerk of the Circuit Court, and Mrs. Vernie R. Smouse, register of Wills. These are state offices and will remain open for official business until Friday evening at regular closing time.

The offices will have their annual Christmas party beginning Thursday at noon.

Business will be conducted as usual the following week, for the New Year's week-end and will remain open until Friday afternoon.

Brothers of Brush For Friendsville

As a part of the bicentennial celebration for Friendsville this coming summer of 1966 a "Brothers of the Brush" club will be formed. All males who are interested are being asked to register with Ward K. Livengood on New Year's day, January 1, at the Friendsville Milling company, from 9 a. m. to 11 a. m.

They must be clean-shaven that day and be 18 years old or older, to be eligible.

LINE UP FOR DEER PERMITS—Here is part of the lineup of hunters appearing before members of the Department of Game and Inland Fish at the National Guard armory in Oakland last Saturday. Seated, left to right are Robert Rubleman and William E. Harman. Getting ready to receive the permits are two Garrett County Niners. The department had 1,800 permits to give out and the supply was exhausted by 2 p. m. The open season on antlerless deer will be Friday and Saturday of this week.

Masons Elect

Melvin E. Kesner, of Accident, was elected worshipful master of Oakland Lodge No. 192, A., F. and A. M., at a regular communication on Tuesday evening. He will succeed William L. Mahaffey, who has served for the past two years.

Mr. Kesner was elected to that position in December, 1964, but was unable to fill the chair because of a heart attack sometime prior to installation.

Also elected with him Tuesday night were William Schultz, senior warden; Thomas D. Browning, junior warden; Harold H. Harned, secretary; and S. T. Naylor, treasurer. Other officers are appointive and will be named in the near future. Installation of officers will occur the first meeting night in January.

Community Action Group Gets $12,827

A Community Action grant amounting to $12,827, has been approved for the Garrett County Community Action committee, Inc., it was announced Tuesday by U. S. Senator Daniel B. Brewster's and Congressman Charles McC. Mathias' offices.

The amount represents the federal government's contribution to the development of a locally sponsored community action program in the county area.

The money will provide funds for certain studies and a limited staff of workers planning for local projects. This group was organized several months ago with Mrs. H. T. Oursler as president and James McHenry, secretary.

C. and A. Drillers Tap Big Gas Source

Drillers for the Cumberland and Allegheny Gas company have brought in a substantial gas well, it was announced this week by William Deems, foreman for the Oakland area.

This is one of the deepest wells driven in the county area, the depth being 8,600 feet. The well is located on Negro mountain near Grantsville.

The estimated production will reach eight and one-quarter million cubic feet, under a rock pressure of 3,000 pounds.

Mr. Deems said drilling operations had been conducted there for about a month. The well is on state-owned land. Deems said the well would be properly prepared for releasing the flow into the gas lines of the area.

County Legislators To End Meetings

County legislators will conclude their public meetings in the county this evening in the court house in Oakland, at 8 o'clock.

Two meetings were arranged to give citizens an opportunity to discuss possible legislation for introduction at the next session of the Maryland General Assembly next January.

One meeting was held Tuesday at Grantsville.

In attendance will be State Senator Spencer K. Graham, and Delegates Elza Bray, Elwood Groves and Mrs. Martha Glotfelty.

Republicans favored a North Vietnam quarantine.

Forestry Need Is Widely Discussed

District Forester Tunis Lyon discussed the Forestry needs of Garrett County at a regular meeting of the Garrett County Forestry Board last Thursday, December 9 at Point View Inn. According to District Forester Lyon some 4,500 acres of timber stand improvement must be done yearly in Garrett County to supply the timber needed by the year 2000. There are approximately 180,000 acres of young timber in the County in need of some type of improvement, he said.

Elbert Riley, local Agriculture Stabilization and Conservation Service Office Manager, told the group of the Appalachia program and the A.C.P. programs to assist private woodland owners in Forestry practices. According to Riley, a complete Forestry program including everything from the planting of forest tree seedlings to harvesting mature timber is being developed under the Appalachia program. Riley said he is looking forward to a large participation in Garrett County.

Tree planting, woodland grazing control, access roads, and fire breaks were discussed by the Board. District Forester Lyon noted that good Forestry accomplishments are lagging far behind the needs in the County and called for an accelerated forestry program. Vice Chairman Max Messenger, asked that another meeting be called early in 1966 to formulate a Forestry program to meet the needs of the County.

Fred Glotfelty, Oakland, is chairman of the group, with Charles Bender, Grantsville; Ross Crowe, route 2, Oakland; and Lester Hunter, Frostburg, as members.

Senior Hi Chorus To Present Annual Christmas Concert

The senior chorus of Southern High school, Oakland, will present its annual Christmas concert on Tuesday evening, December 21, at 8 o'clock in the school cafetorium.

No admission will be charged but a voluntary contribution will be received.

Featured in the evening's presentation will be a newly formed group of Madrigal Singers and Charles Dickens' "Christmas Carol" with leading parts to be performed by Victor Dilgard, Bill Mattingly, Tom Hoffman, Jane Garrett, Mary Lou Mussard, Joe Evans, Terry Schlossnagle, Dennis DeBerry, Dennis Friend, Mike Hoye and master Richard Orr as "Tiny Tim".

A special feature will be selections "All Through the Night", "O Holy Night", "Il Est Ne", and "Silver Bells", played by the Handbell Ringers.

Religious selections by the 10th grade girls' chorus will be "No Candle Was There and No Fire", "O Santissima", and a group of popular numbers.

The entire senior chorus is composed of ninety-four voices. They will sing Beethoven's "Ode to Joy", and Thompson's "Alleluia", with Carol Roberts as organist.

The program is under the direction of Miss Carol Lambert, music instructor.

A matinee program will be presented to high school students on Thursday, December 23.

$406,000 Loan Is Approved For Ski Facilities

Money To Be Used For More Facilities At Marsh Mt. Slope

A loan in the amount of $406,000 has been approved by the Small Business Administration Development Loan company, through the Deep Creek Development company, Oakland, to the Recreational Industries, Inc., also in Oakland.

The proceeds of the loan will be used for the construction of a ski tow and other facilities on Marsh Mountain at McHenry. There will be 23 new jobs created as a result of this loan, it was announced.

Word of the loan was received by Helmuth Heise, one of the operators of Recreational Industries, from U. S. Senator Joseph Tydings this week. Announcement also was made to newspapers through the office of Congressman Carlton R. Sickles.

Work on the ski facilities has been moving forward since the middle of the summer, with the prospect of the government loan being approved, and Mr. Heise said Monday that the new chair lift was already 90 percent completed, and that the additional T-bar for a new ski line would be constructed as soon as weather permitted.

A drawing of the proposed new and expanded ski area appeared in the Republican last July 15. The 220-acre slope has undergone a real transformation. There will be four major ski runs instead of the two which were available last winter. There are also numerous trails branching off to provide a variety of skiing for the beginners, intermediates and the experts.

The largest slope, a new one,

Treat Contributors Now Total $645.50

Contributions for the annual Christmas treat in Oakland reached $645.50 yesterday, it was announced by Charles L. Briner, chairman of the Mt. Top Chamber of Commerce committee.

The treat wil be distributed to the children of the area on Saturday, December 18, at the corner of Second and Liberty streets. Assisting the committee will be members of the Oakland National Guard, the Oakland Boy Scouts, and Santa Claus, who is expected to arrive just before the distribution starts.

Names of twenty-four additional contributors are listed this week, to add to the many who were listed during the past two weeks. They include Oakland Auto Parts, Germain's Sewing Center, Rudy's, Carnation Milk, Dr. Harold Ashby, Gulf Oil, Leighton Brothers, Oakland Oil, Gonder's Cut Rate, Gregg's Pharmacy, American Legion Auxiliary; Dr. H. R. Gibson, Order of Eastern Star, NCO club of Company C., National Guard, Dr. F. D. Custer, Mrs. Ruth Naylor, Oakland Coca-Cola, Knights of Columbus, Pythian Sisters, Woodmen of the World, Michael Candy company, Lake Breez motel, Hawkinson Tread, American Legion club, Inc.

Other members of the committee include S. R. Pagenhardt, James Rook and William E. Hesen.

Each year some 2,500 youngsters are given treats, and this year is expected to be no exception.

Charter Adopted

The new charter was adopted by an overwhelming majority of better than five to one at a special election held in Mt. Lake Park on Tuesday afternoon evening. The total count was 66 votes in favor with 12 votes opposed to the adoption. Some three hundred citizens are registered and eligible to vote in the town.

The new charter provisions become effective at once and formal adoption of the new instrument of town government will occur at the next regular meeting of the Mayor and Town Council on Tuesday, January 4.

28 Deed Transfers Recorded Recently

Twenty-eight deed transfers were recorded in the office of the state department of assessments and taxation during the past two weeks, it was learned Monday. During the same period eleven building permits were issued for new building construction or remodeling.

Scout Executive At Roundtable

Willis V. Smith, scout executive for Potomac Council, Boy Scouts of America, was present for Tuesday's roundtable meeting of scouters, at Southern High school.

Mr. Smith emphasized that scout unit leaders should register every boy with council headquarters. He pointed out that scouting is the only youth program in the nation that is chartered by the United States Congress, that Congress asks scout leaders for a report annually, and that this made it especially important for thorough registration.

Other scout leaders attending were Mrs. Benson Unger, W. Kenneth Johns, Harry Buckley, who discussed cub scouting, boy scouting and exploring, repectively; and unit committee personnel and scoutmasters. Mr. Johns provided hot coffee for the group.

Commissioner George Stuck announced that the area had met its quota in the financial campaign recently headed by Maurice Brookhart.

$406,000 Loan

is 3,750 feet long, compared to the 1,250 feet run of the original slope. There is a double chair lift for this run with 18 towers supporting it, and a capacity of 1200 people per hour.

The other slope, some 1,600 feet in length, to the south of the big run, will be given attention next, and will be mainly for the intermediates. The beginner slope, 500 feet in length, remains to the north of the original slope.

Snow-making facilities are to be added but not this year, with some $150,000 of the loan to be used for that equipment. A sight-seeing tower at the top of the mountain, also is in the plans, which will give a panoramic view of the entire area. The base lodge, at the foot of Marsh Mountain, is to be doubled in size into an L-shaped structure.

The federal organization is providing 80 percent of the loan which is $450,000, and the balance is being provided through local banks and local business men. Mr. Heise has stressed the fact that no county tax funds are involved in the project. The Deep Creek Development corporation, composed of local business men, will lease the ski area to Recreational Industries, Inc.

The improvements already made and still to be completed will make the Marsh Mountain ski area one of the most challenging in the entire region.

Loan For Cambridge

The second loan announced by the Small Business administration was $111,600, made through the Dorchester Industrial Development corporation of Cambridge, to the small business firm of Robinson Baker, Inc., a food processing and packing firm, the loan to be used for land acquisition, building purchase and repair, office purchase and food processing equipment.

NEWS FROM THE Ruth Enlow Library

BY EDITH BROCK

Two short movies will be presented at the library on Saturday afternoon, December 18 at 2:30. The films will be "Nature's Half Acre" and "A Night at the Peking Opera".

The library will be closed on Friday, December 24 and Saturday, December 25 and on New Year's Day.

Last-minute Christmas shoppers will find as always that books are welcome gifts. Books which appeal to various tastes and interests are on display in the library this week.

The "Better Homes and Gardens Decorating Book" is a constant favorite with library patrons and would please almost any homemaker. Other colorful Better Homes and Gardens books on gardening, landscaping, home repairs and cooking would interest both men and women.

Reference books are always a good choice for students. The high-school or college student who does not already own "Webster's Seventh New Collegiate Dictionary" will find it a gift of permanent value.

This Christmas as on every other Christmas a wide variety of children's books are available. Children with an interest in science will particularly enjoy the "Allabout" books which explain scientific subjects in simple language with many illustrations.

The "Golden Nature Guides" edited by Herbert Zim, "Flowers", "Trees", "Birds", etc. - would make good stocking stuffers for nature lovers of any age from seven to seventy. These books and the others mentioned above are available in local stores.

Shoppers who have an opportunity to visit larger book stores will find many gift ideas among the new books. "The Appalachians" by Maurice Brooks of West Virginia University would make an especially appropriate gift for any person of this area who is even mildly interested in the world of nature. The author's enthusiasm for the richly varied life of our mountains might in fact turn almost any reader into a nature lover. The library has many beautifully written and illustrated books on nature in New England and the western states, but "The Appalachians" is probably the first book published for the general reader in many years to focus attention on our part of the country. (Joseph E. Harned's "Wild Flowers of the Alleghenies" is still a great favorite with library patrons but cannot now be purchased anywhere). Readers who have visited the Canaan Valley, Cheat Mountain or the Cranesville Swamp will enjoy Dr. Brooks' descriptions of these nearby places. An entire chapter is devoted to bird observations in Garrett County. Many good photographs add to the value of this book. Any nature enthusiast who does not find this among his Christmas presents may borrow it from the library in Oakland or Grantsville.

Many other well-illustrated new books on a variety of subjects are available this year, from "The Story of Football" by Robert Leckie to "Early Renaissance; Fifteen Century Italian Painting" by C. M. Gould in the McGraw-Hill Color Slide Program of the World's Art. Well-chosen books can be gifts of lasting enjoyment.

Took Major Role In Handel's Messiah

Sue Martin, a student at Peabody Conservatory in Baltimore, sang a major role in a Christmas portion of Handel's "Messiah", presented Sunday by the augmented choir of Mount Vernon Place Methodist church, on North Charles street and Mount Vernon place.

Miss Martin, a junior student at Peabody, and a graduate of Southern High School, Oakland, is the daughter of Mr. and Mrs. Bill Martin, state road.

An article about the presentation appeared in Sunday's Baltimore Sun, along with a photo of Miss Martin. The event was open to the public.

Maryland sales tax revenue increased substantially in November.

HOYES

Fifteen members of the Hoyes WSCS met Thursday afternoon with Mrs. Webb DeWitt. A playlet, "Woman's Gifts", was presented by Mrs. DeWitt, Mrs. Paul Frazee, Mrs. Ray Doerr, Mrs. Hubert Friend, Mrs. Martha Glotfelty and Mrs. Emerson Bishoff. Mrs. Boyd Paugh read a poem. Mrs. Catharine McCrobie, president, presided at the business meeting which was followed by carol singing. The group decided not to try to meet January and February. Refreshments were served by the hostess.

Mr. and Mrs. Clark Schlossnagel attended the regional FFBL banquet meeting in Morgantown, Friday. They were guests of their son Roy and wife, in Salem, O., Saturday and Sunday.

Mr. and Mrs. Hobart Bishoff were Sunday evening supper guests of Mrs. William Enlow.

Mrs. John Rainey was a Sunday dinner guest of Mr. and Mrs. Ernest Hauser and family. During the afternoon they were callers of Mr. and Mrs. Richard Bond and family.

Callers of Mr. and Mrs. Edward Wilburn and family during the week-end were Mr. and Mrs. Kenneth Biser, Rev. Rogers Fike and daughter, Oakland, and Mr. and Mrs. Ronald Doerr and son.

Mr. and Mrs. Merrill Wilburn were callers of Mr. and Mrs. James Wilburn, Sunday afternoon, and Owen DeWitt, in the evening.

David Weber, Mrs. Shaver, and Rosemary Weber, Washington, D. C., were callers of Mr. and Mrs. Francis McCrobie and Paula, Saturday and Sunday. Marjorie Reckard, who had been visiting, returned home with them.

Mr. and Mrs. Francis McCrobie and daughter and Mrs. Catharine McCrobie were visiting Mrs. Charles George, Cove, Sunday afternoon.

Mr. and Mrs. John Carr and family were Sunday evening guests of Mr. and Mrs. John Bishoff and daughters.

Misses Susie and Sandy Bishoff were Saturday overnight guests of Mr. and Mrs. Okey Huff, Friendsville.

Mrs. John Bishoff and Susie, Mrs. Okey Huff and Mrs. Kathryn McCullough were recent guests of Miss Ethel Turney, Mt. Lake Park.

Mr. and Mrs. Boyd Paugh and Janet were Sunday dinner guests of Mrs. Webb DeWitt.

Mrs. R. Claude Bishoff visited Mr. and Mrs. John Peck and Miss Nina Peck, Berlin, Pa., on Friday.

There will be a fellowship supper in the social room of the church, Monday, December 20, at 7 p. m. All are invited.

Answers From Clinton W. Englander

ASK YOUR PHARMACIST

Question

I'm over here from a foregin country. Will you help me pick out the best mouth wash for our family? There are so many different kinds, and I get so confused.

Answer

Please don't hesitate to come in and ask us about the different kinds of mouth wash. We'll be glad to explain what each can be expected to do for you and your family. Your personal preference is important, and we carry a large selection of all kinds of health needs for this reason. This is the American way, which allows you a wide choice of advertised brands. We're always glad to talk with, and be of service to you.

Facts On Medicare

Question

I'm mixed up on Medicare. Can you give us a simple explanation about who is eligible for it?

Answer

Medicare's hospital insurance program helps you pay the bills when you're hospitalized. If you are already receiving (1) social security payments, (2) railroad retirement benefits, or (3) federal civil service retirement annuity you automatically qualify for Medicare's hospital benefits. If you are receiving public assistance payments, your public assistance agency will help you apply for these benefits. If you have never worked under social security, and want to take advantage of Medicare's hospital benefits, it is vitally important that you contact your social security office and apply no later than March 31, 1966.

Socialist Pattern . . .

Dr. George S. Benson, president of the National Education Program, at Searcy, Arkansas, points to interesting developments that are taking place these days around the world that may point to a halt to what has been the drift toward world socialism. He continues:

"However, the irony of it must be obvious, that while to some extent the rest of the world seems to be walking up to the confusions and failures and irresponsibilities of socialism, the U. S. has just adjourned a Congress that has taken our nation several giant steps toward the socialistic, or welfare, state. Are we behind the times, traveling in what has proved for others to be the wrong direction?

"There is perhaps only one consolation in these developments, for the world trends may suggest that America is not yet required to sink into the muck and mire of collectivism, out of which so many of the world's people are just now trying to lift themselves. The "liberal" elements in America, perhaps wanting to disown the failures of their counterparts abroad, have not always welcomed the word "socialism". Now, as America has more of it, mankind is finding elsewhere the strength to reject its false promises.

"In politics, recent developments in Turkey have brought conservatives to power, a fact which is said to unsettle the socialist engineering corps in our own State Department. Norway, tired of the failures and false promises, has turned out the socialist government. The British Laborites hold only a slim edge in power and are subject to challenge with any misstep. Political movements in countries where choices are allowed (and even in some dictator-run states) appear to show a trend away from the left.

"Even in South American nations the reaction has partly set in. In some of these countries the action against the left assumes the form of "revolutions" under military leaders, resulting in authoritarian regimes often described as "far-right". However, with increasing frequency these political moves, as in Brazil, are taken when a nation is at the edge of chaos created by leftist governments and their policies. Some revolutions, of course, are financed and pushed by Castro and other Red fomenters. Certain Marxist revolutions, as in Bolivia, actually have enjoyed the backing of the U. S.

"And how about the Soviet Union? This was the socialist land that would beat capitalism and bury it, but it can barely feed itself. It is said to take a billion dollars worth of outside food, worth as much as everything the Soviet economy can produce for export, to keep her going. Some 45 million Soviet farmers fall 12 million tons of wheat behind each year, while America's 6 million farmers produce surpluses. Industrial production is said to be declining by 1 per cent a year. The Russian economy is, according to recent but publicly disavowed reports from their own people, almost in a state of collapse.

"Nevertheless, the Kremlin tries tinkering here and there to make socialism work, but these reforms only amount to an admission that the Soviet system is wrong. They cannot eliminate the trouble without losing their jobs, for the system itself is faulty. They will find that capitalist incentives and profits cannot work in a society so deficient in freedom. That is a lesson that we too may have to learn through bitter experience unless we forsake our own trend toward imitating the socialist patterns of the failure nations.

Churches Plan

(Continued from Page One)

servances at St. Paul's Methodist Church this Sunday include the Sunday School program at 9:30 and the Christmas Sermon at 10:45.

The Sunday School program will feature songs by the kindergarten and first grade children, a color film entitled "Why The Chimes Rang", and singing of traditional carols by the Congregation.

At the 10:45 Worship Service, both the Senior Choir and the Junior Choir will sing.

Church of the Nazarene

A pageant, "The Great King", will be presented at the Church of the Nazarene on Sunday night, Dec. 19th at 7:00 o'clock. The cast consists of LeEsta Savage, Tom Upole Sr., Donald Upole, James McDavid, Gary Long, Charles Dintaman, James Prichard, William Stiles, McKinley Stevens, Diane Prichard, Joan McDavid, Donald Friend, Jeff Savage, Mike Murphy, Kathy McDavid, Beulah Grace Roy, and a 15-voice choir under the direction of the pianist, Carol Jeanne Roberts.

Preceding the pageant there will be songs and recitations by various departments of the Sunday School.

The program is being supervised by Helen Murphy and Grace Roberts. The public is invited. Rev. Robert C. Roberts is the pastor.

St. Mark's Lutheran

At St. Mark's Lutheran church this Sunday the Senior and Junior Luther Leagues will have special events. The senior league will have a special Christmas service, "The Christ-Mass", at 6:30 in the church.

The junior league will have caroling around the outside Christmas tree, followed by a devotional service in the Sunday School room, with members of the Children's choir as guests.

On Christmas Eve there will be a service at 11 o'clock, with the presentation of a cantata, "The Prince of Peace", by Youth and Senior choirs. This will be followed by the traditional manger scene and the concluding candlelight service with the light from the manger.

On Sunday, December 26, there will be a Christmas communion service at 8:30, with the regular service at 11 o'clock with the sermon, "Gloria In Excelsis", by the pastor, the Rev. Wm. Ernest Fox. Both Youth and Junior Choirs will sing at the 8:30 service.

St. Matthew's Episcopal

St. Matthew's Episcopal church will have special Christmas services, starting on Christmas Eve at 10:30 p. m., with a service of special music and sermon.

On Christmas day, at 10:30 a. m., there will be a plain celebration of Holy Communion. On Sunday, December 26, there will be the regular Holy Communion service at 8 a. m., with the traditional lessons and carols at the 11 o'clock service.

St. Peter's Catholic

The Knights of Columbus plan to sponsor a Christmas party for the school children at St. Peter's school Friday afternoon. On Sunday afternoon the Ladies' Sodality will wrap packages for nursing homes. At this time there will be a visit from Santa Claus.

For regular church services, confessions will be heard Thursday and Friday 11:30 a. m., to 12:30, and again in the evening from 5 to 6 and 7:30 to 8:30.

A program of Christmas carols will be held before the midnight mass.

Masses for Christmas morning are at 8, 9 and 10. There will also be a midnight mass at Kitzmiller. Father Larkin, pastor, will hold midnight mass at Oakland. Father Krach will have charge of the Kitzmiller service.

and higher wages. They have gone against the president's guidelines in wage increases to keep inflation under control, but there are other demands of labor indicating they would not be satisfied with anything—intensive organizing drives, an increase in minimum wage, double pay for overtime work, a 35-hour work week, reorganization of the Federal Reserve Board, a vast program of public works. legislation to give unions more leeway in picketing, boycotts, and legislation restricting the rights of employers to discuss unionism with their employes.

The president, for political reasons, is afraid to reprove the labor unions, or demand certain restraints, or deny them any program, unreasonable or not.

The doors will be wide open and all bars down, should the President and labor union bosses ever get their way by making it mandatory to join a union before a man is able to hold a job.

The vast majority of citizens do not favor repeal of 14-B. There has been no wave of sentiment for it. It is a shameful payoff, being attempted by the president. Congressional representatives should be swamped with letters protesting any change in the law. Strike a note for an individual's right to choose, and write your legislators right away.

Named Maple Princess

Sherry Lou Resh, daughter of Mr. and Mrs. Kenneth I. Resh, post office address, Grantsville, was winner of the Maple Princess contest held at Elk Lick joint high school at Salisbury, Pa.

Pleads Guilty, Then Takes An Appeal

After a plea of guilty and a sentence of one year in the House of Correction for Robert Nair, of Oakland, by Trial Magistrate Robert M. Maroney, on December 11, Nair entered an appeal in the case and posted bond for his appearance in the Circuit Court.

Nair was charged by Bruce Wisson of maliciously destroying property belonging to him on December 10, at the corner of Oak and Second street.

Two Are Fined

Two persons were charged by Game Warden Leo Friend with giving false information to obtain a hunting license. At hearings before Magistrate Maroney on December 10, they entered guilty pleas and were fined $50 and costs each. Oren N. Tierney, Glen Burnie, forfeited collateral of $20 and costs for having a loaded rifle in his automobile. He was charged by Warden Robert Brown.

Case Removed

Thomas Pratt was charged with assault and battery by Margaret Pratt, at their Oak street home on December 10. He filed bond for his appearance and asked that his case be removed from Trial Magistrate Maroney. The case was set for trial before Magistrate Leslie E. Savage in Friendsville.

Pratt then entered a counter charge against Margaret Pratt before Trial Magistrate Leroy Propst, in Kitzmiller.

SENSING THE NEWS

By Thurman Sensing

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

A Stab In The Back...

Senator Robert F. Kennedy's statement that sending blood to North Viet Nam is in the American tradition is a shocking revelation of the extent of his commitment to extreme radicalism. It is a cruel insult to Americans fighting North Vietnamese units overseas and, indeed, to the memory of all Americans who have given their life on the battlefield.

The Senator is wholly mistaken, of course, in saying that it is a tradition to send blood to the foes of the United States. What this country has done is render aid to people who have suffered natural disasters such as floods or earthquakes. Helping a Yugoslav city devastated by an earthquake in no way can be equated with the sending of blood to fanatical foes of the United States who have killed American airmen that have fallen into their hands.

Unless he withdraws his statement that it's all right to send blood to North Viet Nam, the press and people should keep constantly after Sen. Robert Kennedy. What he said must be exposed.

The Senator should be asked whether he would have approved the sending of blood to Japanese forces in World War II — the forces that his brother fought as a PT boat commander. In that war the Japanese savagely mistreated American prisoners. Hasn't Robert Kennedy heard of the Bataan death march? And the next time the Senator from New York gives a speech, one of his New York constituents should ask whether the Senator would have approved the giving of blood to the Nazis who operated the infamous concentration camps. And what about the Russian troops who gunned down Hungarians who sought freedom for their country in 1956? Would Sen. Kennedy have thought it in the American tradition to send blood to these Soviet troops?

With a member of the U. S. Senate saying it's fine to send blood to those who are killing Americans every week, it is no wonder that fanatics are dousing themselves with gasoline and setting themselves afire. Hysteria is contagious, and remarks such as those made by Senator Kennedy could help spread the contagion. They could persuade the illogical thinkers that self-destruction in behalf of the Viet Cong is a worthwhile action, whereas it is an act of mental sickness.

Indeed to think that blood should be sent to North Viet Nam is a sick attitude. It is sick because it ignores a great reality — the reality of sacrifice and suffering on the battlefields in South Viet Nam and in the skies over North Viet Nam. American soldiers are daily risking their lives to defend this republic; some are losing their lives. Some are being taken prisoner, treated like animals and, in some cases, murdered by the North Vietnamese and the Viet Cong. This is a time of real heroism, in which ordinary Americans are manning remote outposts under attack from waves of communists.

People returning from the front in Viet Nam tell of the concern that the draft card burners have caused among the troops. Those who go out to fight each day are shocked and angry at the betrayal by the fear-mongers and defeatists. Yet Sen. Kennedy may be worse than any of the misguided youths who have burned their draft cards. He isn't a callow youth with no knowledge of the world and no experience of responsibility. Sen. Kennedy served as attorney general of the United States. His brother was President. He should know and appreciate the dangers facing the United States and the fanaticism of the North Vietnamese and other communist states. But almost every statement he makes on foreign policy suggests that his intention is to appease the Vietniks in the country — the lunatic fringe on the campuses. It would seem that he thinks that some political revolution is coming along that will sweep him into the highest office in the land.

The Senator misjudges American youth. For every draft-card burner there are many thousands who welcome service to the republic. And the veterans of the Viet Nam war will come home in time. They know the score on fighting communists, and it is likely that they will know how to handle the political future of those who have preached appeasement or urged the sending of blood to a communist nation that sought to bury Americans.

Yes, Senator Kennedy's approval of sending of blood to Viet Nam may live to haunt him — and so it should. His statement is a stab in the back for the Americans on duty in South Viet Nam.

DIED

MRS. JOHN J. CROUSE

Mrs. Dolly Virginia Crouse, 58, of Kitzmiller, was dead on arrival yesterday, December 15, at Garrett County Memorial hospital in Oakland where she was taken after suffering a heart attack on route 38, enroute to Oakland on business.

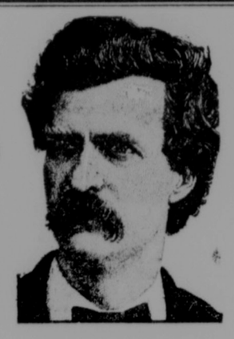
A native of Douglas, she was a daughter of the late Eugene and Margaret Pearl Boyer Eckhard. She had resided in Kitzmiller for the past 45 years.

She is survived by her husband, John Joseph Crouse; four sons, John J. Crouse, Jr.., Theodore E., Robert T., and William Crouse, at home; two daughters, Mrs. Christine David, Vindex; Charlotte Crouse, at home; a brother Theodore Eckhard, New York state; four grandchildren and two stepgrandchildren.

The body was taken to the Sharpless Funeral home in Blaine. Funeral services will be conducted Saturday afternoon at 2 o'clock at Full Gospel church, Blaine, by Rev. Joseph Phillips, pastor. Burial will be in the Kalbaugh cemetery. The body will be taken to the church one hour before the service.

MRS. ROBERT McLAUGHLIN

Funeral services were held December 1, in Elkins, W. Va., for Mrs. Nora McLaughlin, who parents, the late Peter and Rebecca Lohr, were former residents of Swanton.



She was the wife of the late Robert L. McLaughlin. Attending the funeral from Swanton were Thomas Lohr, a brother, and Mrs. Lohr.

Group Studies China

The history of China up to the nineteenth century was further explored Tuesday evening at the regular meeting of Garrett Branch, American Association of University Women, held at the home of Mrs. Herbert H. Leighton.

Participating in the program were Miss Edith Brock, Mrs. Homer L. Bennett, Mrs. Leo Helbig and Mrs. Gary Bookout.

Letters From Famous Americans

Samuel L. Clemens (Mark Twain) was not yet eighteen when he left his home in Hannibal, Mo., in the spring of 1853 for New York, where then too a World's Fair was going on. Twain wrote the letter below on Feb. 23, 1887, presumably to **Henry Edwards**, one-time Boy (vice president) of the famous New York theatrical club, the Lambs. Clemens refers in the letter to his older sister, Pamela, characterized in **Tom Sawyer** by "Cousin Mary." Clemens was born Nov. 30, 1835 and died April 21, 1910.

Hartford, Feb. 23/87

My Dear Mr. Edwards:

I am downright ashamed, but I've got to beg you to give me one more show, & then I'll come if alive, or send the corpse if I ain't. The only thing that could have come in the way to prevent my being with the Lambs Sunday Evening, has happened: my sister has arrived to-day from California for a six-day visit; & as we are not likely to meet again this side of the crematory, it is naturally my desire to be with her all I can.

Gimme another show!

Yours Sincerely

S. L. Clemens

HAM for the HOLIDAYS

. . . is as traditional as the Shenandoah Valley itself, and Rockingham hams are delicious in the way that's made Virginia cooking world-famous. They're sweet as a hickory nut and lean without a trace of toughness. In fact, your Rockingham holiday ham comes out just the way *you* want it: smooth pink slice after slice . . . or—cooked a little longer—so tender it cuts at the touch of a fork. When you take the trouble to decorate a ham for the holidays, be sure it's as good as it's pretty.
Be sure it's a lean, sweet and tender **Rockingham Ham.**

The Navy At Work

At the time you read this newsletter, I will be at sea with the United States Navy. As many of you know, I have been a member of the Naval Reserve for more than twenty years, and have found this service an extremely stimulating experience. It is very valuable for members of the Naval Reserve to go on active duty, to be welcomed by the regular Navy as part of a ship's company, and to become acquainted with what's happening in our modern Navy. I hope that many Americans will be able to share this kind of experience in years to come.

During my days at sea, I will be observing ASW exercises in the Atlantic Ocean. ASW is Navy slang for anti-submarine warfare, one of the most important assignments of the Navy today, and one which we hear relatively little about, especially when we are so preoccupied with events on the other side of the world in Southeast Asia.

Anti-submarine warfare is of particular concern to all of us who live on the Atlantic seaboard. We have traditionally been oriented toward international commerce and shipping, and many of us remember the dangers to that commerce caused by submarine warfare in World War II and World War I. We can also remember times at which our shores and coastal cities were threatened, or seemed to be threatened, by hostile submarines.

In this era, the scope of submarine warfare has been revolutionized by the development of ballistic missiles. The enormous impact of the arming of submarines with ballistic missiles becomes clear when we consider what our own Polaris submarines have done to stabilize the defenses in the North Atlantic. At the time when the Soviet Union was perfecting intercontinental ballistic missiles, we were able to place missile-carrying submarines quickly and silently within range of the European mainland, so that we had the potential to respond with nuclear weapons against Communist Europe in the event of an attack.

Now, of course, technology has advanced to the point where the Soviet Union also has a fleet of submarines armed with ballistic missiles. In theory, these submarines could lie off the Atlantic coast and strike at a number of American cities. It is the responsibility of our Navy to be sure that this does not happen in fact.

I expect to follow with great interest the improvements and changes in ASW techniques that have been made since I was last on duty observing this aspect of the Navy's job. I have the highest admiration and respect for the officers and men of the Navy who carry out this work, serving around the clock and throughout the year to make antisubmarine warfare a greater shield for the United States. I have seen them flying airplanes in North Atlantic storms. I have seen them in submarines, in helicopters, and in small airplanes where maintaining any sort of comfort is most difficult. I have seen them out for twelve to fifteen hours at a time, perfecting constantly techniques of searching for the enemy and hitting it.

This is a real part of the cold war, being fought not on the other side of the globe, but just off our own coast, and I salute the men of the Navy who are carrying this assignment forward, with so little fanfare, and so much skill and dedication.

Hi'landers Trounce Tigers 55 - 26

With four red and white men scoring double figures, the Southern Highlanders won their initial game of the season by the score of 55-26 at the expense of Bayard High School last Friday night at Oakland. This contest was Southern's 1965 P. V. C. opener.

Senior forward Mike Friend led the Highlander attack with 12 tallies, followed closely by John Minnick and Gary Bosley with 11 and junior sub Jerry Fike with 10.

The Highlander defense held the Tigers to 8 points in the entire first half including a scoreless second quarter.

Every member of Southern's squad saw action in the game.

Southern outscored the Bayard team from the field 21 goals to 7 and made 13 of 21 foul shots compared to 12 of 24 for Bayard. Southern held the edge 12 to 8 at the end of the first period and was 22 to 8 at the half. Southern dropped 17 points through the hoop in the third period to hold a 39 to 14 edge and finished the game with 16 more points while holding Bayard to 12.

Southern's JV squad won the preliminary contest 44-29.

19 Are Killed On State Highways

Nineteen person were killed on Maryland highways last week according to the weekly review published by the State Police. Five of those killed were drivers; eight were passengers; and six were pedestrians. Alcohol was a contributing factor in nine of the deaths; speed in eleven; and "driver error" was present in fifteen of the fatalities.

"The highway casualty toll in Maryland is not good any way you look at it", commented Colonel Carey Jarman, Superintendent of the Maryland State Police. "Deaths so far this year are twenty percent above last year; country-wide the increase is but two percent. It can be expected that upwards of 740 persons will be killed on Maryland highways in 1965. Last year it was 616".

The Superintendent continued: "There are many factors that contribute to this toll. At the top of the list stands driver performance, and the combination of variables that contribute to driver performance are infinite.

40 Hunters Draw Violation Fines

During the recent buck deer season there were 40 persons arrested in Garrett, Allegany and Washington counties for violation of the game laws, it was announced by Regional Game Warden Joseph A. Minke.

Mr. Minke said that fines assessed by the various trial magistrates who heard the cases totaled $1,910 plus $140 in court costs.

He estimated some 30,000 hunters were in the woodland areas of the three counties during the season.

There were 13 hunters with illegal deer in possession or spotlight hunting who were fined $100 and costs each. Nine non-resident hunters were fined $50 and costs for giving false information to obtain a resident hunting permit. Eighteen were fined for failing to purchase a deer stamp or carrying loaded firearms in an automobile.

Hunters from 14 counties tried their luck in the three western counties, and nine states were represented. The deer kill in the three counties was 1,758 legal bucks. It was estimated that 900 antlerless deer would be killed in the region during the two-day season next Friday and Saturday.

Army Pfc. George R. Morris, son of Mr. and Mrs. Olin Morris, Route 2, Box 71, Oakland, is undergoing an extensive nine-day field training exercise with the 24th Infantry Division in Germany.

The exercise, scheduled to end Dec. 17, covers 1,600 square miles and includes more than 25,000 men. Morris is participating in weapons firing and various tactical maneuvers to determine the combat readiness of his unit.

Morris is a helicopter mechanic in Company B of the division's 724th Maintenance Battalion. He entered the Army in December, 1964, completed basic training at Fort Knox, Ky., and arrived overseas in August, 1965.

The 21-year-old soldier was graduated in 1964 from Southern High School.

Pfc. Roger L. Lewis, son of Mr. and Mrs. Oliver Lewis, star route, Oakland, is home on leave for the Christmas holidays. He completed basic training at Fort Jackson, South Carolina, Signal School at Fort Gordon, Ga., four months duty at Fort Richardson, Alaska. He recently spent 2 weeks as a patient in the San Francisco Army hospital.

On his return he is to be stationed with the 176th Signal Co., at Hauchuca, Arizona. He is a Southern High School graduate and prior to his induction to the Army, was employed by the Garrett County Memorial hospital.

Highlanders Lose By 1-Point Margin

The Southern Highlanders lost to Berlin High school Tuesday night by a one-point margin on the home court. The final score was 60 to 59, after holding the lead into the fourth quarter.

Southern held a 50-41 edge at the end of the third period but blew the ball game in the final stanza when the Pennsylvanians outscored the home team 19 to 9. W. Smith's 18 points was high for Berlin while Minnick paced Southern with 10 goals and 21 points. Friend had 9, Fike 3, McCaw 1, Shillingburg 2, Sharps 15 and Bosley 8. Hawkins was non-scoring.

Southern had the edge in field goals 24 to 25, but Berlin got 12 of 27 fouls while Southern was able to manage only 9 of 18.

The Highlanders will meet Bruce High of Westernport on Friday evening at Westernport.

Southern's junior varsity nosed out Berlin in the preliminary game by the score of 29 to 28.

McGeorge Bundy, presidential adviser resigned to head Ford Foundation.

DIGNITARIES INSPECT HI-LEAN PORK—Here are some of the dignitaries who inspected the display of Hi-Lean pork, at the dedication of the "Disease-Free Feeder Pig Operation," at Reedsville, W. Va., on December 4. This is the first operation of its kind in the east and is designed to produce a leaner grade of pork than is now available on the market. Left to right are Gus Douglas, West Virginia Commissioner of Agriculture; Jennings Randolph, U. S. Senator from West Virginia; Mrs. Douglas, and John Baker, assistant secretary, U. S. Department of Agriculture. Mr. Baker was the principal speaker at the ceremonies. Some Garrett county farmers are showing interest in the project which is being supported by Sterling Farms and J. W. Ruby, owner. The present operation is on the farm of Dale Barlow.

Test Result Received

Students in their junior and senior years of high school received results from tests which were administered last month. Members of the sophomore and junior classes received scores from the Preliminary Scholastic Aptitude Test, juniors and seniors were given the results from the American College Testing Board, and sophomores heard their National Educational Development Test scores.

Home Economics Classes Visit

Senior home economics classes, which are under the instruction of Mrs. Elizabeth Randol, visited private and demonstration homes this past week. The classes are studying the planning of homes from the monetary standpoint as well as environmental. Topics under discussion were the jobs the girls expected to hold after college or high school, the wages expected to be earned, and home payments.

Five types of homes were visited. They were a custom-built home, owned by Ernest Spoerlein; pre-cut and pre-fab. houses, built by the Lincoln Homes Corporation; and also pre-built and mobile homes, owned by Ralph Pritts.

Final Pitcures Arrrive

The last of the orders of senior pictures was delivered Monday morning to those students who had not picked up their orders at Rosenbaum's in Cumberland. By this time all seniors who have ordered pictures should have received them. Those not having their complete order may contact Mrs. Jean Wolfe.

PTA Contest Concludes

The Parent-Teacher Association contest closed with 225 paid members on the roll for a total of $177.50.

The $5.00 first prize went to Mrs. Bessie Price's homeroom, 10-A. Mrs. Price's homerooms have won this contest for the past six years. This year they enrolled a total of 66 parents and friends. Second prize of three dollars wents to 10-B, Harold Miller's homeroom. It had a total of 30 person joining. The third place prize went to Miss Bernice Idleman's homeroom, 11-C, which had 23 adults paid.

State Budget Up By $50 Million

Gov. Tawes announced that Maryland's general fund budget for next year would "expand by more than $50 million", but that "he still hopes a tax increase can be avoided".

He said a great deal of the budget increase would come from higher contributions to the state retirement system and the social security system. Education, health and welfare budgets also will rise substantially.

He felt he could avoid a tax increase by keeping a sharp eye on spending.

The $50 million increase is nearly double the $27.5 million the general fund budget went up last year. General fund appropriations in the current year total $375 million.

In addition the state is spending some $391 million in special funds derived from state taxes dedicated by law to specific projects and federal aid for various programs. General funds come mostly from such taxes as those on sales and income.

Engineers Seek Exploring Bids For Area Dam

The U. S. Army Corps of Engineers has invited bids for the second phase of exploring the foundation for the Bloomington Dam on the North Branch of the Potomac river near Bloomington.

Early in January the Corps of Engineers disclosed that the $51 million Bloomington Dam would be built upstream from the originally proposed site at a point midway between Barnum and Shaw, in Mineral county.

Bloomington, the first community in this county west of Luke, has been in the limelight ever since the Corps of Engineers announced its proposed program for the Potomac River basin calling for 16 big dams and 418 smaller dams to cost a total of nearly $500,000,000.

Bloomington Dam was proposed as the first of the 16 big dams to be constructed. Later exploration resulted in a four-mole movement of the site for this dam. Engineers now feel reasonably certain that the dam will be constructed upstream from Barnum but will flood out some 40 houses and two churches at Shaw.

As of January Congress already has provided $450,000 to start the Army engineers on pre-construction planning of the dam. Another $1.1 million will be needed for fiscal 1966 and 1967. Army engineers hope to finish the planning stage in fiscal 1967 and then get actual construction started. The proposal would have operations start in 1971 and be complete by fiscal 1974.

Planners envision the dam turning the North Branch into a lake rivaling Deep Creek Lake. Maryland, West Virginia, Virginia and the District of Columbia must pay 33.2 percent of the total cost or about $16,900,000 based on the $51 million estimate for total cost.

9 Cases Listed In Magistrate Court

Nine cases were listed in the Magistrate's court this week covering infractions of motor vehicle laws. One involved a drunken driving charge.

Russell Mearl Sydenstricker, West Grove, Pa., entered a plea of guilty on Monday to operating a motor vehicle while under the influence of liquor when before Trial Magistrate Robert M. Maroney, in Oakland, and was fined $100 and costs. He was committed to the county jail for 30 days in default of payment of the fine.

In the eight other cases the persons forfeited collateral plus $3 costs in each case.

Gerald Elwood Chidester, Morgantown, W. Va., improper passing, $7.

David Allen Fox, Osage, W. Va., operating a motor vehicle without a license in his possession, $1.

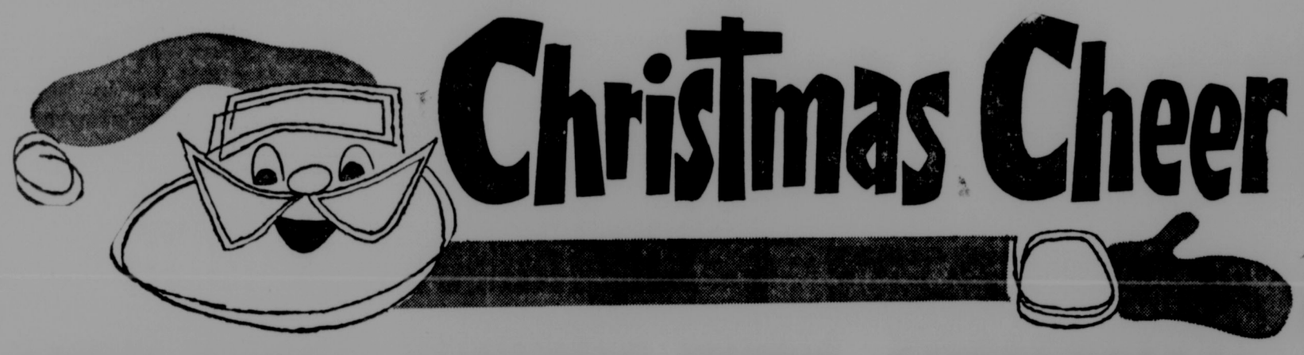
Gary Leslie Baker, Oakland, exceeding 30 miles per hour in a restricted zone, $7.

Merritt Scott Harvey, Mt. Morris, Pa., exceeding 50 miles per hour, $12; Stephen Eugene Beckman, Swanton, $10 on the same charge; and Ronald Francis Wotring, Mt. Lake Park, $25 on the same charge. The latter was clocked at 70 miles per hour.

Joseph Adam Gower, Mt. Lake Park, failing to keep to right of the center of the highway, $25.

Soldier Promoted

Gary Gene Friend, son of Mr. and Mrs. Weston W. Friend, of Swanton, was promoted to first lieutenant December 3rd, it was announced.



He is stationed at Fort Campbell, Ky. He is a graduate of Southern High school, Potomac State college and West Virginia university.

Lieutenant Friend is married to Jackie Warnick, granddaughter of Mr. and Mrs. John C. Rhodes. They reside at the base.

Three white men were acquitted in slaying of Rev. James Reeb at Selma.

region, as a result of reducing travel time for visitors from Ohio, Pennsylvania and the Baltimore-Washington area.

Completion of the Freeway is scheduled by 1971. The route selected will generally parallel U. S. route 40 between Hancock and Keyser Ridge, when it will proceed west to West Virginia line. The alignment was set out this way: Starting at the West Virginia line near Locust Grove, the Freeway will run east, skirting just north of Blooming Rose church, and easterly to cross the Youghiogheny river midway between Friendsville and Selbysport; northeasterly across Winding Ridge in the vicinity of Ridge School, and on eastward to a point immediately south of the junction of U. S. 219 and U. S. 40; easterly to Shade Hill, just south of Grantsville; continuing east just south of and paralleling U. S. 40 to Carey run, southeasterly to the saddle of four-mile ridge and then south and east to a point south of the Frostburg state college campus; easterly to immediately south of Hoffman and northeasterly to the vicinity of Clarysville, after which it will parallel U. S. 40 again on the south side to Maryland 53, then easterly and south paralleling Braddock road to the Cumberland Thruway.

The Freeway is to be a controlled access, dualized road designed for a speed of 60 miles per hour, with grades of interstate highway standards. Plans call for a series of park-type rest areas and scenic overlooks.

The Freeway's economic impact is not to be confined to the immediately adjacent area but can be expected to extend, via other highway connections, a substantial distance to the north and south.

Church Women Meet

The LCW of Zion Lutheran Church, Jennings met in the church on December 12.

Mrs., Herman C. Meyers led a group of ten in the discussion of the topic, "Carols for Another Christmas".

The chief endeavors of the program were to provide women of the church with a distinctive inspiration and worship in the midst of their preparation for Christmas and to acquaint them with hymns and carols which may be less familiar that the regularly used Christmas music.

Mrs. Meyers also presided at the business meeting.

Tribute to the memory of Mrs. Lee Meyers was made through the presentation of altar flowers for the church and a special offering to the general organization of Lutheran Church Women.

An offering was received for Harry and Edith Bowers whose home was recently destroyed by fire.

Greetings and a Christmas offering were received from the Rev. and Mrs. C. H. Runze, former pastor.

Miniature church year calendars were given to resident active members of the congregation.

Plans were made to pack a Christmas box for an elderly person in the vicinity.

Cancelled stamps from holiday mail are to be saved to be sent to the National Lutheran Home for the Aged in Washington.

Mrs. Joe Resh will lead the topic, "Changing Mission in a Changing World", when the group again meets on January 9.

Junior Chorus To Give Program Dec. 17

The Junior Chorus will present its Christmas program December 17th at 10:00 a. m., at a Junior High assembly.

The public is invited to attend the program which opens with three numbers, "Fanfare for Christmas", "Jesu Bambino", and "Do You Hear What I Hear". These songs are accompanied by colored slides of the Nativity.

On the lighter side of Christmas, the chorus sings "Sleigh Ride" and "Christmas Party", arranged from a Pennsylvania Dutch folk tune. The traditional version of the old English carol "The Twelve Days of Christmas" follows the fast, Russian flavored "The Sleigh".

Selections from the "Nutcracker Suite", include "Sugar Plum Fairies", "Russian Cossack Dancers", "Toy Flutes", and "Waltz of the Flowers", also are listed.

The program will close with the joyful, "We Wish You a Merry Christmas".

IN MEMORIAM

In memory of Lillie V. Blizzard who passed away five years ago November, and George D. Blizzard who passed passed away one year ago, December 17.

Mother, Dad, precious sweet parents,
I saw you with God last night.
I've been crying since you went away,
But no more tears, because I know you are happy up there.
I was sad when God took you away.
God saved you from lots of misery,
And put a smile on your faces.
Now you are together and we miss you as much as when you went away.
Hope to meet you some day.

Cited For Athletic Ability

Pictured above are head football coach LeRoy Bolding, left, and baseball coach Tom Kuhn, second from right, presenting certificates to John Minnick, and Bill Martin, respectively, who were recently cited for their outstanding athletic ability in the Potomac Valley conference.

Minnick, a senior halfback, was named an all-conference back on the PVC second team. Playing his final year of football at Southern Minnick ended the season with 25 points. Junior hurler, Bill Martin, was named as the second best pitcher in the PVC after completing the '65 baseball season with a record of four victories and one loss. Martin worked 32 and two-thirds innings, struck out 34 and gave up 7 runs on 9 hits for an earned run average of .40. He gained conference recognition by hurling a no-hitter against Fort Ashby and a one-hit shut-out against Elk Garden.

Frostburg Student Teaches Here

A native of Vandergrift, Pennsylvania, Mr. G. E. Johnson is doing his student teaching with Mrs. Alta Duling for nine weeks, at Southern High School, Oakland, after which he will receive his B.S. degree from Frostburg State College.

This program will constitute a part of his training program and will aid in his decision as to whether or not he will pursue a teaching career.

Having attended Capital University, Potomac State College, and Frostburg State Teacher's College, Mr. Johnson will be well prepared to instruct English and reading.

He is an avid fan of boating and collects classical records. His most serious hobby has been the study of astronomy. Mr. Johnson has conducted lectures on this science and emphatically insists that it should be a requirement of senior science students. With firm candor, Mr. Johnson stated. "My wish is to teach at Southern if at all possible".

Alumni Meet At Annual Tea

The seniors of Southern High School, Oakland, will play host to the alumni, who are students in college, at the annual College Tea on Thursday, December 23nd.

Roundtable discussions covering five areas will be led by students and advised by qualified adults. Discussion leaders are Mike Flaherty, colleges; Terry Schlosnagle, technical schools; Gloria Pennington, business schools; Helen Repetsky, nursing; and Sue Terrant, beautician school.

Mike Flaherty, Terry Schlosnagle, Shelby Ashby, and Elaine Laskey compose the committee in charge of the tea. Mrs. Jean Wolfe, Mrs. Elizabeth Randol and Miss Bernice Idleman are advisors.

CARD OF THANKS

We would like to take this opportunity to thank everyone for their kindness during our bereavement due to the death of my husband, Edward C. Braugher.

Our special thanks to Rev. Johnson and Newman Funeral Home and to those who sent flowers, cards, food, the pallbearers and those that helped in any way.

Football Men Get Letters, Numerals

At a recent assembly at Southern High school, football awards were presented to members of the squad by Coach LeRoy Bolding.

Letter awards were made to seniors Bill Mattingly and John Minnick, co-captains of the 1965 team; Bob Martin, Mike Flaherty, Martin Sharpless, Richard Rohrbaugh; numeral award to John Durst.

Letter awards to Juniors Harold Kisner, Bradley Uphold, Bill Martin, Tom Ryan, Sonny Martin, Rob Sharps, Bill Welch, Stuart Hamill, Jason Stewart, Jerry Fike, Keith Hall, Dale Hinebaugh; numeral awards to Bob Crone, Dave Hinebaugh, Norman Wilt and Bob Rentschler.

Sophomore numerals to Jack Alvarez, Eddie Alexander, Randy Shaffer, Mike Foley, Jim Feaster, Buddy Hinebaugh, Dave Schlossnagle.

To increase the interest in football, coaches this year agreed to present two awards, one for the outstanding lineman and one for the outstanding back. Winners of the trophies this year were Richard Rohrbaugh, top lineman, and John Minnick, top back.

4-H'ers Meet

The Eglon 4-H club met December 13 with 19 present. Devotions were "Carols for a King," showing how the hustle and bustle of Christmas can be replaced with the real meaning. The club is planning to go caroling on December 23 at 7:30. Several games were played, including "What's in Santa's Pack?" Homemade gifts were exchanged. Some original ideas were displayed including a blouse, apron, shop apron, stool, pillow, curler bag, tie racks, jewelry box, treasury box, etc.

Bitsy and Martha Teats served an original dish, "Ice Cream pizza," for refreshments.

Flue Fire Extinguishel

Oakland firemen were called to extinguish a flue fire Tuesday morning about 9:45, at the home of the Adrian Shaffer and Daniel Gallagher families, on West Liberty street. The brick building is owned by Roy Lee and was formerly occupied by the Russell Browns.

A faulty pipe leading from the furnace to the flue caused the trouble. There was no damage, according to firemen.

POINSETTIAS AND *puppy* DOGS

Poinsettias for Grandmother, a puppy for brother Joe, stationery is perfect for Aunt Sue.

"Tis the season to be jolly," carol the loudspeakers in the department stores, but each year it becomes harder. Days are frantic with shopping, wrapping, and addressing. There's too much to do, too many things to remember; Sally's school play, a white elephant for Joe's Scout party, the Kirby's gala on the twenty-second.

There's no time for thinking, but sometimes late at night; a moment for reflection. In the rush of doing all the right things have we forgotten our reasons for doing them? Have we come bearing gifts, like the Magi, with hearts empty of the wonder and awe that was theirs?

Perhaps we need to hear anew the age-old story of a tiny Babe wrapped and gently laid in a manger while shepherds quaked and angels sang. The door of your Church stands open. Worship there the newborn King this Christmas and every Sunday.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Whispers of Hope

Lesson for December 19, 1965

Background Scripture: Jeremiah 1; 11; 30 through 33; 37 through 39.
Devotional Reading: Luke 1:68-79.

ONE OF THE most difficult and puzzling books in the Bible, and yet one of the most fascinating, is the book of the prophet Jeremiah. As a suggestion to new readers of the Bible, I recommend not staying in the snags, but pushing on to what you can understand, and coming back to unsnag the tangles by the help perhaps of your pastor, perhaps of one or two good books. For many a good book has been written about this strange man Jeremiah. Yet don't depend on one book alone to help you. And certainly don't expect this column to explain all that needs explaining!

Hope for your future

In printed Sunday school quarterlies and other literature for church school classes, at this Sunday's lesson you will notice they have printed just a short trio of quotations out of the long book of Jeremiah. At first sight, one wonders what possible connection these three passages can have. (Look them up for yourself: Jeremiah 31:15-17; 33:14-16; 31:31-34.) After you have sat and read these passages several times, perhaps a little clue will catch your notice. The verbs, the action-words, are in the future tense, as a grammer would put it. But there is something more than bare grammer here. All these verbs in the future tense tell us that Jeremiah is not (so far as these verses go) mainly telling about what has happened, but something yet to take place. The focus of what he is saying is in the future. It is the note of hope, the note of expectation, of assurance, that unites these and many other passages from the prophets. Other religious idealize the past, and their only hope is some kind of re-creation of the past, living the past over and over again like a wheel endlessly turning. For the prophets of God, history was no wheel; it is more like an arrow, the arrow of hope. "There is hope for your future" without saying when that hope will be fulfilled. Probably he did not know. We have good New Testament backing for believing that the prophets did not always know just to what or to whom their prophecies referred. But as we pore over the ancient utterances and riddling symbols in mystic poesy, some features begin to become clearer. One is that the hope of the future centers in one Man. Sometimes he is a royal hero, another David; sometimes a Servant, sometimes a great Sufferer. Jeremiah's word here is "Righteous Branch." Branch of What? God's people? David's family tree? of the tree of life? At any rate this hoped-for Branch will bring righteousness and justice to a land of wickedness and injustice. Obviously this refers to some person. The Christian church has always been convinced that it means no other than Jesus, the hope of the world.

The righteous branch

This hope takes many forms and shows many a facet, like a great jewel with many gleaming surfaces. Almost always the language about the future is obscure to our ears. The strange middle-east style of writing twenty-five centuries ago adds to our confusion. Yet nothing quite conceals which way the prophet is straining his eyes. He says "There is hope for your future" without saying when that hope will be fulfilled. Probably he did not know. We have good New Testament backing for believing that the prophets did not always know just to what or to whom their prophecies referred. But as we pore over the ancient utterances and riddling symbols in mystic poesy, some features begin to become clearer. One is that the hope of the future centers in one Man. Sometimes he is a royal hero, another David; sometimes a Servant, sometimes a great Sufferer. Jeremiah's word here is "Righteous Branch." Branch of What? God's people? David's family tree? of the tree of life? At any rate this hoped-for Branch will bring righteousness and justice to a land of wickedness and injustice. Obviously this refers to some person. The Christian church has always been convinced that it means no other than Jesus, the hope of the world.

Covenant of the heart

For there are three things linking these prophecies into one: The emphasis on the future; the personalizing of this hope in one man; and now the third: the wide outlook of the prophet who sees not only his beloved Judah or Israel, but the wide world. Jeremiah looks and longs for a time when laws, even God's laws, shall no longer be confined to books, but written on the hearts of men; when the will of God shall not be a doom falling from without, but a devotion growing within; a time (still so far away!) when there shall be no need to explain about God to any one, for all men shall know him.

ELWOOD FLUKE

Elwood Fluke, 69, of Bayard, W. Va., died last Thursday, December 9, at Garrett County Memorial hospital in Oakland where he had been a patient one day.

He was born December 2, 1896, and was a son of the late James E. and Christine Zook Fluke. He was a self-employed farmer and a veteran of World War I.

Survivers include a sister, Mrs. Robert Zimmerman, Hopewell, Pa., and several nieces and nephews. His wife, Blanche Wildesen Fluke, died November 17, 1939.

The body was taken to the Leighton-Durst Funeral home in Oakland. Funeral services were conducted from the funeral home Sunday afternoon at 2 o'clock by Rev. James F. Remley, pastor of Bethel Methodist church. Interment was in Oak Grove cemetery near Gorman.

Huskies Win Over Salisbury, 62-43

Northern High School's Huskies defeated Salisbury High school for the second time within a week by romping off with a 62-43 decision Tuesday night in a game staged on the Northern court.

The Huskies outscored the Pennsylvanians 30 to 18 from the field and high scorer was Gary Reichenbecher who tossed in seven goals and 14 points. Jesse Thomas and Wilbur Hinebaugh contributed 12 and 11 points respectively. Umbel had 2, Goehringer 5, and Edwards 6, Frickey 6, Beal 6, while Downton, Harman, V. Reichenbecher and Selby were non-scoring.

The Huskies led at the quarter 12 to 7, extended it to 27-14 at the half and held a 47-24 lead at the end of the third period.

Bill Owner was high for the visitors with nine baskets and 19 points. Robertson had 6, Shoemaker 1, Galley 4, Resh 9, Beitzel 2 and Brown 2, to complete the scoring for the visitors.

Northern's Jayvees topped Salisbury in the preliminary game 37-24. The Huskies will play Terra Alta on the home court on Friday evening.

History Of Cocoa Is Learned By 4-H'ers

"The History of Cocoa" was the topic of an illustrated talk given by Bonnie Buckel at the December meeting of the Bittinger Girls 4-H Club, held at the Community Center. She showed samples from the time the cacao bean is harvested until it is made into the finished products.

The meeting was conducted by Mary Shawley, president. Linda Glotfelty led songs, and Vicki Teets had devotions.

A smorgasbord was planned for New Year's Day, with each member being responsible for food and entertainment. The leaders, Mrs. Ralph Buckel and Mrs. George Shawley, are to plan the menu.

The Bittinger Boys Club invited the girls to a New Year's party, to be held December 31 at the Community Center. Planning committees were set up. Susan Brenneman, chairman of decorations, with Cindy Beachy, Hazel Bowser, and Joan Glotfelty as members; games, Bonnie Buckel, chairman, Sally Beachy, Linda Glotfelty, and Ellen Hershberger; refreshments, Mary Shawley, chairman, with Doris Opel, Nancy Teets, and Vicki Teets helping.

Club goals were set up for the coming year.

Bruce Wrestlers Blank Southern Hi

Bruce's Bulldogs used their better wrestling experience to topple a strong but inexperienced Southern High team last Thursday night at Westernport 54 to 0.

The match was the first of the season for both teams. Ken Poling's Bulldogs were Potomac Valley Conference champions last year.

Bruce won every individual match, all but three of them by falls. The best showing for the game Highlanders was in the 154-pound class where R. Stultz put up a good scrap before succumbing to Steve Daigle, 4 to 2.

The most lopsided encounter was in the 133-pound division. Mark Clark disposed of M. Foley in just 41 seconds. Warner Ettenger and Wayne Litten in the upper weight divisions also registered pins in less than a minute.

Results:

95—Kenny Duckworth decisioned J. Kittner, 12-2.
103—Jerry King pinned L. Schlossnagle, 1:07.
112—Bill Devens pinned L. Iden, 1:13.
120—Allen Miller pinned R. Sines, 5:08.
127—John Fazenbaker pinned T. Schlossnagle, 4:44.
133—Mark Clark pinned M. Foley, 0:41.
138—Albert Duckworth decisioned D. Sines, 6-0.
145—Terry Clark pinned D. Browning, 1:09.
154—Steve Daigle decisioned R Stultz, 4-2.
165—Bill Oates pinned G. Kerins, 3:54.
180—Warner Ettinger pinned J. Kight, 0:51.
Unlimited—Wayne Litten pinned J. Cannon 0:49.

How To Remove Old Paint, Varnish

Brush Remover On. Strip old finish down to bare wood with chemical paint—and varnish remover. Apply remover with clean, old brush, leaving heavy coat. Give it time to work through. You may also spray it on with a hand-operated insect sprayer.

Scrape It Off. When the old finish wrinkles, it is ready to come off. You can remove it with a broad-bladed putty knife, being careful not to gouge the wood. Sometimes you must apply second coat of remover after allowing first to work.

Steel Wool Helps. It is handier than putty knife for removing finish from curves or corners.

Or Try Shavings. Removing old varnish is a messy job at best. After varnish is loosened, cover it with wood shavings. Then wipe the entire residue away with a dry cloth.

Final Cleanup. If you are using a wax-free remover, your final cleanup can be done with steel wool dipped in the remover.

Texas Gas Concern Gives Story Of Accident Storage Field

What's going on in and around Accident gas field in Garrett County?

This question—one of the most frequently asked these days in Western Maryland—has a deceptively simple answer. Texas Eastern Transmission Corporation is converting Accident Field for use as an underground natural gas storage reservoir.

While this answer is simple, the size and complexity of the undertaking is anything but simple. Conversion and development of Accident Field as an underground storage facility will cost an estimated $32 million through 1967.

Converting a depleted gas field into a storage field requires work on several fronts. All existing wells must be reworked whether or not they are to be used in the storage operations. To increase the speed with which gas may be withdrawn from or injected into the field, additional new wells must be drilled and all wells must be tied into a gathering system and central compressor station. By early 1966, Texas Eastern will have reconditioned 16 existing wells, drilled 17 new wells, constructed 22 miles of field headers and well lines and constructed the necessary metering and control facilities at Accident Field. The compressor station, which will consist of a 5,500 horsepower reciprocating compressor with a dehydration system, is presently being assembled at Accident Field. In 1966, 18 additional wells will be drilled and another 9.9 miles of well lines will be constructed at an estimated cost of $4.3 million.

Once a storage facility is completed, it must be tied into the gas transmission system which it is to serve. To accomplish this, 29 miles of 30-inch pipeline has been constructed to join Accident Field with Texas Eastern's existing pipeline system at a natural gas compressor station near Connellsville, Pennsylvania.

In order to really understand "what's going on at Accident", a little knowledge of gas pipelining is needed. Texas Eastern, one of the leading natural gas pipeline companies in the United States, transports gas from the Gulf Coast to utilities in Midwestern, North Atlantic and New England states. Hauling natural gas through pipelines for that distance is a big job, even without complications. But there are complications. Gas demand varies from one season to another—even from one day to another.

That's where the natural gas storage field enters the picture. During periods of lower gas demand—summer and warm spells, for example—gas in excess of that needed to meet daily demands is injected into the storage field. There it remains until needed during periods of high gas demand—winter and cold spells, for example—when it is withdrawn to meet the increased requirements of Texas Eastern's customer companies. Such storage facilities allow Texas Eastern to make full use of its transmission system on a year-round basis and assures consumers of an ample and economical supply of gas.

Conversion and development of Accident Field represents an important part of Texas Eastern's overall expansion of its natural gas system. Originally approved by the Federal Power Commission in December, 1963, two phases of Texas Eastern's four-year $236 million expansion have been completed. When the remaining two phases are completed in 1967, more than 552 million cubic feet will have been added to the daily delivery capacity of the company's Texas-to-New York natural gas system.

Texas Eastern presently has before the Commission an application to expand its storage service. This application provides for a further expansion of Accident Field, which will bring the field to near full development as a storage field, and the construction of a liquefied natural gas (LNG) storage facility to be built near the terminus of Texas Eastern's system. When this application is approved, Accident Field will be used in conjunction with the LNG facility to store gas belonging to customer companies.

In Accident Field, Texas Eastern's pending motion to enlarge its natural gas storage service would provide for drilling 30 more wells, constructing 22 more miles of well lines and enlarging the compressor station by another 5,500 horsepower. Scheduled to be constructed in 1967, 1968 and 1969, the additional facilities at Accident Field will cost approximately $11.5 million.

Four-H'ers Conduct Achievement Night

To promote parent interest in 4-H clubwork, the North Star club held a Parent Achievement Night, December 6, with 25 club members, 25 parents and guests present.

Pauline Hanft began the program with the 4-H pledge and the pledge to the American flag. Donna Haenftling, mistress of ceremonies, introduced the club president, Joyce Harmon. Joyce welcomed the parents, friends and 4-H members, then turned the program over to the song leaders, Karen Bowman, Karen Markel, Dorothy Hanft, and Charee Reckner lead the group in singing Christmas carols.

Two demonstrations followed: "Egg Salad Sandwich Filling" by Dorothy Hanft and "The Proper Way to Sew on a Button", by Linda Glotfelty.

Mrs. William Harmon, club leader, made a few remarks and introduced Mrs. Alan Skidmore, her new assistant. Donna Haenftling gave a report on the club activities of the past year. Entertainment was provided by Linda Glotfelty and Alana Skidmore singing "For the Beauty of the Earth", to the accompaniment of Karen Bowman, organist.

Awards for the club's point system were then given out, Donna Haenftling having the highest total. The Candle Lighting Ceremony climaxed the program with Karen Markel as "Leader", Carroll Hanft as "Head", Karen Bowman as "Heart", Judy Richter as "Hands", and Lena Kolb as "Health".

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all our friends and neighbors for their kindness and helpfulness following the death of Mrs. Maude Klock, Grantsville.

We also want to thank all who gave flowers and contributed the use of their automobiles for the funeral service.

Aurora High Tells All

Pictures Arrive

The Aurora high senior pictures arrived December 6, and Mr. Knee finished taking the rest of the pictures for the yearbook which included Pep Club, and officers, basketball team, coach and manager, senior players, cheerleaders, FFA, and officers, FFA Sweetheart, FHA, FHA Beau, princesses and escorts, and yearbook staff.

Bears Defeated

The Aurora Bears have played Mountaineer and Terra Alta high schools. In both games they were defeated. First, by Mountaineer on December 3 by 75 to 68, then by Terra Alta on December 7 by 66 to 6.

Date Set

The Aurora Future Homemaker have selected Wednesday, Dec. 22 for the mother-daughter Christmas party. Members and mothers will attend a program given by the girls and participate in an exchange of gifts.

Attend Workshop

On the week-end of December 4, David Layman and Mike Teets attended a State Faith Workshop at Jackson's Mill.

David represented the Aurora MYF and Mike represented the county sub-district, of which he is Faith Chairman.

4-H Meeting

The Lantz Ridge 4-H'ers met December 1, in the home of Mrs. Clarence Knotts. Five members of the Aurora Club presented the program.

The theme was "Why Be A 4-H'er?" Aurora 4-H'ers took part in the Emblem ceremony including Joyce Wotring, Head; Linda Fint, Heart; Judy Crawford, Health; and Donetta Sisler, Hand. Joyce Wotring led a question and answer discussion concerning the 4-H Club. An illustrated talk entitled, "Lines and Designs", was presented by Judy Crawford. Linda Fint gave a demonstration on how to make "Your Own Mix." Donetta Sisler then presented a project report.

Also attending the meeting were Eugene Wilt, Mrs. Florence Wotring, leader, Misses Vera Stemple and Ruth Hoover, adult counselors.

Betty Crocker Test

The eight senior girls of Aurora High School have taken the Betty Crocker Test. It was given by Miss Martha Bolyard, our Home Economics teacher, on December 7. The girl receiving the highest score will receive the title of "Homemaker of Tomorrow."

Deer Is Killed

Dennis Feather killed a doe on Saturday, December 5, the last day of the deer season.

Typing News

The typing classes of Aurora High are busy making Christmas cards and designs. The Typing I class has made original designs which are mounted on the bulletin board in the lower hall. The Typing II class is making Christmas cards. These cards are for students, faculty and personnel, and friends of Aurora High.

Instructor is Mrs. Virginia Martin.

IN MEMORIAM

In loving memory of our dear husband and father, Andrew Rodeheaver, who passed away five years ago, December 14, 1960.

In our hearts we'd like to stray,
Along the road of yesterday.
To hear you laugh and see you smile,
To talk with you a little while.
We cannot bring the old days back,
Your hand we cannot touch,
But God has given us sweet memories
Of a dear Dad we loved so much.
Missed very much by wife and children.

LETTER TO THE EDITOR

Republican
Oakland, Maryland

"There is a tide in the affairs of men which, taken at the flood, leads on to fortune, omitted all the voyage of their life is bound in shallows and in miseries."

As we turn back upon the pages of time to look into the dim past from whence our civilization has sprung a grim and ghastly spectacle falls upon our vision. There we behold humanity emerging from the bonds of savagery, and watch the long procession of human beings as they struggle down the ages of time toward an ideal which they have seen advancing before them. Throughout all recorded history it has been characteristic of man to seek something of greater value than that which he already possesses. Throughout the ages men have struggled constantly to find "The Pearl of Great Price". Demosthenes sought it in oratory, Aristotle sought it in philosophy, Caesar sought it in political power, Alexander sought it in conquest, and Napoleon sought it on the field of battle. In our own twentieth century we saw the Kaiser of Germany and Hitler, seeking it in militarism, and the millions of Americans seeking it in dollars. But what has been the result of all these searchings? The answer is written in gigantic letters so that "He who runs may read", FAILURE and DISAPPOINTMENT. Failure because infinite wealth was not where they sought it; disappointment because of failure which brought misery and woe.

Men have labored incessantly and have given their lives for the solution of the world's problems. Councils have been held, treaties have been made, fanatics have raved, orators have spoken with piercing eloquence, and ministers have preached and prayed, but a world of evils still surrounds us. The Son of God came upon the earth and walked and talked with men; and for nineteen hundred years the world has been influenced by His teaching, yet it is still in turbulence.

Is there a panacea for all the ills that infest the earth today? Is there a something of incalculable worth, "A Pearl of Great Price", which if found will relieve the earth of its ennui and put humanity on a plane of righteous living, a plane of living where wars shall be no more, and the golden rule be practiced? The answer must be in the affirmative.

A wise man saw the solution when he said: "Train up a child in the way he should go; and when he is old he will not depart from it". Jesus sounded the golden trumpet in a rebuke to his disciples in these words: "Suffer the little children to come unto me, and forbid them not; for of such is the Kingdom of Heaven".

If we would cure humanity of its ills, and thus blot the stains of war, of vice, and of crime from the social order, it must be by properly training the child. There is no other remedy. The child of today is the man of tomorrow, and what that man adds to the social realm in which he lives will depend upon the training he receives as a child. "Opportunity knocks at the door of every man once". We have the child but once. Will we prepare him for service to country and humanity, or will we selfishly seek some material gain while the golden sands of time trickle into eternity and one of these little ones is sent into the future unprepared for the battle that is to be fought there? Let everyone answer, for everyone must answer in the day of final reckoning. For every vain and idle thought sown upon the tender mind the sower must render an account, for the extent to which he corrupts the child's life is the extent to which he retards civilization.

We have not yet caught the vision of the part infancy and youth play in a perfect and harmonious development. Conjugal relationships are largely established by chance and without thought of the future, but by the law of probability fifty percent will prove rewarding. On the future depends war or peace. On the future depends our survival or our destruction. On the future depends degrading the human race or raising it to heights sublime. "It is meet that noble minds keep ever with their likes". Let us think on these things.

Harry Slawter

No. 5434 Equity In the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following described property situate in Election District No. 14, of Garrett County, Maryland, which was sold by the Collector of Taxes for Garrett County, Maryland, and the State of Maryland, to Lois A. Shaffer and David A. Shaffer, the plaintiffs in these proceedings, to-wit:

Lots Nos. 47 and 48 in Wilson's First Addition to the Town of Oakland, Maryland, being the same property which was conveyed to Charles S. Davis by two deeds, the first from A. D. Naylor, et ux., dated October 6, 1916, and recorded in Liber E.Z.T. No. 70, folio 429, one of the Land Records of Garrett County, Maryland, the second from Darius M. Dixon, et ux., dated September 30, 1916, and recorded in Liber E.Z.T. No. 70, folio 431, one of the Land Records of Garrett County, Maryland.

The bill states, among other things, the amount necessary for redempetion and that said property has not been redeemed by any party in interest, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON, this 30th day of November, 1965, by the Circuit Court for Garrett County, Maryland, in Equity, Ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, Maryland, once a week for four successive weeks, warning all persons interested in said property to be and appear in this Court on or before the 6th day of February, 1966, and redeem the property herein described and answer the Bill of Complaint, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiffs a title, free and clear of all encumbrances.

Merry Christmas

Christmas Prayer . . . .

Let us pray that strength and courage abundant be given to all who work for a world of reason and understanding — that the good that lies in every man's heart may day by day be magnified — that men will come to see more clearly not that which divides them, but that which unites them — that each hour may bring us closer to a final victory, not of nation over nation, but of man over his own evils and weaknesses — that the true spirit of this Christmas Season — its joy, its beauty, its hope, and above all its abiding faith — may live among us — that the blessings of peace be ours — the peace to build and grow, to live in harmony and sympathy with others, and to plan for the future with confidence.

A Christmas message by the New York Life Insurance Co.

Rev. J. S. Martiin Succumbs At 71

The Rev. John Sinnott Martin, pastor at St. Vincent de Paul Roman Catholic church in Baltifore for the past 25 years, died Sunday morning, December 19, at St. Agnes hospital.

Father Martin, who was 71 years old, had been hospitalized for the past three weks following a heart attack. A requiem mass was offered for him Wednesday morning at 10:30 o'clock at the church on Front street in Baltimore.

Deceased was a son of the late Mr. and Mrs. Fred Martin, who resided in Oakland. He was born in Fairmont, W. Va., and attended elementary and high school in Oakland. He attended St. Charles College and St. Mary's seminary and was ordained in 1921 from the Sulpician Seminary, Catholic university.

St. Vincent de Paul is the oldest standing parish church in the Archdiocese of Baltimore. When Father Martain went there in 1940 it was in a state of serious decline, physically and financially. Its restoration was largely the result of his energetic efforts. He is credited with helping to remove a $250,000 debt and with completely refurbishing the interior and exterior.

His interest in this church's art and architecture led him in 1943 to publish a 20-page pamphlet on the subject. His sermons also proved a great drawing card to Catholics. Located in an urban renewal area of diminishing homes the parish now includes only 777 persons but week-end congregations swelled between 3,000 and 4,000 persons.

Father Martin originated the

Holiday Buying Is Excellent

Holiday buying among Oakland stores was considered excellent this year, most merchants declaring that the month of December, generally was better than last year and in some instances the "best Christmas we have ever had."

Sales were considered above expectations and there were times when Second street gave the appearance of some large city.

With Christmas falling on Saturday this year, it is giving shoppers plenty of time to complete last minute business. Business places in general will close Friday evening at 5 o'clock to give their employes time for final purchases and to get to their homes at a reasonable hour.

Honorary Initiate

Mary Kathryn Gonder, daughter of Mr. and Mrs. Bernard I. Gonder, Sr., was initiated into Phi Epsilon Phi, National Botanical Honorary, on December 10th at Morgantown, W. Va. She and seventeen other students at West Virginia University were selected for membership in the honorary by the Biology Department for outstanding scholastic excellence in the field of Botany.

Kathy is a junior in Secondary Education with a double major in Biology and Drama and a minor in Speech

The national honorary was established at West Virginia University in 1929 to encourage further research in the field of Botany. Since its foundation, the fraternity has established many chapters in colleges and universities throughout the United States.

Winners Named In Lighting Contest

Winners were named Tuesday in the Christmas Lighting contest held in the Oakland area this year, and they will receive $25, $15 and $10 respectively for first, second and third place.

First place winner was Mr. and Mrs. Arthur Calhoun. Second place went to Mr. .and Mrs. Robert Sincell, in Mt. Lake Park, and third award went to Mr. and Mrs. Irvin R. Rudy, Jr. Dr. and Mrs. A. E. Mance were given an honorable mention.

The committee which consisted of five individuals, said it judged on exceptional taste, imaginative design and decorative effect.

The contest was sponsored by the Business Men's association of the Mt. Top Chamber of Commerce, and was under the direction of Eugene Nordeck, chairman of the committee.

In making their decision committee members traveled throughout Oakland, Mt. Lake Park, Crellin and other nearby areas.

Special Events For Christmas Are Continuing

Candlelight Services, Pageants, Other Activities Still To Be Held

Special events for the observance of Christmas are still to be presented during these next few days. Some events already have been held in area churches.

St. Mark's Lutheran

The traditional Christmas eve service will begin at 11 o'clock Friday evening. In addition to the regular worship program a cantata, The Prince of Peace, will be presented by the senior and youth choirs.

The manger scene will precede the candlelighting service, with light from the manger. Regular services will be conducted on Sunday, December 26, with a Christmas communion at the 8:30 service. At the 11 o'clock service the pastor, the Rev. Wm. Ernest Fox, will preach on "Gloria in Excelsis". Both youth and children's choirs will sing at the 8:30 service.

St. Matthew's Episcopal

St. Matthew's Episcopal church will have special Christmas services starting on Christmas Eve at 10:30 o'clock with a service of special music and sermon by the rector, the Rev. W. Shelby Walthall.

On Christmas day, at 10:30 a. m., there will be a plain celebration of Holy Communion. On Sunday, December 26, there will be the regular Holy Communion service at 8 a. m., with the traditional lessons and carols at the 11 o'clock service.

St. Peter's Catholic

At St. Peter's church confessions will be heard Thursday and Friday 11:30 a. m. to 12:00; and again in the evening from 5 to 6 and 7:30 to 8:30.

A program of Christmas carols will be held before the midnight mass on Christmas Eve.

Masses for Christmas morning are at 8, 9 and 10 o'clock. There will also be a midnight mass at Kitzmiller.

Gets Commission In Marine Corps

J. C. "Chris" Renninger, son of Mrs. Julius C. Renninger, Alder street, Oakland, and the late Mr. Renninger, received his commission as a second lieutenant in the U. S. Marine corps at appropriate ceremonies on Friday, December 17, at the marine base at Quantico, Va.

Lieut. Renninger had previously completed ten weeks of intensive training. Following a Christmas furlough here with his mother, he will return to Quantico for several months of additional training before his permanent assignment.

He is a graduate of the University of Maryland.

TOPS IN LIGHTING—Here are photos of the three homes that were judged tops in the Christmas Lighting contest in Oakland this year. Top left is the giant swag on the chimney at the Arthur Calhoun residence near Ninth and Oak streets, in Oakland, which took the first prize of $25. Top right, a young choir scene over the traditional manger, with a flocked wreath on the wall nearby, beside the outdoor fireplace at the Bob Sincell home in Mt. Lake Park, winner of second prize of $15. Lower right shows the Irvin R. Rudy, Jr., home on Ninth street, winner of third prize of $10.

Doe Kill in County Less Than Last Year

The state game department reported a total of 331 does killed during the two-day antlerless deer season last Friday and Saturday, which was fifty-five less than the total reported last year. However, only 1,800 deer permits were distributed from this county this year, much less than last year.

Allegany county reported kills totaling 410 during the two-day season, with 119 on Friday and 291 on Saturday.

In Garrett county sixty-five were reported on Friday and 266 on Saturday.

The deer checking stations reported the following:

Oakland, 21 on Friday, 79 Saturday for a total of 100; Storey's at McHenry, 10 and 61, total 71; Murphy's, Friendsville, 10 and 35, total 45; Edwards at Grantsville, 21 and 72 for a total of 93; Westernport, 3 and 19, for a total of 22.

Last year many county residents were opposed to the special two-day season and many who received permits tore up their permits as soon as obtained. In some areas property owners posted their lands. Only 2,000 of the 4,000 permits allotted to this county were taken by hunters.

This year no outcry was heard about the doe season. The state game department has declared that the killing of a number of does would improve the deer herd in the county.

There was at least one interesting incident. Friday morning a car drove up to a local garage carrying a deer with an 8-point rack of horns. There was immediate concern by numerous citizens for the hunters, with advice being given freely to "better hurry and get out of town before some game warden sees this". Hunters appeared nonchalant, every cocky. It was finally learned that the hunters had neatly wired the horns to a doe carcass, just for the sport of it.

1,900 Given Treats Saturday Afternoon

The treat committee for the Mt. Top Chamber of Commerce distributed Christmas candy, popcorn balls and oranges to over 1,900 children, at the annual affair last Saturday afternoon near the Episcopal church lawn, corner of Second and Liberty streets.

Santa Claus appeared for the affair and aided in the distribution. Also assisting were the boy scouts and members of the National Guard.

Charles L. Briner, chairman, said that contributions totaling $692 had been received. Contributors in addition to those listed during the past three weeks included Lions club, Fred Thayer, Peters Fuel, Will o' the Wisp and Family Shoe Store.

Hunters Fined

Two hunters were fined for violations this week.

Game Warden Robert Brown arrested Samuel Glotfelty, of Crellin, on a charge of attempting to hunt without an antlerless deer permit. Permits were available without charge for eighteen hundred hunters. Glotfelty pleaded not guilty but Trial Magistrate Robert M. Maroney found him guilty and fined him $25 and costs.

Game Warden Leo Friend arrested David R. Davis, of Cumberland, on a charge of giving false information to obtain a deer permit. He was fined $20 and costs.

To Close New Year's Eve

The Merchants' association of the Mt Top Chamber of Commerce announced that members had agreed to close their places of business on December 31, at 5 p. m., for the New Year holiday.

The decision followed the pattern set for the closing for Christmas Eve, Friday, December 24.

Our Christmas Wish . . .

At this Yule season, we extend to you our most sincere good wishes. It is our hope that in the year ahead you will continue to be blessed by the Son of God, whose earthly birth we now acknowledge. May our columns record only good news throughout the coming year.

Holiday Mail Is Showing Increase

Holiday mail is showing a substantial increase at the Oakland post office, figures released Tuesday by Guy William Hinebaugh, post master, revealed.

The high point for cancellations at the Oakland office was reached on Monday when 17,618 were listed.

The daily figures since last Tuesday were listed: Tuesday, 15,372; Wednesday, 16,185; Thursday, 15,865; Friday, 13,689; Saturday, 10,163; Sunday was light; and Monday, 17,618. Mr. Hinebaugh said the total thus far this year was showing 4,000 or more greater than for the same period last year.

He also announced that 11,079 parcels had been delivered in the Oakland area, compared to 9,968 for the same period last year.

There was no record of incoming letters but postal workers were aware the amount was very considerable.

Plan For Increased Welfare Grants Is Announced Here

Robert W. Stemple, Director of the Garrett County Welfare Board received notification Monday from the Maryland State Department of Public Welfare concerning revised standards reflecting the increased cost of living for clothing, fuel and household maintenance items.

The plan provides for increases to be spread over a twelve month period starting in January, 1966. Mr. Stemple explained this means that approximately one-twelfth of the recipients will receive the increased grant each month. Increased payments to individuals and families will be made during the month in which the county welfare department conducts the regular reconsideration of eligibility.

Amount of the increase will range from $6.50 a month for one person to $14.00 a month for a family of ten. The plan also provides for small increases for clothing costs of children in foster care. Another change relates to raising the ceiling on maximum grants of public Assistance. Stemple pointed out that at the present time the maximum grant in Garrett county may not exceed $210.00 regardless of the amount of need. Effective in January the maximum grant in Garrett county may not exceed $227.00 regardless of the amount of need.

Mr. Stemple estimates that the increases in grants to the currently eligible individuals and families will mount gradually, and by December, 1966, will have increased approximately $5500. This figure is based on a static caseload. At present there are approximately 1200 persons affected.

Report Of Bogus Bills Brings Extra Precaution

There was extra careful scrutiny of $20 bills in Oakland Saturday when merchants were informed that counterfeit bills of that denomination were being passed in Morgantown, Kingwood and Terra Alta.

One bill, presumed to be counterfeit, was discovered in a local store, but it has yet to be declared counterfeit. Counterfeit bills of $20 denomination were said to have the face of Andrew Jackson in a fuzzy condition, and not at all clear. As far as is known this is the only bill which caused some question. It is being held at the Garrett National bank and will be given a close inspection by experts.

Christmas Weather Slated to be Mild

After a week which began blustery and with temperatures in the neighborhood of 10 degrees above zero, the Christmas week-end is expected to be mild but rainy.

This morning began cloudy but with the temperature around 30 degrees and it was scheduled to go up to the middle forties by the end of the day.

A brief run-down of the weather showed last Friday starting off with a reading of 32 degrees, with a spattering of snowflakes. Weather remained blustery for a while but cleared by 2 p. m., then back to cloud cover. Temperature at 4 o'clock was 22 degrees. There was a 13-degree reading Saturday morning with cloud cover. It remained cold. There was wind on Sunday with weather cold. There was some sunshine but snowing started in mid-afternoon. There was a reading of 11 degrees above zero Monday morning, mercury rising to 22 by 10 o'clock. There was some clearing with mercury rising to 27. There was a light snow Tuesday with an east wind and temperature at 21.

Wednesday showed some moderation, with skies partially clear most of the day. It was back to cloud cover today with temperature at 36 degrees at 10 o'clock.

Win In Contest

Top prize, a Mustang hardtop, in the "Follow the Mountaineers Sweepstakes", has been awarded to Nathan Gattian, Rivesville, Marion county, W. Va. The sweepstakes were conducted by the "Live Better Electrically" appliance dealers through the area served by Monongahela Power company.

A total of 157 other prizes—tickets to West Virginia university basketball games, and basketballs autographed by Jerry West, leading professional scorer and former WVU ace, were awarded.

Among the winners of these were two from Oakland, Betty A. Kerins, and Richard D. Bond, star route.

Welfare Board Elects Chairman

Mr. William W. Grant, Jr., an Oakland attorney recently appointed to the Garrett County Welfare Board, was elected by the membership to serve as Board Chairman. This action took place at the December meeting of the Board last Thursday. Donald J. Newman, proprietor of Newman funeral home at Grantsville and Friendsville had served as Chairman of the Board for the past several years. Mr. Newman continues as a member of the Board. Other members are: Mrs. Opal Crowe, Oakland; Mrs. Lois Naylor, Oakland; Hubert Friend, Hoyes; Harrison Hanlin, Kitzmiller and Earl Opel, County Commissioner representative from Grantsville.

One item on the agenda at the December meeting involved the Board's beginning a review and study of a problem relating to families being in need as a result of the lack of support on the part of the legally responsible relative. The Board hopes to arrive at some conclusions and to have some recommendations which it is hoped will alleviate the problem, of non-support situations, Robert W. Stemple, director said.

The Board also tentatively sanctioned the establishing of a Food Stamp Program which might possibly be established in Garrett County. The State Department of Public Welfare has recently informed local welfare officials of the possibility of initiating such a program. If this were to be established, the Garrett County Board of Commissioners would be expected to bear the administrative costs which are estimated at approximately $5,000 annually.

The offices of the Garrett County Welfare Board will be open on Friday, December 24 and Friday, December 31 and staff will be available to provide essential services.

Man Accidentally Shot Last Friday

Russell Welch, about 26, of Fingerboard road, west of Oakland, is a patient in the University Medical center, Morgantown, W. Va., following an accidental shooting in his leg last Friday morning about 3 o'clock.

Deputy Sheriff Wayne Wilt, who talked to Welch's father, Lester Welch, said Russell had been having trouble with some dogs around his home and hearing a commotion he got his gun and went out on the porch where he slipped and the gun discharged, the bullet entering the leg midway between the ankle and the knee.

He was taken first to Garrett County Memorial hospital for emergency treatment, and later transferred to the university medical center. He still remains a patient there.

Senate Bill For 53 Members Is Unconstitutional

Court Declares 43-Member Measure Is One To Be Followed

Anne Arundel County Circuit court yesterday declared unconstitutional the bill seeking to retain at least one senator for each county in a reapportioned Maryland legislature.

The court upheld the validity of a rival measure, providing for a 43-member senate based on population and combining smaller counties into senatorial districts.

The decision will be appealed to the Maryland Court of Appeals for arguments in early January.

The opinion brought disappointment and even disgust to the citizens of Garrett county, since this decision would be the equivalent of depriving this county of any representation in the Senate of Maryland, and leaving it with only one representative in the House of Delegates.

There were indications that the fight would not end with yesterday's decision, or even with the decision of the Court of Appeals, should its decision be similar to the one just announced.

Two weeks ago the County Farm bureau decided to support the 53-member measure and to oppose the measure which would join Garrett county with Washington and Allegany county to elect three senators, with the result that Garrett county probably would never have another senator and therefore no representation in the state senate.

A resolution was accepted at that time saying that if the 53-member bill was adopted, a definite plan be followed in dividing the area into three sub-districts, that each sub-district would nominate at least one senator from that subdistrict, and that all of the voters of the entire senatorial districts would help to elect all of the three senators from the entire district.

The bureau also backed the recently formed non-profit organization, "Voters, Inc" which was seeking favorable ruling by the courts on Senate bill No. 8. As a last resort the group hoped to delay final action until a Dirksen bill in the United States Congress would pass an amendment to the constitution which would allow one house of a legislature to elect on a basis other than population.

Judge Matthew S. Evans said the bill designed to retain separate senators for small counties in an expanded 53-member Senate "is not constitutionally

(Continued on Page Four)

Little Interest Is Shown Over New Legislation

From evidence shown at the sparsely attended legislative meetings called by the county's representatives in the General Assembly, citizens appear to be satisfied with the laws of the county and state.

Only a few persons gathered at the meeting in Grantsville, and not many more than that at the session in the Court House in Oakland.

The main discussion at Grantsville concerned the fire protection problems around the Finzel and route 40 areas. At the Oakland meeting there was discussion of the mental health problem in the county, the possibility of zoning for Oakland, the advisability of having all funds coming to this county to go through the hands of the county treasurer. At present some funds go directly to the office of County Commissioners. The two main accounts were gasoline tax money for roads, and the money from the liquor control board.

And one individual at Oakland advocated increase in the salary of the County Commissioners.

ILLITERATES AT THE POLLS

With peaceniks marching in Washington under the banner of the Communist Viet Cong, and with war raging in South Asia—not to speak of other grave international problems — the country has overlooked the revolutionary and destructive effects of mass registration of illiterates.

The press, in states affected by the new federal voter registration requirements, has produced alarming evidence of the depth of ignorance among these new voters that the Johnson administration has demanded be enrolled. News stories and polls tell us that in many cases the majority of registrants don't know the name of the Congressman in their own district or even who is President of the United States. They don't know why they are registering or what is decided in an election. Many of these illiterates have been told by the political organizations that herd them to registration offices that if they don't register they will lose their social security cards. Others fear that they will be called on in church to hold up their registration certificates, and criticized if they don't possess such certificates.

The tragic effects of the enrollment of the least qualified group of people in the United States will have a terrible effect on governmental processes in this country. But the influence of the illiterates will extend beyond the voting booth. For one thing, juries are drawn from the lists of registered voters. What educated, respectable citizen, with an important matter respecting one's freedom or property before a court, would want to be tried by a jury containing illiterates? Indeed perhaps when these illiterates are assigned to jury duty, those who are before the bar of justice or engaged in litigation should call in question the competence of courts in which the juries contain illiterates. Traditionally, an American has been entitled by trial by "his peers", as the saying goes. It is hard to accept the idea that an illiterate person, incapable of reading court documents offered as evidence, is the peer of a literate citizen, and every legal effort should be made to demand a trial in which the jurors are literate.

In short, educated Americans have to fight back against the influence of illiterates. The Civil Rights Act is studded with restrictions designed to intimidate citizens who question the right of a person to vote. These restrictions will create unprecedented opportunities for fraud in next summer's state and congressional elections.

The states, however, are still free to bar from voting those persons who have been convicted of crimes. It is imperative, in this connection, that state legislatures — this very winter — review their election laws and procedures. For example, states need close control over voter identification so as to reduce the possibility of fraud and impersonation of voters. Perhaps what is needed in many states is a voting certificate that bears a photograph, identifying description and fingerprint mark — a card similar to a driver's license or even a U. S. passport. Unless voters are required to have such certificates, managers of polling places may be unable to adequately determine next summer whether a person who presents himself for voting is qualified to do so. Given the penalties incorporated in the Voting Act, a poll manager will have to be very sure before he takes action against a person he believes is not qualified to vote.

The states will protect the quality of government if they check the list of persons convicted of crimes who are, thereby, disqualified from voting. Ironically, the first couple to present themselves for registration in one Southern state, under the watchful eye of federal voting examiners, turned out to have criminal records.

It is shocking, of course, that the Voting Rights Act was ever approved. Voting standards have never been sufficiently high in the United States, with the result that government officials have become increasingly demagogic in their appeals. Now all standards have been thrown out the window, and those people with no understanding of the issues and problems facing their communities, state and nation are to be enrolled and — one can be sure — manipulated by unscrupulous politicians. The need, then, is for the states to find ways within the law to prevent the complete ruination of our republican style of government.

My greetings to my friends in and around Oakland for a joyous and blessed Christmastide.

Best Card

The most popular Christmas card is neither sick nor slick, but rather informal. These cards underplay sentiment and have whimsical, sometimes lightly tender cover drawings. Small informal cards appeared in 1962. Larger ones are available this year for senders who want to write their own newsy note to each recipient.

Winter Officially Arrived Tuesday

The Northern hemisphere including Garrett county officially welcomed winter on Tuesday evening, December 21, at 8:41, EST.

At that moment the winter solstice, the point when the sun reached the end of its southward movement across the sky, and when the nights are longest and darkest, took place.

From that time on, the sun will drift slowly back north, gradually lengthening the days.

The solstices result from this fact: The earth's axis of rotation is tilted. The moment when the earth's north pole is pointing most directly toward the sun is known as the summer solstice. This occurred last on June 21. The moment when the north pole points most emphatically away from the sun is the winter solstice.

An equinox occurs when the north pole is neither leaning toward the sun nor away from it. At this point of the orbit, both Northern and Southern hemispheres receive an equal amount of sunlight, and day and night are of equal length. The Vernal Equinox came last March 20 and the Autumnal Equinox last September 23.

The winter solstice marks the period in which the Northern Hemisphere receives least light and heat from the sun. During the dark days around the solstice the hemisphere loses much of its stored heat and the coldest days of winter come while the sun is actually increasing its warming of the earth. The days will continue to lengthen until the summer solstice, occurring next June 21 at 3:33 p. m. EST.

To Give Program

The C. B. Y. F. of the Bear Creek Church of the Brethren, Accident, will present a Christmas program on Sunday, December 26 at the church beginning at 7:30 p. m.

The play is a story of a little boy named Timmy, portrayed by Ricky Rush, in an orphanage who finds out that his parents abandoned him shortly after he was born. He feels unwanted and unloved and runs away from the orphanage. To get out of the cold, he goes into a church and while there he sees a Christmas program. His heart is changed and he returns to the orphanage where a big surprise awaits him. The characters are Cora White, Sharon Rush; Sally, Linda Schlossnagle; Julie, Pat Broadwater; Chuck, Steve Schlossnagle; Jeff, Eric Schlossnagle; Glen, Kelly Uphold Jr.; and narrator, Glen Lane. Other parts are portrayed by Cindy Beachy and Cynthia Fike.

The children of the Sunday School classes will give their recitations.

The public is invited.

U. S. combat deaths in Viet reached 1,496 as of December 13.

Merry Christmas!
from
Clinton W. Englander

Merry Christmas! And we wish you and yours the happiest Merry Christmas in all of the religious and friendly meanings these wonderful old words always call to mind. Christmas—the time for family gatherings and the renewal of friendships. Christmas—when the good will we all want to give and receive is so much around us. Christmas—the time when almost all of us have so much to be thankful for . . . and when we want to help others be happy with us. This is a truly-wonderful time of the year. It's a part of the "good old days" we'll look back on in the years to come. So, please accept our best wishes and let us again wish you and yours your happiest Merry Christmas!

How Much ZIP Can You Get?

A St. Louis newspaper has tested the U. S. Post Office's "ZIP Code" system and found it hasn't speeded mail deliveries appreciably since its inauguration of July of 1963.

The Globe-Democrat mailed letters, some with and others without ZIP codes, to some 30 points in the St. Louis area and across the country. Arrangements had been made for the return of duplicate mailings.

"Most of the pairs of letters arrived simultaneously", according to the newspaper. "There was some variation, but in such cases the letters arriving first carried the conventional postal designation as frequently as they bore the ZIP code".

sustainable as either an interim or permanent reapportionment plan".

"It is clearly violative of the equal protection clause of the 14th amendment of the Constitution of the United States", he said. He also declared he failed to find any merit to the argument that the Maryland General Assembly's activity and concern with local legislation "is a consideration sufficient to justify the deviations from population based on representation embodied in Senate Bill 8.

Judge Evans said it would be possible for counties with only 36.7 percent of the state's population to elect a controlling majority of 27 senators and that this was not permissible under the Supreme Court's one-man, one-vote rulings.

Maryland is under a Supreme Court mandate to reapportion membership in both houses of the legislature before the 1966 elections.

The General Assembly, in special session Oct. 11, enacted two separate bills and specified that if the one-senator per county plan would stand up in court, it would prevail as the reapportionment scheme.

The seven judges of the state court of appeals will be asked to uphold or reverse the decision.

Warning Of Things To Come...

There was a happening in Chester, Pa., recently which, in its own small way, is a kind of horror story which tells a lot about how well-intentioned Federal programs can turn into instruments of compulsion that touch individual freedom. Two grade students in Chester were suspended from school for three days. Their only "crime" was that they brought their lunch from home instead of paying the 35 cents for school-supplied meals. The school board president explained that the school lunch program is subsidized by the Federal government, and for a school to qualify, all the children must participate. The parents of the two boys had refused to go along.

Ponder well on whether or not this is the kind of a program you want.

"Penny for the poor" program at the church which was considered succcessful. This concern for charity was reflected in a 32-page history of "Vincent de Paul, Saint of Circumstance" which he wrote in 1943. It was part of a larger social concern which led him during his three years as editor-in-chief of the Catholic Review, to criticize areas as various as gambling in Ocean City, and what he called "the foolish fiction" of Santa Claus.

His learning, coupled with an acute sense of humor, made him a desired after-dinner speaker but was best popularized by the small "St. Vincent's Notebooks" which he began to author in 1940.

Surviving are a brother, James Martin, Baltimore; and a sister Mrs. Edward Pollock, Philadelphia, Pa.

What They Said...

Those Senators who—against most of the predictions—prevented repeal of section 14(b) of the Taft-Hartley Act, which authorizes the states to enact Right-to-Work laws if they so choose, were not against the unions. They were against coercion.

Senator Dirksen said: "....Is there a more fundamental right than the right to make a living for one's self and for one's family without being compelled to join a labor organization?" Senator McClellan said: "If I were a wage earner, I might well be inclined to join a union. But I would want to have the choice of joining a union. I would not want to be compelled to join. Have we lost all sense of reason—have we forgotten the dedication to fundamental rights? ...." Senator Smathers said: "I am for organized labor. I like organized labor. But the right of each and every wage earner to make a free choice concerning union membership must be paramount over the desires of any single private group." Senator Eastland said: "One of the most incredible elements in the whole movement to repeal 14(b) is the fact that the very liberals who talk the loudest and longest about civil rights are now bent on destroying the freedom of an individual to choose what organization or association he shall or shall not join".

So it went. The battle is not over—compulsory unionism will again become an issue when the second session of this Congress convenes in January. And, once more, that issue will be whether a man can be forced against his will and his belief to join a private organization in order to hold a job.—Industrial News Review.

IT'S CHRISTMAS

The French say "Noel". The Spanish refer to "Navidad". The Italians say "Natale" and the Germans say "Weihnachten". But Christmas in our part of the world is derived from an old English term Cristes maesse (Christ's Mass), a term first used in the 11th century.

McHENRY

SACRED SYMBOL

Mistletoe was a sacred symbol where the early Druids were concerned. Forests in which this precious plant grew were dedicated to the gods. Legend says that Druids cut mistletoe sprigs with a golden knife and hung them over their doors so that no evil would enter the house.

Beware

Holiday Hazards Surround Home

Christmas is the time to be jolly — but sad statistics show that it is also the time for an alarming increase in home accidents. To keep your holidays safe as well as happy, here are some hazards to look out for:

*TOYS — Air rifles, archery sets, dart games, hunting knives and chemistry sets make wonderful Christmas gifts — but they can be crippling weapons in the hands of children too young to understand the hazards involved. Even older children should have adult supervision when playing with equipment of this type.

Babies and toddlers invariably follow the rule, "from hand to mouth." When selecting their Christmas toys, therefore, carefully avoid small objects, marbles, coins or beads, balloons, plastic bags, whistles with removable mouthpieces and pull-toys with removable parts. According to the National Safety Council, more than 600 children under five years old die each year as a result of suffocation from the ingestion of these small objects.

Parents also should see to it that Christmas toys are sturdy and well-made. Cheaply constructed or breakable toys will come apart or break under strenuous play, inviting cuts, infection and sometimes even deadly wounds. A simple test for toy sturdiness is to bend it slightly yourself first. If you can bend it easily you can bet that your four-year-old will be able to destroy it.

—o—

WASSAIL BOWL

The Wassail Bowl, a tradition of ancient England, still pleases holiday palates. The drink may be hot mulled ale, spicy eggnog or punch, but the pledge "Wassail," is the Anglo-Saxon equivalent of "Your Health" and is a fitting toast for the holiday season.

—o—

Kissing Plant

The festive symbolism of mistletoe goes back to the ancient cults common to the Celts. Mistletoe once was universally associated with fertility, and is still associated with kissing and courting at winter festivals.

34 Permits To Wed Granted In Week

Thirty-four marriage licenses were issued during the past week ending Monday morning, December 20, from the office of Richard L. Davis, clerk of the Circuit court. This brought the total for December thus far to 115. Two licenses issued during the week were marked "don't publish".

—o—

Warns Motorists

Gov. Tawes issued a stern warning to Maryland motorists who might feel more carefree than careful during the Christmas holiday season.

He said any driver convicted of a moving traffic violation that occurs during the Christmas and New Year's week-ends will automatically have to appear for a hearing before the Commissioner of Motor Vehicles and show cause why their driving privileges should not be suspended or revoked.

Maryland traffic fatalities showed an increase of 20 percent over the corresponding period last year, 677 up to December 15. Some 37,359 were injured, also an increase.

4-H'ers Tell Personal Meaning Of Christmas

"What Christmas Means to Me" was the way the members of the North Glade Boys 4-H Club anaswered the roll call at their meeting on December 17. The club had its Christmas party at the home of Marvin Beckman. Edwin Friend, president, was in charge. Thirteen members, three local leaders, and 5 visitors attended. Chris Fitzwater led devotions.

Three Christmas cheer boxes were packed for people in the community. Games were played, gifts exchanged, and refreshments were served.

The next meeting is scheduled for January 28 at 7:30 at the home of Howard Jones.

CHRISTMAS HYMN

The first Christmas hymns with the traditional light tone were born in Italy among the early Franciscan monks. A more serious work, "Jesus Refulsit Omnium", (Jesus, Light of All the Nations), is the earliest known Christmas hymn. It was written by Saint Hilary of Poitiers in the 4th Century.

Forestry Camp Boys Have Christmas Party

A Christmas party for members of the Boys Forestry camp near Lonaconing, the staff and invited friends, was held Monday evening. Saturday the boys traveled to Rawlings to attend a Christmas party there sponsored by classes of the Methodist church.

Arrangements also were made, according to Jack R. Blair, camp supervisor, for the boys on December 22, to leave the camp to enjoy a planned Christmas vacation and to return to camp on January 2.

The boys attended services at Lonaconing Methodist church December 5, and saw slides shown by Robert Shaffer, Oakland, portraying the Holy Land.

Mrs. Carl Wilson, Sr., spent a week with her son, Carl, Jr, at Salisbury, Pa.

Mr. and Mrs. Maurice Brookhart left Oakland Wednesday for Amarillo, Texas, where they will remain for the wedding of their son, Maurice Brookhart III, to Miss Mary Hughes McCue, of Los Angeles, Calif., on Monday, December 27. Miss McCue is a daughter of Mr. and Mrs. Howard W. McCue, of Liberal, Kansas.

Resigns Pastorate

The Rev. Robert Roberts, pastor of the Oakland Church of the Nazarene, has tendered his resignation to the local church, to accept a charge at McConnellstown, Pa., it was announced today.

The resignation is effective December 31. No successor has been named.

Elk Garden Loses To Lonaconing Hi

Elk Garden High lost a close game to Lonaconing Black Knights at Elk Garden Tuesday night. The final score was 71-67.

It was Ed Cuthbertson who continued to be No. 1 for the Knights. He had ten field goals and six of seven fouls to top the scorers with 26 points. The Elks fell behind only in the final two minutes when the visitors pulled away to register their fourth win in five games.

Jim Love also had 15 points and Keith Kiddy 14. Doug Love of Elk Garden had 16 points and Joe Harvey had 15. Harvey controlled the banking boards.

Dennis Burke, a 6-7 junior center, played well on defense for the Stags.

Valley had one less field goal, 28 to 27, but clinched the game at the foul line with 17 of 25 attempts. Elk Garden had 11 of 14.

Injured in Wreck

Two young women were injured last Saturday night when the car in which they were riding skidded on the icy road in the Red Run area on Deep Creek Lake and wrecked.

They were Edna May Tasker, Crellin, and Pat Beckman, of Swanton, who were returning to their homes following an employe's party at Red Run Lodge given by Brownings.

Miss Tasker suffered numerous face and scalp wounds requiring over 100 stitches. Miss Beckman also received numerous facial injuries. Both are patients in Garrett County Memorial hospital.

Two cars also collided at the intersection of route 135 and Weber road, last Saturday afternoon, sending two persons to the hospital for emergency treatment.

State police investigated and identified those involved as Denzil Alvin Sines, of Bethlehem area, and Fred Dale Pyles and Saveria M. DeLorenzo, of Morgantown. The police said the Pyles car rammed into the rear of the Sines automobile. Pyles was charged with speeding. He and the other occupant of his car were treated at Garrett County Memorial hospital and released.

One other accident was reported this week. At midnight Sunday Carl Dayton Schenk apparently lost control of his automobile while traveling on the main street of Deer Park, struck a pole, and snapped it in two.

Trooper Ronald Lewis, who investigated, charged the man with reckless driving and having wrong tags. The car was badly damaged. Schenk was only slightly injured.

Holiday Punch Sure To Please Everyone

No other time of the year brings with it as complete a return to tradition as the observance of the Christmas Season. And what is more traditional than the punch bowl, an age-old symbol of hospitality and good cheer? With holiday parties coming up there's a need for easy-to-make, good-to-taste beverages. Punch is equally at home at an informal "open house" . . . at a more formal "reception" . . . at an after-sports gathering. .You don't even need an elegant punch bowl to have punch parties. Use a large colorful plastic bowl with a few holiday stickers around the outside and you'll have a gay and festive serving piece. Or, if you're having a hot punch, serve it from a chafing dish.

And, punch can be spirited without spirits. Tea is the magic ingredient. It gives body to the punch without masking the flavors of the other ingredients. More than a treat to your taste, it will be a treat to your pocket book and won't set budget limits to your holiday entertaining.

Holiday Punch
(makes about 4 quarts)

1 quart boiling water
½ cup loose tea (15 teabags)
1 teaspoon whole cloves
1 6-ounce can lemonade
2 cups cranberry juice
1 can (20 ounces) crushed pineapple
2 cups orange juice
sugar to taste
lemon slices
cinnamon sticks (optional)

Pour boiling water over tea and cloves. Brew 4 minutes. Stir and strain. Add remaining ingredients except lemon slices and cinnamon sticks. Pour into pre-heated bowl. Garnish with clove-studded lemon slices. If desired, place a cinnamon stick in each punch cup to serve as a muddler.

At Christmas

The Bible Has Special Meaning

Like so many things really important to us, we too often take the Bible for granted. Even at Christmas, one of the year's most sacred times, the Bible—our sole source for the story of the birth of Jesus Christ — is often ignored, so intent are we on the more material aspects of the holiday.

Yet, there are millions of people all over the world, to whom the Bible is a dynamic force. Ask the American Bible Society, which distributes more than 34 million scriptures a year and hopes eventually to put a Bible in every Christian's home.

As they can tell you, the demand for Bibles and Scriptures in different languages and dialects is ever mounting. So far, translations have been made in 1200 languages—including Uduk, Bicol, Lugbara, Amahuaca, Hanunoo, Kerewe, and Esperanto. Yet hundreds of other languages exist in which translations must still be done.

To millions of Christians, the Bible is such a powerful book, they will even endanger themselves to get a copy. Just recently, for example, it was reported that Watusi refugees came out of hiding to get supplies of salt, medicine, hymn books, and Bibles.

The Bible is important to many people's lives and work. To archeologists, it is a prime source of information as to where to unearth artifacts of Biblical civilizations. To historians, it presents the best picture yet of the 4,500 years of ancient history embraced by the Old and New Testaments. And the Bible is also the best source of information about the beginnings of Christianity.

Life Work

Scholars find in the Bible a life-time work. One famous scholar of modern times — Dr. Albert Schweitzer — spent years writing his monumental "The Quest of Historical Jesus," which put Jesus into historical perspective.

From the Bible comes practically all our rules of basic behavior as does our most repeated prayer—the Lord's Prayer. Also, literally hundreds of famous quotations, "Love thy neighbor as thyself," "The wages of sin is death," "Get thee behind me, Satan," and "God is love."

Christmas is a time of joy and giving, yet the large family, in the excitement of the holiday, family dinners and other activities, may incur too heavy an expense.

Careful thought and planning can make things easier on the pocketbook and reduce the post-Christmas concern about overdue bills. Gifts are an important part of the average family's budget. Most families spend three and five per cent of their income on presents. To avoid running bigger bills than intended, the family should keep a running total of the amount of gifts bought, for cash, and on credit. And, if you're paying over a period of several months, credit charges should be figured as part of the cost.

ASSIGNMENT . . . . "Rudolph, with your nose so bright, won't you guide my sleigh tonight?" asks Santa Claus of the little shiny-beaked deer when a terrible blizzard strikes and threatens to cancel Christmas. It happens in "The Story of Rudolf", the television children's story which bids fair to become a seasonal classic.

Accident Firemen Elect Officers For Year

At a regular meeting of the Accident Volunteer Fire Department, December 17th, the following officers were elected:

President, Wilmer Margroff; Vice-President, Luther Bowser; Secretary, Clayton Speicher; Treasurer, Carl Frazee; Chief, Orlando Hetrick; First Assistant Chief, Hobart Bowser; Second Assistant Chief, Claude Friend; Chaplain, Elmer Kolb; Sergeant of Arms, Fred Bowser; Captain, James Smith. The Standing Committee consists of the four line officers, Raymond Bowser, Harry Seggie and Owen Bach.

CRELLIN

Ronald Wolfe, Mrs. Fay Shaffer and children, of Masontown, W. Va., were Sunday visitors of Mr. and Mrs. Luther Jordan and family.

Robert McIntire, of College Park, was a week-end guest of his mother, Mrs. Paul McIntire, and other relatives.

Mr. and Mrs. George Wilt, of Pleasant Valley, and Mr. and Mrs. Milton Fike and daughters, and Mrs. Lucy Fike, Oakland, were Sunday evening visitors of Mr. and Mrs. Howard Sweitzer and family.

Mrs. Ethel Harris and grandson, of Pittsburgh, spent the week-end with Mr. and Mrs. Ray Martin and family.

Stanley Ashby returned home after a week's visit with his son-in-law and daughter, Rev. and Mrs. Joseph Hoopengardner and family.

Mr. and Mrs. Floyd Carskadon and Mrs. Oscar Shaffer visited John B. Boring at the home of Mrs. Rena Deems last Sunday at Loch Lynn.

Mathias Concludes Tour of Navy Duty

Rep. Charles McC. Mathias, Jr., Republican Congressman from Maryland's Sixth district, and a commander in the U. S. Naval Reserve, completed his annual two weeks of active duty for training last Thursday.

During the period he got a first hand account of the complexities of modern amphibious warfare and witnessed the Navy-Marine Corps team in action by taking part in the amphibious training exercise in the Caribbean.

The exercise involved more than 50 ships and 12,000 men of the U. S. Atlantic Fleet and Fleet Marine force, Atlantic, and consisted of an amphibious assault landing and defense of an amphibious task force while enroute to, in and from an amphibious objective area.

Northern Huskies Take Third Straight

Undefeated Northern High's Huskies rolled to their third victory of the campaign last Friday night at Accident, defeating Terra Alta High school 66 to 50. It was the first loss of the season for the Preston county five.

George Edwards was the "big gun" for Coach Lilburn Brown's quint with nine goals and 21 points. He also had 20 rebounds to his credit in controlling the boards. Hinebaugh contributed 10 points, Thomas 15, Frickey 4, Beal 4, Goehringer 6 and G. Reichenbecher 6.

Combs was top scorer for Terra Alta with nine field goals and 20 points. Kelley had 8, Dixon 3, Taylor 10, Ripple 8 and McConnell 1.

The Huskies outpointed the visitors from the field 25 to 21, and sank 16 of 28 foul goals compared to 8 out of 20 for Terra Alta.

Northern was ahead at the end of all periods and led 34 to 28 at the half.

In the preliminary game Northern's junior varsity downed Terra Alta Jayvees 38 to 26.

Northern will resume its schedule on January 7 with a game at Oldtown.

CHRISTMAS TOPS

Christmas meant a new supply of rattles and tops for little ones of the Middle Ages. In the 12th and 13th centuries, little girls who requested dolls for Christmas usually had to settle for crude clay ones. Little boys of that era got toy horses and knights as gifts.

It's Easy

Old Fashioned Christmas Tree

If you want to celebrate your Christmas in the 1890's tradition it's not as difficult as you might think. For the top of the tree you can cut a star out of gold construction paper. You can also cut chains from the same paper to string along the branches. Or if you prefer, make your strings of popcorn and cranberries.

Then you should have loads of cookies, candies, and gilded nuts. Star-shaped cookies, gingerbread men, and Beech-Nut sours—hard candies that capture the turn-of-the-century flavor — any of these would do just fine.

You can put the sours in little transparent bags and attach them to the tree. You can also use the candies to stuff gifts and fill stockings with. And if you want a real Gay Nineties touch, you can just fill a dish with sours, and keep it standing on a foyer table for your Christmas guests.

Also, your Gay Nineties Christmas wouldn't be complete without at least a half dozen cornucopias on your tree. To make these, simply take colored construction paper, preferably gold and silver, roll it into a cone, and attach the ends together with masking tape. Then you punch two holes in the top rim through which you thread a piece of red or green string. With the string you attach your cornucopia to the tree, and once you fill it to the brim with Beech-Nut sours, you have a delightful (and tasty) Christmas decoration.

Then, if you want to go all the way to make your Christmas tree an old-fashioned one, you can try to locate some 1890's toys to put under it. Say, a hobby horse, carousel — or maybe a Teddy Bear.

SAFE TREE

Be sure to install your Christmas tree safely. You can place it in a pail of cold water, sweetened with a cup of syrup, sugar of molasses. You can also place it in a box of wet sand to prevent it from drying out. Whatever you do, be sure it is anchored firmly, will not fall or be knocked over as someone passes by.

Holiday Observance Aided Washington

An important step was taken towards colonial freedom when George Washington used his knowledge of Christmas celebrations as an aid in planning his attack on the Hessian soldiers under the employ of George III.

At that time (1776) many if not all puritan settlers in the new world disapproved of Christmas festivities. Not true for the mercenary Hessians fighting for King George against the colonists. They made the fatal mistake of observing Christmas just as they had done at home. The result was, much of the credit due to Washington's knowledge of Christmas customs throughout the world, that on December 25-6, 1776, American troops crossed the Delaware, attacked and put to rout the surprised Hessians who were obviously sleeping off the effects of their holiday "cheer."

Seven Are Killed On State Highways

Seven persons were killed on Maryland highways last week according to the weekly survey published by the Maryland State Police. Four of those killed were drivers; two were passengers; and one was a pedestrian. Alcohol was a contributing factor in two of the deaths; speed in four; and "driver error" was present in six of the fatalities.

In commenting on the holiday highway traffic problems, Colonel Carey Jarman, Superintendent of the Maryland State Police, said: "Highway accidents are tragic no matter what time of the year they occur. The suffering associated with them is just as great in June as it is in December. But it seems especially tragic when the spirit of 'peace on earth, good will toward men' is shattered by them during the Christmas - New Year's holiday season.

"Every motorist shares the responsibility for highway safety. In exercising this responsibility he is urged to drive defensively by continuously evaluating the changing situation in front of him, alongside of him, and behind him so as to be prepared for the proper evasive action should an accident-producing situation arise".

HERB GIFT

If you grow your own herbs, you can make an unusual gift by wrapping small amounts of dried herbs in cheese cloth squares. Each square should provide enough seasoning for one use—such as a pot of soup or for salad dressing.

Guy Parks Signs Contract With Florida Symphony

Guy Parks of Batavia, Ill., has signed a contract to play trombone with the Florida Symphony orchestra for the winter season.

Parks is the son of Mr. and Mrs. Ellsworth Parks, 241 N. Washington street. His mother was the former Hasaleah Yutzy, of Oakland. His grandfather is Guy O. Yutzy, former sheriff of this county and a resident of Oakland for many years.

His contract will run for the winter season, beginning early in December, for 17 weeks. This period corresponds with the spring quarter at Northwestern university where Parks is a student majoring in music.

The Florida symphony has about 100 members and will play six concerts a week throughout Florida and in New Orleans and Atlanta. Parks toured Europe with the Band of America in 1961. Since high school days he has been studying with Frank Crisafulli, Jr., trombonist with the Chicago Symphony orchestra.

The young musician played first trombone with the Batavia High School band and was graduated with the class of 1960. He now teaches young trombone students in his home on Saturdays.

Special Treat

Canape Spread Features Sardines

Looking for something scrumptious to serve with the egg nog during the busy holiday season—something that'll help you out in, and out of, the kitchen?

There's a little silvery fish swimming in the sea off the coast of Maine who can add much to your Christmas festivities. He's really a little herring but is known as a Maine Sardine.

Maine sardines were a familiar food to the American sea-coast Indian before the first colonial settlers came to this country. They used rough weirs made of brushwood and twine to trap the tiny young herring — one of the same techniques which is used today. The Indians ate the herring as fresh fish, but they probably also smoked or salted them for their winter food.

MAINE CANAPE SPREAD

2 cans (4 oz. ea.) Maine sardines
4 tablespoons butter (soft)
1 teaspoon Worcester Sauce
2 teaspoons chili sauce

Drain Maine Sardines. Combine soft butter, Worcestershire sauce, chili sauce, and spread on toast fingers. Top with a sardine. Makes about 12 hors d'oeuvres. For a fancy holiday party arrangement that looks every bit like a Christmas tree, here's what you do: Place half of a gouda cheese at one end of an oval platter to form the tree base. Then on a large skewer the length of the platter, alternate Spanish olives, cheddar cheese, gherkins and radishes to form a decorative tree trunk. Top the skewer with a Christmas star made of cheese. Then spread the Maine sardine canapes around the edge of the platter to make the tree branches, and fill in with thin lemon wedges. Surround the platter with the traditional egg nog, and your holiday buffet will be complete.

Heavy damage to Fortville, Ind., was caused by tornado Nov. 27.

Perfect Bowling Game Scored By Lonaconing Man

Grover Fazenbaker, of Lonaconing, bowled a perfect game with rubber band ducks, a feat which entitled him to an award from Sher-Wood Products, Inc., of Oakland, of $100, plus a trophy.

What made the feat more significant was the fact that the pins are among those being manufactured at the company plant in Oakland. These Sher-Wood pins have been used on many lanes in the United States within the past six months, on an on-trial basis. The company expects to begin production the first of the year, anticipating a total of 1,000 pins each week.

Fazenbaker's perfect score of 300 was the second perfect game bowled this season and the first perfect game ever to be bowled in Lonaconing. It is also the first perfect game ever to be bowled, using the Sher-Wood bowling pins. The Sher-Wood pins, however, have produced two gold medals in the hard duck bowling field. Both of these medals were given to bowlers at the Laurel Bowling lines in Winsted, Connecticut, where the pins have been on trial for the last six weeks. Alfred Fredette bowled 202. He normally carries an average of 109. Miss Toni DiCreath bowled 184. She normally carries an average of 93.

Test Needed For Summer Jobs With Government

The office of Congressman Charles McC. Mathias, Jr., (R.-Md. 6th) today reminded Maryland college students that applications for most summer employment with the Federal Government in 1966 must be filed by January 3.

Under new procedures recently announced by the Civil Service Commission, candidates for summer jobs as office aides or scientific assistants (GS 1-4) in Washington or in the field must take a special Civil Service exam to be given in late January or early February. The test will be given only once. Students wishing to take this test must file Civil Service Form 5000-AB, available at many post offices, at Civil Service Commission offices, and through Congressman Mathias' office in Washington.

GORTNER

Pastor Hylton, of Eglon, will preach at both morning and evening services, Sunday, at the Union church.

Max Lichty, of Baltimore, arrived by plane on Saturday to visit his uncle and aunts, the Lichtys.

Mrs. Winona Weese, of Red Oak, took supper Friday evening with Mrs. Ruth Snyder.

Mr. and Mrs. Wayne Harris and children, of Alexandria, Va., spent the week-end with Mr. and Mrs. Forrest Gortner.

Mr. and Mrs. Fred Swartzentruber and Mrs. Ernest Swartzentruber and daughter Sheila, of Belleville, Pa., spent Saturday night and Sunday with Simon Swartzentruber and the latter's parents, Mr. and Mrs. John N. Yoder, Pleasant Valley. Her brothers, Sam and Mahlon Yoder and families visited her on Sunday. On Sunday, Mrs. Fred Swartzentruber visited her infant niece, Anna Swartzentruber, at University hospital, Morgantown. The infant is now out of isolation and able to eat. The child's parents, Mr. and Mrs. Owen Swartzentruber visited on Saturday and Sunday.

Sunday dinner guests of Mr. and Mrs. Albert Sisk were Mrs. Vernie Lichty and Mrs. Anna Welch. Other visitors were Mr. and Mrs. Charles Welling, Cumberland, and Mr. and Mrs. John Bachtel, Red House.

Ada, daughter of Claude Swartzentruber, who was ill last week, is improving.

Mr. and Mrs. Harold White were guests at the Christmas dinner for Chevrolet employees in Oakland, Thursday evening.

The Bookouts and Mr. and Mrs. Fred Beachy attended the Moose supper in Oakland, last week.

Mrs. Harold White, Mrs. Jesse Gnegy and daughter Kimberley, were in Morgantown for Kimberley's check-up at University hospital.

Mrs. Nelson Swartzentruber and son Brian visited her grandparents, Mr. and Mrs. Jacob Swartzentruber. Nelson is employed at Erie, Pa.

Val Miller, Greenwood, Del., spent a night last week with Henry Swartzentruber and family. Both were in service together during World War II.

Mr. and Mrs. Harold White and Mr. and Mrs. Oliver Oliverio and son spent an evening with Mr. White's sister, the Harland Beckmans, at Deep Creek lake.

The sewing circle will meet at Mrs. Albert Sisk's, Tuesday, January 4.

FRUIT CAKES

Fruit cakes can be kept almost indefinitely if they're properly wrapped and stored. Simply sprinkling orange juice over the cake periodically keeps it from drying out and adds a touch of flavor as well.

KNEE BENDER . . . . No joints are visible, but this doll actually has legs that bend at the knee, as well as eyes that open and close. Mobility is accomplished through newly developed joints designed for durability through continuous bending.

PIN PLEASES

If you want to "pin" your lady for the holiday, do so. Jeweled pins are bigger than ever—in popularity as well as in size—because women have learned the fashion trick of anchoring important-looking pins to belts, waistlines or sleeves to dramatize a custume. This year's jeweled pins add rich, colorful accents with a variety of gold-colored finishes.

Gemini Pair Meets Miles Above Earth

Four American astronauts put their Gemini spacecraft nose to nose above western Pacific on December 15 and flew in formation from six to twenty feet apart for five and a half hours.

Gemini 6 crewmen Walter M. Schirra and Thomas P. Stafford and the bearded Gemini 7 endurance champions Frank Borman and James Lovell, had their greatest adventure in space when Schirra steered his spacecraft up alonside at 2:27 p. m.

For three and a half orbits and five and a half hours the two spaceships soared side by side and up and around one another while the crewmen traded information and swapped wisecracks.

GIVE QUALITY GIFT

If you buy an electrical appliance, the material it's made of will make a big difference. A quality stainless steel gift will last a lifetime. You'll give more pleasure with the best of a low-priced product than with the cheapest of a "higher-ticket" item. Better a superb lipstick than an immitation leather purse . . . 100 sheets of highgrade personalized stationery than a mediocre desk set . . . a fine handkerchief than a run-of-the-mill tie.

CHRISTMAS GIFTS

In Holland, Dutch children fill their wooden shoes with straw for Old St. Nick's white horse, hoping in return to receive candy and toys. In Italy, children set out their shoes for La Befana to fill. Central American children enjoy the fruits of the pinata. An earthenware jug filled with goodies is suspended from the ceiling and each child is given three chances to break the pinata with a bat — thus sending down a shower of gifts for all to share.

Oakland Woman Trucks Mail To Many Communities In Area

"MA" UNLOADING MAIL—Mrs. Savilla Jane Turney, Oakland, better known as "Ma" among postal workers, is shown unloading mail at the Oakland post office with an assist from her son, Harry. Together with another son, Lloyd, she maintains a mail route extending from points in West Virginia to Cumberland.

This feature article was written by Charles H. Kelly, staff writer for the Cumberland News, and appeared in the newspaper on Monday, December 20.

During the night while most people are asleep, an Oakland woman and her two sons are traveling the highways, delivering mail between Cumberland, Allegany and Garrett county communities and fringe towns of West Virginia.

"I like the work and the help I work with", is the feeling of Mrs. Savilla Jane Turney, who has hauled the U. S. mail without incident for the past 18 years. Actually she helped her husband, the late Oscar Turney, who handled mail 11 years before his death in June, 1948.

They met Baltimore and Ohio railroad trains at the Oakland station at all hours of the day and night and transferred mail to and from the post office in Oakland.

In recent years she took an added responsibility when her rural route broadened with the discontinuance of some B & O train service.

"Ma", as she is known by postal personnel along with her rural route, fulfills her mail hauling contract with help from her two sons, Lloyd, 30, and Harry, 36, who are single and live at home with her and her daughter Virgie.

On her route she carries mail from Terra Alta area communities to Oakland where departure time is about 5 p. m. daily except Sunday and holidays for the trip to Westernport where Tri-Towns area mail is picked up and taken to Cumberland.

Each night she and her son unload mail at the local (Cumberland) postoffice at 7 o'clock and then they catch some sleep at their Harrison street apartment. They begin their return trip to Westernport, Swanton and Oakland about 6 a. m., the following day after picking up mail arriving during the night at the Queen City station, mail tractor-tailered in from Baltimore as well as local pick-up.

A smaller truck operated by her other son leaves Oakland at 10 p. m. for Cumberland. The driver gets some rest and about 2 a. m. the following day leaves here (Cumberland) with a load of mail for Keyser, Westernport and Oakland. The pick-up truck continues on to Terra Alta with mail for that community area, also Kingwood and Morgantown.

The mail loads have more than doubled due to Christmas, according to Mrs. Turney who feels that mail is extra heavy this year.

Mrs. Turney in observing the regulations of the Post Office department, has had no trouble in her job. At one time she had a .45 caliber gun strapped on her side, but no longer packs a pistol.

Her route in the spring, summer and autumn, is over good highways through beautiful countryside, although winter snow and sleet can pose a rugged territory to travel.

Huckleberry pies baked by "Ma" were responsible for warm friendships between her and mail sorters on eastbound and westbound trains arriving in Oakland. One year there was a bumper crop of berries on her land and she canned some 125 quarts. When her family began to tire of huckleberries in pies and jellies Mrs. Turney one day baked a berry pie and gave it to a crew on one of the mail cars. Word of mouth spread the news of her pie-baking ability and in no time other crews were asking for a sample of her pastry. The many quarts of huckleberries soon dwindled from her pantry shelf.

Aside from her delivery of mail on schedule, Mrs. Turney does custodial work at St. Mark's Lutheran church in Oakland, of which she is a member. She has scrubbed and cleaned at the church for a number of years.

She is proud of her work and says that her gnarled, calloused fingers are easily cleaned with borax.

"Ma" knew at the time of her husband's death she would have to take up where he left off and provide for the youngsters and has been busy traveling the highway ever since.

MINT TREE . . . . A small, mint-laden Christmas tree will do double duty by providing a festive centerpiece for the Christmas dinner table and a novel way of serving that finishing touch for the special dining occasion—after-dinner mints. Mints may be attached to the tree easily with cellophane tape, thread or regular ornament hangers.

DICKENS

Holiday observance had reached a disturbing low in the middle 19th century. When Charles Dickens published his now immortal "Christmas Carol", though, he helped tremendously to revive Christmas spirit throughout the world but especially in the United States and England.

Mistletoe Magic

Britain's early Druids believed mistletoe could heal disease, neutralize poisons and protect against witchcraft. They wore charm bracelets and rings made of mistletoe, and fastened the plant over doorways to their homes. The Scandinavian goddess Frigga reportedly made mistletoe an emblem of love and granted some lucky man a kiss beneath its branches — perhaps the start of the custom we know so well today.

EARLY CARD

The Christmas card is a johnny-come-lately among our cherished holiday traditions. You can get an argument as to who sent the first card. Some hold that it was Joseph Cundall, a London artist, whose lithographed, hand-colored card was sent to friends in 1846.

MONEY GIFT

What does the bank official consider the perfect gift? Money, of course. Last year a Maryland bank sold money birds, money corsages, money by the inch and by the pound, money in buckets and money trees. Other specialties included Bit-O-Money — money packaged as a candy bar; Cold Cash—money mounted in an ice cube sealed in a plastic box; and a Money Magic Magician's Kit—directions for performing six magic tricks with money.

NO-DRIP CANDLES

Christmas candles are attractive and decorative—but they do drip. This problem can be alleviated by storing the candles in the refrigerator for 24 hours before using. This will prevent dripping and they will burn more evenly.

MT. GROVE

The Mt. Grove Ladies' Aid met at the church for their annual gift exchange. Attending were Iva Slaubaugh, Betty Dumire, Dorothy Dumire, Elva Calcamp, Faye Slaubaugh, Helen Roth, Virginia Roth, Barbara Evans, Lela Slaubaugh, Clarabelle Rembold, Lura Calcamp, Leona Delaney and Pat Slaubaugh.

Officers elected for the coming year are: President, Pat Slaubaugh; vice-president, Betty Dumire; secertary and treasurer, Dorothy Dumire. New members are: Mrs. Orvill Kight, Mrs. Johnny Slaubaugh, Mrs. Therman Kelley, Mrs. Eddie Slaubaugh and Mrs. Ralph Schwartzwalder. The Aid meets every Wednesday for quilting.

A dispute between UAW union and Kohler company for 12 years, was ended, company agreeing to pay $4.5 million in back salaries.

Grantsville News

Christ Lutheran church will hold a service Christmas eve beginning at 11 o'clock. The Holy Eucharist will be celebrated, followed by a candlelight service, with the pastor, the Rev. David E. Fetter, in charge.

The Grantsville Methodist church service time has been changed on December 23, from 7:30 to 8, with a program of Christmas carols from the church belfrey and an organ recital of carols by Mrs. Betty Landis beginning at 6. Participating in the church program will be Mark Johnson, leader; the pastor, Rev. Frank A. Johnson; Olen H. Yoder, director of music; and Mrs. Landis, organist.

There will be a program of music with a mixed chorus, a men's chorus, adult and youth choirs, and other numbers.

Rotarians Celebrate

Grantsville Rotarians held their annual Christmas party at Hill Top Inn with a Christmas dinner. Wives, children and guests attended including Mrs. Josephine Butler, Mrs. Sue Weese, and Mrs. Viola Broadwater. Don Newman led group singing, with Barbara Braskey at the piano. Program chairman, James Vincent, introduced Eldon Nichols, of Greensburg, Pa., a magician who entertained the group. Santa Claus made his appearance and presented candy and gifts to all present.

Four H'ers Meet

At a recent meeting at Valerie Durst's home, the Route 40 Pioneer 4-H club met for a jingle party. Twenty members were present. During the business meeting, presided over by Patty Blocker, a sled riding party was planned for January. The next meeting was announced for Friday, January 21. After gifts were exchanged, refreshments were served by Valerie Durst.

The following officers are serving this year for the American Legion Auxiliary Post 214: Viola Broadwater, president; Lois Bender, secretary; Phyllis Durst, treasurer. They have a membership of 33 and have held this membership for four years, for which it received a citation from National Headquarters for membership enrollment.

Miss Viola Broadwater was a guest of Miss Lucretia Boucher, Cumberland, and attended the Women's Westland Guild Methodist church annual Christmas dinner.

Mr. and Mrs. Guy Stanton, Mr. and Mrs. Harry Hummel and Mr. and Mrs. Glenn Durst attended the regional roundup of Farming for Better Living, held at Morgantown on December 10.

Mr. and Mrs. David Jarrett, Elkridge, spent last week-end with her parents, Mr. and Mrs. Guy Stanton.

Mr. and Mrs. Walter Kamp are the parents of a son born Sunday morning, December 19, at Memorial hospital, Cumberland.

Gerald Beachy, son of Mr. and Mrs. Walter Swauger, who is a freshman at Frostburg State college, sang in the chorus at the college, Sunday. Many residents of Grantsville attended the Collegium Musicum directed by James Pierce.

Visiting Mr. and Mrs. Elmer Beachy, Sunday, were Miss Kay Dalany, Frostburg State college. Miss Dalany and Marvin Beachy attended the corus at the college, Sunday afternoon. Other visitors were Mrs. Kenneth Stahl and sons.

Virgil Beachy, of Grantsville, has come in for his share of kidding as the result of his doe kill during the open season last week-end. Of the 18 doe killed last Friday the heaviest was 106 pounds and the smallest 47 pounds, Virgil killing the latter. One person told him he thought he would be able to roast it with four potatoes, three carrots and 20 cents worth of noodles, and probably would be able to get one glove made from the hide.

If you want an unusual front door decoration for the holidays, design your own. Children's toys, a small horse, a freshly painted drum and plastic toys tied with greenery and a red bow give a welcome for all children.

You can also make a huge bouquet of candy canes from decorated mailing tubes. Add a few Christmas greens, a perky bow or other decorations for a cheery greeting at the door.

To make your own little Christmas tree, form a yard of half-inch mesh chicken wire into a cone.

Use a dowel to support the cone. Place a paper disk close to the base of the chicken wire to keep the dowel centered. Mount in a flower pot of plaster of Paris. Stuff the mesh with tissue or paper napkins. Complete with bells, balls or other decoration.

A styrofoam cone makes a good base for a little tree. Mount cone on a short dowel and place in a flower pot filled with wet plaster of Paris. Use shearings from an evergreen to cover the cone. Then decorate with tiny lights and small ornaments.

HOLE IN HEAD

According to the makers of Tinkertoy, a popular modern gift, Greek and Roman children of early Christian times were often given puppet-dolls. These dolls were cunningly made, with jointed, movable wooden limbs—and a hole in the head. A string passed through this hole, and connected to the arms and legs, turned the doll into a marionette.

Changes Occur In Grantsville Area

Changes and improvements in the Grantsville area during the past year were recounted by Mrs. D. W. Klotz, correspondent for that area.

There is a restaurant being operated by the owners of the frozen custard stand, formerly operated by Mrs. Sanders. The McFarlands who operate the Hill Top fruit market have built a new home. A son arrived at the Don Prichard home, first child in twenty-two years. The dining area at Hill Top Inn has been remodeled. From Hill Top Inn toward Grantsville there are many new homes. Mrs. Dora Edgar moved into a new brick home. Stanley Edgar and family have moved into their basement home. Motor Service company, Bob Diehl, owner, has moved his business away from the center of town. Mr. and Mrs. Elmer Green moved into their new home. The Willard Laymans moved into their new home on New Germany road. Ed Jenkins and Robert Wilt have built new homes.

Penn Alps enlarged its arts and crafts shop. Grantsville has new street lights with Christmas decorations. Casselman Motor company remodeled its business establishment with an enlarged sales room and a stone front. Harry Edminston, park superintendent at New Germany is occupying the Stewart Rodamer home. The old Smouse house has been razed and the New Liberty Trust company building is in its place, with rustic stone look, and a paved drive around. Don Newman has remodeled his funeral home.

The old Winterberg home is being razed with another business place to be constructed. Blaine Durst opened a new confectionery. Mr. and Mrs. Luther Huff have moved into the Selina Broadwater home. An apartment building, owned by Clayton Livengood, has been constructed on the street in rear of the Lutheran church. Occupants at this time are Mrs. Ruth Patterson and son, Miss Jacqueline Williams and Mr. and Mrs. William Martin.

The A. I. TV, owned by Bob Bear, of Salisbury, is operating in the place vacated by Southern States. The Harold Millers are constructing a new street level apartment. Lois and Bus Bender have moved into their new home behind the Lutheran church. The Allen Bredingers now occupy the Ivan Miller house. On Springs road near the Yoder Locker plant two new homes have been built, one by Mr. and Mrs. Orlo Folk, and one by Mr. and Mrs. E. Miller and Mr. and Mrs. Jonas Tice. The Ernest Masts have moved into their new home adjoining their business establishment.

To Present Program

The Swanton Evangelical United Brethren Sunday School will present a Christmas program Friday evening, December 24, beginning at 7 o'clock. All are welcome.

Eight evidences of violation of the motor vehicle regulations were filed with Robert M. Maroney, trial magistrate, within the past week.

Excessive speeding and drunken driving involved fines of $100 and costs.

Russell Ervin Crosco, Oakland, forfeited collateral of $100 and costs for exceeding 70 miles per hour.

Raymond Louis Michael, Gormania, entered a plea of not guilty to driving while under the influence of liquor but was found guilty by Magistrate Maroney and fined $100 and costs. He also pleaded not guilty to a charge of reckless driving but was found guilty by the magistrate and fined $15 and costs.

Billie Bert Moats, Germantown, forfeited collateral of $25 and costs on a charge of willful violation of a written promise to appear in court. He also was fined $15 and costs for exceeding 50 miles per hour.

Larry William Gordon, Gormania, forfeited collateral of $10 and costs for having an inadequate muffler. Melvin Lester Friend, Crellin, forfeited $12 and costs for operating a motor vehicle on a 60-day card without licensed operator in vehicle.

William Joseph Pyles, Terra Alta, paid $7 and costs for improper passing.

Melvin Richard Cowan, Baltimore, forfeited $7 and costs for exceeding 30 miles per hour in a restricted zone.

Day Of Reckoning . . .

Probably comparatively few of us realize the extent to which federal spending and debt have risen in a very few years.

The publication Washington Report tells the story briefly. In 1963, appropriations were $1.2 billion greater than in 1962. In 1964, they were $3.4 billion greater. And in 1965, they were up $16.7 billion over the 1962 figure.

The national debt followed this trend. In 1963, it rose $7.9 billion over the 1962 level. In 1964, it was $13.9 billion above the level. And in 1965, it was higher by a staggering $19 billion. Just the cost of interest in 1964 on the existing debt was $11.6 billion.

Moreover, as Washington Report observes, new programs enacted this year will generate calls for even larger appropriations in 1966. And it is the general rule that estimates of the ultimate cost of such programs are commonly too low.

A family or a business that continually spends more than it earns winds up in the bankruptcy court. Government, with its power to tax and appropriate and defer, can last a long time before the day of reckoning must be faced. But can it last indefinitely?— Industrial News Review.

Daniel Grant Savage, Accident, forfeited $10 and costs for failure to grant right of way.

Magistrate Maroney said there was an unusually busy month in civil cases, some 57 having been filed within a 20 day period. The criminal docket was normal, he said.

The tree is trimmed, the presents are here . . . now find out if your Christmas wishes have come true! Ours did . . . we have the nicest customers there are! Many thanks.

Treasure Chimney Is Real Treat

Something for the children? Of course. A Christmas decoration that's good enough to eat. All you need is assorted cookies, butter frosting mix, and a jolly toy Santa to add special fun to the smallfry's holiday.

Treasure Chimney

2 1-lb. boxes Sunshine Sugar Honey Graham Crackers

2 7-oz. packages butter frosting mix

5 8-oz. packages Sunshine Fig Bars or 3 1-lb. packages Sunshine Assorted Cookies

Small Santa

To make the form around which the chimney is built, tape together side by side the two 1-pound boxes of graham crackers, after removing the paper wrapping from each. Leave crackers in the boxes until the chimney is completed. Prepare one of the packages of frosting mix as package directs. Spread one side of the taped boxes with frosting. Arrange fig bars flat with bottom sides down, pressing into frosting to look like mortar. Let frosting dry completely (several hours) on this side. Repeat process on the other three sides of form. When all "bricks" are cemented firmly, stand chimney on end. Cut away cardboard ends of graham cracker boxes at top, and remove about a third of the crackers. Prepare second package of the frosting mix. Drizzle it down corner edges and top of chimney to resemble snow and icicles. Fill chimney with assorted cookies, and top with a Santa.

CHRISTMAS DAY

Pope Julius, about the year 349 A. D., fixed December 25 as the date of Christmas. Two years later, after agreement on this date had been reached among church officials, some in favor of fixing the date in January or March, Julius decreed that Christmas should therefore be celebrated on December 25. In the 6th century A.D., the year 543, Christmas was made a legal holiday in Rome. But, even 100 years before that, the Roman government had required all theatres to close on Christmas day.

Monongalia Farm Family Winner Of Regional F.F.B.L.

The James A. and James D. Elsye families of Monongalia county, were named the regional winners of the Farming for Better Living, region 2, at a meeting in Morgantown on Friday, December 10.

The operators of the Elsey farm were county winners in the 1961 program.

Just six years ago the Elseys started their poultry business with 500 laying hens and one building. Now they have over 21,000 laying hens with four buildings equipped with modern mechanized equipment.

Eleven years ago they purchased a run-down farm of 70 acres near Arnettsville. Old buildings were torn down and debris cleared away. They built a new barn and put in two farm ponds. A house which was built in 1902 was completely remodeled.

With the help of agricultural experts their pasture and meadows have been up-graded by the use of the poultry manure and also with the use of lime and other fertilizer. The Elseys maintain a herd of 20 Hereford beef cows on 47 acres of pasture and 23 acres of meadow. Last year they realized a 100 percent calf crop which graded as good or choice when sold.

The egg business expanded to such an extent that their son and daughter-in-law returned from Michigan where they were employed in industry to help work the business. They employ five other full time people. They plan to increase egg production. At present they are receiving 240 eggs per hen, annually.

This is the twenty-sixth year for the Farming for Better Living program in West Virginia, and started in Garrett county in 1948.

Mr. and Mrs. Charles Mason were declared winners in this county this year and were among those attending the dinner sponsored by the Morgantown Chamber of Commerce.

Since the program began in this county Garrett county has had five regional winners and two sweepstakes winners.

Regional winners have been Clark Schlossnagle, Lenwood S. Bittinger, Ross Crowe, Stanley H. Baker and Claude Wagner, Jr. Past sweepstakes winners have been Mr. and Mrs. Clark Schlossnagle and Mr. and Mrs. Lenwood Bittinger, in 1952 and 1957.

This year Garrett county had 77 families enrolled and there was 100 percent completion record of the project booklets. As a result the county will receive an award of $25 for its 4-H camp programs.

Plan Shopping And You'll Save

Plan your Christmas shopping, shop early, and you'll get the most for your money.

The best Christmas shopper is one who plans and buys gifts periodically throughout the year. This gives not only time to make the proper selections, but as well spreads the cost over several months, thus avoiding a last-minute financial drain.

Many start the day after Christmas and take advantage of post-holiday sales on such items as greeting cards and wrapping paper. The shopper who spreads the cost of Christmas over several months is also in a position to take advantage of other sales as they occur during the year, or to make larger purchases with less financial strain.

Waiting until the last minute isn't always bad. You may find just what you want at a reduced price the night before Christmas —but you run the risk of not finding anything that you want to give.

Opportunity Given To Detect Proper Currency From Bad

Oakland residents will have an opportunity to test their skill at detecting counterfeit currency next week at the First National Bank in Oakland, which will have an exhibit of real and counterfeit money on display, according to George Littman, President.

The exhibit, obtained from the Federal Reserve Bank of Richmond, will continue to be on display through the remainder of the week beginning on Dec. 27th.

Denominations of currency in the exhibit range from $5 to $100. The bills are arranged side by side so that the viewer may try his luck at deciding which bill of each set is genuine and which is counterfeit. When a button corresponding to the number of each note is pressed, a light flashes. The green light means go—you can spend it. The red light means stop—it's counterfeit.

"Many people don't stop to look at their money", Mr. Littman said, "and although some bogus bills are very skillfully reproduced, many counterfeit notes are easy to spot". Mr. Littman cited several things to look for when trying to detect counterfeit money, the portrait in particular. The hairline and eyes may be slightly irregular in the portrait of a counterfeit note, and the screening around the portrait may not be as well defined. Other telltale signs are irregular serial numbers, off-color numbers and seals, and omission of silk threads in the paper of the bill.

Mr. Littman added that experienced bank personnel become adept at detecting counterfeit currency. The overall appearance of a bill will generally be enough to alert these employees after just a quick glance. Frequently an experienced counter can feel the difference.

Literary Review

By Kenneth Legge Hardesty

Frances Perkins, author of "The Roosevelt I Knew", was educated at Mt. Holyoke College, Columbia University, and a honorary L.L.D., from University of Winsconsin. Miss Perkins was United States Secretary of Labor from 1933 until she resigned in 1945. She was a lecturer of labor relations and political science for University of Illinois in 1953. Miss Perkins died May 14, 1965.

"The Roosevelt I Knew"

The book is biased in Roosevelt's favor. The author agrees with most of his positions and policies, and worked for many years to help develop, spread, and establish them in action.

The author knew FDR since 1910, and has written an enlightening book about Roosevelt the man. FDR was not a simple man. That quality of simplicity which we delight to think marks the great and noble was not his. Miss Perkins states that he was the most complicated human being she ever knew; and out of this complicated nature there sprang much of the drive which brought achievement, much of the sympathy which made him like, and liked by, such oddly different types of people.

The core of Roosevelt's character was viability, a capacity for living and growing that remained to his dying day. It accounts for his rise from a rather unpromising young man to a great man, not merely a President, but a man who so impressed himself upon his time that he can never be forgotten, and will be loved as a symbol of hope and social justice long after his generation, and his works have passed away. One cannot predict what FDR would have said or done in the post-war world.

He made an indelible impression on his own country and on the world, changing the direction of political thought through knowledge of human needs and suffering, and emphasis upon the provision of the good life for the common man.

A toy is in reality a child's playtool. It should be sturdy and soundly constructed of durable materials. Paints should be non-toxic, and all edges and surfaces, and parts should be well-finished.

Toys should challenge, but never frustrate a child. The well-designed toy works. It should be simple enough for a young child to understand, to take apart if he wishes, and to put back together by himself. A child needs some nonspecific toys such as blocks. With this classic construction toy, he can give free rein to his imagination and the toy can grow up with him.

Observe and know your child's interests and skills—and you'll know the type of toys he will appreciate and enjoy.

New York CITY OF WORSHIP

New York is a city of three thousand houses of worship. Most of the temples schedule special Hannukah services, while the churches have Christmas events. The afternoon Christmas Eve service at the Chapel of the Intercession is followed by a procession of children carrying lighted lanterns to the grave of Clement C. Moore, author of the poem, "A Visit From St. Nicholas." The blessing of the manger takes place Christmas Eve at the Cathedral of St. John the Divine. There are Christmas carillon concerts at Riverside Church.

ENDURING . . . . The gaily decorated tree is an enduring Christmas tradition in homes across the country. This tree, decorated in turn of the century elegance, would still be in style today.

Pennsylvania railroad will test a 160 mph train in near future.

A strike in Great Britain left many breadless for the weekend.

We lift our voices in song to wish you and yours the many joys of the Yuletide season. May your holidays be truly merry.

SOUTHERN CO-CAPTAINS—Here are the co-captains for the Southern Highlander football team for 1966, elected at a recent meeting of all players held at the school. They are Bill Martin, left, and Tom Ryan. Martin is a son of Mr. and Mrs. Billie Martin, star route, Oakland. Ryan is a son of Mr. and Mrs. Playford Ryan, Fourth street, Oakland.

Packages containing candy and near three Montgomery county ppieces of poison were found schools, police reported.

Highlanders Lose To Bruce 85 To 56

Southern High Highlanders lost to the Bruce High Bulldogs, of Westernport, 85 to 56 in a game played last Friday evening in Westernport. It was the third loss for Southern in four games played, and the first loss in the PVC.

Bruce's victory gave the Bulldogs a tie with Mathias High school for first place in the Potomac Valley conference.

Tom Moran's 28-point performance sparked the Bulldogs. He connected on 12 shots from the field and made 4 of 8 foul attempts.

John Minnick was Southern's scoring leader with 20 points on 8 field goals and four of ten fouls. Friend was second with 14 points on six field goals and two fouls. McCaw had 8, Shillingburg 2, Martin 1, Sharps 9, and Fike 2. Hawkins was non-scoring.

Scoring for Westernport were Pence 5, Sarfino 2, Williams 2, Shaw 13, Moran 28, Ryan 9, McIntyre 21, Price 5.

Bruce outscored Southern from the field 31 to 22 and made 23 of 42 attempts at the foul line while Southern was able to manage only 12 of 24. Minnick had to retire with five personal fouls.

Bruce led 36 to 22 at the half.

Southern will resume its regular schedule on Tuesday, January 4, at Bayard, in a return match. An alumni game will be played during the Christmas holiday season.

WELCOME WINDOW

Let your picture window welcome guests to your home. Place a candle, a wreath or a spray of evergreen in the window, remembering at the same time that too much of any of these will spoil the effectiveness of your window. The children might enjoy trying a stained-glass effect with easily-washed-off colorings and artificial snow sprays. A real treat for children is working with luminous paints; they enjoy admiring their handiwork on those snowy, blowy nights.

Pencil Drive Concludes

The annual Student Council sponsored pencil drive ended Monday. The funds from this year's drive will be used to help pay for the printing of a student handbook. The handbook will be given to the incoming seventh grade classes to help them become oriented to high school life. The sales ended with a total of approximately 3,200 pencils sold and a net gain of $160. Ruby Baker of section 8-G was the high girl saleswoman with $13.25. High for the boys was Bob Welch who totaled $5.50.

Test Results Arrive

The scores from the General Education Development Test arrived at the school Tuesday afternoon. All freshmen and sophomores who took the examinations will receive their scores and interpretations when they return from the Christmas holidays.

A reminder to any senior or junior who needs to take the Scholastic Aptitude Test (SAT) or the American College Test (ACT), that these tests will be coming up soon. The test will be administered January 8 for the SAT, and February 19 for the ACT. Students must register in time for the tests.

Team Wins P. V. C. Honors

The Southern High baseball team won second place in the Potomac Valley Conference during last year's season. Last weekend the trophy for the second place honors arrived at the school. Since it arrived the physical education office has been crowded with students and interested persons, wanting to see it.

Christian Movie To Be Seen Dec. 30th

A Christian motion picture entitled "Beloved Enemy", will be shown at Northern High school on Thursday evening, December 30, at 7:30 o'clock, under sponsorship of the Mountain Church Fellowship, a Mennonite organization.

There will be no admission charge but a free-will offering will be received.

"Beloved Enemy" is the story of a young scientist, who, because of his unbelief, is rejected by the girl he loves. Embittered, he sets out to disprove the deity of Christ. Investigating the accuracy of the Gospels and the evidence for the physical resurrection of Jesus Christ, he comes face to face with the unaccountable man.

The picture was produced by Films for Christ association of Peoria, Ill., and was awarded an Oscar as the best evangelistic film of the year. Films for Christ association is a non-profit organization. The Mountain Church Fellowship is an organization composed of members from three Mennonite churches, Glade, Dry Run and Meadow Mountain.

An Evergreen Rope

A rope of evergreens is easy enough to make, say the experts, and might go well over your door frame, mantel or along a stair rail.

Materials: rope long enough for your needs, short lengths of wire (15 to 18 inches), short sprays of evergreen (cedar is especially good), balls, bows, red berries or bells.

Place a bunch of evergreen against the rope and fasten in place with wire. Repeat length of rope. Drape as desired.

Locate places where additional decoration—berries, balls, bells—would be effective and wire on.

Fasten decorated rope in place with tape, tacks, corsage pins or small nails.

Wire lengths of evergreen together as a spray and decorate with bells, balls or ribbon.

CRANBERRY SPOTS

The spots you see before your eyes could be caused by cranberry spills on your tablecloth or carpet. Immediate attention is recommended. Remove excess, rub the spot with ice cube, then wash at once.

Bayard Is Winner Over Beverly Hi

Paul Rinker and Jim Collette racked 32 and 27 points respectively to lead Bayard High school to a 78-55 triumph over the Beverly High school floormen Tuesday night at Beverly.

The victory was the second against three losses for the Bayard quint. Rinker's 32 points included a 16-19 performance at the foul line. Collette rang up 12 field goals and three of four free throws.

Bayard meshed 22 of 27 tosses at the foul line and outscored the home team from the field 28 to 20. Beveral was 15-19 in foul shooting. Pingley, of Beverly, was high with 33 points.

Also scoring for Bayard were Messer 12, Davis 7.

'twas the Night before Christmas"...

... And all through the house, not a creature was stirring" ... except these two little rascals! Christmas is their day ... dreams of toys, and sweets, and games, and lots of wonderful things!

Christmas is for children, yes. But, Christmas is for grownups, too. It's a time to give, a time to receive. But, sometimes the spiritual side is overlooked; not deliberately, of course, but lost in the delightful chaos of cheer and joy and fun.

Then remind yourself, to go to church—your choice! Pause there to pray, to give thanks for all you have received; especially, that wonderful gift, the gift of God Himself, in His infant Son. Christmas is Christ's day, His birthday!

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

Public Service

Lesson for December 26, 1965

Background Scripture: Nehemiah 1:1 through 6:3; 12:27 through 13:31.
Devotional Reading: Psalm 91:9-16.

GOVERNOR NEHEMIAH is one of the few persons in the Bible about whom nothing is said to his discredit. One reason for this may be that the information we have about him comes from the Governor himself, and a retiring public official is not a man to go around talking about his mistakes or misdeeds if any. But whatever blemishes a sneering critic might have found in this man, they would be slight in comparison with his services to his city of Jerusalem. For Nehemiah was a true public servant in the finest sense of that word. On this Sunday after Christmas it is appropriate to think about a man who saw no visions (except as we all may see them) and wrought no miracles, but one whose religion was expressed in the most commonplace "secular" activities. Building, organizing, planning (he was perhaps the first city planner known to us) governing — these were his tasks and in these was bound up his religion.

What he brought to job

Seeds of success or failure are already sown by the time a public official takes his office. What he does or fails to do will depend more on the kind of man he is than on any other factor. This Nehemiah was appointed by an emperor not as a personal whim, not because his Majesty Artaxerxes happened to like him, but because he had what it was going to take, and the emperor, a good judge of men, could see this. Nehemiah had personal charm, political know-how (for the position of cup-bearer was a high political post), quick and accurate judgment, the ability to lead and direct men, imagination and initiative; but above all, a commitment to the work he had to do. His aim was not so much to please Artaxerxes as to please God. His work was his service to God.

Portrait of an executive

The modern theory of executives is that they do not need to be technical experts in any field. The good executive is a man who gets things done, who can reconcile warring factions, who can "build a team" out of the material he has, who can inspire all his subordinates with something of his own enthusiasm and dedication to the job. Nehemiah could qualify on all these points.

Living example

People not only admired the Governor, they imitated him. He was an example of honesty, for one thing. He took pride in not living on "graft," and in contributing to the building fund out of his own private means, and he did not allow extravagance in the running of his official residence. He set an example of courage not only in being prepared to fight off invading raiders, but of personal courage in the face of attempts at assassination. He set an example of optimism. He might well have turned around and gone back home to Persia when for the first time he realized the extent of his problem; but he stayed on the job he had accepted. Above all, he set an example in his religious life and faith. He did not spend much time in prayer, he did not have the time, probably. His prayers were short and pointed, hardly more than a sentence long. But he meant every one of the few words he said. He felt sure of being where God wanted him to be. This gave him confidence of success. He had a confidence in himself, to be sure; he did not think God would rebuild Jerusalem by any kind of miracle. Trust God and do your best, might have been his motto. He did not think prayer was a substitute for hard work and careful planning, but on the other hand no prayer let him out of work. For the dull days of late December, such a religion wears well.

"Unto you is born this day in the city of David a Saviour, which is Christ the Lord"

While humble shepherds watched their flocks, a heavenly glory shone upon them, as herald angels sang of a Holy Child. Far to the East a Star shone, guiding the wise men in their search for Him. Across the years the sacred message shines for us today, ever renewing in our hearts all the joy and wonder, the hope and promise of that Holy Night, so long ago.

As we worship in spirit at the blessed manger, we wish for all a truly joyous Christmas, rich in meaning, with faith ever deeper... with inspiration ever greater.

Aurora - Eglon

William Kimmell, 88, passed away December 19, in the Hugh Deakins home at Aurora, where he was being cared for the past several months. The body was moved to Keyser where memorial rights were held Tuesday afternoon.

The sixth child and second girl, Lisa Dianne, was born December 18 to Rev. and Mrs. Rogers Fike, at Garrett County Memorial hospital, Oakland. The maternal grandparents are Mr. and Mrs. Fred Beachy, Gortner; and the paternal grandparents are Mrs. Olivia, Fike, Oakland, and the late John T. Fike, former residents of Eglon.

Mr. and Mrs. Eugene Hauser, Gnegy Church, announce the birth of their second child and daughter on December 19, in Garrett County Memorial hospital, Oakland. The paternal grandparents are Mrs. Vernie Hauser and the late John Hauser, Gnegy Church.

Announcement was received of the birth on December 15, of the third child and second son to Mr. and Mrs. Jackie Snyder, in England. Mr. and Mrs. Walter Donham, near Aurora, are the maternal grandparents; and Mrs. Loretta Snyder and the late Roy Snyder, Brookside, are the paternal grandparents. The father is in military service.

John Beckman returned last week to his home at Aurora from Preston Memorial hospital, Kingwood, where he had been a medical patient.

Mrs. Ernest Shaffer, Brookside, remains a patient in a Winchester hospital since an automobile accident on November 21. Latest reports are that she is recuperating nicely.

Mr. and Mrs. Gilmour Fike and Mrs. Elva Bland, all of Eglon, went Sunday afternoon to Lenox where they visited Mrs. Fike's brother, Ralph Miller, who has been ill.

A Christmas program including music and short plays was presented Sunday evening at Maple Spring church. There was also a Christmas program presented Sunday evening at the Aurora Methodist church. Both were well attended.

Mr. and Mrs. Charles Harman, Eglon, were notified of the recent death of the former's aunt, Mrs. Julia Kirkpatrick.

The Eglon Homemakers club met Tuesday evening, December 14, in the Memorial building for its annual Christmas program. The meeting began with recitations by Mrs. Dale Roth. Devotions on "Christmas Theme" were in charge of Mrs. Clyde Hylton. A variety of Christmas ideas were exchanged by various members. Refreshments were furnished by each member who had invited their families for the evening's activities.

Mr. and Mrs. George Winters and daughters, of Eglon, returned home Sunday from Frederick, Md., where they had been visiting Mrs. Winters mother, who is quite ill. At present she is in the home of a son-in-law and daughter, Mr. and Mrs. Keith Harsh.

The Rev. and Mrs. Daniel Spaid, of Junior, W. Va., visited home folks in Eglon and Aurora, Sunday. They returned to their home on Monday.

Delmer Shaffer was a recent guest of his mother, Mrs. Ola Shaffer and brother, Walter Shaffer, of Eglon.

Chasing lions is all in a night's work for your electric company

Everyone knows that the wild animals that sometimes invade a youngster's sleep simply can't abide an electric light!

It doesn't cost nearly so much to chase away nightmarish lions and bears as it did when you were a youngster. In fact, the unit price of electricity for the home is less than half what it was 30 years ago. And the supply has doubled in the last ten years . . . will double again in the next ten.

Most of this lion-chasing electric service is supplied by *investor-owned* electric light and power companies like us—more than 300 of them across the nation. And since it is simply good business to bring more electric service to you at the lowest possible cost, all of us are constantly searching for more imaginative and efficient ways to do it.

Next time a lion invades your home in the dark of night, just turn on a light. It's the fastest, cheapest way to chase him away.

No. 5434 Equity In the Circuit Court For Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in the following described property situate in Election District No. 14, of Garrett County, Maryland, which was sold by the Collector of Taxes for Garrett County, Maryland, and the State of Maryland, to Lois A. Shaffer and David A. Shaffer, the plaintiffs in these proceedings, to-wit:

Lots Nos. 47 and 48 in Wilson's First Addition to the Town of Oakland, Maryland, being the same property which was conveyed to Charles S. Davis by two deeds, the first from A. D. Naylor, et ux., dated October 6, 1916, and recorded in Liber E.Z.T. No. 70, folio 429, one of the Land Records of Garrett County, Maryland, the second from Darius M. Dixon, et ux., dated September 30, 1916, and recorded in Liber E.Z.T. No. 70, folio 431, one of the Land Records of Garrett County, Maryland.

The bill states, among other things, the amount necessary for redemption and that said property has not been redeemed by any party in interest, although more than a year and a day from the date of sale has expired.

IT IS THEREUPON, this 30th day of November, 1965, by the Circuit Court for Garrett County, Maryland, in Equity, Ordered that notice be given by the insertion of a copy of this order in some newspaper having a general circulation in Garrett County, Maryland, once a week for four successive weeks, warning all persons interested in said property to be and appear in this Court on or before the 6th day of February, 1966, and redeem the property herein described and answer the Bill of Complaint, or thereafter a final decree will be rendered foreclosing all rights of redemption in the property, and vesting in the plaintiffs a title, free and clear of all encumbrances.

On Thursday, December 23rd, the Choir and Acolytes will meet for Choir practice and their Christmas Party at 6:00 p. m.

On Christmas Eve, the Nativity of Jesus Christ will be celebrated beginning at 10:45 p. m. with the singing of Christmas Carols by the Choir. At 11:00 p. m. the Festival Celebration of the Holy Eucharist will begin. Assisting at the celebration will be acolytes, Robert Rollman and Harrison M. Thrasher, Jr.; Randy Storey and Chucky Rounds as torch-bearers. During the Offertory the Choir will sing "A Great and Mighty Wonder" with Katie Thrasher as soloist. On Christmas Day at 9:00 a. m. a low celebration of the Holy Eucharist will be said. On Sunday, December 26th, the Holy Eucharist will be celebrated at 9:00 a. m. and at 11:00 a. m. the special service of lessons and carols. On Monday, December 27th, the Christmas Communion will be administered to all sick and shut-in members of the Parish. The public is invited to any of the services.

WRAP WITH FLAIR

You can't tell a book by it's cover, but a pretty cover makes you open the book. A gaily-wrapped package with fanciful ribbons can add glamour to any gift. There are many inexpensive materials on the market or, if you're not a do-it-yourselfer, your favorite store will do a masterful job at a nominal price.

Tax Cut Mockery . . . .

Citizens will learn to their sorrow this year that the tax cut and drop in wi'hhholding tax the past two years were just a mockery, for beginning in 1966 the "Great Society" has saddled the people with an increase in social security tax that more than wipes out any reduction in taxes in recent years.

Social Security deductions from a person's pay check will jump some 60 per cent for everyone earning $6,000 a year or more. The amount hops from $174 to $277.20 in 1966, taken from earnings up to $6,600. It will continue to go up until it reaches $372.90 and a like amount from employers. Self employed persons will be paying $514.80.

This is for increased social security payments and medicare. The program is calculated to provide every citizen over 65 with medical care, regardless of whether or not the person needs it. We as individuals will have to pay somebody's medical bill in spite of the fact that three fourths of the people have the money to pay their own expenses.

As a Warner and Swasey advertisement proclaimed —"higher and higher wages, shorter hours, bigger social security, free education for your children, free medical care—and the government will be your conscience

News Resume Recalls Events Of 1965

By Wilbur W. Close

Much to the surprise of no one, at precisely 12 midnight on December 31, 1964, an old year came to an end and a new one began in Garrett county.

It had done that before.

It will probably do it again.

The days, weeks and months which have ensued have brought a variety of events to county citizens, most of which have had some major or minor effect on all of us.

A brief recapitulation of the year's happenings would read something like this:

January

Local merchants reported "excellent" holiday trade—an indication that quite a few must have had at least a material Merry Christmas. And the post office recorded another record for concellations during the holiday period, reaching a total of 198,958.

Santa Claus came belately and briefly to a Baltimore youth. It seems he had written to a local bank requesting information on opening a checking account. He got it, together with a negotiable government certificate for $10,000. It was all a mistake, bank officials said, when the boy returned the certificate. He also opened an account.

Local residents also received a fiscal reminder during the month when federal income tax

Holiday Trade Excellent, Most Stores Report

Some Businessmen Claim It Was Best Ever—Exceptions Rare

The trend of buying which began shortly after Thanksgiving continued to the end of the Christmas season, marking this as one of the better years for merchants and business men.

Most of the merchants remarked that December was generally better than last year and in some instances the "best ever". They had indicated this last week and hastened to confirm their earlier opinions.

Those who didn't agree as to the "best ever", were in accord that buying was brisk. Some business men indicated that many purchases were of the better quality and the higher priced. More luxury items also seemed to be sought in greater numbers than ever before.

The merchants' committee of the Mt. Top Chamber of Commerce arranged for stores to remain open in the evenings, starting December 13, and most of the merchants agreed to close on Christmas eve at 5:30 o'clock. A few remained open until 6.

Because of comparatively warm weather and the absence of snow brought purchases different from other years. Boots, skis and ski equipment, sleds, etc., didn't move quite as well as in former years when snow was plentiful. This is sure to be remedied as winter progresses. Buyers made up for it in other purchases. Grocery sales also seemed good this year with all apparently getting their share of the trade in spite of additional markets now available.

Stores generally were well stocked with quality merchandise and people again found that in most instances it wasn't necessary to go to other cities to get what they wanted, and that any difference in prices at mail order houses was very slight, once postage was included. In many cases similar items were obtainable from local merchants for less than mail orders.

It was agreed that this year's Christmas business was generally very excellent. Merchants were hoping that similar conditions would continue through the early months of 1966.

Economic Group Scheduled to Meet

Arrangements for recruiting personnel of the Economic Opportunity program in this county, are to be made at a meeting of the Community Action Steering committee, to be held next Wednesday afternoon, January 5, at 1:30 o'clock, in the office of James McHenry, county agricultural agent, post office building.

Present for the conference will be S. Edward Smith, deputy director of the Maryland Office of Economic Opportunity. The meeting was called by Mrs. H. T. Oursler, president of the local committee.

The county received a grant of $12,827 from the Maryland office of Economic Opportunity several days ago, the grant to be used to employ a director and a minimum staff whose responsibility it will be to make studies and surveys of the county to determine the extent of poverty. With this data the Community Action committee will be able to design programs on a priority basis as determined by immediate needs of the disadvantaged persons in the area.

Other officers of the committee include Harry Edwards, of Grantsville, vice - president; Phyllis Trickett, Oakland, secretary; Mrs. Leslie Guard, Friendsville, treasurer. Among the 45 members of the committee are the three county commissioners, mayor of Oakland; State Senator Spencer W. Graham; and representatives of various organizations.

Fire Damages Car

An automobile, a 1957 Chevrolet wagon, owned by Mike Hinebaugh, was damaged by fire Monday evening about 7 o'clock, on Center street in Oakland.

The fire was caused by a backfire in the carburetor, according to Oakland firemen who were called to the scene to extinguish the blaze. They estimated the damage on the contents at $50.

Oakland firemen also answered a call on December 19, shortly after noon, to a Deep Creek Lake cabin on Beckman peninsula. It was a rustic type log cabin owned by Lottie Rodgers of McKeesport. The trouble originated in the fire place and the cabin was damaged to the extent of some $500 before being brought under control.

The cabin had been occupied by Pat Rodgers, a niece of the owner, and five other guests.

March Of Dimes Set For January

Annual Fund Campaign To Get Under Way Next Month

The annual campaign to raise funds for the March of Dimes drive will begin the first of January, it was announced by Jonas McKenzie, Grantsville campaign director.

Mr. McKenzie said coin collectors would be distributed to business establishments to start off the activities and would be done very soon.

The drive this year, as in the past two years, is for two causes—birth defects and the care of previous polio patients. Polio still is a factor to be reckoned with in the county although no new cases were reported for the past three years. A few cases still receive financial assistance from the local chapter.

It was estimated some 450 to 475 births would occur in the county during 1966 and that some thirty babies would be born with defects, and that this is now the place of biggest need with the fund. Research also is carried on with money received in the March of Dimes drive.

Coin collectors will be picked up at the end of the month. Business men and professional people are to be contacted directly, as in previous years. A Mothers' March will be held in the latter part of January, probably Sunday, January 23. There was also the possibility that a radiothon also would be conducted this year, but no definite announcement had been made of this.

Bloodmobile Unit Here Next Week

The Red Cross Blood Unit will make its next visit to Oakland on Wednesday, January 5th, when it will set up its equipment at the Fire Hall, Mrs. Paul Naylor, chairman of the blood program of the Garrett County Chapter of the American Red Cross has announced. Quota for the day is 100 pints.

Mrs. Hugh Teets, chairman of recruitment said appointment cards were being mailed to former donors and urged all persons to keep their appointments. Persons who did not receive cards may make appointments by calling Mrs. Teets at DE 4-3204. An appointment is not neccessary, Walk-Ins are gladly received, Mrs. Teets remarked.

Only 100 pints every four months, are sought in this area. This means that a relatively small number of people are carrying responsibilities for the health of their fellow citizens that should be spread among many more, Mrs. Naylor pointed out. "If you are one of those persons who have never given blood, why not make A New Year's Resolution to sign up", she said. Your gift of one pint of blood could mean life to a neighbor or friend or even to yourself. One never knows who may be the next person to need blood. All types of blood are needed and any one between the ages 18 to 60 and in good health may qualify. Between the ages of 18 and 21 signature of parent is required.

Lighting Winners At Bayard Are Listed

Winners of a Christmas Lighting contest at Bayard, W. Va., were announced this week.

First prize was awarded to Mr. and Mrs. Ernie Watkins for their nativity scene. This is the second year in succession that Mr. and Mrs. Watkins have won first prize. Last year the photograph was used in The American Weekly in Baltimore.

Second prize went to Mr. and Mrs. Lester Simmons; third, to Mr. and Mrs. Bill King; 4th to Mr. and Mrs Edwin Nine; and 5th to Mr. and Mrs. George Layton. Mrs. Susan Easton received honorable mention.

Judges were Mrs. Anna Layton Reall, Mrs. Wesley Schaeffer, Mrs. Dan Cosner, Mrs. Wallace Skiles, Gormania.

Scout Leaders Make Additional Plans For Honor Court

Additional plans for the Boy Scout Court of Honor, to be held next Thursday evening, January 6, were announceed this week by W. W. Price, advancement chairman for the Deep Creek scout district.

He announced that George Stuck, of Oakland, vice-president of the district, would be master of ceremonies. He said three hundred or more letters were being prepared and would be mailed to all leaders, parents of scouts, Potomac Council officials and others, inviting them to attend the program, which was set for the cafetorium at Southern High school beginning at 8 o'clock.

Ivan Hall, president of Potomac Council, will be the speaker. There will be presentation of various badges to scouts who have earned them by members of district committees or scout leaders, or troop committeemen. Awards to be presented: Eagle, by George H. Hanst; life scout, by Kenneth Johns; star scout by Darrell Malone; other scout ranks, by Walter W. Price.

Income Tax Forms Arriving in Area

Garrett county residents are beginning to receive their New Year's greetings from the federal government in the form of their yearly income tax return blanks, which are now in the process of distribution. The forms from the Comptroller's office of the state of Maryland, will no doubt be along within a few days.

Irving Machiz, district director of the Internal Revenue service, pointed out there would be some changes since the last tax filing period.

About 10.5 million residents of the Middle Atlantic Internal Service region eventually will receive the new forms. There is one innovation: persons who expect refunds may mail 1965 returns directly to the IRS Service center at 11601 Roosevelt Boulevard, Philadelphia, instead of the district office in Baltimore.

In that way taxpayers will be assured of receiving the refund faster because of quicker processing.

For the first time this year, the IRS said, the National Computer Center at Martinsburg, W. Va., has a complete master file of all taxpayers in this region. This means that every return filed in the region will be checked against the master file through the data processing system.

In filling out the reports a taxpayer may choose to take a standard deduction or they may itemize their deductions.

Holiday Mail Is Boosted in Oakland

Holiday mail showed an increase at the Oakland post office during the Christmas season, as did many offices in the tri-state area.

Figures were released by Guy William Hinebaugh, postmaster. Cancellations from December 1 through December 25, at the Oakland post office totaled 211,216, in increase of 12,258 over the year 1964 when there were 198,958 cancellations, and 47,186 over 1963 figures.

There were 13,860 incoming parcels delivered. No record was kept of the outgoing parcels or incoming letters but postal workers said they were aware the amount was considerable and that mailings remained heavy most of the period.

Monday, December 20, was the high day with 17,618 cacncellations. Mr. Hinebaugh announced that the office would not be open for business on Saturday, January 1, with specials only being delivered Mail would be dispatched as usual, it was stated.

Over 100,000 West Berliners spent Christmas day in East Germany.

Outstanding Grad At US Air School

Captain William C. Speicher, son of Mr., and Mrs. Clayton E. Speicher of Accident, has been named a distinguished graduate in his class at the Air University's Squadron Officer School, Maxwell AFB, Ala.

Captain Speicher was honored at graduation ceremonies Friday (Dec. 17). He was selected in recognition of his high moral character, academic achievement, physical stamina and professional competence.

He is being reassigned to Moody AFB, Ga.

The Northern High School graduate received his B.S. degree in transportation from the University of Maryland where he was commissioned in 1961 upon completion of the Air Force Reserve Officer Training Corps progam.

His wife, Anita, is the daugte of Mr. and Mrs. Richard Coddington of Friendsville.

The Squadron Officer School is part of the officer education system at the Air University, the Air Force's senior professional school.

97 District Fires Burn 179 Acres

Forest and brush fires in the four-county Western Maryland district during 1965 have burned only 177 accres of land, making this the best year for low average burned since 1961, according to W. A. C. Irwin, district director of Forests and Parks.

The fire danger season ended December 15. During the year there were 97 fires in unincorporated areas of Garrett, Alleghany, Washington and Frederick counties. The district annual average from 1955 had been 86 fires and 432 acres.

Of the 97 fires recorded, 53 occurred during the spring burning season and covered 89 acres. The other 44 were in the fall and they burned 87 acres. Worst fire of the year was on Haystack mountain, Allegany county, burning 36.75 acres.

Garrett county had 42 of the 97 fires and they burned 59.5 acres.

Frederick county had 26 fires, burning 23.2 acres. Allegany had 18 for 53.7 acres and Washington county had 11 for 40.5 acres.

Most common cause of fires was careless smoking, blamed on 40 fires which covered 101 acres. Twenty-one others were blamed on uncontrolled brush burning which struck 26 acres. Sixteen were attributed to railroads and they burned 17 acres. Six were of incendiary origin and they burned six acres. Only one was caused by a camp fire, burning two tenths of an acre. The other 13 fires were linked as miscellaneous in origin and burned over 27 acres.

Garrett National Declares Dividend

A letter is going to the stockholders of the Garrett National Bank in Oakland tomorrow, December 31, announcing a cash dividend of 12 and one-half percent or $1.25 per share. The dividend check was enclosed with the letter.

This was an increase of 13 cents per share over the previous year and 29 cents greater than in 1963, it was announced by Wesley Schaible, executive vice-president and cashier. Mr. Schaible also stated that the bank's assets had increased by 21 percent during the past year.

He announced the annual stockholders' meeting for January 11, at 2 p. m.

Cable Is Spliced

Workmen of the Hall Lift company, of Watertown, N. Y., were at the Marsh Mountain ski tow this week, splicing the huge cable, to be used for the 3,750-foot ski run. This cable is for the new chair-lift which will be available—when the snow falls.

During the a u t u m n-like weather workmen were also engaged this week in completing the house at the base of the run that houses the machinery.

Farm Bureau Leaders Urge Representation

Back Measure Giving At Least One Senator To Each County

Farm Bureau officers spoke out this week on the need to have one portion of the legislature elected on a basis other than population, thus preserving one Senator from this county.

B. O. Aiken, president, and G. Emerson Bishoff, chairman of the committee on information and public relations, have written a letter to the editor and have authorized an advertisement to appear this week on the matter. The letter explains the Farm Bureau's position in the matter.

The letter follows:

To the Editor:

A great debate within Maryland and the entire nation—which alarmingly many citizens pass off as water from a duck's back—is on a basic principle of American Government. The principle at stake is whether we are to continue a representative form of government that represents all the people, or only the majority. Under our republic, for nearly 200 years, all the people have been represented under a legislative structure of government, which based one house of a State Legislature on

Five Births Occur

Five births occurred during the past week at the Garrett County Memorial hospital in Oakland, three boys and two girls.

On the 24th a son to Mr. and Mrs. Neal C. Nissley, Oakland; a son to Mr. and Mrs. Calvin Earl Paugh, Mt. Lake Park.

On the 25th, Christmas day, a son to Mr. and Mrs. Carl Frederick Hinebaugh, Deer Park.

On the 26th a daughter to Mr. and Mrs. Marvin Clay Snyder, Grantsville.

On the 28th a daughter to Mr. and Mrs. Russell Everett Meinke, Crellin.

During the week the hospital admitted 44 patients and discharged 40. Census this morning was 38.

48 Deed Transfers Recorded Recently

Forty-eight deed transfers were recorded within the past two weeks in the office of the State Department of Assessments and Taxation, in the court house in Oakland. Eighteen of that number concerned transfers of property by the Piney Mountain corporation, which has a development project in districts 6 and 14, along the Cranesville road near Swallow Falls.

The transfers included the following:

William H. Moran and wife to Vernon F. Colder, Piedmont, W. Va, .46 of an acre and trailer in district 1, Swanton, Green Glade cove.

Katherine Holman to Thomas G. Sines and wife, Friendsville, .130 of an acre of land in district 2, Friendsville.

Charles Slaubaugh and wife to Ralph Morgan and wife, Ellicott City, Md., .75 of an acre of land and dwelling in district 2.

James P. Opel and wife to James E. Chambers and wife, District Heights, Md., .115 of an acre of land in district 6. Sang

County Offices Will Be Closed On Friday

County offices in the Court House and at the county roads garage will be closed on Friday, December 31, New Year's Eve, it was announced last week by the County Commissioners.

The closing will not affect the offices of the clerk of the Circuit Court and the Register of Wills, which are state offices. They will remain open with a skeleton force.

Stores and most business places will close at five o'clock on Friday evening. The post office will be closed all day on Saturday.

News - American Gives Boost To Winter Sports

Winter sports were given a boost in Sunday's News-American. The front cover of "Maryland Living" carried a winter scene on Deep Creek Lake, with additional information on page three concerning ice fishing, ice skating and ice boating, and the skiing opportunities at Marsh Mountain.

Winter Weather Fails to Show Any Force – Yet

Winter weather has failed to show any force, up to now, but there was no feeling that the autumn-like offerings would continue for any length of time.

There was one indication during the week that winter was on its way, but this storm fizzled, and other than low temperature readings in the early mornings, the weather has been comparatively pleasant.

A brief run-down of the week's offerings showed last Friday partially cloudy, partly clear with temperature at 53 degrees at 10:30 after being in the low 40's at 8 a. m. There was a storm early afternoon of Saturday, with rain turning to sleet and then turning to snow. Highways were icy, trees on the highlands were glistening with ice, and the temperature remained below freezing, except where the sun came through. Sunday was clear and cold, with ice remaining most everywhere. Temperature did not get above 32. Mercury dropped to 20 on Monday morning, the weather remained clear and cold. Mercury got up to 41 by 2:30. Tuesday began again at 20 degrees, with weather clear and moderating. There was a 14-degree reading Wednesday morning with some cloud cover. During the day the temperature got into the middle 40's. There was a warming trend evident early Thursday with some rain and a mercury reading of 49 degrees by 10 a. m.

Mathias to Visit

Congressman Charles McC. Mathias, Jr., from the 6th district, will be in Oakland on Tuesday, January 4, to meet with people of the area who may have problems to discuss with him.

The announcement was made Tuesday from the Congressman's office in Washington. It was announced that he would be at the Oakland post office on that day from two to three o'clock, and then would be on the streets of town and calling on various people for the balance of the afternoon.

In the evening he will attend the meeting called by the Mt. Top Chamber of Commerce, to discuss the proposed Appalachian highway or freeway.

OES To Install

Oakland Chapter No. 67, Order of Eastern Star, will have its installation of officers for the coming year on Tuesday night, January 4, at 8 o'clock. Mrs. Naomi Harned will serve as installing officer assisted by Mrs. Ethelrae Snyder as installing marshal.

Proposed Route Of Freeway To Receive Airing

Mt. Top Chamber Considers Possibility Of Site Farther South

The Mountain Top Chamber of Commerce is serving as a coordinating group for a meeting next Tuesday evening to discuss the proposed route for Interstate 79, scheduled to be constructed through this county just south of U. S. route 40.

A map of the proposed freeway route appeared in The Republican, issue of December 16. The alignment was set out in this manner: starting at the West Virginia line near Locust Grove, the Freeway will run east, skirting just north of B l o o m i n g Rose church, easterly to cross the Youghiogheny river midway between Friendsville and Sellbysport; northeasterly across Winding Ridge in vicinity of Ridge School; on eastward to a point immediately south of the junction of U. S. 219 and U. S. 40, easterly to Shade Hill, just south of Grantsville; continuing east just south of and paralleling U. S. 40 to Carey run, southeasterly to the saddle of four-mile ridge and then south and east to a point south of the Frostburg State college campus; easterly to immediately south of Hoffman and northeasterly to the vicinity of Clarysville, and so on to Cumberland.

Mathias To Attend

Attending the meeting will be Congressman Charles McC. Mathias, and other interested residents of the area. Ernest Gregg, president of the Chamber of Commerce, said they would talk over the possibility of routing the highway somewhat farther to the south. He pointed out that in some spots the new freeway would be very close to U. S. 40, and that many members of the chamber feel it would serve the county better if it were placed further.

The meeting will be held in the community room of the First National Bank building, beginning at 7:30 o'clock. A representative group is being sought to provide a thorough discussion of the proposed program.

Director Of Mines Is Hospital Patient

Carl Schell, director of the Maryland Bureau of Mines, who resides in Mt. Lake Park, is a surgical patient in University hospital in Baltimore, having been taken there last Monday in the Leighton-Durst ambulance. He underwent an operation following a bursted blood vessel near the eye. He had suffered severe headaches prior to being admitted to the hospital.

Breaks Hunting Laws

One person was apprehended during the past week for violation of the hunting laws.

Frank Glotfelty, Accident, was charged by Game Warden Leo Friend of hunting without an antlerless permit. He pleaded guilty at a hearing December 22 before Trial Magistrate Robert M. Maroney and was fined $20 and costs.

Grover Lee, 76, of Mason road, near Gortner sustained head and chest injuries when his International truck was overturned last Friday morning on the Crellin-Hutton highway. Two calves were killed in the crash, but a third animal, fully grown, was not injured. Mr. Lee was taken to Garrett County Memorial hospital and treated in the emergency room and released. Mr. Lee said a hit and run driver crowded him off the road. The truck was badly damaged.

By Bennet Michel

Zeb Harrod eased the Indian down the bank and let him slide gently upon the ice. At least, the river is frozen, he mused, as he placed the butt of his musket against the ground to support his own descent. On the other side, a mile or so, the warmth of a cabin fire awaited.

As he made his way across the ice and up the hill on the other side, Zeb could but wonder what Mary would say when she saw that he had returned so quickly, and bringing a wounded Indian with him, at that. She would be distressed that he had not brought any wild game from the valley, he knew that. But, he knew less about how she would react to the idea of nursing a wounded Indian back to health. She was a good woman. She believed in the Good Book. But she had a deathly fear of Indians.

Greeting

He climbed the trail to a small plateau and the cabin was in sight. As was his custom, Zeb let out three sharp whistles. The front door opened and Jamie came running. Mary stood in the doorway, arms folded, then she too came running through the snow.

After supper, they sat quietly by the fire. Jamie slept peacefully in his bed. The Indian, wrapped in blankets, slept, or feigned sleep.

Zeb broke the silence. "I just couldn't leave him there, Mary."

"I know, Zeb."

"They were on me before I knew it. When it was over, I thought they were both dead and had started away when he moaned. I couldn't leave him, not to die of exposure. I don't think his people would have found him in that ravine."

"If his people come, we can make them understand we only wanted to help him."

Mary had nervously began to clear the table. "But, what do we do with him now. What if he dies? What if he doesn't die? He'll become more of a danger to us as his health improves. What if his people come here looking for him?"

"Maybe he speaks English. Some of them do. A little, anyway. If he does, he'll understand that we only wish to help him. If his people come, we can make them understand that we only wanted to help, but I doubt they will come."

Show Down

They came, one bright winter morning soon after dawn. There were an even dozen and they came to the cabin door as casually as if they were paying a neighborhood social call.

Zeb left his musket in the cabin and stepped out to meet them. "Who is chief?"

The tall one pointed to himself. "I am chief. You have son."

"I have son."

"You have chief's son."

"I have one of your people. He was hurt, but he is better. We have taken care of him."

"This I know. Young Running Deer saw you bring him here." "And you did not come to take him?"

"I am wise in the ways of your people. You took him for a hostage, or to help. We have watched your cabin. We know you have helped him. We take him now. I will talk to him about breaking my promise of peace with your people, if your kindness has not taught him the lesson he was unwilling to learn."

Relaxing

It was late evening when the Harrod family finished their meal.

Zeb stretched out on the floor. "Mary, do you know what day it is?"

"Of the week or the year?"

"It's New Year's Eve."

"I know. And, I think, for sure, it will be a happy and peaceful year that awaits us."

And Jamie said, "Happy New Year to everyone."

1966 A.D.

We now recognize the year 1966 A.D. Use of the notation A.D. ("in the year of our Lord") was inaugurated by Charles III of Germany, who affixed the symbolism to the year of his reign in 879. The system of retroactively dating the years prior to the Saviour's birth and dedicating the succeeding years to His greater Glory was invented by a monk about 532 A.D. This marked the beginning of what is termed the Christian Era.

President Johnson ordered additional U. S. troops to South Vietnam.

A survey showed that 89 percent of Washington school students were Negro.

Tanzania and Guinea severed diplomatic relations with Britain

Beliefs & Customs

Anglo-Saxons, believing something might happen when the New Year burst in, often climbed to the roof tops to have a good view of anything that might take place. It was also a custom among the Scots to switch the trunks of fruit trees in petition to the gods of fertility for a "good howling crop."

CAKE CUSTOM

Reflecting the fear of starvation, it was once custom for peasant families in various parts of the world to bake a special New Year cake which was dashed against the door; members of the household picked up the cake and ate it, prayerful that neither hunger nor want would enter the house during the ensuing year.

GNB Welcomes '66 And Counts The Many Blessings Of '65

The advent of a fresh new year is a time to look confidently to the future and count the many blessings of the past.

Looking back to a busy '65, we at the Garrett National Bank are extraordinarily pleased to announce an increase of 21% in assets over the past year. Our Board of Directors has declared a 12½% cash dividend, which actually reflects a 22½% increase over dividends of 1964. We are humbly proud of this achievement.

Although this growth may be attributed to a combination of expanded services and offices of GNB, coupled with a healthy economic growth of Garrett County and surrounding area, it is the loyalty and support of stockholders and patrons which has made it all possible.

Now we look to 1966, confident that the progress we have made and the friendships we established will continue to grow and mature.

To all who are "resolution" minded, we offer two thrift suggestions: Pay your bills through a "No-Charge" Checking Account, and save for your future through a 4% Savings Account, all at GNB.

And on behalf of the Directors and Staff of the Garrett National, we wish you our heartiest good wishes for a healthy, happy, and prosperous New Year.

"The Bank With An Eye To Your Future"

Man has marked time in some way since the earliest stages of life upon earth. Generally, we trace the present method to the year 738 B.C. when legend tells us that Romulus introduced the Roman calendar. But, even earlier, the ancients had what they called a calendarium, in which the days were marked off in stone inscriptions.

The months of the year have been named for gods, goddesses and emperors. March, for example, was named for Mars, the god of war. May comes from Maia, goddess of marriage, yet, modern brides have made June the month for marriage, and this month was named in honor of the goddess Juno.

Quintilis was the fifth month, as the Roman calendar began with March. To honor Julius Caesar, quintilis was later changed to July. The Roman calendar had ten months. Others were April, from Aperire, to open, denoting the time the earth opened up with new fruit; Sextilis, which was changed to August; and our own September, October, November and December.

About 713 B. C., Numa Pompilus added two more months, January, in honor of the god Janus and February, from Februalia, the time for sacrificing to the gods. This gave the calendar 12 lunar months, or 354 days, but the calendar was at variance with the equinoxes. By the time of Julius Caesar, the calendar was two months behind the sun. Caesar's experts devised the Julian calendar by borrowing the Egyptian fixed solar calendar of 365 days. An additional day was intercalated every fourth year to complete the 365¼ days.

The Gregorian calendar can be traced to 1582, when Pope Gregory XII "rectified" the difference by dropping ten days to have the equinox fall on the approximate date it fell on in 325 A.D., at the Council of Nicea. The revision did not involve any change in the weekly cycle, as Thursday, October 4 of the Julian calendar was followed by Friday, October 15 of the Gregorian.

The Gregorian calendar was first put into use in Roman Catholic countries, later by Protestant and subsequently Greek Catholic countries, eventually universally adopted.

The Gregorian calendar is not perfect, yet experts estimate it will be accurate, at least, until 2500 A.D. Maybe by then someone will develop a perfect method of keeping time and in keeping in tune with the solar year, which actually consists of 365 days, 5 hours, 48 minutes and 46 seconds.

population and the other house (or Senate in Maryland) on an area basis (one Senator per county). This structure provided a balance that permitted representatives of all the people to argue their points, and decide the issue by majority vote.

As you know, this debate started in June, 1964, with a Supreme Court decision that both houses of state legislatures must be apportioned on the basis of population alone, without regard to any other factor.

This decision came as the result of several cases, one of which was the case of the Maryland Fair Representation Committee vs. J. Millard Tawes. The Committee involved was simply a small group of people who got together around 1960 to start a movement to reapportion the legislature—no one has ever found out their number of members, who their officers are, nor how they obtain the necessary finances to support their court cases.

Under the Supreme Court mandate to reapportion both houses on a population basis before the 1966 election, the Maryland Legislature, during the 1965 session, considered four basic alternatives: (1) do nothing, (2) adopt a reapportion plan, and let the court decide if it was constitutional (3) reapportion according to the Supreme Court's demands, (4) adopt a resolution to petition Congress to call a Constitutional Convention to consider an amendment to the U. S. Constitution that would guarantee to the states the right to apportion one house of its legislature on some basis other than population.

The last alternative, strongly supported by Maryland Farm Bureau following delegate action at the 1965 annual meeting, was taken by the Legislature after a bitter fight. As of this month, 28 states have taken such action, but 34 are needed before such a convention can be called.

When Congress convened last January, numerous resolutions were introduced to amend the Constitution through the method that calls for approval of an amendment by two-thirds of the House and Senate, plus ratification by three-fourths of the states. A major effort was put forth in the Senate to adopt the Dirksen amendment in August of this year. It fell to defeat, with the help of Maryland's two senators, by a small margin. Senator Dirksen came back fighting with a new resolution that modified, but did not basically change, the earlier call for a Constitutional amendment dealing with apportionment. This resolution will be considered when Congress convenes this coming year.

Governor Tawes called a special session of the Legislature in October for the specific purpose of reapportioning itself in compliance with the Supreme Court's ruling. After several weeks of intensive debate and consideration of numerous plans, the Legislature passed two conflicting bills. By signing both into law, the Governor placed their constitutionality into the hands of the court.

Senate Bill 8 preserves at least one State senator for every County. Senate Bill 5 combines smaller counties into senatorial districts, with the result that many will lose their Senate seat.

The Legislature in passing both bills, stipulated that Senate Bill 8 would prevail if it was upheld in court. Normally, the Attorney General would represent the Legislature and the Governor when a bill is challenged. Due to Mr. Thomas Finan's repeated declarations that Senate Bill 8 is unconstitutional, the sponsors of the bill will intervene on behalf of the plan in the court proceedings.

A number of concerned citizens, who deeply believe it is sound and valid to have one house (the Senate) on the basis of equal or the same number of Senators from each county, decided that everything possible should be done to prove their convictions to the court. In order to provide all interested citizens of Maryland with a means whereby they can join together to work for this purpose, they organized the non-profit, non-partisan group called Voters, Inc. The name comes from the 1st letters of "Validity of the equal representation system".

Voters, Inc. is to intervene in the pending court case that will determine the legality of the two conflicting reapportionment plans. The intervention will be on behalf of Senate Bill 8, the version that allows each county to retain a senator. It is also hoped that a separate suit can be instituted against the alternate, Senate Bill 5, which combines the smaller counties into senatorial districts.

To achieve the objectives of Voters, Inc. will cost much money for legal and court fees. No organization, person, or group of persons, who are representing average Mr. Citizen, can possibly put up this amount of money by themselves. This is why all interested persons are urged to become members of Voters, Inc. Dues are a contribution based on one's conviction about the effort, and the ability of the pocketbook. Donations of $1, $2, $5, $10 are usual, but some have been $25, $50, and several $100 amounts.

Yes, friends, the time for action is here and now! Though the court decision handed down in Anne Arundel County Circuit Court last week was disappointing, it was by no means final. The next battle ground is in the Maryland Court of Appeals. The fight is on, and this is the time for each of us to shoulder our responsibility! Your endorsement and moral support is just as important as your money. If we work together we may win. If the people of the counties of small population do nothing, they are sure to lose their senatorial seat. If they pull together through Voters Inc. they may save that seat. In the opinion of the authors, this would be one of the greatest victories for democratic government achieved in the history of our state. (See the advertisement regarding "Voters Inc.")

Happy New Year

from

Clinton W. Englander

And let's say it again! We want to wish you and yours a very happy new year for all of 1966! And, because this is the time of year when most of us do take stock of our hopes and desires...the time when we decide to "try again"...let's all do our best to make our county an even better place to live in during 1966.

Also, here at Englander's, we want to take this opportunity to thank you (again) for looking to us as your friendly drug store where we're always glad to see and be of service to you ...the place where we're continually looking for ways to be of friendly, conscientious help to you and yours.

Let's all look forward to the new year with confidence that it will be the "finest yet" and do our level best to make this come true for everyone.

By M. D. Doherty

Mary Blanford knocked on the bathroom door. "John, will you please hurry up? You must get dressed, the baby-sitter will be here any moment and I still have to powder my nose."

Something resembling a grunt responded from the other side of the door.

Mary checked the clothing she had placed on the bed for her husband. Everything was there; shirt, tie, cuff links, socks. 'Please, John, be ready so we can leave the minute the Brown girl arrives. I am chairman of the New Year party, you know. I must be there on time. Where can that girl be? Mabel Sanders said that she was most reliable. She's late now. Certainly, if something has happened, she would call and tell me. John, aren't you ready to finish dressing yet?"

John Blanford came through the doorway. "S'aright, s'aright, I'll be ready before you can powder down that cute little mole on the tip of your nose. Just like magic, ali-kazaam and ali-kazoo, and I'll still be ready long before you."

"O.K., then all I'll have to worry about is the baby-sitter. Mabel told me she was reliable, trustworthy, and punctual. Then, where is she? It's five before eight and . . . ."

Visitor

The chimes of the door bell stopped her in mid-sentence. She hurried through the livingroom and opened the front door. A pert, blonde of perhaps 16 stood there.

"Where in the world have you been? You're late."

"Mrs. Blanford, I . . . ."

"I know, child. Where in the world have you been? We're late now. Come in, come in, and put down whatever it is you are carrying there on the desk. I'll show you Chip's room and where his things are in case you should need something."

"But, Mrs. Blanford, you don't understand, I am . . . .

"You're late, child, that's what you are, but it doesn't matter. Come along now, here's the room. The diapers and things you may need are there. A fresh bottle is in the refrigerator should be awaken and, I guess, that's about it. John, John, aren't you ready to go yet?"

"But, Mrs. Blanford, please . . ."

"No other problems, dear, I have written down the number of the club. You'll find it on the pad by the telephone. Don't hesitate to call us, but call us only if it is important. John, John, what in the world are you doing?"

"I'm here, dear, at the door waiting for you, just like I said."

All Alone

The blonde girl stood there long after they were gone, mouth open. Then, she went to the phone. "Mother? Yes, it's me. I am at the Blanfords. They have gone out and I am babysitting . . . I don't know . . . . I'll call you when they return."

She put down the phone, looked casually into the room where the child was sleeping. She went into the kitchen, checked the refrigerator. The bottle was there, as promised. So were several pieces of cold chicken. The girl chose a couple of choice pieces,then retired to the livingroom. Might as well enjoy herself. Maybe there was something good on TV.

The Blanfords came home early as promised.

Exit

The girl, coat in hand, was already at the front door. She said "good night", and was gone.

Mary Blanford looked at her husband. "How odd . . . . oh, well." She picked up the note. "John, listen to this: 'telephone call, 8:10 P.M. from Jean Brown. Sorry, mother sick, cannot babysit. Unable to call sooner. P.S. Your baby-sitter: Jane Cantley, your NEW next-door neighbor who really came to borrow a cup of sugar. Hope you had a gay evening and a most Happy New Year to you."

New Year Great Holiday in China

The coming of a New Year has traditionally been a great holiday in the ancient land of China. Observance of the New Year may be compared to our own Fourth of July, Christmas and Thanksgiving rolled into one. To the accompaniment of exploding firecrackers, everyone feasted, gave presents and cards, made ceremonial visits to relatives and friends, and paid all family debts.

Tax Cut Mockery . . .

(Continued From Page One)

to take care of the poor so you won't have to concern yourself about anything. Hallelujah! It's wonderful!

"But just who do you think is going to pay for all this—Santa Claus? The Easter rabbit? You know perfectly well the government has to collect in taxes all it spends PLUS the government handling charge. So when you buy any product or service you have to pay your share of all those fancy government programs. That wasn't in the noble speeches which authorized the billions, but the billions have to be paid, so they're added to the prices you pay now—or they're borrowed and so added to the prices you pay tomorrow. But you pay, and pay, and pay."

Well, this year you will start to pay. It will end for you at your death but your children, grandchildren and great grandchildren will keep it up. Not a very pleasant thought as you contemplate the new year.

4-H Club Meets

Ten parents and 35 members of the Red House 4-H club met in the social room of the St. John's Lutheran Church, December 20.

The business meeting was conducted by the president, Gary Bachtel. It was decided upon to name the club, "The Red House 4-H Club". A Christmas skit was presented for the parents. A party with games, singing and refreshments, was held after the meeting. The next meeting will be held January 24th.

College enrollment rose 12 percent this fall over last year.

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all our friends and neighbors for their kindness and helpfulness during the illness and following the death of our wife and mother, the late Mrs. Joseph Callis.

We also want to thank all who provided food, flowers and cars, the choir, Rev. G. W. Simpson, Rev. Oscar Hull, with special thanks to the Leighton-Durst funeral home for kindnesses.

For millions on the eastern seaboard of the United States, this is where it happens. A lighted "ball" falls from the top of a tower—and it's *1966*.

But in Chicago and Winnipeg it is still 1965. In Saskatoon and Denver it is 1965. In Frisco and Vancouver it is 1965. So where in this broad continent is the New Year really born?

When it is born at all—it happens in men's own hearts!

Otherwise the Old Year goes on. And older years add not their blessings but their dregs . . . as men grope for shreds of time to complete old patterns . . . remnants of hope to patch worn-out dreams.

But somewhere a heart speaks to God. In the quiet of a churchly sanctuary it recounts the past with its failures, its defeats. And boldly it enquires into the future with its hope and promise. That soul commits time and talent and treasure to the purposes of Jesus Christ.

And the Father of All, who is not clock-watcher but soul-watcher, turns the page of *that* calendar. For *one soul at a time* the New Year is born.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

"I Believe"

Lesson for January 2, 1966

Background Scripture: Matthew 8:5-13; Acts 16:25-34; Hebrews 11:1-6; James 2:18-26; 1 Peter 3:15.
Devotional Reading: Acts 16:25-34.

IN MOST of the Christian churches around the globe sometime during the public worship the people will stand and say together "I believe . . ." Why should this seem so important that it is repeated Sunday after Sunday? Why do they say "believe" and not know? In many parts of the world Christians are called Believers and have in fact borne this name since the earliest Christian era. What does it mean to believe and why do Christians set so much store by believing?

The word **believe** has more meanings than one. What we are looking for is the strong and living meaning that makes it important. Christians will tell you, because they learned it from the Bible and in experience they find it to be a fact, that believing or not believing makes all the difference in the world. But this is not true with some meanings of the word Believe. That word sometimes means "seem to remember" as "I believe you said you would bring the salad." Sometimes it means only "The preacher (or my parents or some book) says it's so and I'm willing to go along with him."

Marks of belief

What are some marks of belief in the vital sense of the word? What kind of thing is faith? What is it that is called "saving" faith, something that makes the difference between life and despair and destruction? For one thing, vital belief, or faith, is active. The writer of the Letter to the Hebrews brings up one illustration after another to show what faith means, and in every case he mentions, the faith was the beginning of action, Alleged faith or belief that leaves the believer passive, no different than he was, is not genuine belief of the vital sort. True belief is confident, also, as all the illustrations in Hebrew 11 show. If you say you believe a bridge is safe, but won't cross it yourself, it shows you don't have confidence in the bridge and don't really believe in its safety.

Above all, Christian belief is **personal.** It is not first of all belief-that, not believe about, it is **belief-in.** . . But genuine faith does not hang in the air with only a row of dots after it. Belief-in is nothing unless it is belief in **some one.** For the genuine Christian this means belief in Jesus Christ. Belief about him, belief in him, belief with him — this all blends together in a pulsating threefold cord through which power flows from him to the believer.

Belief-in and belief-about

But personal faith in Christ does not exist in a vacuum. Many of the beliefs of Christians are beliefs-about. Central always is personal trust and confidence in the Lord Jesus. Around this center gather many other beliefs, and some of these are of immense importance. For the next six months the Bible lessons deal with what Christians believe. It is right and may be much needed to study "doctrines" — but we cannot afford to forget that the heart and center of Christian faith is not a doctrine, but a faith. The devil could write a more learned book of theology than you could. But it would not be the Christian **faith.** A doctrine is words, it is intellectual. Faith concerns the whole life. It is inevitable that doctrines should exist and be studied. But much study is still not faith. As has often been said, Christian truth can best be understood from within, not from the outside. The center of Christian belief is not a proposition but a person. We cannot rate ourselves as Christ's men and women by the number of Bible verses we have memorized; the question is whether we have heard Christ say "Follow Me!" and have followed him. A proposition will inform us; but a Person can transform us.

Southern Matmen Lose to Keyser

Southern Highlanders wrestling team lost to the Keyser High matmen last Wednesday, December 22, at Keyser, by a score of 40 to 16. It was Southern's third loss in as many matches.

Southern's victories came in the medium-upper weight classes where it won four straight matches by pins in the 138 and 145 classes and by decisions in the 154 and 165 categories.

Keyser won six matches by pins and two more by forfeit. The most lopsided victory was recorded by state champion Leon Ravenscroft of Keyser, who pinned David Houser in the 112-pound division in 22 seconds.

The closest decision was in the 154 class where Roger Stultz decisioned the Keyser team's Lenny Mathias by a 9-3 count.

Keyser was meeting Southern in a Potomac Valley conference wrestling match for the first time. This was the first year for the Highlanders, after dropping wrestling several years ago. They had previously wrestled for two seasons.

James Thompson served as the wrestling referee.

The results:

95—Joe Altobello, K, won by forfeit.

103—Joe Gerstell, K, pinned Larry Schlossnagle (1:30).

112—Leon Ravenscroft, K, pinned David Houser (0:22).

120—Neal Faulk, K, won by forfeit.

127—Jody MacDonald, K, pinned Terry Schlossnagle (1:33).

134—William Brotemarkle, K, pinned Michael Foley (4:23.)

138—David Sines, S, pinned Pat Stanislawczyk (1:13).

145—Donald Browning, S, pinned Frederick Tettenburn (4:40).

154—Roger Stultz, S, decisioned Lenny Mathias, 9-3.

165—Greg Kerins, S, decisioned James Coffman, 13-4.

180—Fred Shaler, K, pinned Jerry Cannon (3:27).

Unlimited—Charley Leatherman, K, pinned Grant (1:11).

The Highlanders' next match will be at Kingwood on January 12. Morgantown will be met at home on January 20.

Twenty-eseven African nations walked out when Britain's Wilson was set to speak to United Nations assembly.

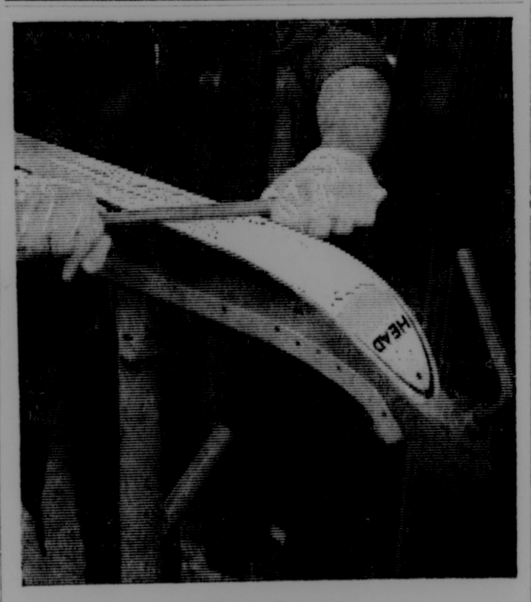
What Southern States

Weatherized

Feeds

Can Do For

Egg Producers



• What do we mean when we say Southern States Laying Mashes are WEATHERIZED? Simply that the protein (amino acid) — energy ratio is adjusted with the seasons. Why? To meet the seasonal variation in your laying hens' nutritional requirements which, as you know, is one thing in warm weather . . . something considerably different during cold weather months. So, regardless of season, Southern States WEATHERIZED Laying Mashes can give you greatest possible egg production . . . an advantage over producers using ordinary feeds. There's no extra charge for this WEATHERIZED feature . . . just extra income for you. Order now.

CAPITOL COMMENT

The Christmas Spirit

As this newsletter is being written, we are all thinking of Christmas, the season that has meant so much to men for two thousand years, and I am wondering how we can apply the story and lesson of Christmas to the problems which now face our nation and our world.

We think of Christmas often as a time for children, because it is associated with the story of a child. We also think of Christmas as a time of peace, because it is associated with the Prince of Peace. Yet in a world torn by war, threatened by many dangers, and aching with conflicts between men, it seems difficult at times to orient ourselves to peace. But there is reason for hope and optimism this Christmas, as there has been at each of the two thousand Christmases which have preceded this one.

All around us are opportunities for each of us, as individuals, and for all of us, as Americans, to advance, a little, in our own time, in our own spheres, toward a universal and permanent peace.

The history of our own state of Maryland is full of examples of the ways in which we have made progress toward a better life, and a more just and pleasant and rewarding life, for the people around us, as well as for ourselves and our own families.

In Frederick County, for example, there is an old barracks, one of the most historic structures in America. The barracks was built during the French and Indian War, when the British Empire was being harassed by the French around the globe, from India to the Ohio Valley. The Frederick barracks became a focal point in the British defenses of what was then the frontier of America. Later, during the Revolutionary War, the barracks became an important organizational point for the Continental Army, and we can imagine many of our colonial ancestors drilling there. We know that prisoners, taken by the Americans at battles such as Saratoga and Trenton, were sent back to the Frederick barracks to be interned. Some people, in fact, still call the barracks "the Hessian barracks", because Hessian prisoners taken at Trenton lived for so long there.

Again, during the Mexican War, the barracks was used for martial activity, drilling and training of troops. There are also sketches made by Civil War soldiers which show the barracks as they were used during the great conflict.

Shortly after the Civil War, however, in 1867, the state of Maryland converted the barracks and grounds into a school for deaf children. For nearly a century, now, this facility which for the first century of its existence had been used for the training of fighting men, has been a playing field and school for deaf children and their special teachers.

The history of the Frederick barracks is one example of the way in which the Christmas promise can be fulfilled, and swords can be turned into plowshares. I believe that we all, in our time and our own ways, have similar opportunities to help make Christmas come true.

Missing Elk Garden Woman Is Dead

The body of Mrs. Margaret Bircher, 53, of Elk Garden, who had been missing since December 7 was found about noon Monday, December 27, in a woodland thicket near her home on the outskirts of the community.

She was the mother of seven children. Mineral county authorities said they had not received any report that the woman had been missing.

Byron T. Athey, prosecuting attorney of Mineral county, Trooper C. E. Dorsey and a coroner's jury visited the scene Monday. Mr. Athey ordered an autophy, and the body was taken to Keyser.

The woman's body was reported to have been found by one of her sons, Larry, near the Bircher home.

A native of Elk Garden, Mrs. Bircher was born April 25, 1913, and was a daughter of Mary Paugh Simons Cooper and the late Henry Herbert Simons.

Besides her mother she is survived by her husband, William C. Bircher; five sons, George and William, both Elk Garden; Dalmas, St. Mary's; Douglas, Emoryville, W. Va.; and Larry Bircher, at home.

Also surviving are two daughters, Mrs. Betty Turner, Mrs. Mary P. Paugh, both Elk Garden; five sisters, Mrs. Christina Streets and Mrs. Eva Paugh, Elk Garden; Mrs. Ruby Mosco, Davis; Mrs. Estella Morgan, New Martinsville; Mrs. Marie Doman, Beryl; and 11 grandchildren; two brothers, Lewis and Ora Simons, Elk Garden.

The body was taken to the Sharpless funeral home in Blaine. Funeral services were conducted Wednesday afternoon with burial in the Kalbaugh cemetery at Elk Garden.

Delegate Opposes The Cooper Plan

Delegate Roy N. Staten, of Baltimore county, announced he opposed the Cooper commission tax reform bill but would not use his role as chairman of the House Ways and Means committee to try to beat it in the Maryland Legislature.

"After it has been properly explained and analyzed, I believe it will die of its own weight without any additional help from me", Staten declared.

Named for Dr. Paul D. Cooper, its chairman and director of the State Fiscal Research Bureau, the commission has proposed that the state relinquish sales tax revenues in favor of local government use and that the state income tax be graduated according to income level.

These and other reforms would mean an estimated $58.6 million in new revenue for county and city governments.

Staten said his strongest objection to the program is a provision for distributing state aid according to local needs and wealth. He said this penalizes richer counties, like his own, in favor of other areas, especially Baltimore city. The city could expect about $22.3 million more a year under the program. Garrett county would stand to receive additional funds if the program were adopted.

A special legislative committee headed by Sen. Harry R. Hughes, Caroline county Republican, chairman of the Senate Finance committee, is drafting legislation to implement the Cooper Commission recommendations.

Bicentennial of Mason-Dixon Line Passing Unnoticed

Two centuries ago, a couple of Englishmen strode through this area, putting down stones that became a worldwide symbol but are hard to find today.

The bicentennial of the Mason and Dixon Line is passing without much notice in Pennsylvania and Maryland. Charles Mason and Jeremiah Dixon got as far west as Blairs Valley by the time bad weather arrived in 1765, then proceeded westward in the following spring.

Tourists have only a slight chance of finding easily accurate directions to the milestones along the famous line. The historic boundary is mentioned in almost all publicity about the state and county's tourist attractions, but there is apparently no readily available set of specific directions on how to find the markers.

Strangely enough, the Mason and Dixon Line settled boundary disputes just before the American Revolution, but has created controversies about other matters. People still argue the question of whether the line is visible from airplanes and apparently unsolved is the mystery of why tons of limestone markers were shipped across the Atlantic to be placed in an area that abounds in limestone.

Mason and Dixon were hired to make the survey after Maryland and Pennsylvania agreed to settle peacefully the dispute over which colony owned land around the boundaries. Pennsylvania claimed the territory that contains Hagerstown, Frederick, and Cumberland, under patents granted to William Penn. Maryland thought that the land grant to Lord Baltimore entitled it to such areas as Gettysburg, Waynesboro and Chambersburg.

The Britishers, just back from an African expedition where they had observed the rare transit of Venus across the sun, started to work in 1761. First they surveyed the north - south line dividing Maryland from the part of Pennsylvania that is now Delaware. Then they began work on the line that later became symbol of the dividing point between slave and free states.

Mason and Dixon did their job with astonishing accuracy, because resurveys with the most modern equipment and no interruptions from hostile Indians have produced corrections of only a hundred feet or so. The pair just avoided committing a historic mistake when they arrived at the Susquehanna River and mistook it for the Potomac. Later, Maryland found itself saddled with an unexpected additional bill for $75,000 when the surveyers continued their work 30 miles beyond the state's westernmost limits.

They put down a marker every mile. Most of the markers were simple stones with only an M and P engraved on their sides, but at every fifth mile was a fancier and larger crownstone marker.

Over the decades, people helped themselves to the markers and when history - minded people went looking for them, they turned up in the strangest places: a drinking fountain, a store's cellar, at the bottom of the Youghiogheny Reservoir in Garrett County, and three of them in a church. Another marker was the innocent cause of a gold rush when it was mistaken for a clue to Captain Kidd's buried treasure.

Most of the original stones are now back in place, but few are visible from heavily traveled roads. Interstate highway construction has eliminated easy access to the marker north of Hancock that was marked by a sign. The Marsh Pike provides easiest access to one of the stones from Hagerstown.

The free state highway map mentions the markers but does not identify their locations. They are shown on the new general highway map of Washington County but this is fairly expensive. The fattest book on Maryland's tourist attractions, "A Guide to the Old Line State", mentions only one of the stones specifically.

Must Report Cash Tips

Recent amendments to the Social Security Act require employers to include in employment tax returns "cash tips" reported to them by employees on and after January 1, 1966, Irving Machiz, District Director of Internal Revenue for the state of Maryland and District of Columbia has advised.

Forms 941 and 941A, "Employer's Quarterly Federal Tax Return", will be revised in January, 1966, to provide a column for use by employers to list "cash tips" reported by employees. Starting with the first quarter in 1966, employers must use this revised Form 941.

The Internal Revenue Service will begin issuing revised Forms 941A during February, 1966. Forms suppliers may now obtain reproduction proofs of the January, 1966, revision from the Internal Revenue Service, Washington, D. C. 20224, Attention: A:FM:P.

forms were received — and many found themselves on the short end after the reported "tax reduction" of the year before.

However, there was apparent solvency abroad among the citizenry as banks reported combined assets of more than $29 million.

Three young boys had themselves a ball after they discovered the back door to the county dispensary at Oakland had been left unlocked. They also learned at an early age that a ball bounces, and ended up sick, sorry and sober.

A new industry began operations at Oakland, with an initial employment of ten women and an eventual goal of some 50. The Glenn Engineering company would produce punched cards used to operate electronic computer devices.

In the first of two games to determine the county basketball championship, the Northern Huskies rallied to defeat Southern's Highlanders by the score of 64-57.

A typhoid fever scare at Crellin, triggered by the illness of three persons, resulted in a mass innoculation of residents, some 825 persons receiving the "shots". The epidemic was confined.

Two county high school seniors received recognition during the month. At Northern, Linda Margroff was chosen "Homemaker of the Year" and at Southern Linda Oursler was given the "Good Citizen Award" by the Daughters of the American Revolution.

Gas production, which had been dropping, showed a slight increase during the final quarter of 1964, and the county received a check for $4,704.83 as its share of tax.

A run-down of the month's weather shows a pleasantly warm period for Christmas and the year's beginning, turning to snow and near zero temperatures at mid month, but moderating during the last few days. And so it remained at the beginning of

February

But not for long. Scarcely had the month begun when temperatures dropped to zero and below, which remained the pattern for more than a week.

A resident of near Deer Park, George A. White, was killed when his automobile was struck by a train at the Mt. Lake Park, Loch Lynn crossing. He was 81.

Looking ahead, the Fair board announced the dates of the annual event as August 9 through 14. H. G. Gortner, of Oakland, was re-elected president.

Thomas Bender, of Grantsville, was named foreman of the March term grand jury. A light docket was indicated.

Joseph H. Welch, county treasurer, reported that 27 properties would be put up at auction in default of taxes.

The Garrett County Bar association received a new member when William W. Grant, a retired naval commander, began law practice here.

In addition to his concern over back taxes, Treasurer Welch said he had received 5,500 sets of automobile license tags, which would go on sale shortly.

A contest was assured in the Oakland municipal election with four persons filing for three seats on the council.

The month was ushered out in a flurry of snow and sleet which meant that

March

came in like a lion. And just to contradict the old adage, it also went out like one, with month's end showing some eight inches of new snow atop the old.

During the month, Donald M. Browning, James J. Helbig and Ervin S. Smith, all incumbents, were elected members of the Oakland Town Council. Mrs. Beryldine Stanton was returned as treasurer. The council also decided that the town would operate on daylight saving time in 1965.

The town reported that local residents were using a record amount of water—some 102,660,000 gallons during the previous year.

Two Southern students came in for state wide accolades. Joanny Jones and Connie Crowe received the honor of representing the state at national "Youthpower" competition in Chicago.

The March grand jury, after two days of sessions, returned only five indictments, including three for perjury and one for rape.

Discussion on the founding of a junior college in the county was revived. Gordon Douglass is chairman of the group pursuing the possibilities.

The Oakland Country Club was seeking a $123,000 loan from the Farmers Home administration for enlargement and improvement of it facilities.

In spite of the weather, there was some sign of spring. The Baltimore and Ohio announced it would run a spring excursion to Oakland on May 9.

And so, with snow and blow, area residents looked forward to more pleasant weather in

April

And to some extent, they received it, although there were several sleet storms during the month. The most severe resulted in the closing of Northern High school for a day.

Treasurer Joseph Welch was still busy. He reported that 4,600 license tags had been sold before the March 31 deadline, and also declared that some 700 taxpayers were delinquent in their payments.

In an annual report, the Oakland Fire department disclosed it had answered 74 alarms during the preceding year. The organization also celebrated the 40th anniversary of its incorporation.

An Oakland landmark—the century old Howard house on Alder street—was razed. It had been unoccupied for a number of years.

A county youth Corps program was begun which would eventually involve some 120 youths.

During the month, daylight time came to the county, but mostly unofficially. Although a number of incorporated towns had acted officially, the county commissioners had not.

Oakland's chief of police, Henry Arnold, died at 53 in a Morgantown hospital. He was succeeded by Percy Lawton.

Apparently knowing the season was not open, four turkey gobblers took a leisurely stroll through Oakland streets.

A Mt. Lake Park merchant discovered one more peril of doing business. When he refused to charge an item for a woman customer, she picked up a tomato and hit him in the head with it. The magistrate gave her eight days.

Specifications were received for a proposed sewage disposal plant to serve the communities of Oakland, Mt. Lake Park and Locch Lynn. The two latter towns immediately voiced opposition to the projecct as set out.

May

The two county high schools were preparing to graduate 302 seniors, 170 at Southern and 132 at Northern. Commencement speakers were to be Congressman Charles McC. Mathias at Southern and school superintendent Willard L. Hawkins at Northern.

The State convention of the Business and Professional Women's clubs got underway at Oakland.

The sewage disposal plant was much in the news during the month, with Mt. Lake Park and Loch Lynn petitioning the county commissioners to investigate a lagoon type installation, which it was claimed would be much cheaper.

Garrett county's oldest resident, Alonzo D. Naylor, died at the age of 103.

Gas production was down this time, with first quarter tax payments to the county amounting to $4,055.11.

Robert T. Hoffman, a veteran of 50 years' service with the Oakland post office, hung up his mail bag and retired.

George D. Edwards was re-elected president of the Board of Education, while Ernest Gregg was chosen president of the Chamber of Commerce.

The Lions club announced it had agreed to head a drive for $20,000 to be used by the Historical society for the purchase of a county museum.

At month's end, the county commissioners said they expected to maintain the current tax rate in the levy to be set in June.

June

Which they did, the rate being $2.80 per $100 of assessment.

More than 1,000 elementary students enrolled in a special summer program of educational activities. The project was underwritten by the Economic Opportunity Act.

In municipal affairs, Allen Murray was appointed to fill the unexpired term of the late Jay C. Davis, mayor of Mt. Lake Park.

The month at the Lake was marred with its first tragedy of the year when a Pennsylvania youth drowned in the Penn Point area.

Members of the Knights of Pythias lodge, together with state officers, formally dedicated their new lodge hall on Third street.

During the month, The Republican began publication on its recently installed tubular press.

As the month ended, the Board of Education announced that a full roster of teachers had been secured for the 1965-1966 school term.

July

The month's weather was notable for its extremes, the temperature ranging from above 90 to below 40. Farmers were complaining about extremely dry weather conditions and some communities were beginning to experience difficulty with their water supplies.

For the 11th year, the Garrett County Playhouse began operations, offering as the first attraction "The White Sheep of the Family".

Mrs. Margaret N. Coffey was named as a judge of the Orphans' Court, succeeding the late Ellsworth G. Moon.

County roads workers began a strike which was to last over two weeks. Biggest issue concerned payment for overtime worked during winter months.

The Garrett County Historical Society re-elected all of its officers. Mrs. Robert J. Ruckert is president.

The treasurer was at it again, this time mailing some 12,000 tax bills. The fiscal year was recently changed to begin July 1.

In the midst of the summer, a major expansion program was begun at the Marsh Mountain ski slope which would involve greatly expanded facilities including new slopes and lifts.

As happens every year, it apparently was rattlesnake season, as a number of persons reported killing the reptiles at various points in the county.

August

Highlighting the month for many was the Garrett County fair at McHenry, which was enjoying a record season both in attendance and number of exhibits. Miss Rita Bernard, of Swanton, was chosen county Farm Queen, and would represent this county at Timonium fair later. Another record was set, too, when 4-H and FFA baby beef brought a top price of 81 cents per pound.

But some negative records were being made too. The county's gas production for the second quarter reached an all-time low, with the tax check amounting to only $1,783.46. And as if that wasn't bad enough, the Bureau of Mines reported that coal production during the past year in both Garrett and Allegany counties had shown a decrease.

The town of Oakland, though was showing a brighter picture. A year-end financial statement disclosed the municipality had a healthly financial balance of $73,930.93.

There was optimism for an industrial upswing when the Sher-Wood Products company revealed it had developed a plastic bowling pin which had been accepted by the industry and planned to manufacture it at its Oakland plant.

There was still no rain, with 90 degree temperatures commonplace, and some areas were in desperate need of water.

A street fight in Friendsville resulted in the fatal shooting of a Texas pipeline worker by one of his fellow employees.

Another light docket was expected for the September grand jury. J. M. Jarboe was foreman.

September

The first day of school found a total enrollment of 4,980 students throughout the county, a number which would increase somewhat during the next two weeks. At Southern, 1,288 were enrolled, a new high, and at Northern there were 802.

Both the County Commissioners and the Roads department issued financial statements during the month. The Commissioners reported expenditures during the year of $2,346,022.74, while the Roads department had expended $1,215,681.85. Both reports showed some balance on hand.

How To Fix A Leaky Faucet

Turn Off the Water. The first step in repairing any part of your water supply system is to shut off the water. If you don't have a fixture valve, turn off the supply at the main valve.

Protect the Finish. To make sure you don't scratch the chromium finish with your pipe wrench, wrap the packing nut under the faucet handle with adhesive tape.

Loosen the Packing Nut. Twist packing nut loose carefully, and lift or turn out stem assembly. At the bottom of the stem assembly you'll find a small screw holding worn faucet washer.

Remove Old Washer. Remove screw at bottom, pry out the old washer, and wipe out the recess.

Replacing Stem Packing. If water leaks around the handle stem of a faucet, tighten the packing nut a bit. If that doesn't stop the leak, pry out the old packing and replace it with new.

Emergency Packing. If you must make the repair at once, but don't have any packing, wrap cotton string tightly around handle stem inside packing nut. Wrap in direction handle turns when you shut it off.

Replace Worn Washer. Pick out a new washer that fits, ease it into place flat side down, and replace set-screw.

Cleaning Valve Set. Wipe valve set clean, and replace stem assembly.

The Grand Jury, meeting for a day and a half, returned nine indictments. All were for fraud, and involved recipients of public assistance.

The dry spell was finally broken during the month, with rainfall being "plentious". However, many wells and springs remained below normal.

A proposed scenic highway parallel to Route 219 at Deep Creek Lake was announced by the State Roads Commission and was immediately opposed by many residents and businessmen of the Lake area, who felt the new route would isolate them from the traveling public.

Apparently, the season at the lake had been a good one, for the Promotion Council said 22,793 persons had used the facilities of its Information booth.

The Commissioners enacted regulations regarding the operation of junk yards in the county. At month's end they were still investigating the relative costs and merit of lagoon or treatment plant sewage disposal.

October

Three Autumn Glory railroad excursions early in the month brought a total of 2,226 visitors to the county from the Washington and Baltimore areas.

Three judges sentenced the Friendsville slayer to 15 years in the penitentiary. He was the father of five young children.

A McHenry woman created some little stir when she suddenly turned up missing from her home. After a week, officials reported she was safe and sound in Georgia, attending a church convention.

Indian summer continued throughout the month, the temperatures varying from a cool 20 to a warm 70. There was considerable additional rain.

St. John's Lutheran congregation at Red House observed the 175th anniversary of its founding with appropriate services.

Concern was being expressed over recent legislation and court rulings which it was felt would deprive this county of representation in the State Senate. Several groups began an active campaign to prevent this.

The Charles Mason, Jr., family of near Oakland received two awards during the month. First, Mr. Mason received the Maryland Junior Chamber of Commerce award as "Outstanding Young Farmer in Maryland". Several weeks later, the family was judged winner in the Farming for Better Living contest.

Two events the last week in October seemed to herald the approach of winter and the Christmas season. Local banks mailed Christmas club checks totaling $104,000 to members, and the season's first snowfall was recorded—a mere one inch.

November

November seemed to be an uneventful month in most respects, so far as news was concerned. Of course, there was plenty of hustle as the Christmas season approached. Actually, perhaps most persons were too busy to make news.

A cattle truck driver was killed when his rig ran wild down Bloomington hill, striking a wall at the bottom. Many of the cattle were killed or injured in the accident.

Gas production for the third quarter was up again, but not much. The county's tax check was for $2,210.01.

Total expenditures during the year of $2,105,673 were listed by the Board of Education in its annual report.

A huge compressor, being trucked from Oakland to the Accident gas storage field, got off to a bad start when two axles of the vehicle snapped on an Oakland street. It took several days to make the trip by a circuitous route.

The County Commissioners, by a 2-1 vote, approved construction of a sewage disposal plant, but the towns of Mt. Lake Park and Loch Lynn were still investigating other methods.

The city tax rate was set at 90 cents per $100 valuation, a figure which had been maintained for several years.

At month's end, hunters were getting ready for the annual deer season which would open November 26.

December

At final count, the total deer kill in this county stood at 650, thirty more than the previous year but short of a record. Many persons commented on the relative scarcity of out of county nimrods.

Bids for additions to schools at Southern, Northern and Dennett road were being sought by the Board of Education to round out its building program.

traffic in mail prior to the holidays, and before it was over set a few records of its own.

As the month wore on, all thoughts turned to the holiday ahead. The Christmas treat attracted more than 2,000 youngsters and merchants generally were enjoying good patronage. Churches, lodges, clubs and individuals were making plans for traditional observance of the holidays, which arrived with unusually warm weather.

And so the month ended and thoughts turned to the year ahead.

For on Friday, December 31, at precisely 12 o'clock midnight, the old year will cease and a shiny new one will be ushered in.

It has happened before.

It will probably happen again.

At least, we can hope . . . and perhaps pray a little.

To Ignore Seneca Dam In Report

An Interior Department spokesman stated last week the final report to President Johnson on immediate steps needed to begin cleaning up the Potomac river will not recommend construction of a big dam at Seneca, Md.

He made the statement after publication of a report that a proposal for construction of an $80 million dam at Seneca was under consideration as the result of a report of a sub-task group.

The recommendation will be along the lines suggested by Assistant Kenneth Holum in a speech in Baltimore in October.

The so-called interim report was merely a working staff paper and has received no policy review or approval. It has no official endorsement or sanction.

Holum spoke out for action to obtain the necessary lands for possible future construction of a dam and reservoir at Seneca but proposed that this be incorporated into "a Potomac Valley park" pending decision at future time on whether the dam will be necessary.

The Seneca dam was one proposed by Army engineers at the same time the Bloomington dam was recommended.

29 Permits to Wed Issued For Week

Twenty-nine marriage licenses were issued during the past week ending Monday morning, December 27, from the office of Richard L. Davis, clerk of the Circuit court. This brought the total licenses for December thus far to 144.

The pre-Christmas rush for licenses was fairly heavy, with twelve licenses issued on the 24th, five on the 23rd and six on the 22nd. Apparently no applicant wanted to keep his marriage a secret., as there were none marked "don't publish" for the week.

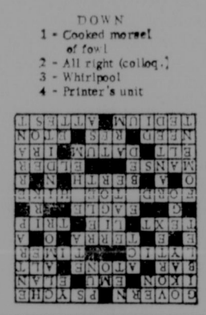
Twelve Grapes



Twelve grapes are a part of the gay Spanish New Year Eve celebration that takes place in the Puerta del Sol, Madrid's Times Square. As the clock strikes midnight, the grapes are held high overhead and eaten for luck—one for each month of the year.

Traditional Dates

Many people who recognize the Gregorian calendar still solemnize traditional feasts, including New Year, in accordance with ancient calendars. The Jews observe a 10-day New Year season at the time of the autumn equinox. The observances begin on Rosh Hashana and end on Yom Kippur; Rosh Hashana commemorates the Day of Creation and is also the annual day of Judgment, with that day of judgment being irrevocably sealed on Yon Kippur (the Day of Atonement); therefore the spirit of penance dominates the solemnities.

Penance is also a feature of the Hindu observances, solemnized in accordance with the ancient lunar calendar during the spring equinox.

'HAPPY NEW YEAR'

How do you say "Happy New Year?" These three words, which appeared on some of the very first greeting cards, are pretty standard.

Today, however, you can buy cards which express the greetings in other languages. If you have a friend in Paris, send him a card which reads, "Bonne Annee!" Know someone in Madrid? Then, the greeting is, "Feliz Ano Nuevo!" For sunny Italy, it's "Buon Capo d' Anne!"

"Ein Gleuckliches Neues Jahr" is the appropriate salutation one might receive from—or send to—friends in Germany.

Communist Party Chief Brezhnev was named to serve on Presidium.

Franklin Suggested Daylight Saving

The first known proponent of Daylight Saving Time was an American acknowledged by his contemporaries to be "ahead of the times" in which he lived. His name was Benjamin Franklin.

Franklin, a man of many recorded talents, was additionally a thrifty man. He hated to see anything wasted — even time. The story is told that Franklin, while Ambassador to France, awoke one morning to see daylight streaming through his window while all Paris was yet asleep.

In typical fashion, Franklin suggested Parisians "save" daylight hours by turning their clocks ahead one hour. He even went so far as to calculate the number of candles householders would save if they adopted the suggestion.

Nobody took Franklin seriously. Some 200 years later, however, Daylight Saving Time is a sunshine-saving suggestion followed (in many cases unwillingly) by millions of Americans in various parts of the country.

LOOKING AHEAD

In olden times, families sought a glimpse into the New Year by observing the "dipping" custom. With eyes closed, the head of the family would open the Bible and indicate a passage with his finger. The text, solemnly read and interpreted by the family, was indicative of the luck, good or bad, that was in store during the year ahead.

Used Car Check To Begin Jan. 1st

Efforts to reduce the traffic toll on Maryland highways will be stepped up beginning January 1 with a requirement that every used car sold in the state will have to be declared in good working order before its owner can get a title or registration for it.

Before a car can be sold by a dealer or individual owner, it must be approved by authorized mechanics at one of about 1,000 inspection stations to be supervised by state police.

The used automobile inspection bill was enacted at the last session of the General assembly and signed into law by Gov. Tawes in May.

Police said the law was designed to eliminate so-called "junkers" from state highways.

CELEBRATION

Christopher Columbus is generally considered to have been the first white man to celebrate New Year's day in the western hemisphere. Columbus enjoyed a sumptuous meal with two monarchs on the island of Haiti, January 1, 1493, when his ships pulled in for repairs.

Feasting is an important part of the New Year observance. So is the offering of a proper toast. Our ancestors believed that a good meal on the first day of the year would assure that there would be plenty in the days ahead.

In the United States, turkey is somewhat traditional. In some sections, ham is essential. In portions of the south, black-eyed peas are a favorite.

To many Swedes, glogg is as important as food as part of the holiday fare. This traditional drink is made with claret wine, sweetened with sugar and flavored with almonds, raisins, dried orange peel, cinnamon, cloves and cardamon. It is usually set afire before serving.

The Scots named New Years Eve "Hogmany" grouping it with the whole New Year's season as "Daft days." Scottish children flood the streets on New Year's Eve shouting, "Hogmany," expecting cakes and fruits from neighbors just as American children do at Halloween.

A popular Spanish table treat is sopa, rice cooked with olive oil, tomatoes, vegetables and meat particles.

LETTER TO THE EDITOR

Route 2, Box 485
Frostburg, Maryland
Dec. 23, 1965

Editor
The Republican
Oakland, Maryland
Dear Sir:

Recently the county commissioners, at the suggestion of the various Garrett County fire departments, ruled that none of the fire tax collected from the Garrett County citizens can go out of the county. On the surface this ruling seems sound and sensible. However, a little deeper probing shows this ruling to be absurd and highly impractical.

For years the Frostburg Fire Department has, for free, assumed the burden of fire protection for the citizens of District No. 9. (The Grantsville Fire Dept. is unable to help out in this district because its present insurance prohibits it from traveling outside a six-mile radius from Grantsville.) During this entire period the District No. 9 citizens have been paying fire taxes to Garrett County and yet receiving no protection from the county.

Now because the Frostburg Fire Dept. is expanding and needs more funds, it has ruled that it must be paid for serving District No. 9 or it will discontinue service after March 31 This seems fair and reasonable.

Instead of paying the District No. 9 fire taxes which amount to $400 to the Frostburg Fire Dept., the commissioners and the various county fire departments seem to advocate the building of an entirely new fire department on Long Stretch. A fire department on Long Stretch is highly impractical. Although Grantsville will lend one truck, the cost of a station and other equipment would be enormous. More important the district is widely scattered and has no corporate town from which to recruit firemen. Most of the dependable men work at factories. The remaining few are farmers or lumbermen who could never be summoned in time to save anything from fire. As for volunteers who aren't working—how many are usually trustworthy, dependable, or sober enough to fight a fire?

There are two practical solutions. While the Frostburg Firemen's original fee of $1500 is excessive, they have indicated a willingness to bargain. An increase of $5 in each District No. 9 property owner's fire tax would raise $700 to $800. If this were added to the district's present fire tax of $400, District 9 citizens wolud have nearly $1,200 to bargain with Frostburg. The county treasurer could very easily handle the collection of this tax. The treasurer might even ease his own conscince by finally doing a service for the citizens from whom he so earnestly solicits votes at every election.

In the other two districts which Frostburg has been helping to serve, the citizens are near enough to Grantsville that the Grantsville Dept. can assume full responsibility for them.

An alternative solution would be the payment of the fire tax from District No. 9 to the Grantsville Fire Dept. The District 9 citizens could then make up the difference in the 70 percent increase in the Grantsville Department's insurance. (This terrific increase would be necessary since the Grantsville Dept. would be traveling more than six miles from its city limits.) The county treasurer could collect this increased tax. This solution is definitely second best because of the time and distance from Grantsville. However, it most assuredly would be quicker, more efficent, and more economical than a fire company on Long Stretch.

Residents of District 9 have been placed in a very precarious position in this matter. What would be the sentiments of the county commissioners and the advising members of the various existing fire departments if they were immediately placed in our present situation?

Respectfully,
Robert J. Layman

Tax Increase Of $5.1 Billion Is Due For Yr. 1966

Rise In Socinl Security Payments And Medicare Chief Causes

Whether or not taxes are raised in 1966 to pay for the war in Vietnam, Americans will be hit by a $5.1 billion tax boost January 1. That is the size of the annual bite to be taken out of paychecks by the higher payroll taxes that take effect New Year's day, to pay for increased social security payments and medicare.

There will be a simultaneous cut of $1.7 billion in excise taxes. The excise cut will end the federal tax on theater, cabaret and race track admissions, cut the telephone tax from 10 to 3 percent, and shave another point from new car excise, down to 6 percent.

The tax hike cancels out a big chunk of the $11 billion income tax reduction of 1964-65.

Johnson administration officials concede they are grateful for this dampener on consumer demand, coming at a time when sharply rising military outlays, and the big business boom threaten to set off an inflationary spiral.

There are reports of a temporary income tax increase next year. Social Security deductions from a persons pay check will jump about 60 percent for everyone earning $6,000 a year or more. Highest payroll tax paid by any covered worker this year was $174. In 1966 it will go to $277.20, taken from earnings up to $6,600. The tax rate goes up for employer as well as for the employed.

Under the present law it will continue to go up until it reaches $372.90. Self employed persons will be paying $514.80.

The deeper payroll deductions were voted to support the 7 percent increase in old age pensions and other Social Security payments that took effect in June, plus costs of two new health plans that take effect July 1.

These strides toward security in old age entail some substantial burdens for millions of young Americans, the breadwinners of middle and lower income families. In many cases the payroll tax will take away the bulk of the tax savings which they gained in the massive income tax reduction of 1964-65.

Mrs. Theresa Ellen Friend, 79, of route 1, Oakland, died suddenly Saturday, December 25, at the home of her son, Leo Friend.

A native of Fairchance, Pa., she was a daughter of the late Samuel and Sarah Sines Teets. She was a member of Oak Grove Church of the Brethren. Her husband, Alvin Friend, preceded her in death.

She is also survived by four daughters, Mrs. Nora Durr, Kearnysville, W. Va.; Mrs. Bessie Carder, Baltimore; Mrs. Juanita Savage, route 1, Oakland; Mrs. Violet Hoye, McHenry; four other sons, Randall, Ernest and Junior Friend, all route 1, Oakland; and Wilmer Friend, Wellington, O.; two sisters, Mrs. Martha Sines, Wellington; and Mrs. Mary Friend, Cresaptown; a brother, Charles Teets, route 1; 24 grandchildren and 13 great grandchildren.

The body was taken to the Minnich Funeral home. Funeral services were conducted Tuesday afternoon at 2 o'clock from the Oak Grove Church of the Brethren by Rev. Donald Matthews and Rev. Roy J. Riffle. Burial was in Hoyes Run cemetery.

JOHN HERSHBERGER

John Hershberger, 67, Grantsville, died in the Goodwill Mennonite home near that town following an illness of five years.

Born in Grantsville October 13, 1898, he was a son of the late Samuel and Elizabeth Tice Hershberger.

Mr. Hershberger was a member of the Mennonite Church in Goshen, Ind., and had served in many U. S. government posts as a geo-physicist. He had been with the Coast Geodetic survey and was in charge of magnetic observation in Sitka, Alaska, Tucson, Ariz., and Cheltenham, Md.

His work had taken him to assignments in San Juan, the Virgin Islands, the atomic program at Eniwetok, Bikini, and Cape Kennedy. When he became ill he was with the Seismological Survey in San Francisco.

He is survived by his widow, Mrs. Hazel Kuhnz Hershberger; two sons, Robert, of New York; and David, student at Indiana State university, Bloomington; three sisters, Mrs. Eli Yoder, Grantsville; Mrs. Norman Yoder and Miss Effie Hershberger, both Meyersdale, Pa.; a stepsister, Mrs. Calvin Baker, of Florida; and one grandchild.

The body was taken to the Newman Funeral home and was taken to the Maple Glen Mennonite church Monday for funeral services at 2 o'clock by Rev. Ivan Miller. The body was taken to Goshen, Indiana Mennonite church where services were conducted Tuesday afternoon at 2 o'clock. Interment was in Prairie cemetery, Goshen.

WAYNE POLING

Wayne Poling, 37, of Deer Park, died last Thursday, December 23, at Garrett County Memorial hospital where he was admitted December 21.

Born at Shaw, W. Va., he was a son of Ralph A. Poling, Blaine, W. Va., and the late Thelma Hawn Poling. Mr. Poling served in the Navy from 1958 to 1960.

Also surviving are his widow, Gladys M. Hose Kesner Poling; a daughter, Miss Nancy L. Poling, Parsons; a half-sister, Mrs. Willabelle Hershman, Keedysville; and six step-children, Ronald, Daniel, Delores, Barbara, Tanga and Billy Jo Kesner, all at home.

The body was taken to the Sharpless Funeral home in Blaine. Funeral services were conducted from the funeral home Monday afternoon at 2 o'clock, by Rev. Harley DeLeurere. Burial was in the IOOF cemetery at Elk Garden.

CLARENCE A. RINGER

Clarence A. Ringer, 75, retired Grantsville farmer, died Sunday, December 26, in University hospital, Baltimore, where he had been a patient for several weeks.

He was born in Listonburg, Pa., a son of the late Jeremiah and Emma Cramer Ringer, and was a member of St. Paul's Lutheran church at Fort Hill, Pa.

Surviving are his wife, Mrs. Elizabeth Butler Ringer; a daughter, Mrs. Melva Mognet, Meyersdale, Pa.; and two grandchildren.

The body was taken to the Newman Funeral home in Grantsville where funeral services were conducted Wednesday afternoon at 2 o'clock with Rev. Lester Rudisill officiating. Burial was in the Pine Grove cemetery at Fort Hill.

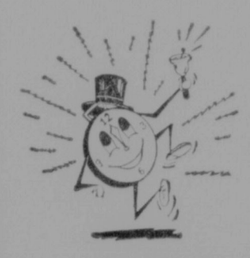
Grantsville News

Holiday guests of Mrs. J. U. Stanton were Gen. and Mrs. W. H. Powell, Alexandria, Va.; Mr. and Mrs. Paul Stanton and daughter Joyce, Mrs. Grace Richter, Catonsville; Mrs. Markle Stanton, Cumberland; Harold F. Stanton, Huntington, W. Va.; Dr. and Mrs. Wochenfuss and daughter Lyn, College Park; W. E. Gnagey, Sr., and Mrs. Effie Workman, Meyersdale.

The Troop committee of Boy Scout Troop 49 of Grantsville met recently to plan for the holiday activity, and for the coming year. The troop had a special Christmas program and sang carols on Christmas eve. The meeting on December 30 will be Charter and Advancement night, when a number of boys will be made second class scouts. A discussion regarding possible scout activity along recreational lines and good turn projects, among them being a possible miniature drag strip, and the erection of signs at various highway entrances to the town. Allen Cutler is scoutmaster and Edgar Rembold is assistant. Dr. Donald Gillium and Richard Lansberry are members of the Troop committee.



The Mars Hill Homemakers club held a covered dish dinner and Christmas party at the home of Mrs. Floyd Durst with Mrs. Sidney Setzer as co-hostess. Following the dinner, the members enjoyed a program of Christmas carols, readings and games. Mrs. Harry O. Miller and Mrs. James Michael were in charge of the program with members taking part. There was a visit from Santa and an exchange of gifts. Secret Sisters wer revealed and new ones chosen for the coming year. Mrs. John Wisor will be hostess for the January meeting.

Eleven Are Killed On State Highways

Eleven persons were killed on Maryland highways last week, according to the weekly survey of the State Police. Three of those killed were drivers; four were passengers; and four were pedestrians. Alcohol was a contributing factor in three of the deaths; speed in two; and "driver error" was present in seven of the fatalities.

"Of the eleven persons killed on Maryland highways last week, four were pedestrians," commented Colonel Carey Jarman, Superintendent of the Maryland State Police. "This points to the fact that perhaps we do not emphasize enough that facet of the problem which deals with the person who is struck by a motor vehicle and killed.

"During the past three and a half years, 573 pedestrians have lost their lives on Maryland highways. This represents 25 percent of the total number of lives lost in highway accidents".
